

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Five candidates for the local weather bureau weather service took the civil service examination yesterday.

The county teachers will meet at L. D. S. university at 11 a. m. Saturday to discuss plans for the opening of the school year.

Mrs. D. H. Lillywhite is at the Holy Cross hospital slowly recovering from an operation for empyema. This is the second time the lady has been operated upon for the same ailment.

Rev. Bishop P. F. Lee, D.D., LL.D., of the A. M. E. church will be in this city next Sunday, and preach in Odd Fellows' hall on Market street. The bishop is one of the best educated colored men living.

John H. Miller, an old resident of this city, and now visiting his former home in England, has just been married to one of the playmates of his youth, to the great surprise of his friends and relatives in Salt Lake.

At 3 o'clock yesterday afternoon Supt. of Waterworks Hines turned water from City creek into the pipes at the city and county building and hereafter City creek water will be used in the building instead of Parley's creek water.

F. J. Senior claims 600 acres in City Creek canyon, and proposes to build a hotel and summer cottages up there. He also believes that an electric road will be built up the canyon at no distant day, and is enthusiastic over the idea of opening that romantic region to the tourist and the summer boarder.

Mrs. Myrtle Strang, daughter of Mr. and Mrs. William Burdette of this city, last night underwent an operation at St. Mark's hospital for appendicitis. The young woman was brought up from her home at Scofield in a very critical condition, but the operation was successful and strong hopes are entertained for her recovery.

Over 400 high school pupils reported at the West Side High school yesterday for registration and classification. The building was open again today for registration and will also be open tomorrow for that purpose. Principal Adams is desirous of having all of the students in the school register as early as possible before the opening day of school, so that a great deal of time may be saved and the regular school work proceeded without delay.

Chief Forester Clifford Pinchot of Washington, D. C., is in town in the interest of forestry, along with Messrs. J. M. Featherston and W. B. Hadley of the forestry bureau, and was in conference yesterday afternoon with Senator Smith and Supervisor James E. Meeks. They will inspect the Salt Lake forest reserve today. They will do all in their power to protect the forested area of this city from being further depleted of its forest vegetation, and on Saturday next, Prof. Pinchot will meet with the supervisors of the state in this city. He calls attention to the fact that water coming from trees covered with forest conditions in Idaho, is much gratified with forest conditions in Idaho.

Zion's Savings Bank and Trust Co. has on deposit over three and one half million dollars. If you have not an account, open one of any amount, \$1 or more. Joe F. Smith, President, George M. Cannon, Cashier.

C. S. Martin Coal Co.

Rock Springs, Cumberland, Castle Gate and Clear Creek lump, nut and slack.

FRIDAY'S ORGAN RECITAL.

The following program will be observed at tomorrow afternoon's organ recital in the tabernacle:

"Prelude and Siciliano" (Cavallieri Rustic) "That Two Were Maying" (Nevin) "Enchanted Bell" (Hartshorn) "Old Melody" (Cavallieri) by the organist, Prof. J. McMillan, by the soloists, Minneapolis artists, A. M. Shayer "Pomp and Circumstance".....E. Hager

Sprains  
S. A. Read, Chas. Texas, writes March 11th, 1905: "My wrist was sprained as badly by a fall that it was useless, and after using several remedies failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any suffering from sprains." 125-126 S. 1000. Sold by Z. C. M. I. Drug Dept.

PREST. HEWLETT MAYOR PRO TEM.

Thus Honored by the Council in The Absence of Mayor Morris

CONDUIT CONTRACT APPROVED

Uncle Sam's Case Referred to a Committee—Black's Resolution Defeated.

President F. J. Hewlett of the city council was again elected mayor pro tem by the council last evening, owing to the absence of Mayor Morris, who is in California for a few days. Tuddenham nominated Hewlett, Hobday nominated E. H. Davis and Neuhausen nominated Hobday. The latter, however, declined the nomination and absolutely refused to allow his name to be voted on. Hewlett was elected on the first ballot by a vote of 8 to 5. Barnes, Dean, Fernstrom, Hartenstein, Preece, Tuddenham, Wells and Wood voted for Hewlett, and Black, Hobday, Martin, Neuhausen and Hewlett voted for E. H. Davis. The business was A. J. Davis and E. H. Davis.

The board of public works submitted the contract with P. J. Moran for the construction of the Big Cottonwood conduit at a cost of \$226,575, and by a unanimous vote the contract was approved by the council. The board reduced the bond required from Mr. Moran from \$75,000 to \$50,000 in view of his reputation for vigorously prosecuting any work done by him in the past. The reduction was approved by the council.

SEWER PLANS APPROVED.  
City Engineer Riber submitted plans for the extension of the gravity outfall sewer from near the corner of 21st and Fifth South streets to the corner of Fourth East and Ninth South streets which were approved by a vote of 13 to 0. Neuhausen casting the only negative vote.

UNCLE SAM'S CASE.  
The communication from Postmaster Thomas notifying the council that the treasury department at Washington had refused to pay the assessment of \$1,835 on the new postoffice property for the paving and drainage of the sidewalk on Market street, was read and referred to the committee on streets, with the city attorney associated. Martin, in making the motion to refer, said that he was in favor of referring that part of the street abutting on the federal property go unpaid until Uncle Sam saw fit to pay the assessment.

PUMP FOR EMIGRATION.  
Upon the recommendation of City Engineer Riber the council appropriated \$1,000 for the installation of a pump to be operated by a gasoline engine, at the sump in Emigration canyon. The engineer is of the opinion that the flow of the creek can be increased by 1,500 gallons per day by installing the pump. It can give immediate relief to the water situation as it can be installed within three days.

EAST JORDAN DEAL.  
The report of the special water committee recommending that \$40,000 be appropriated for the purchase of the 1,600 shares of the East Jordan Irrigation company stock was laid over for one week, upon request of two councilmen, as was also the report of the same committee appropriating \$5,000 for developing the underground flow of water in Emigration canyon.

CASH FOR POWER.  
The city engineer reported that the deposit of \$15,000 placed with the Utah County Light & Power company in January, 1904, to pay for power for the Utah lake pumping plant, had become exhausted, and that the city and the canal companies interested must pay cash for the power in the future. He asked for an appropriation of \$15,000 to pay the city's portion of the expenses for this reason. The appropriation was made.

Dean introduced a resolution providing for the appropriation of \$1,000 for macadamizing Second South street from Seventh to Ninth West, and also requesting the city engineer to furnish an estimate of the cost of curbing and guttering the same. The resolution was adopted.

RESOLUTION DEFEATED.

Black, in a resolution, requested the appropriation of \$400 with which to restore a water main on Eighth East street and the connection of the upper and middle systems. Tuddenham moved that the matter be referred to the waterworks committee, but the motion was lost. A vote was then taken on the resolution, and it was defeated by a vote of 8 to 5. Black, with considerable sarcasm, declared that the council had recently voted \$1,200 to relieve the water situation in the Third precinct and it now refused the paltry sum of \$400 for the same purpose in a more thickly populated precinct.

NICHOLS NOT READY.

G. H. Nichols notified the council that he did not have the information necessary to submit his amended proposition on a pumping plant at the flooding wells in Liberty park at this meeting, but would submit it on next Monday night.

The protest of the tenants on the ground floor of the McCormick block against allowing peddlers and hawkers to occupy the street in front of the block, was referred to the committee on streets and markets, with the city attorney associated.

FINE REDUCED.

Mayor Morris in a communication submitted the petition of Tim Higgins, who has recently fined \$50 for keeping his solemn open on Sunday, asking that the fine be reduced to \$25. Second Assistant City Attorney Wiley recommended that the reduction be made and upon that recommendation the council granted the petition.

City Recorder Critchlow reported that \$3,783 was collected in fines and forfeitures in the criminal division of the city court during August and \$14,735 was collected in fees in the civil division. The receipts of the juvenile court were \$25.70.

Chamberlain's Cough Remedy.

This is a medicine of great worth and merit. Try it when you have a cough or cold, and you are certain to be pleased with the quick relief which it affords. It is pleasant to take and can always be depended upon. For sale by all druggists.

HERE FROM DULUTH.

W. E. McEwan, Minnesota Labor Man, Visiting Salt Lake.

The "News" had a pleasant talk today from W. E. McEwan, editor of the Duluth Labor World, who is here for a few days visiting with his wife's parents. Mr. and Mrs. J. S. Holding of this city, an addition to his journalistic position, Mr. McEwan is secretary

and treasurer of the Minnesota State Federation of Labor and a member of the Duluth City Council, so that when at home he is kept more than ordinarily busy with his friends. This is his first visit to the west and he is greatly impressed with what he has seen here. He believes Salt Lake has wonderful possibilities and has in her the making of a great city. So far as the "Mormons" are concerned, Mr. McEwan says he has found them to be a much magnanimous and greatly misrepresented people, and these sentiments he has expressed in his own journal more than once. In Duluth he has met many of the "Mormon" Elders and has always found them to be as good as the goodly folk who remain here for several days.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this principle. It attacks the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have been cured of whooping cough, croup, and pneumonia. It is a cold to result in pneumonia. For sale by all druggists.

LARS ANDERSON DEAD.

At an Advanced Age.

Lars Peter Anderson, who has lived in Utah since 1884, died at his home in Farmington yesterday at the advanced age of 82 years. Mr. Anderson was one of the old citizens of Utah who were engaged in the first problems of reducing the soil to fertility, and he has spent the most of his life in building up the community which he has made his home. His death was due to general debility.

Mr. Anderson was affiliated with the Church in Sweden, and emigrated to Utah as a member of that society, where he lived for many years after coming here. The funeral services will be held at the Farmington ward meeting-house this afternoon at 3 o'clock. The speakers will be Hector Haigh of Farmington, L. F. Edholm of Morgan county, and Warren Foster of Salt Lake.

Of Mr. Anderson's family he is survived by an aged widow, three sons and one daughter.
