

DELEGATES TO STATE CONVENTION

Names of Those Elected in City And County Last Night.

TO PROVE NEXT TUESDAY.

None Thought to be Pledged to Any Particular Parties for Nomination—Senator Rawlins Endorsed.

Democratic primaries for the election of delegates to the state convention at Provo were held in nearly all the districts of the city and county last night. The only exception was the Fifth city district which, owing to a misunderstanding, held no meeting but will hold one later on. The delegates elected are not thought to be pledged to any particular parties for the nominations, although in the Ninth district Senator Rawlins was endorsed to succeed himself, while the First instructed its delegates for Powers for Congress and Young for Judge, and the Fourth adopted a resolution endorsing Judge King.

The delegates and alternates are as follows:

POLITICAL POINTERS.

The selection of James H. Anderson as chairman of the state Republican committee, seems to give general satisfaction in party circles.
The Salt Lake county delegation will caucus on the train en route to Provo.
The Rio Grande Western will run a special train on Tuesday morning for the convenience of the Salt Lake delegation, the train leaving this city at 9 a. m. A rate of one fare for the round trip, or \$1.50, is announced.
Thomas Pitt of Corinne is mentioned for secretary of the Republican state committee.
James Devine, defeated candidate for chairman of the state Republican committee, has gone east to attend a convention of the International Association of Fire Chiefs, which meets in New York, Sept. 16.
Republicans generally are much

pleased with the work of the late convention.

W. A. Hyde of Pocatello has united with the Republicans. Here is his announcement: "I desire to say to the public that I have decided to sever my connection with the Democratic party. For some time I have not been in accordance with many of the expressions of the leaders and the policies they have outlined, while the measures of the Republican party of late have appeared to me as being consistent and, in the main, such as I can advocate. Now that I have come to this conclusion, I owe this avowal to my old-time associates, whose friendship I hope to retain. I am no aspirant to office, but shall lend aid to the election of good men and the promotion of Republican principles."

The Democrats of the Twelfth district have named a district committee, consisting of J. W. Cunningham, chairman; W. H. Evans and A. Prece.

MYSTERIOUSLY DISAPPEARS

George Preston of This City Has Not Been Seen Since Monday Last.

Mr. and Mrs. George Preston who came here from Detroit, Mich., four months ago, and have been living since at 24 Center street, are bemoaning the disappearance of their oldest boy, George, 15 years of age, who has not been seen since Tuesday morning last when he left home for his work at Z. O. M. I. His disappearance is the more mysterious when it is understood that George was a good boy, had no bad habits and had a good home. Since coming to this city he has worked at the Keogh-Wright hospital, as a messenger boy and at the Z. O. M. I. where he was employed when he disappeared. He is a large boy for his age, has dark hair, dark eyes, a clear complexion and is minus the middle finger of his left hand. His parents invite the papers and the public generally to assist them in locating their lost son.

SUBURBAN RAILWAYS.

Pitcher Enthusiastic Over the Outlook For This Section.

Seey, Lewis W. Pitcher of the American Guaranty company of Chicago and Henry Witte, a director of the same company, who are stopping at the Knutson, spent this morning in visiting the local banking institutions, and talking with cashiers. They are prime movers in the suburban railway project in this country, and Mr. Pitcher remarked to a "News" reporter this noon that surveys would begin active operations Monday morning next, in a move which are long will bring a large territory into direct connection with and tributary to this city.
Mr. Pitcher is enthusiastic in the matter of coming local development, and says that the people of this county have not realized the immense advantages to be derived from suburban traffic. He says the eastern people are sizing up such opportunities and are making all the way up to 300 per cent. There is no reason why the same conditions should not obtain in Salt Lake county, and they will obtain as soon as the suburban can get its rails down connecting the city with the outlying towns, and with its freight franchise bring immense amounts of small freights into this city. Then passenger traffic will be strongly encouraged, and the prices of suburban real estate will receive an impetus. A Short Line official in commenting on this later, remarked that this immediate country had become too large for two roads, and others would certainly come in here.

ABOUT SPRINKLING.

When and Where to Do It—"Upper" and "Lower" Districts.

A great deal of confusion has arisen in regard to the boundary between the upper and lower districts into which the city is divided for sprinkling purposes since the new regulation restricting the sprinkling of lawns, gardens and yards in the upper district, of each week has been enforced, the violators of that regulation generally being persons who were ignorant as to the correct boundary and hence were sprinkling out of hours. The hours for sprinkling in the upper district are from 7 to 10 p. m., and the lower from 5 to 7 p. m. on Tuesday and Friday of each week.
To avoid further confusion the "News" publishes below the exact boundaries as established by ordinance of date May 27, 1897:
The city is hereby divided into two "sprinkling" districts. All that portion of the city lying east and north of the following boundaries is hereby declared and declared to be the upper sprinkling district, to-wit: Commencing at the intersection of First and Seventh North streets, and running thence south along First West street to Second North street, thence east along Second North street to Apple street, thence southeast along Apple street to First North street, thence east along First North street to East Temple street, thence south along East Temple street to North Temple street, thence east along North Temple street to State street, thence south along State street to South Temple street, thence east along South Temple street to Sixth East street, thence south along Sixth East street to Liberty Park. And all persons taking water from the mains on South Temple street east of State street, and those taking water from the mains on Sixth East street shall be deemed to belong to the upper sprinkling district.
All that portion of the city lying south and west of the foregoing boundaries is hereby declared and declared to be the lower sprinkling district.

The Way Of It

The reason Three Crown Baking Powder has such success is that it performs the best work and gives the most satisfaction to those who use it. It is not what we say about THREE CROWN BAKING POWDER that makes its success, but it is what this article does in all the kitchens where it is used and because of its satisfactory qualities. You will be glad for the experiment if you have never used it before. The regret will be that you had not long ago taken a "taste" of its good qualities. Price, 25c. per pound.

THE DEMOCRATIC CONVENTION.

Judge Powers Will Preside at Provo on Tuesday Next.

AS TO THE CANDIDATES.

Roylance Says There is Popular Demand for King and Young, and Thinks They Will be Named.

Only two days more intervene between now and the time when the state Democratic convention will meet at Provo. There is much speculation as to who will be candidates for the two places to be filled by timber that will be put in opposition to that chosen by the Republicans at Ogden. The fact is there are no candidates at all so far as can be learned; so the consideration of the matter resolves itself into the query as to who the nominees will be. There is so little certainty on the question in Salt Lake that a "News" representative today interviewed Chairman Roylance, at Provo and this is what that gentleman said:
"It is a strange thing to me that our Republican friends are so confident that they have the earth and the fullness thereof this year. If we take their word for it they have already won the right in this state. But I want to tell them that they are over confident and that we will beat them in November by putting stronger men into the field than they have or can name. Who will be nominated? Well, there is a universal demand from over the state in every direction that the party shall name Judge King for Congress and Major Young for the supreme bench. Won't they run? You say they won't. I have heard that before. I think they will. I believe they will both be named regardless of what either man has thus far said. When the party demands it they are too deeply grounded in the faith to refuse. The party has honored them both. If the party makes the demand they will both serve it. More than that I do not care to say. But they can beat the Republican candidates and have votes to spare. It is all right to nominate men who are able and clean personally and socially. That is a good requisite but will go a step farther and name men who not only have this qualification, but who have legislative and legal ability and experience as well. Then we will put forth a platform that is intended to be something besides a vote-catching contrivance such as was promulgated at Ogden on Thursday."

POWERS FOR CHAIRMAN.

There will be a meeting of the Democratic state committee at Provo on Monday night at the office of Judge Whitecotton. The meeting is for the purpose of deciding on the temporary officers for the convention on the day following, and it is not stated whether or not it is understood that Judge Powers will be selected to preside and that some lady member of the party from either Ogden or Logan will be named for secretary. All appears to be decided as to the selection of a permanent chairman.
Already the Democratic ladies of Provo are getting ready to care for the delegates who will attend the convention. Besides the usual hotel and restaurant accommodations the Mozart hall is being equipped with everything necessary to help feed at a nominal figure the crowds who are expected.

GETTING READY FOR DELEGATES.

The Art Institute opens Monday next at the Provo academy. We expect to have the best exhibition of the series we have given. Beside pictures in oil, water color, pastels, drawings, there will be designs for various things in which art should enter as wall paper, silk fabrics, tiling, etc., also architectural showing will be made in plans for a single country home, showing barns, pens, etc., as well as house. This should interest the farmer, and a farm can be made the most beautiful kind of home and with no added expense by a beautiful arrangement of the necessary buildings for a farm or country home. A plan for a living room will also be a feature and Utah silk will be there. Last lace collar in a sego lily design. It is pleasant and profitable to make an endeavor to beautify all that our hands can make and build. This people is an earnest, serious community and should therefore be interested for art. Our artists are ambitious and have spent their money and time abroad in learning from the best sources in Europe and America and it is good that they are willing to put their shoulders to the wheel and make the effort to push our art interests for the benefit of the schools and the masses. The exhibition is free and will no doubt be well attended by the people of Utah county. Cash county gave 6,000 visitors to the exhibition when it was held in Logan.

IN A GREAT VALLEY.

What Major R. W. Young Says of Bear River Region.

Major Richard W. Young, who has recently visited the Bear River valley north of Corinne, as attorney for the Bear River Water company, says that the valley is a revelation to him. He states that the sage brush waste of 15 years ago has been replaced by a landscape of cultivated farms and orchards. There are 30,000 acres under cultivation under the Bear River Water company's canal, and 30,000 more acres, mostly belonging to the Sugar company, yet to be sold. There is an abundance of water for everybody, and as a result a wealth of green and flourishing fields and orchards—always a grateful spectacle to the residents of the arid west. The crops are phenomenal; one farmer has just harvested 32,000 bushels of grain from a single section; another produced an average of 123 bushels of oats to the acre on an 8 or 10 acre field, while the general run of farmers could consistently on five tons of alfalfa made the acre. The valley is closely dotted with enormous stacks of hay and grain. The farmers have built a superior class of dwellings, particularly the Omaha community, located chiefly at "Billy" Rowville, in the northwestern corner of the valley.
Fruits flourish and are of superior size and flavor.
The Sugar company is about to put in a big electric power plant in the

A BEAUTIFUL GIRL

Suffered for Months with Indigestion—Pe-ru-na Completely Cured Her.

MISS LEONA MATHIS, MINNEAPOLIS, MINN.

MISS LEONA MATHIS writes from 1913 15th ave., South, Minneapolis, Minn., as follows:
"I cannot say enough in praise of Pe-ru-na as a splendid tonic. I suffered for four months with indigestion and catarrh of the stomach. My food would not digest properly; I lost flesh and became very nervous. Nothing helped me until I tried Pe-ru-na. This brought health back to me.
"Since that time (nearly a year ago) I have taken a few doses off and on when I felt badly and it helped me at once. Pe-ru-na seems to relieve the system from all the ill effects generally produced by illness and seems to fill a long felt want."—Leona Mathis.

Was Never In Such Splendid Condition.

Mrs. S. Reina, Gentry, Fla., writes:
"I am one of the healthiest women in the State of Florida. My appetite is great. I was never in such splendid condition in my life before. Before I began taking Pe-ru-na and Manalin, I would eat about four times a week—I was most nervous person you ever saw—would cry and worry myself and everyone else. I couldn't sleep at all and now I sleep splendidly.
"I have a friend here that has been in bed for four years. She took your medicine and is now doing her own work."—Mrs. S. Reina.
Miss Mattie L. Cook, Takoma Park, D. C., writes:
"Pe-ru-na has done for me what other medicines failed to do. It has given me perfect health and strength. When I wrote you first I had systemic catarrh, my nose had been sore for three years in the right side, I had been bothered with a choking for a year, had pains in

canyon between Collinston and the narrows. Maj. Young says that the body of land lying under the Sugar company's canal, is the greatest unbroken stretch of agricultural lands in the state and that with the abundance of water at hand, a generous soil and a genial climate, this valley is sure to be the garden spot of the state.

Already there are several towns, Bear River City, Rowville, Garand, Fielding and Riverside. Mosiah Evans is the resident manager, J. C. Wheeler is engineer, and our old townsman W. H. Rowe, is still associated with the company. Corinne is the headquarters.

BRIDE AND WIDOW.

Death Claims Groom at Park City—Grim Reaper Busy.

Emery William White, well known in this city, was on Wednesday in Park City married to Miss Florence Smith of Denver. A few hours after the ceremony had been performed the young bride was a widow.
Mr. White, who was a dentist, proposed to move to Salt Lake at an early date and was just recovering from an attack of typhoid fever. On Wednesday his heart attack commenced to fail and he was told by his medical adviser to prepare for the worst. As he was engaged to Miss Smith he expressed the desire to be married ere he died. Miss Smith announced that she was willing and accordingly the ceremony was performed. The deceased was a nephew of the Holmen of this city, and met Miss Smith at Harvard, where they were both studying. While there they fell in love with each other and it was the intention to marry as soon as Dr. White had settled in practice in this city.
The funeral will take place Sunday when the friends and relatives of the deceased will go to Park City on a special train.

MRS. MAY TODD DEAD.

Mrs. May Todd who has resided in Utah since 1864, passed away at the Keogh-Wright hospital yesterday afternoon from the effects following an operation. Mrs. Todd was the daughter of Robert and Elizabeth Orr and was born in Scotland in 1827. In 1859 she embraced the Gospel and four years later she came to Utah where she has resided ever since. For the past few years she has made Farmington her home. She leaves her husband, John Todd, and four out of ten children of the union to mourn her death. Those of her children now living are D. M. Todd of Salt Lake, Henry M. Todd of Idaho, Mrs. W. J. McBride of Oakley, Ida, and Mrs. John W. Taylor of Farmington. Short funeral services will be held tomorrow afternoon at the undertaking parlors of Joseph E. Taylor, after which the remains will be shipped to her old home at St. John's, Rush Valley, for interment.

HENRY HARRIES PASSES AWAY.

Henry H. Harries died yesterday at his home in Pleasant View. Sugar

House ward, from general debility.

Deceased also suffered from a cancer on his hand. Deceased originally came to Utah from Wales, where he was born. He was 74 years of age and had resided here for the past forty years. He leaves three children. The funeral services will be held at the Sugar House ward meeting house tomorrow afternoon at 2:30.

DEATH OF MRS. DOTSON.

Mrs. Henrietta Landrum Dotson, who recently came to Salt Lake for treatment, died at Minersville on Thursday. Deceased was the wife of Hon. W. L. H. Dotson. Mrs. Dotson was born in Alabama seventy years ago and came out west to Utah in 1854 to throw in her lot with the Latter-day Saints. She leaves, besides her husband, six children, namely Bishop R. W. Dotson of Minersville, Mrs. V. A. Guile of Salt Lake, Mrs. Ada Collins, Mrs. Ida Marshall of Lyman, Wyo., Mrs. Bettie Gentry of Beaver, Mrs. Mina Jensen of Mt. Pleasant and fifty grandchildren. She had numerous friends throughout Utah who were attracted by her noble character and generally unselfish traits.

GOOD WOMAN DEAD.

Mrs. Martha Henderson, born in Wellington, Shropshire, England, Nov. 15, 1821, died in this city Sept. 12. The deceased was a member of the Church of Jesus Christ of Latter-day Saints in good standing, and resided in the Eighteenth ward. Her death resulted from an accident, that of breaking her leg. She was a worthy woman and had suffered much, and had done a great deal of good in her own country for the "Mormon" Elders.
Funeral services to be held Sunday at 12 o'clock at Joseph E. Taylor's undertaking parlors, under the direction of the Bishopric of the Eighteenth ward. Friends are invited to attend.

TEXT BOOK CASE.

Undertaking in Appeal Filed in the District Court Today.

The undertaking on appeal in the case of Stewart T. Tanner vs. A. C. Nelson, state superintendent of public instruction of the State of Utah, was filed in the district court today, so the famous text-book case, which was decided by Judge Hall against State Supt. Nelson will be passed up to the supreme court. W. S. McCormick and A. Hannauer are the sureties, who undertake to stand good for the costs of appeal in case it becomes necessary for them to do so.

Encouraging conditions that he has great hopes for the future.

Mr. and Mrs. Peter C. Kidd announce the engagement of their daughter, Winifred, and Mr. Frank Brown, the marriage to take place at the home of the bride's parents, on Sept. 24. They will leave on Oct. 11 for a mission to Great Britain and between that date and the time of their marriage will be at home at 889 west First South street.

The new elevator and its elegant bronze and marble surroundings in the new "News" building are attracting much complimentary comment.

BOUNTIFUL OPERA HOUSE.

Another Chapter in the Career of the Financially Troubled Concern.

The State Bank of Utah filed suit today in the district court against the People's Opera House and Mercantile company, C. H. Hampton, John Fisher, Edward Thomas, Willard Call, J. W. Neville, J. W. Telford, Israel Call and John Fisher, as assignees of the first named defendant, to foreclose a mortgage on part of lot 2, block 23, plat A, Bountiful townsite survey, which was given to secure the payment of a promissory note, executed by defendants on October 31, 1900, for \$5,000, upon which there is alleged to be due the sum of \$2,575.55. In addition to the last named amount plaintiff asks judgment for \$300 as attorney's fees and interest on the note from July 5, 1902, and for costs of suit.

Jurors in Kalign Murder Case.

Edward White, Thomas W. Partridge, Robert N. Holt, Charles Sharp, Jesse Goodfellow, Alfred Grant, Alonzo Young, A. E. Caddy.
After the "News" report closed yesterday afternoon two more jurors, namely, Alonzo Young and A. E. Caddy, were sworn and accepted to try the case. This makes a total of eight secured up to adjourning time yesterday.

Another special venire, consisting of 30 names, was issued yesterday morning, from which it is expected the jury will be completed.

A NEW DEPARTURE.

The Deseret Chemical Cleaning and Dye Works, one of the oldest institutions of its kind in the city, established for years at 125 South Temple street, has recently secured new location at 62 Main street, where they will in future maintain an office in addition to their old premises on West Temple. This new departure is necessary on account of the large increase of their business, and especially during the past year. The new offices so advantageously located will doubtless still further stimulate and increase trade, as their reputation for first-class dyeing and cleaning of ladies' and gentlemen's apparel is unsurpassed in this city.
