FROM what we learn of the Salt Lake Vinegar Works we are led to believe that they are an institution which produces first class goods. As we like to see all such home industries encouraged, we advise dealers and others to give the vinegar made at these works a trial.

LOCAL NEWS.

The Immigrants.—The company of immigrants left Pueblo, Colorado, this morning, for the west, coming over the D. & R. G. W. They are expected in this city at 4 o'clock to-morrow afternoon, via the narrow gauge.

Opening of the University.—The first term of the academic year 1886-7 of the University of Deseret opened today with an unusually large attendance, there being about 350 pupils present. The faculty is the same throughout as last year, there being no changes whatever. The prospect for the year is exceedingly encouraging. The day was spent in entrance examinations, etc., as will be another day or two. We are very much pleased to learn of the flourishing condition of this splendid institution of learning.

Thief Caught.—On Friday night Frank Santley, who had reached Ogden that day in company with a number of cowboys, took advantage of his companions' absence and departed with all their baggage, which included pistols, blankets, clothing, etc., and \$18 in cash. He headed for Salt Lake, and a telephone message from Sheriff Belknap conveyed the intelligence to Marshal Solomon on Saturday. In the evening Santley was found on the street by the police, and was taken back to Ogden yesterday.

Second Day.—Yesterday was the second day of the Utah State Conference. In the forenoon Elder Jacob Bates addressed the congregation, after which the general and local authorities of the Church were presented and sustained. Patriarch Zebedee Coltrin and Elder James E. Talmage delivered addresses.

In the afternoon President A. O. Smoot addressed the Saints. His discourse was followed by the reading of reports, and then the home missionaries were presented and sustained. Apostle H. J. Grant delivered the closing discourse of the conference.

A Neighborhood Row.—In a certain locality in the western part of the city there resides a couple who have no children, but whose nearest neighbors are rearing an abundant harvest of "Utah's best crop." Mischievous youngsters annoy the couple by throwing stones at the windows of their house, and on Friday evening last this cause resulted in quite a disturbance among the residents of that locality. There was lively language and epithets and much abusive language was indulged in, but no blows were given or received. The storm soon subsided, at least so far as outward signs were observed.

Released.—This morning Olaf F. Due, who has served a term in the penitentiary for violating the Edmunds law, was brought before Commissioner McKay. He was also charged with the fine imposed, and upon passing a satisfactory examination and subscribing to the required oath, was released.

Jas. O. Poulson should have been released on Saturday, and Hyrum Goff and Wm. J. Jenkins to-day, but although all of them filed the required application, neither was brought in from the penitentiary.

With the U. P.—The Union Pacific railway company have secured the services of S. W. Eccles, Esq., who will hereafter be associated with the freight and passenger business of that road. It is understood, however, that he will not, at least for the present, be located in this city. The Union Pacific have made a wise move in negotiating with Mr. Eccles, whose abilities as a railroad business man they have doubtless learned to value through having met him in competition, and it would certainly be to their interest to retain him in Salt Lake.

LABOR DAY IN CHICAGO.

BOSTON, 6.—Labor day, which is to be a permanent annual institution in Boston, was inaugurated by the workmen of this city and suburbs today in an imposing manner. The feature of the morning was a procession, in five divisions, in which it is estimated that 15,000 persons participated. The procession, in which were represented all the laboring interests of the city, was witnessed by thousands of people who crowded the sidewalks.

LABOR DAY IN CHICAGO.

CHICAGO, 6.—The annual street parade in this city to-day was the most noteworthy ever made by the labor organizations of Chicago. The day was spent in a procession of the workmen for street display. The column began moving at 10 o'clock and marching steadily was nearly three hours in its passage. The column was divided into nine divisions, and a close computation puts the number of marchers in line, at between 30,000 and 35,000. A feature in the parade was a contingent of the Knights of Labor, who were shown by each division of the marchers, the latter all being equipped with banners and generally wearing hats of gray or dark colors. All the divisions marched in columns of four, five, closed up, and generally moving with great precision and regularity. The column of five hundred employees of the bank and trust companies, wearing white shirts and dark trousers, was the finest appearance of any distinct body of the marchers. The American flag was carried by each division. One of the trucks in the line carried a figure of a twenty-foot giant in a ragged old coat, representing the figure of a Chinaman. The procession was marked with an almost endless display of manufactured goods. One of the Knights of Labor assemblies carried a banner inscribed, "Avoid all politicians."

THE KNIGHTS OF BALTIMORE.

BALTIMORE, 6.—The demonstration of the Knights of Labor to-day was the largest of the industrial classes ever witnessed in Baltimore. In many parts of the city the buildings were decorated. Gatherings took place in East Baltimore. The line was composed of eight divisions.

ANOTHER CASE OF YELLOW FEVER.

NEW YORK, 6.—The health officers said last night that John Green, from the ship "Albatross," who is suffering from yellow fever, is in St. Vincent's Hospital. The steamer came in last week from a voyage to the West Indies and South American ports, and Goldenrod, a Scotchman, took board. He was taken ill, and by Sunday the characteristic symptoms of yellow fever had developed. The health officers removed him to St. Vincent's Hospital, where he is now dying. The steamer, hospital and boarding house have been disinfected.

PRESIDENT CLEVELAND'S REPLY TO QUEEN VICTORIA.

WASHINGTON, 6.—The President has sent the following reply to Queen Victoria's telegram of congratulatory for the earthquake sufferers:

EXECUTIVE MANSION, Washington, D. C., Sept. 4th, 1886.

Victoria, Queen and Empress, Baltimore, Scotland.

Your Majesty's expression of sympathy for the sufferers by the earthquake was warmly appreciated, and awakens a grateful response in my heart.

(Signed) GROVER CLEVELAND, President.

SILVER DOLLARS.

The issue of standard silver dollars from the mints during the week ended September 4th, was 738,222; the issue during the corresponding period last year was 221,369.

APPOINTMENTS.

The President has made the following appointments:

To be Receiver of the Land Office, Joseph Kennedy of Missouri, at Tucson.

To be Receiver of Public Money, Fred W. Smith of Arizona, at Tucson.

To be Indian Agent, Charles P. Yates, at California, at Round Valley Agency, California.

THE PROCESSION AND PIC-NIC IN NEW YORK.

NEW YORK, 6.—This being the legal holiday set apart by the legislature for the laboring classes, it was celebrated by a monster parade by the different labor organizations, followed by a picnic. Every trade was represented in the procession, which was constituted it was said, of between 10,000 and 20,000 workmen.

The procession started from 13th Street and 4th Avenue and moved to Central Park, where it was reviewed by Mayor Grace. The members then proceeded to Harlem River Park, where a picnic took place and various games were engaged in.

THE PROCESSION IN NEW JERSEY.

NEWARK, N. J., 6.—Most of the factories and stores in this city were closed in honor of the "Workmen's Day." Two thousand five hundred workmen took part in the procession.

THE SUFFERING CITY BY THE SEA.

The Committee Busy Helping the Helpless.—A stirring scene.

CHARLESTON, 6.—At 9 o'clock this morning the headquarters of the relief committee, at the city building here, was crowded by anxious and suffering earthquake sufferers. One member of the committee is kept busy writing passes for railroads to transport sufferers to other points. The committee prefers to give this character of assistance above all others. It gets the unfortunate away. Orders for railroads are being issued; money is given to one. During a rush of applicants for aid, a large section of the Meeting Street front of the Court House, opposite the City Hall, fell out. The roof of the fall was equal to an earthquake shock. Immediately the section and end of the building began to sway and move like billows of the sea. The cooler heads present mounted chairs and admonished the people to move away quietly and not become excited.

THE SCENE WAS APPALLING FOR A SHORT TIME.

but quiet was finally restored. The men at work tearing down the frail portions of the roof were ordered to stop work. Acting Mayor Huger says that the committee is assisting about one third of Charleston's entire population. Mayor Courtney is expected to arrive to-morrow, and hold a special meeting of the City Council, when decisive steps will be taken to afford protection from falling buildings and clear the streets of some of the debris which now impedes progress. Dispatches are being sent to the other States to pour in offering aid. About \$50,000 has already been received. From indications at hand, it is believed that contributions will finally aggregate \$300,000, and that \$200,000 will have arrived by to-morrow night.

FOREIGN.

LATEST TRANS-ATLANTIC DISPATCHES.

Bismarck and the Bear Did It.

SOFIA, 6.—Before Alexander announced his intention to quit the throne, he received a telegram from Bismarck recommending that he abdicate, in order to save Bulgaria.

TURKEY AND RUSSIA GIRDING THEMSELVES FOR WAR.

TURKEY Fortifying Her Frontier.—Russian Defenses on the Black Sea.

CONSTANTINOPLE, 6.—It is rumored that Turkey is fortifying the Asiatic frontier in accordance with advice given by two friendly powers. Turkey is making military preparation on the Asiatic frontier. It is also said that

orders have been given to supply the army in Erzeroum and along the border with additional guns, stores and munitions. This activity is due to movements on the part of Russia, which is supposed to be making efforts to gauge the military and naval strength of Turkey. A suspicious foreign artist has been seen making sketches of the forts outside of Constantinople, and it is thought he is an agent of Russia. It is also learned that large contracts have been made on Russian account for coal for Odessa, and that a contract has been made to supply 30,000 tons of metal plates of twelve inch thickness, and with steel facing for Russian armaments on the Black Sea.

THE GREAT BEAR.

Russia Will Take a Large Slice of Turkey if Agreeable All Round.

LONDON, 6.—The Times of to-day says: The rearmament committee, composed with or without Russian participation, can only hasten the day when the people of Bulgaria, war-torn and distressed, will abandon their dreams of autonomy and welcome Russian domination as the only means of escape from anarchy. The date of the entry of Russian troops into Bulgaria is an important detail. All that has been effected by the union of Roumelia and Bulgaria is the enlargement of the slice of the Turkish empire which Russia secures by the operation. German and Austrian invasion, probable as it is, from the consciousness of their inability to prevent the Russian advance. The central powers can be making the best of the unpleasant and unavoidable circumstances, but they cannot pretend that the course of events is precisely such as they would prescribe were they masters of the situation.

OUR OGDEN LETTER.

OGDEN CITY, Utah, Sept. 4, 1886.

Editor Deseret News:

The recent changes in the weather here have cooled not only the atmosphere, but also the ardor of some of the LAKE PARK REPORTERS.

Some of the excursions have been postponed for a week, and it may be for an indefinite period. This fact, while it may be money out of the company's coffers, will be cash in the pockets of many who have been forced to remain at home something against their will. But they need not fret their "rizzards" over the disappointment. They were somewhat against another outlet for the surplus cash.

Our city is already well placarded with the usual glaring illuminated notices that on the 25th proximo will arrive in this city, set up their poles, spread their canvas and exhibit, on Union Square, the "Greatest Situation has added many new and unequal attractions."

THE CRUSADE STILL GOES ON.

and the minions continue to enter the do-minions of peaceable citizens and drag the heads of families before a few creatures who love to exercise their little "brief authority" while on the judgment seat.

On Friday evening Harvey Murdoch, of Harrisville, was arrested at his residence on a charge of polygamy. His alleged plural wife was also arrested. Both were brought to the city and taken before United States Commissioner Black. Mr. Murdoch waived the preliminary examination, and was put under bonds to the amount of \$4,000. Emma Peterson, was also put under bonds of \$400 to appear when wanted as a witness in this case.

The craven creature who swore out the information was a near neighbor and a pretended friend.

Of all the parties to this case, I presume he gets forty pieces of silver for his scurrilousness. This is ten pieces more than his prototype received for being a traitor.

To-day a rumor prevailed in town that Mr. E. C. Robbins, of Wilson, had been arrested on the popular charge this, however, is a mistake. I visited the friends of Robbins and learned that he had long since gone "where the woodbine twines." But a couple of other gentlemen were

NOT SO FORTUNATE.

Abraham Chadwick is an aged man, and has almost died the number of days usually allotted to mortals here. He is one of the oldest residents of Weber County, and has resided in North Ogden for over thirty years. He is a quiet, industrious, and industrious man; very peaceable, patriarchal in appearance and well respected by all who know him. Mr. Murdoch waived the preliminary examination, and was put under bonds to the amount of \$4,000. Emma Peterson, was also put under bonds of \$400 to appear when wanted as a witness in this case.
