## BUSY SESSION OF CITY COUNCIL

Reform Measure Presented by Peery—Rapid Transit Franchise Held Up.

### HOWELL CLEARS DOCKET.

Takes Advantage of Absence of Attorney and Dismisses Cases, Then Reinstates Them.

Ogden, March 17.—At last night's session of the city council, Councilman H. E. Peery introduced an ordinance which includes all of Mayor Brewer's recent orders as to closing the saloons and gambling houses on Sunday and at 1 o'clock each morning during the week. In fact the measure draws the lines a little closer and absolutely prohibits the sale of liquor to women in cafes or elsewhere. It provides that a violation not only works a forfeiture of the license but takes away from the offending person the right to hold an other license in Ogden. A number of increases of the regular license fees are also included. After passing two readings the ordinance went to the finance committee with instructions to report Monday.

Immediately after the special lighting committee had reported that it was unable to do anything concerning the Willard canyon power deal a communication was received from Frank Moore, the former owner of the power right, in which he gave the city 30 days to settle. He said that if at the end of that time the city did not show signs of keeping its part of the agreement he would institute a suit. The communication was referred to the special committee.

A petition signed by 168 persons asked that the Ogden Rapid Transit company be granted a franchise to lay a car line on Wall avenue south from Twenty-fifth street. The traction people in a letter said that their franchise gave them the right to construct lines on all streets of Ogden except Wall avenue, and asked permission to amend the ordinance to include that portion of the street. After the amendment was read a reading a suspension of the rules was asked to pass it over a second reading. This move brought forth a vigorous protest from Council-

Patrons are requested to make immediate complaints regarding unsatisfactory delivery.

man Powers who said that there was something behind the movement. He handled the street car people without gloves and concluded by stating that they were afraid of Mr. Bamberger or some one else who might come into Ogden. A suspension of the rules was voted down by a vote of six to four and the amendment went to the law committee and the city attorney.

The Ogden Waterworks company sent in a bill for \$340 for hydrant rental for 1907. Mr. Peery moved that the \$2500 occupation tax for 1907 and \$1250 tax for the first half of 1908 was deducted from the bill that the balance of \$90 be paid. This was ordered done.

Chief of Police Browning notified the council that he had readjusted a part of his department and had appointed Sergeant Pincock as regular afternoon sergeant, and also to act as license collector; also that he had appointed Geo. Wardlaw, former license collector, to succeed. Patrolman Cooper, Chief Browning requested that the red light, located at Twenty-fifth street and Washington avenue, as a signal for the officers, be changed to Twenty-fifth street and Grant avenue, and that another light be established at Twenty-fourth street and Washington avenue. In addition to this he asked that a telephone be placed at Twenty-fourth street and Grant avenue. These matters were all referred to the police committee.

Engineer Parker submitted estimates for three kinds of bridges to be built across Ogden river near the mouth of the canyon and all were referred to the street committee. The recommendation from the street committee that the sweeping of streets be in the night time was referred to the street committee.

The sanitary inspector reported 138 cases of contagious diseases under quarantine. One hundred and two of these are measles. **EARLY SESSION OF DIST. COURT.** Judge Howell finds Attorneys Absent. Dismisses Cases, Then Reinstates.

Ogden, March 17.—As a lesson to attorneys in the Second district court, Judge J. A. Howell yesterday dismissed several criminal cases and one civil suit, because the attorneys were not in court when the cases were called. The court had decided to commence at 9 o'clock, the usual hour, and instructed the clerk to notify the attorneys interested, which was done.

### SESSION OF CITY COUNCIL.

Youths Indulge in \$5 Duck—See. Bright-Robson Nuptials.

Special Correspondence.

Provo, March 17.—Considerable trouble was transacted last night by the city council, which met in regular session.

The committee appointed at the mass meeting last Friday appeared before the council and asked for its endorsement and moral support in the Civic league movement which was given upon motion of Jensen.

The question of leasing the ground south of the cemetery was referred to the cemetery committee with power to act.

City Recorder's contingent report was read and referred to finance committee and \$100 appropriated reimbursing the account. \$76.75 was appropriated to

pay for the purchasing of guns, clubs and cuffs for the police department. It was reported that the water mains were in danger of being washed out of line by the river and the committee was instructed to riprap at the point where the danger of damage would occur.

### EXPENSIVE DUCK.

Low Singleton and Joseph Ferrin, while under the influence of liquor, appropriated to themselves a duck, belonging to August Fisher. The young men then wended their way down to the river bridge, at which place they met two hobos who joined them in the feast of duck. The hobos were placed under arrest but claimed that they only enjoyed the society of the two city gent. By the description furnished the officers, the young men were located and arraigned before Judge Noon, who assessed each of them \$5 upon their pleading guilty to the charge.

John T. Robson of Woodbury, Ill., and

Nearly everybody knows that Ivory Soap is the best of bath, nursery and fine laundry soaps.

But a great many people do not know that it is just as good for toilet use as for the bath and for fine laundry purposes.

It is, though, and for the same reason: It is pure soap and nothing else.

Ivory Soap 99 1/2% Per Cent. Pure.

The beautiful high school building at Scofield is completed and the citizens will give a reception in it next week. All public spirited people at Clear Creek and Winter Quarters are invited.

**SALOONS TOO NUMEROUS.** A movement is on foot to close some of the saloons at Scofield. There are more saloons than stores and school-houses combined. More money is spent for "booze" than for provisions and education.

Wayne Johnson, principal of the district schools, has accepted the principalship of the schools at Price, Utah, for next season. He has wonderfully developed the educational and musical talent of the children here, and his leaving is much regretted. He organized a junior band that recently entertained a crowded house at the ward meetinghouse.

**ST. GEORGE.** Today and Semi.

**FARMERS SCHOOL IN DIXIE.** Great Awakening Along Agricultural and Horticultural Lines.

Special Correspondence.

St. George, March 14.—The past week has witnessed the greatest awakening along agricultural and horticultural lines in Dixie that this section has known since the days of Erastus Snow. Although this is the busy season in Dixie, the farmers put their work aside and came out in large numbers to hear the course of lectures delivered by the faculty of the state agricultural college. For five days three sessions have been held each day for the farmers and two sessions each day for the farmers' wives. The men's sessions were held under the direction of Prof. Lewis A. Merrill, and the ladies' sessions had Miss Hazel Love in charge. Lectures were delivered on farmers' organizations, insect pests, livestock, dry farming, horticulture and domestic science.

At the last session, Presidents Snow, Whitehead and Cottam, Senator A. E. Miller, Hon. H. D. Morris, D. H. Cannon and others expressed their pleasure at the interest taken in the work of the school and their faith in the practical results that would follow. The evening sessions were attended by 500 people and the interest taken was most keen. The efforts of Dr. Whitson in making the college work to the people of the state came in for splendid words of commendation. The school was held under the direction of a local committee, Joseph T. Atkin, chairman.

On Wednesday a party of visitors, including the college professors, spent the day on the southern Utah experiment farm in the Washington fields. The farm is in splendid condition and is doing a great amount of good to the people of southern Utah. **ST. GEORGE.** **DISTRICT COURT SESSION.** Death of Wm. J. B. Carter, an Esteemed and Prominent Citizen.

Special Correspondence.

St. George, Washington Co., March 14.—The weather is quite warm. Locals and early garden stuff are making good growth. Radishes and asparagus are ready for the table in some gardens. The almond trees are in full bloom and are beautiful, indeed.

At Scofield, Idaho, who recently returned from a mission, and Hettie Sullivan, were married in the temple on the 5th inst. **DISTRICT COURT SESSION.** The regular March term of the dis-

## BOSTON BANKER SPENT LAST EIGHT YEARS IN MISERY

Carlton H. Hutchinson, a leading banker and broker of Boston, with offices at 8 Congress Street, in that city, has recently come out with a very strong statement.

In the widespread discussion over Cooper's new theory and medicine which has spread over the country so rapidly, Mr. Hutchinson has taken the side of those who say that Cooper's theory is correct and his medicines all that he claims.

Mr. Hutchinson's emphatic statement when he was in Chicago as I have a private wire to that city in connection with my business. Later, when he came East, I learned more of him and his theory that stomach trouble causes most of our ailments. I have had no faith in anything not prescribed by a physician for each particular case after careful diagnosis, but after eight years of constant suffering, during which

time I spent over \$1,500 with absolutely no relief, I felt that it would at least do no harm to try the medicine which I was hearing so much about.

"During these eight years I have been forced to go without solid food for five or six weeks at a time. I always had a weak stomach, was troubled with formation of gas, and led the usual miserable life of the dyspeptic. I was full, tired, nervous and gloomy all the time, and was always constipated."

"I have taken Cooper's medicine a comparatively short time. For the past month I have not had the slightest sign of stomach trouble. I can eat anything with no bad effect whatsoever. I have a fine appetite, am gaining flesh very rapidly, am cheerful, full of energy, and my nervousness has disappeared. My bowels are in perfect condition for the first time in eight years."

"I don't hesitate to say that I would not take \$50,000 and be back where I was. My relief and thankfulness is beyond description."

We sell Cooper's famous preparation described in the above statement—The F. J. Hill Drug Co., 89 W. Seco and South St.

### WINTER QUARTERS.

TAMPERING WITH WITNESSES.

Missionary Benefits—New School Building—To Lessen Saloon Evil.

Special Correspondence.

Winter Quarters, Carbon Co., March 14.—Alex. Yanko, who was badly injured in the Winter Quarters fire, is still in a critical condition at the local hospital. He is one of the principal witnesses to the killing of Jeremy Bence at Scofield. A deposition taken a few days ago states that Alex. Yanko was offered \$500 by the defense to leave the state. Another eye-witness is keeping quiet in fear of coercion similar to what is rumored is being brought to bear on other witnesses for the state.

People who have been here for years say there is less snow here now than at the same time of any year previous. No fear of high water from this section. The mines worked four days this week and the miners feel somewhat encouraged for it was almost impossible to support a large family when the mines worked only two days a week.

**MISSIONARY BENEFITS.** The Winter Quarters dramatic company is going to introduce a new play to Scofield, Clear Creek and Winter Quarters. The proceeds will be for the missionaries from the three places.

The Scofield "Amateurs" have just completed a tour of the three mining camps and netted \$27.50 for each of the six missionaries now in foreign countries. These missionaries were each given about \$100 by these small wards.
