

## CREATED HAVOC IN THE KITCHEN

Alice Vaughan Arraigned Before  
Judge Diehl Charged With  
Malicious Mischief.

SPOILED ALL FOOD IN HOUSE

Horrid Discovery Made When Mr.  
And Mrs. Spiro Had Invited Friends  
To Lunch—Girl Was Jealous.

Alice Vaughan, the 17-year-old servant girl who created such havoc with the food stuff in the kitchen of Mrs. Solon Spiro in the Branford apartments, was arraigned before Judge Diehl late yesterday afternoon on the charge of malicious mischief. She was released on her own recognizance and will be tried on the 25th of this month.

The damage done by the girl was greater than at first supposed. She covered roast meat and other food with a mixture of coffee, pepper, put salt in the sugar, bluing powder in the flour and mixed things up in general.

MIXED THINGS UP.  
The discovery was made when Mr. and Mrs. Spiro invited some friends to lunch with them. Mrs. Spiro was horrified to find that every scrap of food in the place had been tampered with and spoiled by a mixture of powder and spices. All the coffee in the house had been dumped into the ice box. Mr. Spiro was forced to go out and hunt up food. The situation was somewhat relieved when he appeared at the Elks' club and obtained some of the articles so urgently needed.

SWARE OUT COMPLAINT.  
Mr. Spiro then swore to a complaint charging the girl with malicious mischief and she was placed under arrest. It seems that after the girl left the Spiro place she went to the residence of Mrs. Sig Simon to see a girl employed there. She told the girl what she had done at the Spiro home and the girl told Mrs. Simon. Mrs. Simon met Mrs. Spiro on the street and told her of what she had heard. This was just before the guests who had been invited to luncheon arrived. Then came the discovery of the terrible condition of affairs.

JUDGMENT WILL STAND.  
The judgment rendered in favor of William McWhirter against "Dr." James Donaldson will stand, in accordance with an opinion rendered yesterday by Judge Diehl. Defendant's counsel had filed a motion asking that the judgment be set aside, alleging that a stipulation had been made between attorneys on both sides that no default would be taken without due notice being given.

Judge Diehl refused to consider the motion, holding that the admissions made by Donaldson in his deposition, the money involved in the suit was won by him in a gambling game, and that defendant has no good and valid reasons for asking that the judgment be set aside.

## CRIMINAL CASES.

Tim McKelvey, charged with burglarizing the Empire stables, was arraigned this morning before Judge Diehl. He took until tomorrow morning to plead.

R. H. Lewis, arrested several weeks ago for criminal relations with a 17-year-old girl named J. A. Williams, is having a preliminary hearing before Judge Diehl today.

## HE WAS NOT IN.

W. A. Clark, Jr. Rained Upon With  
Queries, To No Avail.

Mr. and Mrs. W. A. Clark, Jr., of Los Angeles are registered at the Wilson. A representative of the "News" this morning attempted to interview Mr. Clark, and over the phone the following conversation took place:

"I would like to see Mr. Clark a moment," spoke the reporter, as the answering bell came over the phone. "What do you want?" asked a voice. "I want to know who the next Democratic candidate for president is going to be. Or if you don't care to answer that, just tell me something about the Salt Lake Route and the fight for business between the Brock and Boras Smith lines and the Clark road. In case these subjects appear too trifling, kindly tell me if you are interested in the new race track out at Beck's." "Hurry up," cried the pencil pusher. "Are you a newspaperman?" queried the voice.

"I am," was the response.

"Then I'm not in," and the receiver clicked as the conversation concluded.

## MEETS DEATH ON TRACK

Peter Tsangas, a Greek, Run Down by  
Rio Grande Flyer—Would Not  
Jump One Side.

Because he did not have presence of mind enough to jump to one side when he saw the Rio Grande Western flyer approaching, Peter Tsangas, a Greek 22 years old, lost his life yesterday afternoon. Tsangas was walking on the track near the Taylor-Brunton sampler in Murray, and although the engineer of the train blew his whistle, he remained on the track. Turning when the train was within 75 feet of him, Tsangas sprinted in a race with the flyer. The race lasted just a second—then a body was thrown in the air. When witnesses to the accident reached the body, it was lifeless; an arm and leg were broken and the skull crushed. The coroner viewed the remains; heard the stories of the section hands who saw the affair, and decided no inquest was necessary. The dead man has a brother-in-law and cousin in Bingham Junction. The body is being held in Murray awaiting instructions from them.

## NEW LAND RULES. They Govern Locations of Soldiers' Additional Homestead Rights.

New rules and requirements in cases of applications to locate all scrips, warrants, certificates, soldiers' additional homestead rights, or to make lieu selections of public lands of the United States, are out and will be effective on and after April 1. A notice to this effect has been issued by Commissioner R. A. Ballinger at Washington and approved by Secy. Garfield of the department of the interior. The requirements are as follows:

The location or selection must be accompanied, in addition to the evidence required by existing rules and regulations, by affidavit of the locator, selection, or some credible person possessed of the requisite personal knowledge of the premises, showing that the land located or selected is not in any manner occupied adversely to the locator or selector. Recourse to the locator or selector, within 20 days from the filing of his location or selection, to begin publication of notice thereof, at his own expense, in a newspaper to be designated by the register as of general circulation in the vicinity of the land, and to be the nearest thereto. Such publication must cover a period of 30 days, during which time a similar notice of the location or selection must be posted in the local land office and upon the lands included in the location or selection, and upon each and every noncontiguous tract thereof.

The notice must describe the land located or selected, give the date of location or selection, and state that the purpose thereof is to allow all persons claiming the land adversely, or desiring to show it to be mineral in character, an opportunity to file objection to such location or selection with the local officers for the land district in which the land is located, and to establish their interest therein, or the mineral character thereof.

Proof of publication must consist of an affidavit of the publisher, or of the foreman or other proper employee of the newspaper in which the notice was published, with a copy of the publication notice attached. Proof that the notice remained posted upon the land during the entire period of publication, must be made by the locator or selector or some credible person having personal knowledge of the fact. The register will certify to the posting in his office. The first and last days of such publication and posting must in all cases be given.

## FAVORS COLLEGE WORK

General Board of Education for  
Church Schools Authorizes Continu-  
ation at B. Y. U. and B. Y. C.

At a recent meeting of the general board of education of the Church schools it was decided to continue college work in both the Brigham Young University at Provo and the Brigham Young college at Logan, the two institutions now giving it. The general superintendent, however was instructed to confer with the respective presidents in arranging future courses with a view to restricting the work there necessary and avoiding expensive duplications of studies and equipment. This action is taken in response to a strong desire on the part of the people affected to have it continued and in view of the fact that several large endowments have recently been made to both schools and still others are contemplated thus reducing the expense to the general board.
