VENEZUELAN DO YOU GET UP **REVOLUTION**. A REAL It is Said to Be Gaining Ground Every Day.

GENERAL PIETRI ESCAPES.

Colombian Revolutionists Negotiating For an Exchange of Prisoners.

New York, Nov. 15 .-- According to the Port of Spain correspodent of the Herald, the revolution is daily gaining ground in Venezuela. Gen. Pietri, Atty.-Gen. Crespo's chief staff officer, has again succeeded in making his escape and is in the mountainous district around Valencia. He is endeavoring to reach Guarico. The government has withdrawn all its troops from Guajira where they were beginning to turn their arms against one another, and has sent them to the frontier of Tahira.

President Castro still cherishes the hope that the Colombian revolutionists will be the victors.

WANT TO EXCHANGE PRISONERS.

New York, Nov. 15 .- Negotiations are under way for the first time to exchange prisoners, says the Panama correspondent of the Herald. Gen. Domingo Diaz, chief of the revolutionary party in the department of Panama, sent a committee to see Gen. Alban and to give him a letter. The comand to give him a letter. The com-mittees were Senors Isaias Rodriguez and Aizphpura. The insurgents hold four captains, two lieutenants, five sub-lieutenants and thirty soldiers.

Gen. Alban agreed to an even ex-hange. He sent a letter to that efchange. fect to Gen. Diaz, also calling atten-tion to the fact that Pedro Laffargue, mayor of Taboga, was held after the payment of a large sum demanded as a ransom, and that Gen. Fabricio Becerra, who was released on parole, ac-cording to report had taken up arms

again for the revolution. The commissioners have left for Chorrera to report to headquarters and will probably return at once to effect an exchange of prisoners.

BATTLE SOON EXPECTED.

New York, Nov. 15.—A dispatch to the Herald rfom Panama says it is ex-pected in Panama that a battle will soon take place. There are indica-tions that the insurgents are prepar-ing to advance to the city.

To Consolidate Printing Press Cos.

New York, Nov. 15 .- Plans are being discussed among some of the important makers of printing presses for the purpose of organizing a consolidated company, says the Journal of Commerce. But the movement has not yet got beyond an embryo stage, according to parties interested in the new project. The report goes on to state project. The report goes on the that if the plans are carried out the that if the plans are carried out the Cox Duplex and the Huber Works, the Michle Printing Press and Manufacturing company, the Potter Printing Press works at Springfield, Mass., the Campbell Printing Press and Manufac-turing company, the Goss Printing Press company, the Whitlock Printing Press and Manufacturing company and Walter Scott & Co. There have been reports from time to time that Hoe & Co., might enter the combination. The management of Hoe & Co. has steadily refused to enter into any amalgamation, no matter what the character and consequently rumors of this nature find little credence in business circles. It is stated that estimates of the capital stock of the new combination range anywhere from \$15,000,000 to \$20,000,000.

WITH A LAME BACK ? Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers 's sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. a It is the great medi-cal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the em nent kidney and blad-der specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst - 1 form of kidney trouble. Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kid-ney, liver or bladder trouble it will be found just the remedy you need. It has been tested

in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous

ests in that regulation. This unfortunate state of affairs, the letter adds, dates from the conclusion of the Russo-Persian loan in 1900. The Russian government has obtained fur-ther leverage by constructing, mostly at its own expense, the splendid road from Resht to Kazvin.

SANTOS-DUMONT'S PLANS. He May Go to Monaco and Build an

Aerodrome.

New York, Nov. 15 .- M. Santos-Dumont is bringing to a close negotiations with the Prince of Monaco's engineers for the construction of an aerodrome below the city of Monaco on ground pordering on the Boulevard de la Condamine, says the Monte Carlo corres-pondent of the Herald. It will be 51 metres long, 10 metres wide and 15 metres high. It will shelter the Santos-Dumont No. 7, measuring 49 metres in length and 7 metres in diameter and of

length and 7 metres in diameter and of which the capacity will be 1,200 cubic metres. When the airship leaves the shed it will pass over the bay of Mo-naco where it will be put through evo-utions daily during the months of January and February. The super-ficial area of the bay is about 300,000 square metres. Whenever the weather permits the aeronauts will leave the bay and carry their experiments out over the Mediterranean. over the Mediterranean. Finally, near the end of February, M. Santos-Dumont will attempt an aerial passage from Monaco to Calvi, Corsica,

a distance of about 200 kilometers, which he hopes to be able to accom-plish in about four hours.

Cost of Buffalo Exposition.

Buffalo, N. Y., Nov. 14.-The direc-tors of the Pan-American Exposition company and a number of creditors conferred today and listened to the reading of the financial report of the company as prepared by the auditors. The report shows the total liabilities of the company at the present time to be \$3,326.114 net, assuming that the assets of \$146,454 are collectable at face.

The company owes for operating ex-penses and construction work \$577.945, which item is of course, embodied in the figure of total iabilities. An interesting fact shown by the report is the total cost to the exposition com-pany of the exposition. The cost was \$8,860,757.

The total receipts from admissions after May 1 were \$2,467,066 and the receipts from concessions were \$3,011,-

The balance due to first mortgage bondholders is \$174,975 and the second mortgage bondholders \$50,000; both of which are included in the liability as given above

THING ON EARTH

IT IS THE CREATEST

Says Prof. Mead of the Thunder Mountain Gold Mines.

ORE PLASTERED WITH GCLD

It Will Go Into the Thousands Per Ton-Enough to Last for Many Years.

Boise, Ida., Nov. 14 .- "It is the greatest thing on earth." That is what Prof. E. H. Mead of Salt Lake today said of the Thunder mountain gold mines. Prof. Mead was sent into the district by the Oregon Short Line for the purpose of verifying the reports that have lucen made concerning the riches of that wonderful country. He has just returned after a two weeks' trip of inspection.

Prof. Mead said Thunder mountain was simply a great mountain of ore. He could not determine what the beundaries of the ore were. Underground he ook samples along the works for 200 set in one direction and 245 feet in a direction in a general way at right angles to the other, and could find no ends, top or bottom of the deposit.

The deposit was of such gigantic pro-portions that it would be impossible to make an estimate of the impossible to make an estimate of the tonnage but, breadly speaking, the professor said he was fully warranted in saying that there was enough ore in sight to keep a 100-stamp mill running for a great many years. The one call, showing he tions demanding solution, and a gen-eral spathy and impotence to deal with Political parties, he said, must them, Pointeal bardes, he sail, must concernsions be willing to sink their differences and forget who was in power and who would get readit for the cautying out of measures, if they wish those measures to be carried out. many years. The ore could simply be quarried out and the cost of mining would be the very lowest known any-where. The works had attained a depth of 110 feet, this fact demonstrating the permanence of the deposit. Prof. Mead says that the mine would

be one of the wonders of the mining world if there were nothing else there but the nch streak. In any other coun-try it would be a ledge that would set mining men wild. The ore is richer than any he has ever before seen in great quantities.

He said further that he had picked out one ticce as large as his two fists which he was confident had as much as \$50 in it. He would not undertake to say what F. W. Neely and W. H. Reeves in the ore would run, but it would go in'c the thousands.

Mutual Life Insurance Matters.

New York, Nov. 15.-Mr. Gustav H. Schwab is quoted by the Heraid as commenting in the following language upon the recent report from Berlin that the Mutual Life Insurance company, of New York, is the purchaser of 5,000,000 marks (\$1,250,000), in debenture bonds of the North German Lloyd Steamship company: "I believe it is only an investment of the Mutual Life in good securities.

Turkey Settles With Austria.

New York, Nov. 15 .- The Constantinople correspondent of the London Times and the New York Times says the Austrian claims against Turkey. which have just been settled, were all of a serious character. They included charges against officers and men of the gendarmerie in Albania who threat-ened and insulted Austrian consuls and persecuted Austrian girls. There was much difficulty in obtaining reparation cause the offenders belong to the Albanian clan which supplies the sulbodyguard, and his majesty tan's feared their vengeance.

A Big Canadian Canal.

Ottama, Ont., Nov. 15 .- The public works department has completed the estimates for the 20-foot canal between Georgian Bay and Lake Nipissing. The total cost will be \$4,000,000. Connection be made at Callendar with the Grand Trunk and at North Bay with the Canadian Pacific. Minister Harte, referring to the matter, said that with-in the next few years the export of grain from Manitoba and the north-west territories alone would be a hundred million bushels, and the only way to prevent its being diverted to American channels is to complete the above short route through Canada.

Remarkable Cure of Cancer.

New York, Nov. 15 .- According to the London representatives of the Journal and Advertiser the Onlooker contains an account of a most remarkable cure of cancer, which medical circles are eagerly discussing. It says the cure was discovered through the case of Lady Margaret Masham, sister of the Earl of Romney. Lady Margaret be-came so ill that her throat nearly closed, nourishment had to be admin-istered artificially and her death was expected in about a week. Then a friend prescribed the use of fresh green violets. The suggestion was followed, relief was immediate. The large, hard external tumor disappeared and in a week all pain had ceased and the cancerous growth in the tonsil disappeared in a fortnight.

Kaiser and Czar Not to Meet.

Opposed to Tariff Revision.

Washington, Nov. 14.-Representative Long of Kansas, who is a member of the ways and means committee of the House, was one of President Rooseveit's callers today. He joined with his eastern colleagues on the committee in opposing a revision of the tariff. He believes that any attempt to duties on particular schedules such as Mr. Babcock proposes, would lead inevitably to a general revision of the tariff, and this, he says, his people do not favor. He says, however, that there is a strong sentiment in his section in favor of reciprocity.

TURKEY AND ENGLAND.

Agree to Delimit Their Sphere of Influence Near Aden.

New York, Nov. 15 .- The Vienna Politische Correspondenz, quoted in a dis-patch to the London Times and the New York Times from the Austrian capital announces that an agreement has been concluded between Great Britain and Turkey with a view to the de-limitation of their respective spheres of nfluence and frontiers between Yemen and Aden. According to this source of nformation a Turkish commission ha aiready been apointed and now awaits instructions to proceed to the place selected for the opening negotiations. The correspondent adds that the set

tlement of the complicated situation in that region has not been anticipated. The British governor at Aden is repreented as having said that the existing protectorate and sphere of influence which extends beyond the Turkish frontier into the Ottoman territory of feman will not be abandoned. Turks hope to secure some improvement of existing conditions.

ENGLAND AND GERMANY.

Reasons Why There Can be No Close Alliance Between Them.

New York, Nov. 15 .- A dispatch from New York, Nov. 15.—A dispatch from Paris to the London Times and New York Times quotes the Journal des Debats, which, in commenting on the retirement of Count von Hatzfeld-Wildenburg, German ambassador at London maintains that there are two essential obstacles which will prevent Germany and Great Britain from drawng closely together. Great Britain, says the paper, in spite

of Emperor William's advices, regards Germany as her principal future rival, while Germany anglophobia while osed to the kaiser's policy, cannot be ignored by him,

New York, Nov. 15 .- The Sofla cor-espondent of the Journal and Advertiser cables:

Gregory Tsilka, Albanian missio and husband of Mme. Tsilka, tone's companion in captivity, had arrived at Sofia. He said:

"I have received a letter from my wife, saying that Mias Stone and her-self are well cared for. From the first they have known that liberation would not be speedy. The brigands are satisfied with their captures and are satisfied with their captures and are in no hurry. Frequently they get to eat something like bologna sausage. The letter rays also that Miss Stone's active horseback life has enabled her to bear the brigand regime well. The words 'The earth the earth' are writ-ten where the name of the place whence the latter came should be, but the Turkish officials of Macedonia have had information about the captives right along. BOERS NEAR CAPETOWN.

Some Have Penetrated Within Fifty Miles of the Place.

New York, Nov. 15.-The correspond-ent of the London Times and New York Times wiring from Middleburg, Cape Colony, says that within the last two days the Boers have approached nearer to Capetown. Sixty men of the commando last seen at Hopefield have penetrated south of Darling (forty-eight miles north of Capetown) but the raid must not be taken too seriously as the British columns are already in a position to cope with it. The Boers have made the dash either to obtain fresh horses or to revenge themselves on the Dutch farmers who have not suported them as they were expected to do. In the northeast district Com-mandant Fouche and six men, leaving the main body, made a raid last Saturday to Midburg siding. They blew up a few yards of track and shot in cold blood a Cape policeman who had sur-rendered. Fouche has since returned to the neighborhood of Jamestown. A patrol of district mounted troops was worsted on Monday by an insignificant force of the enemy.

PARISIAN TRAMWAYS.

An American Syndicate May Take Control of Them.

New York, Nov. 15 .- Concerning the report that an American syndicate has Secured control of the Paris Compagnie Generale de Traction which owns a number of lines entering that city, the Paris correspondent of the Herald cables:

A new factor will very shortly make itself felt in the affairs of the tramway lines of Paris. A party of American capitalists is about to invest a large sum of money-millions it is said-in the development and strengthening of lines controlled by the Compagnie Generale de Traction of Paris. The principal and best paying route controlled by this company runs from the Place de l'Opera through the Rue Quatre de Septembre to Les Lilas. Another line runs from the fortifications past the Auteuil race course.

The operations of the company have not been very successful of late princi pally owing to the fact that it has not been able to secure the capital neces-sary for the proper development of its lines. Its financial condition is shown by the fact that its stock is at the present moment quoted at 33 francs (\$6.60) per share, whereas some eighteen months ago the same shares were sold in the open market at \$30 francs (\$66).

A rival tramway organization, known the Thompson-Houston company has been endeavoring for some time past to secure control of the Compagnie Generale de Traction, but the latter fought against this absorption, ring to secure additional capital from outside sources. It has now practical-ly succeeded and it is believed that very shortly these Parisian tramway lines will be practically under American control.

New York, Nov. 15 .- Austrian consular advices from Durban in the course of the last half year, says the Vienna correspondent of the London Times and New York Times, show that in spite of the war there has been a distinct in the war there has been a distinct he crease of trade. Austria is interested to a very small extent, except for horses and goods destined for the Brit-ish army. British trade with Natal maintains its pre-eminence, large quantities of merchandise being stored in Natal, to be forwarded to the Transvaal when circumstances permit.
