

REPUBLIC HAS BEEN PROCLAIMED

Fortress Mont Juich, Barcelona,
Firing Upon Districts Occu-
pied by Revolutionaries.

FIERCE FIGHTING GOING ON.

Spanish Ambassador to France Says
He Has Reassuring News from
Catalonia and Melilla.

London, Aug. 1.—A dispatch received
by a news agency from Corbiero says
the revolutionaries have proclaimed a
republic in Barcelona and that the
fortress Mont Juich is constantly firing
upon the districts occupied by them.

FIGHTING CONTINUES.
Corbiero, Franco-Spanish Frontier,

Aug. 1.—The latest news received here
from Barcelona is that fighting be-
tween Spanish troops and the revolu-
tionaries continues fiercely. It is re-
ported that 40 revolutionaries have
been shot without trial at the Mont
Juich fortress, among them being En-
lano Iglesias, editor of the Progreso,
the organ of Deputy Leroux, chief of
the Republicans in Barcelona.

GARRISON IN READINESS.

San Sebastian, Aug. 1.—Despite the
official announcement that order has
been restored in Catalonia, renewed
measures have been taken to prevent
an outbreak elsewhere, especially in the
Bilbao region, where the Socialists and
advanced Republicans are organizing.
The garrisons at Burgos, Vittoria and
San Sebastian are being held in readi-
ness to act quickly and energetically.

"REASSURING" NEWS.

Paris, Aug. 1.—The Marquis del Muni,
Spanish ambassador to France, today
declared that he had most reassuring
news from Catalonia and Melilla. He
insisted that only 200 men had been
killed and that 500 were wounded in the
fighting in Morocco and that the rebel-
lion in Catalonia had been completely
mastered. He denied categorically the
existence of the alleged text of a se-
cret Hispano-Franco treaty of 1904,
which was published in Germany, and
under the conditions of which France
agreed to lend Spain her assistance in
Africa.

Marquis del Muni said that neither
the Socialists nor the Separatists
were involved in the movement in Ca-
talonia, as it was impossible to con-

ceive that they would league themselves
with anarchists to burn convents, as-
sassinates monks and sack churches.
The Marquis' correspondent, who has
visited Figueras, Girona, Llabesal,
Palafuergell, Palamos and other towns
in Spain, but who did not reach Bar-
celona, says the temper of the people
is bitter and that if the revolt is sup-
pressed it will be easily re-kindled.
In the small towns, he says, the in-
habitants who have formed bands
which are guarding the rail and the
railway tracks cannot prevent the dis-
patch of reinforcements to Barcelona.
At Palamos he saw the ruins of the
monastery of the Maristas. He said
women sacked the place while the men
pursued the monks, two of whom were
caught and subjected to unmentionable
indignities.

TROUBLE FAR FROM OVER.

Paris, Aug. 1.—Although official
Spain minimizes the Catalan insur-
rection and insists that the revolt has
been crushed, a far different story
circulates from the frontier. Refugees
and travelers declare that the revolt
is still rampant and that desperate
combats continue at Barcelona where
60 revolutionaries are reported to have
been wounded in the night which oc-
curred as late as Saturday night.

Cassan de la Selva is in the hands
of the revolutionists and at Palamos,
where the monks were tortured, the situ-
ation is alarming and the lives of
foreigners endangered.

The opinion of semi-official circles
here concerning Spain's internal situa-
tion is pessimistic and the belief is
expressed that the trouble is not yet
over. Official Madrid announces that
Barcelona is tranquil.

Official denial is given to the re-
port that the temper of the Madrid
heart is hostile to the revolutionists.
Statement says that the number of
victims of the fighting at Barcelona is
unknown, but frontier reports, one of
which says that the revolutionists had
killed and wounded 3,000 and that the
number of insurrectionists summarily
shot was between 40 and 125.

AS VIEWED IN LONDON.

London, Aug. 2.—The Daily Tele-
graph's correspondent, in a story dat-
ed Friday night, declares that though
the military is now in control at
Barcelona, the situation is still more
difficult, inasmuch as the anarchists
and revolutionaries have fled to the
mountains and nearby villages where
they will form innumerable centers
of disaffection.

The revolutionary movement, ac-
cording to the correspondent, is now
extending to all the industrial towns
along the coast and there the rein-
forcements are received with rifle
volleys. It is expected there will be ter-
rible resistance in the mountain dis-
trict and villages.

"Numerous arrests," continues the
correspondent, "have been made in
Madrid with the intention of prevent-
ing a general strike which, however,
will be proclaimed Monday."
"Mont Juich fortress at Barcelona is
full of prisoners awaiting court mar-
tial. According to the captain gen-
eral's estimate, 1,000 persons were
killed and 2,500 wounded during the
suppression of the revolt in the Para-
lelo quarter, where most of the work-
men live. The revolutionaries took
women, old men and children from the
asylums and placed them in front of
the barricades in order to prevent the
soldiers from firing and to give them
time for flight. Eventually, Paralelo
had to be bombarded. The punishment
was severe. The city resembles a bat-
tlefield.

"There is an unconfirmed report
that two large local forces of irregular
militia and forest guards, making to-
gether 20,000 men, have made com-
mon cause with the revolutionaries.

NEW JERSEY CONSTABLE USES TREE LOCK-UP

Delanco, N. J., Aug. 2.—A tree lock-
up is the device by which Special Of-
ficer Hahner, the town's single police
guardian, has succeeded in ridding this
neighborhood of the tramps who form-
erly infested it.

Unable to hold his tramp prisoners
longer than a few hours because of a
curse of the county auditor, who for-
feited the commitment of tramps, Hahner
struck upon a new scheme. He
ordered an extra supply of handcuffs,
and some of the tramps caught in the
next raid were chained to trees in the
village.

The experiment was a success. With
no shelter and tormented by swarms of
mosquitoes from the nearby swamps, the
culprits were glad to quit the town
when brought before the constable and
given their liberty.

THOUSAND LIVES LOST IN MANCHURIA FLOOD

Tokio, Aug. 2.—Further advices re-
ceived here regarding the flood situa-
tion in the province of Changchun,
Manchuria, are to the effect that owing
to the damage done by water traffic
in the Antung-Mukden railway has
been tied up completely for 50 days.
According to previous dispatches
1,000 lives were lost in the city of Kirin
and 7,000 houses were submerged.

NO CLAIMANT FOR BAG OF JEWELS AND MONEY

New York, Aug. 2.—Mystery sur-
rounds the finding of a wealth-laden
handbag on the excursion steamer City
of Worcester. The bag, which bore the
initials "G. L. W." was found on the
boat after all the passengers had left
on the night of July 9, and was turned
in at the office unopened. There it at-
tracted no attention until a day or two
ago, when Vice President J. A. Ganger
opened the bag and began finding sev-
eral pieces of women's jewelry. Mr.
Ganger said he discovered two diamond
rings, seven loose diamonds, two gold
watches, other jewelry and a "very
very large sum of money." He would
not name the sum, but said that it was
sufficiently large that the loss of it
would cause even a rich person anxie-
ty. Outside of the initials on the bag
it contained nothing by which the owner
could be identified, and Mr. Ganger
is of the opinion that the owner was
a victim of a tragedy, perhaps suicide
and possibly murder.

DETECTIVE BUREAU IN ROLE OF BLACKMAILER

San Francisco, Aug. 2.—Thomas Lun-
dy, a Market street jeweler, whose store
was robbed twice in a mysterious man-
ner and whose loss aggregated \$48,000,
has turned over to the local police a
number of letters which he has re-
ceived, he states, from a detective bu-
reau in Seattle, in which the detectives
offer to catch the thieves and restore a
large part of the booty if given a
percentage of the value of the goods
in addition to the reward of \$5,000 al-
ready offered by the jeweler.
In a recent letter the Seattle bureau
is said to have intimated that it not
only knew the identity of the robbers,
but that it could catch them at a point
near San Francisco where the valuables
were buried after the robbery.

GLEN MILLER'S NARROW ESCAPE IN LYECL GLACIER

Yosemite, Cal., July 31.—The Sierra
club arrived at El Portal this evening,
after a 200-mile tramp in the moun-
tains, an incident of which was a slide
of 800 feet down the icy slope of Lyell
glacier by Glen Miller of Salt Lake
city. He was saved from death by
striking a snowbank and suffered only a
dislocated shoulder. The only other
accident was that of Willoughby Rod-
man, who fell in Tuolumne canyon, dis-
locating his hip.

The arduous trip, which included the
climbing of several mountains 12,000
feet or more high, was taken by 175
members of the club.
While crossing the glacier on Mount
Lyell, Miller lost his footing. The
members of the party saw his body go
bounding over the hummocky ice and
heard him up for a moment as he was
approaching a chasm filled with jagged
rocks. His flight was ended by a snowy
knoll, which saved him from almost
certain death.

BEAT WILBUR WRIGHT'S RECORD FOR HEIGHT

Paris, Aug. 2.—At Port Aviation near
Juvisy, yesterday, M. Pellet Gaudart in
a Vism bi-plane rose to a height of 300
feet, beating the record established by
Wilbur Wright and winning the Lazare
Weller prize.
The aviator described several cir-
cles over the aerodrome, gradually in-
creasing the height until he passed with
considerable margin above the captive
balloon, maintained at a height of 100
meters.
The aeroplane remained aloft for nine
and a half minutes, the descent being
made with ease.

EMBRACED HIS CLERK, WIFE KILLED HIM

Canton, O., Aug. 1.—Mrs. Tony Pa-
nella, wife of an East End grocer, fired
two bullets through her husband's head
today when she found him embracing
Mrs. Clara Pizzana, his clerk. Death
was instantaneous.
Afterwards Mrs. Pannella seized a
butcher knife with which she literally
cut the woman to pieces.

sociation heads the list with a contri-
bution of \$100,000. J. P. Morgan & Co.

WILL SOON ISSUE NEW LINCOLN PENNIES

Philadelphia, Aug. 2.—The Philadel-
phia mint will issue today the new Lin-
coln pennies, which the treasury de-
partment has caused to be designed and
struck off in honor of the one hun-
dredth anniversary of the late presi-
dent's birth.
The head of Lincoln, which appears
on the coin, was designed from a photo-
graph in the possession of Charles
Elliott Norton. The face is relaxed and
smiling, the artist having sought to
reproduce particularly Lincoln's expres-
sion when talking to children.
The artist, Victor D. Brenner, is 27
years old and is a Russian who came
to this country as a boy and sold
matchboxes in the street and studied art
at night at Cooper Union.
He saved enough money to con-
tinue his studies in Paris and on his
return opened a studio.

Mrs. Mary F. Snow of Hartford, Conn.,

000 for taking care of Mrs. Snow's two

her husband but \$2,000.

WOMAN SUFFRAGISTS IN N. Y. MAYORALTY CAMPAIGN

New York, Aug. 2.—Unless plans of
the Progressive Woman's Suffrage
league fail, this week will infuse a
new political issue into the mayoralty
campaign. The Tammany Hall and
the Republican headquarters are to be
visited by officers of the league, who
will seek to obtain pledges from party
leaders that only men who are in favor

of woman's suffrage will receive sup-
port of the organizations for mayor. In-
ductions by which the union officers
hope to obtain pledges, they assert, as-
not promises to support the candidate
who is favorable to equal suffrage, but
threats to make it "interesting" at all
political meetings held by the party
whose candidate is opposed to votes
for women.

PADEREWSKI TO BE DECORATED

following the precedent in the case of
Rubinstein, he will be named an offi-
cer without that being a chivalier of

MOTHER'S FRIEND

Daffy Down Dilly has come up to town,
In a fine petticoat and a green gown;
Starched is the petticoat, spick and span white,
'Twas done up with Fels-Naptha, that's why
it's so bright."

Did you ever look at a piece of linen
under the magnifying glass?

Or any other kind of cloth?

You'd see a multitude of small threads
woven together with tiny open spaces be-
tween.

When soiled clothes are boiled, the dirt
is just softened, not loosened.

When you rub them on the wash-
board, the soft dirt is partly rubbed into
the tiny spaces between the threads and you
might rub till Doomsday without getting
it all out.

That's why clothes washed in the boil-
ing, hard-rubbing way are so often muddy
or dull-looking.

They're not wholly clean.

Fels-Naptha cleanses clothes perfectly
because it attacks the dirt and dissolves it.

Breaks it up into particles which are
easily rinsed out of the cloth meshes.

Fels-Naptha Soap does this in cool or
lukewarm water.

No boiling; no hard-rubbing; takes
less than half the time of the old way.

Saves the clothes; saves fuel.

When you've once tried the
Fels-Naptha way of washing in the Winter
or Summer you'll never go back to the
wash-boiler and hard rubbing.

Try it next washday.

Follow the easy directions printed on
the red and green wrapper.
