

WHY CORTELYOU WAS DROPPED

Did Not Develop Enough Strength In New York to Get the State's Delegation.

SHERMAN TOO CONSERVATIVE

Hence Administration Shifted to Candidacy of Either Senator Dolliver or Governor Cummins.

Washington, June 15.—The shift of the administration to the candidacy of either Senator Dolliver of Iowa, or Gov. Cummins, of that state, for the nomination for the vice presidency is regarded as the outcome of the developments in the last couple of days, which have indicated that Representative James Sherman of New York, would probably get the support of that state for second place on the ticket. It is believed that if Mr. Cortelyou had developed strength in New York state sufficient to carry the support of the delegation, the announcement made today in favor of Dolliver and Cummins would not have been forthcoming.

Sherman is regarded by the administration as rather too much of a conservative to take second place on the ticket, and also is looked upon as lacking ability to carry on a whirlwind campaign which the nominee will probably be expected to do.

There are many advisers in favor of Mr. Taft remaining at his home in Ohio, there to receive delegations and to make perhaps short speeches of welcome to them. There are many advisers awaiting the presidential nomination as a result of a momentary mistake of judgment in making political speeches which would be a part of a general stump campaign. For that reason many of those who are interested in Mr. Taft's candidacy will not wish to see him make a tour of the country.

But in the case of the vice presidential nominee just the opposite view prevails.

Either Senator Dolliver or Gov. Cummins is looked upon as an ideal campaigner. They are both advanced in political views and would readily, it is declared, meet the approval of the great west and Pacific coast states. They are both ready talkers and are familiar with what are known as the Roosevelt policies, both of them having been particularly energetic in cooperating in carrying them out. It is believed that on the stump either of them would be able to fully satisfy the campaign managers by calling forth enthusiasm for the Republican ticket. At least such may authoritatively be stated to be the administration's view.

A GRAND FAMILY MEDICINE.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 438 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulates the digestive functions, purifies the blood, and imparts renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Z. C. M. I. 40,000 APPEALS BY IMPORTERS PENDING

New York, June 16.—With the closing of the federal courts for the summer, so far as tariff litigation is concerned, nearly 40,000 appeals by importers are now pending on the suspended files of the board of United States general appraisers. No more customs cases will be heard by the courts until October.

Most of the issues now pending are those arising under the present or Dingley tariff, although a few questions under the tariffs of 1890 and 1894 are before the courts for final determination. The explanation of present conditions is said to lie in the fact that the federal courts are in no position to devote their entire time, or even a small part of it, to the adequate hearing of questions wholly irrelevant to the tariff, such as bankruptcy, admiralty, civil, and general miscellaneous issues.

While official figures are not obtainable, it is believed that several millions of dollars are tied up pending final tariff decisions by the courts, while much American capital, which might be used profitably in held back until it is determined whether the

ECZEMA ONLY SKIN DEEP.

Local Cure of Diseased Surface Now Recognized as Proper Treatment.

In gathering data for an address before the Pathological Club, Dr. D. D. Dennis, the skin specialist of Chicago, prepared a table of results on microscopic blood examinations of 468 sufferers from skin diseases.

These tests were from the blood of persons who had called at his office within a period of two years. Less than 10 per cent of these cases showed anything at all in the blood with the blood, and in not a single instance could the physicians present trace the skin affection and the blood humor. This personal experience furnished the Chicago physicians with the basis for a brilliant exposition of his contention that eczema, psoriasis, salt burn, barber's itch, and other skin diseases are first and last diseases of the skin and have nothing at all to do with the blood. At the conclusion of his paper, Dr. Dennis was congratulated on his demonstration by the prominent medical men present.

For several years Dr. Dennis has allowed a private company to manufacture and sell his celebrated compound of thymol glycerine and oil of wintergreen known as D. D. D. Prescription and it was particularly gratifying to him that other first class physicians, free from prejudice and jealousy, should recommend the D. D. D. Prescription to all skin sufferers.

It is simply wonderful—the instant relief—the complete taking away of the itch the very moment this oil of wintergreen compound is applied to the skin. We know, we vouch for it! Dr. Dennis and Dr. C. M. I. Dennis. Just try it. We recommend D. D. D. Prescription especially when used with D. D. D. Soap. Call at our store and we will tell you more about this scientific cure.

rates on certain lines of imports will harm manufacturers of the foreign products.

The existing condition of affairs in customs litigation has caused renewed discussion of a measure introduced in Congress two years ago creating a purely customs court. This bill was drawn up by one of the members of the board of appraisers and proposed that all tariff cases shall be brought before the tribunal for determination. In certain instances, however, appeals, could be prosecuted to the supreme court of the United States.

BUCKLEN'S ARNICA SALVE WINS.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore on the instep of my foot and could find nothing that would heal it until I applied Bucklen's Arnica Salve. Less than half of a 25c box won the day for me by affecting a perfect cure." Sold under guarantee at Z. C. M. I. Drug Dept.

YAQUIS ARE STUBBORN.

Refuse to Give Up Arms and Peace Negotiations Broken Off.

Nogales, Ariz., June 15.—As predicted in the Deseret News of Monday last, the large body of Yaqui Indians assembled there for several weeks to discuss terms of surrender to the Mexican government refused today to give up their arms as demanded and negotiations for a peaceful settlement were broken off at least temporarily. Because of the censorship established over news from Mexico, no negotiations details following the refusal to surrender have been received.

J. J. HILL IS MUM.

New York, June 16.—James J. Hill has arrived in this city from Washington, and will remain here until the latter part of the week, when he starts on his annual fishing trip to Labrador. Mr. Hill would express no opinions on political developments or on business conditions except crop prospects. The floods, he said, may have done considerable harm in the southwest, but in the northwest prospects are good. The heavy rains, while drowning out some of the lowland crops had helped the wheat in the uplands, so that on the whole they had been beneficial. Generally, Mr. Hill thought the prospect for bountiful crops and he called attention to the short supply of grain as indicating that this year's harvest will produce a "good money crop."

STAGE ROBBERS CAPTURED.

Walters and Bliss Caught After a Pursuit Lasting Two Days.

Rawhide, Nev., June 15.—After a pursuit of two days Walters and Bliss, charged with the robbery of the Rawhide stage, were captured today in their tent on the outskirts of this place. When the stage was held up Saturday the Wells Fargo strongbox was taken. Three men fled in the direction of Schurz and were hotly pursued by posse of the state police and sheriffs. The robbers doubled back for the purpose of securing a team which they had left and entered Rawhide by a circuitous route. They were taken by surprise when the officers reached their tent.

RAILWAY TRUST, CURRENCY PLANKS

Chicago, June 15.—The exact text of the plank of the Republican platform prepared by Wade H. Ellis and approved by President Roosevelt and Secy. Taft relating to railroads as follows:

"We approve the enactment of a railroad rate law and the vigorous enforcement by the present administration of the statutes against rebates and discrimination, as a result of which the large shippers and the small shipper have substantially disappeared. In this connection we commend the appropriation of \$350,000 by the present Congress in order to enable the interstate commerce commission to thoroughly investigate and give publicity to the council of interstate roads."

"We believe, however, that the interstate commerce law should be further amended so as to give the railroad right to make and publish traffic agreements subject to the approval of the commission, but maintaining always the principle of competition between naturally competing lines and avoiding the common control of such lines by any means whatsoever and we specially favor the enactment of such legislation as will provide for federal supervision against the over-issue of stocks and bonds by interstate carriers."

TRUST PLANK.

The trust plank follows: "The Republican party passed the Sherman anti-trust law over Democratic opposition and enforced it after Democratic dereliction. It has been a wholesome instrument for good in the hands of a wise and fearless administration. But experience has shown that its effectiveness can be strengthened and its real objects better attained by such amendments as will give to the federal government greater supervision and control over, and secure greater publicity in the management of that class of interstate corporations having power and opportunity to affect monopolies among the people. We favor interference with the existing associations among business men, farmers and wage earners so long as their conduct or operation results in a positive benefit to the public."

CURRENCY.

The currency plank contains this language: "The Republican party approves the Aldrich-Vreeland currency bill, but only as an emergency measure. We declare for a thorough and new system of currency laws that will be in accord with the needs of the time and will be more adaptable to the demands of business and more elastic in its character as a circulating medium."

THE BEST PILLS EVER SOLD.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." writes B. F. Ayescoe, of Ingleside, N. C., sold under guarantee. Z. C. M. I. Drug store, 25c.

PREST. NAMES U. S. ATTY. AND MARSHAL FOR IDAHO

Washington, June 15.—The president has appointed C. H. Lingenfelter to be United States attorney for the district of Idaho, in place of H. H. Hodges, who resigned. Mr. Lingenfelter was born in Missouri and in 1903 moved to Lewiston, Ida., where he has since practiced law. Mr. Hodges is sheriff of Ada county, Ida. He is a young man and is understood to have performed excellent service in connection with the trial of Haywood and Pettibone.

ACCEPT TONOPAH SCALE.

Reno, Nev., June 15.—At a meeting of the "Big Top Mine Owners' association" at Tip Top the Tonopah scale of wages for miners, tool sharpeners, timber men and all other labor employed, was accepted as the rate of pay for all future operations in the district.

CONGO FREE STATE.

Belgium Promises That Reforms Demanded Will be Implemented.

Brussels, June 15.—The Belgian government's correspondence with the United States and Great Britain on the subject of the Congo Free State shows that America and Great Britain stood together in favor of the continuation of the Congo to Belgium on the stipulation that commerce in the Congo was to be absolutely free, that missionaries were not to be molested and were to be permitted to acquire land for mission-

CURED HEMORRHOIDS OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started on the Foley's Kidney and Urinary Cure and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Kidney and Urinary Cure cures the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. For sale by F. J. Hill Drug Co., "The Never Substitutors."

GOV. CHARLES E. HUGHES DECLINES TO WITHDRAW

Albany, N. Y., June 15.—Gov. Hughes replied in a telegram as follows to Congressman Parsons:

"Hon. Herbert Parsons, Auditorium, Annex, Chicago:

"Your telegram received. My position in regard to the presidential nomination remains the same. After careful consideration of all the circumstances I do not find that any such exigency exists as would justify me in deciding the withdrawal of my name." (Signed) "CHARLES E. HUGHES."

PARSONS'S TELEGRAM.

Albany, June 15.—The telegram sent by Mr. Parsons last night to Gov. Hughes follows:

"Hon. Charles E. Hughes, Albany, N. Y.:

"I feel it my duty to recall to you that the verbal instructions to New York county delegates from their constituents were to vote for you for the presidency until you were either nominated or directed to withdraw your name from the consideration of the convention, thereby contemplating the possibility of a situation for action by you and placing upon you the decision as to how we shall vote in every emergency. Every one concedes that Taft's nomination on the first ballot is a certainty. May we know when the state delegations meet at 11 o'clock what your decision is so that the New York county delegates can discharge their duty to their constituents. In loyalty to your presidential candidacy we naturally decline to urge any New Yorker for vice president except that we have reluctantly felt compelled to assure delegates that your determination not to accept it yourself is irrevocable." (Signed) "HERBERT PARSONS."

ACCUSED OF SEDITION

Seoul, June 15.—Y. Miura, the Japanese resident governor of Seoul, appeared as the prosecutor of B. T. Bethel, a British subject, who was today arraigned in a British court appointed under order of the privy council.

Bethel is charged with spreading sedition by the medium of a newspaper published in the Korean vernacular and of which he is the proprietor. The court consists of Judge F. St. Bourne and prosecuting Atty. M. W. Kinson, both of whom were specially sent from Shanghai by the British government at the suggestion of Ambassador McDonald at Tokio. The prosecution said it would prove the assertions in Bethel's newspaper

were largely responsible for all the disturbances in Korea. Miura asserted that the Korean government exists only subject to the direction of Japan. He further said that he believed that there were 20,000 troops in Korea now and half the country was disturbed. Consequently the publications were creating a false impression regarding the real intentions of the Japanese government, increasing the difficulties of the government and causing much bloodshed.

C. M. Cross, a lawyer from Kobe, who is defending Bethel, asked for a jury trial, which Judge St. Bourne refused. Cross contended that no Japanese control existed over Korea, that the Korean emperor was supreme in domestic affairs, and that therefore Gov. Miura could not prosecute Bethel. The first day of the trial was taken up with opening statements of the case. The case is attracting much attention.

EUGENE PRINGLE DEAD.

Conducted Mass Meeting at Which Republican Party was Formed.

Chicago, June 15.—A dispatch to the Tribune from Jackson, Mich., says: Eugene Pringle, the oldest member and president of the Jackson county bar and for more than half a century prominent in Michigan politics, died at his home in this city last night of apoplexy.

Mr. Pringle was the man who conducted the mass meeting at which the Republican party was formed at the west part of this city "under the oak" in 1854. Twenty years afterward he deserted that party and became a Democrat.

Mr. Pringle was born in Otsego county, N. Y., in December, 1838.

CHICAGO ELEVATOR BURNED.

Chicago, June 16.—Every state in the Union was represented in a crowd of 150,000 persons, who fought last night for a point of vantage from which they might witness one of the most spectacular fires that has occurred in Chicago for years. The blaze was on the Old City elevator, which stood on the west bank of the river, half a block south of the Twelfth street viaduct. For more than three hours, until the structure collapsed, the flames leaped high in the air despite the fact that half the engine companies in the city and two tug boats poured streams of water into it from all sides. The elevator, which had been emptied, was being raised, and the tug boats were being used to pull it from the viaduct. The burning of the elevator was a great loss to the city, as it was one of the most important structures in the city.

A man who is in perfect health, so he can do an honest day's work when necessary, is the man who should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but was in great pain, until he took his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says "Success to Foley's Kidney Cure." For sale by F. J. Hill Drug Co., "The Never Substitutors."

RACING GAME IS

NOW UNSETTLED

There will be races at the Salt Palace tonight. The was between saucers will not have any effect upon tonight's meet. But with racing slated for both tracks Thursday and Friday evenings something is due to happen. Riders can't ride in two places at once. One rumor is pushing hard upon the heels of another. The story most heard is that one rider is endeavoring to get all the riders to go out to Saltair but with the riders signed up with the Salt Palace nothing is less than a break can make this possible. Representative Gardner of the N. C. A. says no demonstration has occurred at the Salt Palace yet and he can not see how the boys can get away from their contracts legitimately. It appears to be a question of whether the riders intend standing by their contracts or forsaking the pledges to get under the banner of a rider who appears to be IT.

DEAFNESS CANNOT BE CURED

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo O.
