## **LOCAL NEWS.**

Sudden illness. We regret to learn that Bishop Wm. H. Hickson, of the Sixth Ward, had a severe attack of illness this morning. This afternoon he was feeling somewhat better.

Priesthood Meeting. The monthly Priesthood meeting of the Salt Lake Stake of Zion will be held in the Salt Lake Assembly Hall on Saturday next, at 10 a.m. Reports are wanted from the various wards of the Stake. By order of the Stake Presidency.

Heart Disease. Mrs. Bechtel, wife of Mr. John Bechtel, of the Metropolitan Hotel, died of heart disease, on Saturday last. She leaves two children, a son and a daughter, both of whom are well. The funeral services took place this morning, at the Catholic Church.

A Pleasant Gift. Mr. C. R. Savage recently gave to the Deseret Hospital a fine photograph and six dozen select views; also a handsomely framed group of portraits of the ladies who composed the Board of Directors of the institution. His gift is very much appreciated.

Fire. At about half-past 1 o'clock yesterday afternoon an alarm of fire was given, and within five minutes the firemen were at the place, a blanching in the rear of a dwelling house, belonging to Mr. Ahlberg, on West Temple St. The fire which was caused by a defective flue, was quickly extinguished, the damage amounting to about \$20.

Theatre. On Saturday evening a rather small audience gathered at the Salt Lake Theatre to witness the second appearance of the Kate Castleton Company. The time performance caused the purchasers of tickets to feel that they had not received their money's worth. Miss Castleton is supported by a weak company, which should be remedied before asking for public patronage.

From the Exposition. Mr. Joshua Midgley, who left this city on the 2nd ult., in company with Messrs. A. R. Boudry and John H. Winter, Jr., for New Orleans, returned Saturday evening. He enjoyed his trip very much, and speaks in the highest terms of the Exposition. He met a number of our citizens at New Orleans, all of whom were enjoying the show very much. His companions will remain east for some time.

Called. Mr. W. E. Sheridan, who makes his first appearance at the Theatre to-night, called this morning and informed us that his company arrived here yesterday and will be fully prepared to-night to present "Lully XI," which is the great tragedian's specialty. The gentleman is a member of the Grand Army of the Republic, and now receives a pension for services rendered from 1861 to 1864. He was shot through the right arm during an engagement just previous to the expiration of his term of enlistment, and he carries the bullet which struck him, on his watch chain. The injury, however, does not mar his good looks in the least. He is supported by Miss Davenport and a first-class company, which comprises some well trained artists.

## **TERRITORIAL ITEMS.**

CULLED FROM LATEST EXCHANGES.

The Park City Record complains of much sickness in that town.

The people of Paris, Idaho, are energetic in pushing the work on the tubercular in that town.

The district schools of Park City are obliged to close for the want of means to meet the necessary expenses.

Montpelier, Ovid, Liberty, Paris, Bloomington and St. Charles, Idaho, are soon to be connected with telephone wires.

All engineers, foremen, heads of departments, etc., employed by the Union Pacific Company are now required to pass an examination under a new set of rules which have just been prepared and distributed.

Last Tuesday Mr. Benjamin B. Dye, a young man eighteen years of age, while engaged in cutting willows, near his home in Uintah, received a fearful wound with the ax in his right foot. The main artery was severed and he would probably have died but for the prompt attention of a physician. He is doing well.

Last Friday Mr. Wm. H. Jones, principal of the Central School at Montpelier, Idaho, was called to the city, on charge of battery on the person of James Ballantyne, a young man attending the school. A dispute arose between teacher and pupil which led to blows, the pupil being struck and kicked several times, while the teacher was knocked down twice. After hearing the testimony and arguments of the counsel, a jury of six persons decided in favor of the teacher.

They Had a Ride. A well known gentleman of this city, on Friday, invited a friend to accompany him on a visit to his farm, five or ten miles over the river. The ride being very bad, their horses, deterred by entering several of the mud holes encountered, and finally stood still at one of them. The gentleman requested his friend to start the horse by leading him a short distance. This plan succeeded a few minutes, and the horse actually started through the mud, and on being started, went off at a gallop, the cart bounding after him in good style, with the invited guest tearing along in the rear, making frantic efforts to catch up. At last the farm was reached, and all started on the return trip, when the rainstorm, which over there was quite heavy, came on. When within about two and a half miles of the city the horse absolutely refused to budge in the least. Cursing, leading, driving were alike in vain. The rain poured down, giving our travelers a thorough wetting, which seemed all the more discomforting from the prospect of having to walk to town, when Mr. Bell, who lived near by, happened to discover them, and kindly loaned one of his horses to bring them to the city, he himself bringing the obstinate animal in Saturday. Both gentlemen arrived home bemused with mud.

Caterpillar Eggs. Brother Wm. Woodruff, of South Cottonwood, brought into our office to-day some thousands of caterpillar eggs, such as encircle the limbs of the fruit trees in this region, and which, for convenience in exhibiting, he had strung upon a thread, like beads. One would scarcely imagine from the harmless appearance of them that a few days of warlike weather would be sufficient to transform them into swarms of crawling vermin, capable of doing an immense amount of destruction to growing vegetation, but such is really the case. He informs us that he has been destroying them as fast as he could find them all winter, and intends to continue, and if possible prevent in his own garden and orchard the destruction of the fruit. It must be to be general in this part of the country, unless prompt and universal efforts be made immediately to destroy the eggs before they have time to hatch out.

Returned. R. K. Thomas, who has been in the East for some weeks past making purchases with a view to opening business in the dry goods line in the Emporium corner, returned last evening. When at Cheyenne on Saturday, on his way home, he received the painful intelligence that his little daughter Maude, a lovely child of three-and-a-half years, was ill, and not expected to recover. She was really dead at that time, having expired on Friday evening, but, as he had not previously been informed of her sickness, the family, in telegraphing to him, sought to break the news to him as gently as possible. We may well imagine that his anxiety after receiving that news was intense, and that his sorrow at subsequently having his worst fears confirmed was even more so. He and his family have the sympathy of friends in their bereavement.

Court Proceedings. Chas. Daman, formerly of England, but now a resident of Kaysville, was admitted to citizenship this morning.

John Capson, a subject of the Kingdom of Norway and Sweden, was also made a citizen of the United States. He resides at East Mill Creek.

The testimony in the case of the People vs. J. L. Whitehouse is all in, but how much time the arguments will consume is doubtful. The indications are that the case will be given to the jury this evening.

Police Court. Of those arrested on Friday evening, on a charge of prostitution, six keepers of houses were fined \$20 each, and seven inmates \$20 each. Three cases were postponed until this afternoon.

Yesterday two white men and two negro women were arrested for lewdness, and were found guilty this morning and fined \$20 each.

Wm. Pitcheam, for larceny and fornication, was fined \$30.

Jack Ritt, for drunkenness, was fined \$5.
