Roosevelt, stripped himself of the things which made him weak, and by application, made himself the magnificent man of today, can appreciate what may be accomplished by resolute determination to be and to do. This gives the opportunity to say here that any boy or man who finds himself held back. with hands tied (metaphorically) by some unnatural habit, say for instance Coffee drinking, and finds the physical body working badly. liver and nerves disordered aand unfit for that life of keen effort which Roosevelt speaks of and which leads up to success, can use his common sense, cut out the enemy and strip off the load that holds him back.
