It will cure when they fall, it is pleasant to take, harmless to the youngest child and we guarantee what we say. Price 10 ct. 50 ct. and \$1.00. If your Lungs are sore, Croup or Backache, use Shiloh's Porous Plaster. Sold by Z. C. M. I., Drug Department, Wholesale and Retail, Salt Lake City, Utah.

Solid Merit will Tell. For all the bitter opposition of calous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief and many of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 15 cent bottle. A trial may be had for 25 cents.

Out of Work. There is no one who says that there need be none unemployed—that there is work for all, if they will but do it. What we say, is, let every one who has a cough or cold take Hall's Balsam at once. It is the only reliable remedy, that never fails to cure. dead w.

Various Cures. Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them incline it to shed prematurely. AYER'S HAIR VIGOR will restore added or gray, light and red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy condition, and removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are carefully shown on beards, weak, or sickly hair, to which a few applications will produce the glow and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft luster and richness of tone it imparts. It contains neither oil nor dye, and will not soil nor color white cambric, yet it lasts long on the hair, and keeps it fresh and vigorous. For sale by all dealers. dew

It is Abominable. To go through life with "anags" in the mouth. Abominable, not more to the sufferer than his friends. Buy SOZODONT and cleanse the teeth, which remain, or, better still, use it now and save your teeth. SOZODONT is economical. cod saw

THE REASON WHY.—Mr. Fellows, in his "Medical Monthly," gives reason for the peculiar action of his Hyposphosphites in the cure of diseases, which seem to be borne out by facts. From tonic action of the Sympathetic Nerves all the Organic Muscles are strengthened and the patient overcomes his malady simply, pleasantly, and rapidly.

EVERING NEWS. Monday, January 19, 1890.

LOCAL AND OTHER MATTERS. Information Wanted.—Francis Starkie, of Brown Edge, Moberly, Chehire, would like to know the whereabouts of William Baker, who emigrated to Utah from Stafford, in April, 1882.—Mill Star.

Arrived.—By private letter we learn that Elders Wm. W. Jackson, James Birmingham and Peter A. Nielsen arrived at Liverpool, Dec. 21st, 1879, per S. S. City of Brussels in good health and spirits.

Ready for Presentation.—At the meeting of the Educational Association on Saturday, a few changes were made in the revised school law, and the matter was then entrusted to Dr. Park, Professor Lewis and the original committee, for presentation, at the proper time, to the notice of the Legislative Assembly.

Another Sad Event.—It is with regret that we chronicle another death in the family of President A. M. Cannon. His little son Samuel, aged nearly four years, died yesterday afternoon, of scarlet fever, at a quarter after 4 o'clock. We sympathize with the bereaved parents and relatives. The funeral services were held to-day, at noon, at the family residence, 14th Ward.

Sunday School Review.—The quarterly review of the 21st Ward Sunday School was held yesterday morning. It was the intention to have the usual exercises of such occasions, after the distribution of prizes and certificates of merit, but this latter proceeding and other important matters filled up the whole of the time. Among the presents bestowed, was a handsomely bound copy of the Book of Doctrine and Covenants, to Secretary John H. Burrows, and a Union Tune Book to Conductor Thomas McIntyre, a brief and appropriate speech. In the afternoon, the teachers of the Sabbath School were set apart by Bishop Andrew Bart and Counselors.

Divorce Suit Planted.—On Saturday, P. L. Williams, attorney, filed in the clerk's office of the Third District Court, the complaint of Amanda M. Worthen against her husband John Worthen, wherein is set forth certain allegations as grounds for an action for divorce and alimony. The plaintiff says the defendant married her in Iowa, in 1849; that they came to Utah in 1853, and have been members of the Church of Jesus Christ since that time; that in 1855 defendant married Mary Ellen Midgley, according to the laws of the "Mormon" Church, against the will and consent of plaintiff, and in violation of his marital obligations, and has lived with her (Mary Ellen Midgley) "in open and notorious adultery ever since." That at the time of defendant's second marriage, on account of the positive power and influence exerted by the "Mormon" Church, and plaintiff's dependent circumstances, it was not practicable for plaintiff to sever her relations with defendant, and that she has been compelled to submit to the wrong and injury done her up to this time. Plaintiff also alleges that, as a consequence to the polygamous marriage, she has often been ill-treated, and has been provided with the necessities of life. The complaint closes with an appeal for relief, through an injunction restraining the defendant from disposing of certain property, and alimony amounting to \$50 per month.

Wilhelm's Last Appearance.—To-night the great Wilhelm makes his closing appearance in this city. Those who heard him Friday night are qualified to testify to the excellence of his performance and the rarity of his genius as a musician, and we opine that they, as well as many others, who are acquainted with him as yet, only by hearsay, will desire to attend the Theatre this evening. The opinion, in some minds is, that the music performed by Wilhelm, is too abstruse and classical in its character to meet the appreciation with which pieces of a simpler character would be greeted, and it has been suggested that he would gain popularity by changing his programme to suit the popular taste. This may be so, to a extent, but we do not think that his audience would care to see the change inaugurated. A community like this, that boasts, with reason, of its rapid progress in music, and is justly proud of its already any able proficiency in the art, should be the last to take a backward step, or to desire the slightest retrogression. They wish, and ought to have, music of a superior character placed before them continually in order to educate their appreciation for the advanced branches of the science, and the artist who does this, not only caters to the public enjoyment, but is, in an important sense, a public benefactor. He teaches a new lesson in every production he gives, the mastery and comprehension of which, is one more step removed, and one more step attained, in the grand march toward perfection. But the performer who simply gives the public that which they already know, pleases them temporarily, but teaches them nothing. We appreciate fully the force of the principle that plain, simple food is what is first required, or in other words, that an education or mature growth is only to be obtained by degrees, and that simple lessons are to be learned first, before the arduous ones should be attempted; but it is also evident that reading forever and exclusively in the alphabet, would never teach anyone to master the higher branches of literature, any more than the continual repetition of the "sailor's hornpipe" will teach a person to appreciate the sublime beauties of "Il Trovatore." This community is intelligent, has grown rapidly, and still wishes to grow. It should then cultivate a taste for things that will administer to its growth and progress, in every proper direction, and when a correct, lofty standard is placed before the public mind, it ought to work up to that standard, rather than have that standard so often lowered to the level of its taste and disposition. Tickets for the performance of Saturday's (Matinee) still hold good, for the same seats, without extra admission, and the price of general admission has been reduced to 75 cents. See programme, published elsewhere.

Frightful Railroad Accident.—The following special to the News arrived this morning: LOGAN, Utah, Jan. 12, 1890.

Editor Deseret News: A fearful accident occurred on the Utah and Northern Railroad, on Monday Hill, between Mendon and Hampton's about four o'clock, on Saturday afternoon. Two section men, named David Rowe and Joseph L. Baker, had started on foot from the section-house on the divide for Mendon, to obtain provisions, and were walking along the track, when they were overtaken by a snow plow, run by three engines, clearing the track. The wind was blowing the snow so fearfully, that the plow was upon them before either could see it, or the engineer on the lead engine could see them, and both were struck by the plow and knocked to the side of the track. Rowe escaped with a few severe bruises, but Baker, being struck with the projecting step of a car on the hind part of the train, was killed instantly, being dead when first reached. Baker was about 20 years old and unmarried.

"Junction" Jots.—Utah and Northern train six hours late, Saturday; snow blockades. Greenwell Getchel, who stole money and a watch from Thompson, his companion and bedfellow, pleaded "not guilty" on Saturday, but on evidence was fined \$50 and costs.

The front window of M. J. Wheelwright's store was burglarized on Friday night, and tea, fruit, candy, etc., taken from the shelves. Loss immaterial.

George Craighead, accused of passing counterfeit money, pleaded "not guilty." This case has been set for the 19th inst.

Saturday twenty box cars, standing on a side track at Blackfoot, Idaho, were blown over and a considerable smash up occurred.

Coming Home.—Elder Thomas Duce, a young missionary, whose home is in Hyde Park, Cache Valley, but who has been in Great Britain for some time, on a mission, has been released to return home, on account of poor health. He was the victim of a serious accident some time previous to his departure for Europe, and his system, since that time, has been in a delicate condition. The rigorous climate of the British Isles, not agreeing with him, he has been granted leave to return to Utah. We regret to learn of our young brother's illness, and trust it may be but temporary, and that once more in our health-giving, mountain atmosphere, he may speedily be restored to perfect health.

The Solar Eclipse.—As announced, an eclipse of the sun took place yesterday afternoon. It began shortly after 3 o'clock and gradually increased until the sun disappeared behind the Western hills, at which time the disc of the solar orb was nearly obscured. Immediately after sunset, a peculiar and beautiful display took place just above the point where the sun had gone down. One of the main features of the phenomenon was a shadow shaped like the sun, presumably its reflection, thrown up against the sky, just after, it is supposed, the eclipse became total.

Married in St. George.—A correspondent informs us that on the 8th inst., Elder Jacob Gates, Jr., and Miss Susa A. Young, were united in marriage, in the Temple at St. George, President J. D. T. McAllister officiating in the ceremony. The bridegroom is a son of Elder Jacob Gates, well known throughout the Territory, and an intelligent and promising young gentleman, who has but lately returned from a mission to the Sandwich Islands. The bride is the daughter of our late President Brigham Young, and is well known in this community. The lady recently held the position of musical instructor at the B. Y. Academy, Provo, in which place she also has a wide circle of friends and acquaintances, all of whom will join with us, in wishing the newly wedded couple all the peace and happiness their hearts can wish for or Providence can bestow, both in time and through all eternity.

The Legislature.—The biennial session of the Legislative Assembly of Utah Territory, convened at the City Hall this afternoon, at 2 o'clock.

Proceedings in the House of Representatives. House called to order by A. Stayner, the clerk of the last House. Lorin Farr was elected Speaker pro tem., A. Stayner, Clerk pro tem., and E. Griffith doorkeeper pro tem. Messrs. Fisher, Sharp and Murdoch were appointed a committee on credentials and returned the following list of members holding credentials:

Secretary Thomas then administered the (iron clad) oath to the members and officers. The Chaplain then opened by prayer. Hon. Ward E. Pack asked, and was granted leave of absence until Wednesday, to attend the funeral of his relative, Mr. Baker, killed on the Utah and Northern Railroad. The Council was then notified that the House was organized. Hon. Joel Grover moved that the Auditor be requested to furnish each member of the House with a copy of the Compiled Laws, the laws of last session and the Journal of last session. Hon. C. W. Penrose moved, that the Sergeant-at-Arms be instructed to provide suitable accommodations for the press, which was done. A committee was then appointed to confer with His Excellency, the Acting Governor, and notify him that the House was organized and in session, whereupon His Excellency informed the House that he would confer with it at 3.15 p. m. The Council was then notified of the fact, and met the House in joint session to receive the Governor.

Acting-Governor Thomas then appeared and read the following address:

UTAH TERRITORY, Executive Office, Jan. 12, 1890.

Gentlemen of the Council and House of Representatives: I regret to announce the absence of His Excellency, Governor Emery, from the Territory. When he returns he will probably communicate with you in writing.

As the acting governor of the Territory, I am prepared to unite with you in the work of legislation.

I recommend that you proceed in the usual manner to appoint your committees, and to prepare for the present work of the session.

I recommend that you consider the annual report of the Territorial Auditor and Treasurer. In conclusion, Gentlemen, it will give me pleasure to associate with you in the adoption of such measures as may be best calculated to promote the public interest.

ANTHUR L. THOMAS, Acting Governor. The proceedings were in progress as we went to press.
