AMERICAN.

NASHVILLE, 22.—The celebration of Washington's birthday was a grand affair: business was entirely suspended and fully 25,000 people were in the streets. Cannon were fired and thousands of American flags were displayed. The thing of principal significance was that the federals, confederates and colored people vied with each other in the expression of the sentiment ignoring past differences and fully recognizing a united nation.

WASHINGTON, 22.—In the House, Bradley of Mich., from the committee on public lands, moved to suspend the rules and pass a bill for the sale of the timber lands in California and Oregon and Washington Territory, in quantities not exceeding 160 acres, and in the other Territories not exceeding 40 acres, at the minimum price of \$250 per acre, excluding Indian and military reservations and mineral lands; agreed to.

The House committee on elections decided, six against five, in favor of Lawrence and Sheridan, of La., the former contesting the seat of Sypher, the latter that of Pinchback, as representative of the State at large.

The refusal of the House, to-day, to set a time for considering the Texas Pacific bill, may be considered as conclusive of its chance this session. Scott's friends generally concede this, but say it will pass next winter, when congressmen will be less timid.

The Louisiana conservative committee had an interview with the President to-day. Burke, of the committee, proposed to read his amendment to the Wheeler proposition, but the President informed him that he could not be a party to any agreement, as his duty was to execute the law, not to make compromises, but he would rejoice if the opposing parties in Louisiana could come to some agreement. The President eulogized Wheeler as a compromiser. He said some mistakes had been made, but if he had been governor of Louisiana at the time of the September trouble, he would have turned the disturbers of the peace over to the courts. The President informed the committee that he would consult with other parties to the contest in Louisiana and said that no man would rejoice more than he if some settlement of the disputed matters could be made. It being suggested to the President that some intimation from Washington would probably be necessary to influence the action of the republicans in Louisiana he, after some consideration, referred the committee to Wheeler who, being interviewed, said he would do all in his power, by action, influence and advice, to settle the Louisiana difficulties on the basis of his proposition, which he declined to modify.

ATLANTA, Ga., 23.—An investigation of the accounts of the State Treasurer, under the direction of the finance committee of the legislature, shows that one hundred and fifty thousands in bonds has been paid twice, and the examination is not concluded. State Treasurer Jones states to the committee that he was unable, for a long time, to obtain from Henry Clews & Co., of New York, financial agents of the State, any account of his transactions, and when the statement was finally obtained it showed that the same bonds had been paid in New York and by the State Treasurer, to the amount above stated. Treasurer Jones charges, by implication, that Clews paid the state bonds and, without cancelling them, again put them on the market.

NEW YORK, 23.—In the Beecher trial to-day the cross-examination of Mrs. Moulton was brought to a close, the counsel for the prosecution stating that he rested his case.

WASHINGTON, 23rd.—Foster, Phelps, Potter, and Marshall present the majority report of the committee on the state of the affairs in Louisiana, and conclude as follows: "In our judgment all that is needed in Louisiana is to withdraw the federal troops and leave the people of that State to govern themselves."

King Alfonso's allowance has been fixed at 25,000,000 reals—that is \$3,500,000—which will, no doubt, prove a real comfort to him, and ought to procure him food, lodging and clothes of a superior kind.

AYER'S CATHARTIC PILLS,

For all the purposes of a Family Physic.

Curing Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach and Breath, Erysipelas, Headache, Piles, Rheumatism, Eruption and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetters, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the Blood.

ARE THE MOST congenial purgative yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action; and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most skillful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed and of great benefits they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.

Ayer's AGUE CURE,

For the speedy relief of Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, etc., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

HAS been widely used, during the last twenty-five years, in the treatment of these distressing diseases, and with such unvarying success that it has gained the reputation of being infallible. The shakes, or chills, once broken by it, do not return until the disease is contracted again. This has made it an accepted remedy, and trusted specifically, for the Fever and Ague of the West, and the Chills and Fever of the South.

Ayer's Ague Cure eradicates the noxious poison from the system, and leaves the patient as well as before the attack. It thoroughly expels the disease, so that no Liver Complaints, Rheumatism, Neuralgia, Dysentery or Debility follow the cure. Indeed, where Disorders of the Liver and Bowels have occurred from Miasmatic Poison, it removes the cause of them and they disappear. Not only is it an effectual cure, but, if taken occasionally by patients exposed to malaria, it will expel the poison and protect them from attack. Travelers and temporary residents in Fever and Ague localities are thus enabled to defy the disease. The General Debility, which is so apt to ensue from continued exposure to Malaria and Miasm, has no speedier remedy. For Liver Complaints, it is an excellent remedy.

Read the following testimonial from the late Father DeSmet, the great Indian missionary:

St. Louis UNIVERSITY,
June 9th, 1873.

Messrs. J. & C. Maguire:

Long experience in the use of your valuable EXTRACT OF BENNE PLANT justifies me in saying that I believe it to be an excellent remedy for any form of bowel affections for which you recommend it. On every occasion when I have given it, I am happy to inform you that it has been successful in affording relief.

Very truly, your friend,
