

SPECIAL BUSINESS NOTICES
THIS paper may be found on file at all times at C. R. L. & P. R. R. fact Office, No. 88 Clark Street, Chicago, where our friends are at liberty to call and examine it.
A word of two with the wearers of hats. We have looked through the Hat, Cap and Glove Departments of Dunford, the Hatter, and we do believe a more beautiful and cheap stock of Hats, Caps and Gloves is hard to find in any city in the land. And as for their Boot and Shoe Department, we never saw a better stock in our lives.
DUNFORD,
Yellow Boot on Top of House.
Acoustic Note.
Use Western Remedies for western diseases. Science demonstrates the wisdom of this course. Experience of every western family proves it.
Where BROWN'S FAMILY MEDICINES are used.

Nothing Short of Unmistakable Results.
Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alternatives, with the Lodes of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weakness and Irrregularities, and is a potent restorer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is today the most available and certain for the suffering sick, anywhere.

For sale by all dealers. d&w

HENRY SNELL
Will Buy Grease of All Kinds at his Soap Factory, 10th Ward.
Crown Jackson's Best Sweet Navy Tobacco.
Solid Merit will Tell.
For all the bitter opposition of calous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 35 cents.
For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Victor Allen & Co., Salt Lake City. 1229 W 2nd

Fellows' Syrup of Hypophosphites saved the life of my wife, after her case became apparently hopeless from Tubercular Consumption.

Dr. Pierce's Family Medicines are as standard goods with our druggist as flour is with the grocer. d&w

Thermometer.—The mercury scored 88°, this afternoon.
From Tooele.—Frest. F. M. Lyman is in from Tooele.

Not So Bad.—The thermometer noted 88 in the shade at 2 o'clock this afternoon. A little better. Eh, Hugo?

Well Fixed.—Our old friend and associate, Mr. Frank J. Cannon, is the present editor of the Logan Leader. Success to both.

Good to College.—Mr. W. G. Sharp, a son of Bishop John Sharp, left for the east this morning, to finish his education as a civil and mining engineer.

Opera in Ogden.—Arrangements are being made to produce "Martha" and "Trial by Jury" in Ogden. Miss Sherwin in opera will be a treat the inhabitants of that burg will appreciate.

"Only Wind and Nothing More."—Boreas spreads himself, but he also spreads the dust. We know how it would be when the Ogden papers started on that pigeon match.

The Emigrants.—By telegram to President Taylor, we learn that the emigrants passed Rawlins at 9 o'clock this morning, and are expected to be in Ogden to-morrow at noon.

Postmasters Appointed.—The following postmasters have been appointed for Utah: Lycargus Johnson, Ashley, Wasatch County; David J. Wilson, Hilldale, Iron County; Mrs. M. A. Shetley, Logan, Cache County.

A Treat.—Our acknowledgments are due Brother John H. Freeman, of the 10th Ward, for the almsy flavored, succulent peaches he brought into our sanctum yesterday afternoon, and bade us put where they would do the most good.

Committee Meeting.—The committee who have under consideration the proposed bill for the reform of the judicial system of Utah, will hold a meeting in the Chambers of the District Court, at seven o'clock this evening.

Not Vanishing.—The Dispatch says of Salt Lake: "Diphtheria is vanishing. Four cases in the Third District Court Saturday."

Yes, we have considerable throat disease in our courts. But where's the "vanishing?"

A Precocious Youngster.—Last evening, a little boy between two and three years of age, near this office, was seen puffing away at a cigarette, his sister, a girl of six or seven years, teaching the little fellow how to manage it. Such precocity should come under the notice of the children's parents.

Defeated in Denver.—The Salt Lake Deserets, who left for Denver Saturday morning, to play a series of five games with the Brown Stockings of that city, were beaten yesterday afternoon by a score of 10 to 6. The second game of the series was to take place this afternoon.

Returned.—Mr. W. F. Nelson, purchasing agent for the system of this house of S. P. Teasdel, has returned from the east, looking well and hearty. He has selected for the house a representative full line of fall and winter goods, which will be arriving daily at the Eagle House.

The Fair.—Saturday evening the directors of the D. A. and M. Society held a meeting to make further arrangements for the coming exhibition. Six hundred complimentary tickets were voted to the poor, and the price of admission set at 25 cents and 10 cents. We are requested to publish the following, special attention being called to the numerous and additions to the list, including a miscellaneous list:
In the first and second divisions: Class "3," horses, will read as follows: In division first—None will be permitted to compete in this division but such as furnish a pedigree from Wallace's Stud Book or the American Turf Register, and must have been bred in the Territory three months prior to the first day of the fair. In division second—None will be permitted to compete but such as furnish satisfactory proof of pedigree, either sire or dam, having a pedigree as provided in division first.
George A. Lowe, Esq., has offered as a premium, a cider mill complete with the best of apples, and not less than six of each variety. Apples competing for this premium will be placed in groups for exhibition, and will not be permitted to compete for separate prizes.
The directors will provide the necessary facilities for the exhibition of imported machinery and agricultural implements, and propose, as an inducement to manufacturers and dealers in these articles, to appoint an examining committee, composed of practical men, who will give awards in this department such consideration as is necessary for a report on the respective merits of each. The report will be published. This class will consist of wagons, threshers, reapers, mowers, horse rakes, gang plows, walking and sulky plows, harrows, cultivators, rollers, scrapers, hay-balers, and every other kind of machinery or implement necessary for agricultural, mechanical or other purposes.
The miscellaneous class is intended for all articles which may have been omitted in any other class. It is the intention of the board to afford an opportunity for the exhibition of any worthy article or animal, and persons who desire to exhibit anything not found enumerated in the several classes, will thus be enabled to do so. The same attention will be given this as other classes by the awarding committee, and suitable premiums will be awarded, according to the merits of the articles exhibited.

The Plowing Match.—One of the interesting features of the coming Territorial exhibition is the plowing match which is to take place on the farm of Jacob Peart, West Temple Street, a mile and a half south of the city market. The premiums are a number of plows and \$75 in cash, which will be distributed to contestants in three divisions. The first is free to all under 25 years of age, the second to sulky plows, the third to all. The rules for the match are as follows: The quantity of ground for each team is one-quarter of an acre; the teams to start at one time and each plowman to do his own work without an assistant; each plowman to strike his own land and plow entirely independent of adjoining land; each plowman to finish with two back furrows to fill up the dead furrow. The points to be considered in the first division are durability, ease of management, quality of work, depth of plowing and time; in the second, simplicity, adjustability, ease of management, quality of work, superiority of hitch, and draft; in the third, time and quantity alone. No premium will be awarded unless the ground is plowed six inches deep.
"Enquirer" Notes.—A skeleton, supposed to be of an Indian, was exhumed from a sand bank southeast of Provo last Wednesday. It is the same locality from which another skeleton and a war club were taken, several years ago.
Farmers on Provo Beach are killing rabbits with poison, on account of the destructive propensities of the "bunnies."
Some persons are trying to start a whiskey saloon at Payson. Application for license being rejected, the matter will come before the District Court.
The grade of the pleasant Valley R. R. is finished within two miles of the coal fields.
It is reported that Spanish Fork lumbermen have set fire to the timber in the cañon that they may evade the stumpage law by cutting dead timber.
Badly Burned.—The Junction states that on Sunday afternoon Mrs. A. W. Taylor, of Harrisville, started to the well after a bucket of water, leaving her two children, boys aged respectively 2 and 4 years, asleep in the house. Hearing the older boy scream, she hurried back and found the bed on fire and the younger child's clothes in flames. Hurrying him to a place of safety and giving the alarm, the neighbors assembled and the fire was extinguished. The little fellow was badly burned, but it is hoped not fatally. The cause of the fire is supposed to have been a match in the hands of the older child.
"Dispatch" Notes.—The parents of young Gale, who married Miss Malen, on a banner, as they were returning from an excursion to Cache Valley, a few days ago, published a protest in last evening's Dispatch, disclaiming the validity of the marriage, as their son was a minor and had not his parents' consent to his alliance.
Sheriff Brown was offered \$300 by Mr. Upler for services rendered, but refused all but \$75, barely enough to cover expenses incurred in the late difficulty.
The Flipper Fiend.—Now are the days that the small boy takes his flipper, selects five smooth stones from the brook and smites the buggy horse in the midst of the forehead. And then the driver lays down the lines and makes it pleasant for the small boy during the next five minutes.

BORN.
To the wife of Mr. J. T. Buckle Jr., of the 10th Ward of this city, at 20 minutes after 10 o'clock p.m., Monday evening Sept. 2nd, 1894, a son.

District Court.—The attention of the court has been occupied all day with the case of Jacob T. Gore vs. R. W. Morgan. The defendant's complaint is still being argued.

A Chinese Revivalist.
A Celestial guest registered at the Tremont House yesterday, being one somewhat extensively known to the public as Wong Ching Foo, the Chinese missionary to America, who is ambitious to bring the Christian people of this country out of darkness, and convert them to Confucianism. The pagan philosopher had just thrown his vest and coat and was approached by a reporter of the Inter-Ocean, who produced his card and asked for an interview.

In very fluent English the missionary told the reporter to drive ahead. "Well," queried the reporter, "What are you going to do in Chicago?"
"Listen, and I will tell you," said Professor Wong. "I have been attending the convention of liberal thinkers there. Some one told me Chicago was the wickedest city in America, and I am come here to begin revivals. I am going to present the science and philosophy of the teachings of Confucius to your people and try and convert them to my belief."
"Are you really going to attempt to make converts to Confucianism in America?"
"Certainly am. I want the American people to have a better idea of our civilization, religion, laws and customs. I tell you your people do not know anything about China. You have been imposed upon by traveling salesmen, who tell you that Confucius was a man of straw, and such men as the traveling mountebank Bailey, who lectures on China and the Chinese, and wears a red button and pea-coat, feathers which he claims were bestowed upon him by the Chinese Emperor. This is an instance of rank next to the Emperor himself, and it is never given to a foreigner. You know less about our religion than anything else. The Chinese do not worship gods. They bend the knee and do reverence to figures representing some of the deities of the Old Testament, and Confucius, our philosopher, just as you would stand off and gaze with respect upon a bust of Washington or Lincoln. Our religion is one of philosophy and reason, not of superstition and ignorance. We take the precepts of our philosophers to guide us in our lives."
"Then you think the philosophy of Confucius is more beneficial to the world than Christianity?"
"Yes sir; it is better than your religion. It is without dogmas or formalities of worship, and contains none of the destructive elements of superstition. Confucius taught the same precepts as Christ 550 years before the Nazarene appeared on earth. Seven to nine hundred years before Christ, Buddha preached moral doctrines similar to those of the later philosophers. Millions of years before Buddha was Brama, the creator, whose laws are as grand as those of the Old Testament. Buddha taught the Thapasta-ke, or doctrine of the "Three Baskets," containing moral, religious and social learning, such as the world has never since known. Confucius dealt with his own time, and inaugurated by his teachings reforms that have been the moral salvation of millions more of people than have ever embraced Christianity. There is nothing supernatural about Confucianism. It is a simple philosophy, more pure, more beautiful, and more reasonable than Christianity. Because it is so I have great hopes that the intellectual people in this country will more readily appreciate and accept of it. It has done more for the Chinese than Christianity has done for the western nations. Let Christianity prevail in China and the people of that country, with their predilection to ease and sensuality, will fall lower than the lowest civilization the world has ever seen. It is the enterprise and activity of Europeans and Americans that make the Christian religion what it is. It is not the religion that has given you your advancement. For the same reason I think Confucianism will bring the civilized nations to a higher state of perfection. We have the same right to come here as missionaries as you have to go to China. I am here to preach the philosophy of Confucius, and will be followed by others."
"Will you begin your revivals in Chicago?" asked the reporter.
"I shall make my headquarters here while in this country, and shall certainly preach and lecture as soon as I can get a church or a hall in which to appear."

OUR
SUMMER GOODS
MUST GO. 25c
To make room for
New Fall Goods Shortly to Arrive.

Fast experience has taught us that in this age of fast changing Styles and Fashions, it is better to sell goods subject to Season or Fashion at less than cost, than to carry them over at an expense of storage, insurance, etc., etc., only to find next season that new styles compel their sale at a loss anyway, and rather than blind the public by offering Calicoes at less than cost, we offer the following

SUBSTANTIAL REDUCTIONS
Choice Summer Percales and Cambrics from 15c. per yard to 10c.
