Conference in Connection With the Telephone Strike Due Tomorrow. It is a well known fact that General Manages Murray of the Bell Telephone company considers that the men have broken faith with him, and violated their pledged word in bringing on the present strike without giving any opportunity for an adjustment, and without waiting for their own general officers to come and investigate. The new agreement, for that reason, it is generally considered, will be most specific and will be complete in all de-tails beyond the hope of being con-strued in any other than the way it is meant. Vice President Sullivan states that his hope is for such a contract un-der which both worker and employe can sit down in peace to engage no further in strife during the term of its exist-ence. violated their pledged word in bringing LIVESTOCK. south of Sait Lake City will conthue to operate much longer. It is very evident that Mr. Heinze is going into the smelting business in Utah as a formidable competitor of the American Smelting & Refining compa-ny for all classes of ore and there is no doubt that with the system of mines he has rounded out, he will occupy a most commanding position in the smelt-ing world

The plant to be built near Garfield, it is said, will cost no less than \$3,-000,000, perhaps \$5,000,000, and will in-clude not only copper, but lead fur-naces as well.

Buying Element. Notwithstanding the inclination of some to take profits and aided by cer-tain brokers who are interested in mak-ing a bear movement in Tintic stocks, the market held up remarkably well to-day and the shares offerings of Beck Tunnel and Sioux Consolidated, also Star Consolidated, were particularly noticeable: but they all stood the test without being seriously depressed. Crown Point was also lower and South Columbus did business at \$2.85 and Crown Point was also lower and South Columbus did business at \$2.85 and \$2.87½. Victor Consolidated closed on sales at 18 and 18½ cents. There was little doing in the unlisteds. Several hundred shares of Ohio Copper were offered, but only one lot sold. The stock was offered at \$6 at the close. * The closing quotations and saks

Equipment Going Into Camps Near Town of Mayer.

Town of Mayer. Mayer, Ariz., July 18,-Heavy ship-ments of mining machinery for points in the mountains and at some distance from the railroad are usually costly, besides requiring considerable time for hauling. This fact, however, has not deterred enterprising operators from entering upon extensive development operations even in remote sections; and no disposition is manifest to await the coming of the promised railroad facil-ities before installing equipments ade-quate to the requirements of their properties. The copper camps through-out the district are reporting rapid progress, especially the mines at Cop-per Creek. The latest machinery equipment to arrive at Cordes Siding was for the Sunset group, and includ-ed air drills, boller, compressor, hoist, pump and ore cares. These are now being hauled to the camp for imme-diate installation.
