TWO FIREMEN MAY BE TURNED DOWN

Promise of a Lively Time Among City Councilmen.

BEATTY A NON-PARTISAN.

Couple of Chief Devine's Appointees Said to be "Off Color," Politically.

From the present look of things there s every indication of an approaching ively time among the City Councilmen, when Chief Devine's nine fire department appointees come up for confirmation. As stated in yesterday's "News" the Republican city committee is pronouncedly opposed to two of the appointees, because of their politics, and will urge it upon the Republican members of the Council to oppose the con irmation of any and all Democrats Two of the nine men are said by the Republican city committee to be "of color" politically, and their names are Andrew Elkrem and George Pugsley The latter is a brother-in-law to Mayo Thompson, but his honor has announce that he will turn this particular ap-pointment down, even should it meet with the approval of the Council. There are nine Republicans in the Council eight of whom will have to vote as a unit in order to defeat the alleged Democratic appointees. It is believed that that number can be depended on vote against Messrs Eikrem and

Pugsley. One of the Republican members, however, in the person of Dr. T. B. Beatty, declares most emphatically that he will not vote to reject any Democrat simply because that person happened to be a

I will endeavor to select men for city positions on the same principle that I would follow if selecting them personally. I prefer Republicans, but if a Democrat is the more compe-

tent I will stand by him."

Councilman Robertson says he will stand by Republicans, believing they were just as efficient for positions as Democrats. He would cast his vote against an inefficient Republican. He did not know the men who had been mamed by the chief, but lif he found out they were Democrats he would most assuredly vote against their confirmation. Politics was politics with tim. Had the Democrats gained control of the city he would not expect to see Republicans appointed to office.
