FROM SATURDAY'S DAILY.

**THEATRICAL.**—In Bulwer's comedy of "Money," to be presented to-night, our theatre-going citizens will find excellent enjoyment and pleasure. The characters of Vesey, Blount, Stout, Graves, Glossmore, Smooth, Clara Douglas, Lady Franklin and Georgina are all good, and afford "ample scope and verge enough" for good playing. Alfred Evelyn, in which Mr. Stark appears, is one of those high-souled men which Bulwer has been so successful in drawing; though a vein of cynicism manifests itself through much of it when he sees the hollow pretences of friendship which greet him as he emerges from poverty to the possession of that much coveted deity which the world worships so eagerly and so foully abuse—money.

The farce is a very amusing one.

**THE LEGISLATURE.**—A visit yesterday evening to the rooms which will be occupied by the Council and House, revealed the fact that they were fitted up with a due regard to the comfort of the gentlemen who represent the people in a legislative capacity. Our lately appointed Secretary not having arrived to fulfil his duties, Messrs. Hartwell and Slade fitted up the rooms for the Legislature, under the direction of Governor Durkee, to whom a telegram was sent to have this done.

**WASATCH CO.**—Bro. John Huber writes from Midway, Wasatch County, giving a very cheering account of matters in that part of the Territory. He, however, reports several deaths, namely, a child of George Wardle, a child of John Foussett, and one of John Watkins, all about two years of age. Sister Francis S. S. Winter, wife of Uriah Winter, had also died, aged 23 years.

At a meeting held in Midway, on Sunday, December 20th, Bishop Abram Hatch present, it was decided to make a permanent location of the settlement at Midway, about one mile and three quarters north of Provo river, and due west from Heberville. This is considered very satisfactory; and the location is deemed a good one, being in a place where they can bring the waters of Snake Creek right through their town and fields. They will also be about in the centre of their farming land, and not much exposed to Indians, no hiding place for the savages being close to the settlement. Bishop Hatch encouraged them to build good houses, beginning at the centre of the survey and spreading out as the inhabitants increase. They have plenty of building materials, and possess ambition enough to erect good houses, dispense with dirt roofs, and put shingles in their place. They also design to erect a bridge over the river between Heberville and Midway. Bro. G. G. Snyder has put up a good frame building for a store, and has improved his grist mill, which is a benefit to the people, not lessened by the fact that it is run by an honest miller. They have a saw mill in operation; and Bro. David Van Wagoner has commenced to put up machinery for making furniture, which would have been in running order, if its completion had not been retarded by stormy weather. The people have voted for a tax to be collected from them for the purpose of building a school house. A day school is kept by Bro. Attewell Wootton; and a Sunday school is about to be established according to desire of Bishop Hatch. Fast days are observed, but the people are blessed with a plentiful lack of poverty, having no poor who require assistance, and, so, they purposed applying the amount saved to the best advantage.

Bro. Huber looks for good things in the future from Midway. They have about 70 able-bodied, healthy men in the settlement, who can either live above or under the snow, he says, when necessary; and from their exertions he expects that their present prosperity will continue and increase.

We are pleased with these interesting items, and expect that a not distant future will bring us many more, of the increase, prosperity, and union of the people of Midway.

Please write again Bro. H.

**OUR NEW SECRETARY.**—We learn through General Clappitt from a private letter received by him that Mr. Higgins, the new Secretary of State for Utah, was to leave Washington on the 31st ult., and may be expected in a few days. The gentleman is a cousin to Governor Randall, Postmaster General, a friend of Amos Reed, Esq., our late Secretary, and is spoken of as a very fine young man.

**GOT IN.**—This morning Bishop P. Maughan, from Cache, dropped in upon us. He arrived yesterday with Pres. E. T. Benson. We have been pleased to meet others of our friends also in to the Legislature.

**PARTY.**—Last night there was a very pleasant party in the 14th Ward School House, at which dancing and genial good feelings prevailed until the time for dismissing. Pres. B. Young and D. H. Wells, with a number of our prominent citizens, were present, as well as the inhabitants of the ward.

**ENCOURAGING.**—The steady increase to the subscription list of the *Evening News* is encouraging, furnishing a substantial proof that our efforts are not unappreciated. We will endeavor to make a paper that will be a welcome visitor in every family.

**NOT MUCH.**—The lightness of the snow deposit up till this morning has precluded much being attempted in sleighing, though numbers of enterprising individuals have tried hard, and have "touched gravel" successfully. With the present condition of the roads, which are moderately frozen, a good snow fall would please a very large number of both sexes, who long for a good opportunity to indulge in this delightfully exhilarating exercise; and they are likely to be gratified.

FROM MONDAY'S DAILY.

**SABBATH MEETINGS.**—Elder Jonathan C. Wright occupied the time in the morning. He touched briefly on the fulfillment of the prophecies with regard to the establishment of the Kingdom of God, and spoke of the unity which the Saints must possess to fully accomplish the designs of the Lord, and the obedience which they should ever manifest to the requirements of Heaven. As a people we are growing in faith and in good works. Those who are honest in their desires to work righteousness are growing in the knowledge of the truth, and in the power of God. The Lord does not forsake the people who seek to do His will; and they who believe that He does, are in

darkness and pursuing a dangerous course. He spoke of the "signs of the times"—the earthquakes, disasters, convulsions of nature, and terribly destructive accidents, news of which is brought to us about every day, as indications of the near advent of the Son of God; and declared that those who will not shut their eyes to the light may see the goings forth of the Almighty among the nations of the earth.

In the afternoon, Elder Orson Hyde, Pres. B. Young, and Elder E. T. Benson addressed the congregation. Their remarks were reported.

**TERRIBLE EXPOSURE, AND FATAL FREEZING.**—We have obtained from Bro. John M. Murdoch, of Heber City, Wasatch Co., the following account of a most extraordinary case of exposure, and the case of freezing to death appended to it.

On Sunday, 20th ult., a young man named John Lee, started on foot from this city, to go to Heber City. On the Tuesday following he was at William Kimball's, and started from that place to go over the mountains. A heavy snow storm coming on, he lost his way in the blinding drift, and traveled in the snow from Tuesday till Saturday, when exhausted nature could endure no more and he sank down. Thinking that he was going to die, he sought a hole, where he might lie and not be so exposed in his last moments as he would be on the level snow. Here he was covered by the snow drift, the storm continuing, until he was completely buried in, how deep he did not know, but believed there was about five feet of snow over him. In a state of partial unconsciousness he lay until Tuesday morning, as he afterwards learned, when he thought he saw the sun rising, and with the thought came hope and a desire to dig his way out. He had on two livery shirts, and two heavy coats, but in his efforts to free himself from the snowy tomb in which he was buried, his clothes were worn through, and the skin and part of the flesh were worn off his elbows. As he got his head above the snow he saw a man coming down from the mountains, to whom he made signals; and this person, a young man named Galloway, from Rhoads' Valley, came to him and helped him out. Galloway then started for the nearest house, at Hallstone's ranche, some three miles off, for assistance. He found some teams from Heber City, and Lee having been got down to the road where a sleigh could get to him, one of them took him on; but a horse team soon after passing he was taken by it to the fort at Heber City. During all the time of his exposure from leaving Kimball's, he had been without food. It was nearly sun-down when he was got down to the road, and the air was very cold. When he reached Heber City, it was found that his arms and legs were frozen; and though living when Bro. Murdoch left, his recovery was considered almost hopeless.

The sequel is a mournful one, with regard to Galloway. This young man, in company with another man, having an ox team, had been going over the mountains to Rhoads' Valley, and had camped the night previous in the mountains. They had with them an odd ox, which had given out, and young Galloway was going down with a little hay to seek for it when he was seen by Lee. His companion started, not knowing but Galloway would soon overtake him, and wondering what detained him until he reached his destination. When Lee was put in the team, Galloway started for Rhoads' Valley, a distance of 10 or 12 miles, and was found the following morning within two miles of the settlement, frozen to death.

Both are spoken of excellent young men, Lee being about 17 years of age, spare made and wiry, Galloway being about 16, stouter made, and, as the end showed, not capable of so much endurance.

**INFORMATION WANTED.**—A W. Street, Esq., Postmaster of this City, has been inquired of concerning Mrs. ELLEN RUTHERFORD, who, when last heard from was a widow with a child—a girl—that would be now about 10 years of age. She came from Boise City, Idaho, to this city, about two years ago. Her aged mother, and a sister paralyzed since they heard directly from her, are anxious to learn of her whereabouts. Information to be addressed to Miss Melissa E. Howard, P.O. Box 188, Junction City, Davis Co., Kansas.

**WILL NOT REPEAT.**—We understand that the Management of the Theatre do not design repeating any plays during the brief engagement of Mr. Stark. It is well that the public should know this, so that no one may be disappointed by not going to see a piece on its first presentation, expecting it to be repeated.

## A MONSTER!

FOR some time past I have been afflicted with a *Solium*, one of the worst species of the Tape Worm, causing loss of speech at times, swooning and fainting, with a voracious appetite, and, after eating, vomiting more or less every time. I am happy to say that I am now relieved. Dr. Crockwell gave me medicine, which I have been taking for the past ten days, and which brought from me a Tape Worm seventy feet long, and relieved me from the above symptoms. A large portion of the *Solium* may be seen at Godbe's Drug Store.

## ARGUMENT:

THIS we think better for the Customer than Enterprises on the Lottery Plan, these having been tried elsewhere and not found profitable to the investors.

The People know quite well already who sells the Cheapest and Best Goods, and when they get them, knowing them to be cheap, and then get a Discount of from Ten to Twenty per Cent., we think they will come to the conclusion that it is better to have the full benefit of what they spend at once and on the spot, than take ONE Chance in FIFTY of drawing something, some time in the future.

You are not required to purchase "Ten Dollars" worth to entitle you to the Discount, but we will allow it in all cases, whether the purchase be large or small.

This is to give the poor man or poor woman, who cannot get hold of "Ten Dollars," a chance to buy Goods Cheap.
