Mobs of Rioters Have Broken Loose in Various Parts of the City of Odessa.

HUNDREDS PERSONS KILLED.

At the Town Hall Red Flag Demonstrations Charged by the Cossacks.

JEWISH QUARTER OF KIEFF SACKED.

Conflicts Between Populace and Soldiers Frequent in Warsaw—Minsk Prison Stormed.

London, Nov. 1.—A dispatch to a news agency from Odessa says mobs of rioters have broken loose in various parts of the city and have been in conflict with the bands of students, resulting in much bloodshed. It is estimated that fully a hundred persons have been killed.

The governor-general of Odessa, Gen. Kaubars, today again called out the patrols which yesterday were taken off the streets.

The foreign consulates and government and municipal buildings are guarded by troops.

There was a full in the fighting at about 8 o'clock, but the people are panic-stricken, fearing another eruption.

CONFLICTS WITH COSSACKS. Odessa, Nov. 1.—(noon).—Conflicts between Cossacks and students continue.

During the fighting between rioters and Jews in Dniepterskaya street last night 37 persons were killed and 81 seriously wounded, were taken to the hospital.

The news that Russia had been granted a constitution continued to create enthusiasm until a late hour yesterday. All work was suspended and the streets were blocked with cheering crowds. At the town hall red flag demonstrations were charged by Cossacks who caused their horses to trample on the people. The number of persons injured was small. There was considerable pillaging during the night on the outskirts of Odessa which the students who organized themselves into a city guard tried to prevent. A most serious clash took place at the university where students were haranguing the crowds. Cossacks charged, using their rifles, lances and whips, killing 10 and wounding 50 persons. The Cossacks also broke the windows of the buildings with the lances and some students were driven into the courtyard and were whipped by the Cossacks and police. One of the students was beaten by 30 policemen. His jaw was broken. Another student was taken to the hospital where it was shown that he had 149 whip stripes on his body.

TOWN HALL SEIZED.

Kieff, Russia, Nov. 1.—The populace seized the town hall yesterday and revolutionary speeches were being delivered to the crowd from the balcony when the Cossacks appeared. Some of the people inside the building were killed and many were wounded. The Cossacks finally routed the crowd and captured the building. After dark the Jewish quarter was sacked.

The bodies of five persons killed and 40 wounded people were removed from the town hall.

DISORDERS IN WARSAW.

Warsaw, Nov. 1.—Disorders continue throughout the city. Conflicts between the populace and soldiers are frequent. The authorities are charged with ignoring the imperial manifesto after general depression prevails everywhere. There is a complete deadlock in business and traffic. Even the employees of the drug stores have again gone out on strike. The streets and squares are full of troops. The people are ready to organize street meetings, but they are promptly dispersed by bayonet charges. A meeting of the Vienna railroad employees at noon was broken up by the police.

Crowds are flocking to the cemeteries on the occasion of "all saints' day." The workmen have organized an anti-government demonstration at the Powenskie cemetery.

PRISONS STORMED.

Minsk, Russia, Nov. 1.—Crowds in an attempt to storm the prison here yesterday were beaten off by Cossacks, who fired several shots into the mob. Many persons were killed or wounded and many more were beaten with whips. The doctors' residences were transformed into hospitals.

QUIET IN ST. PETERSBURG.

St. Petersburg, Nov. 1.—A light fall of snow covered the city with a white mantle during the night, but this morning the weather is becoming colder and a drizzling rain helped to put a damper on the ardor of the crowds already exhausted by the demonstrations of yesterday.

Gen. Trepofov's warning to the manifestants that he will use emergency measures to prevent disorders, coupled with the reappearance of patrols of horse and foot soldiers also exercised a restraining influence and the agitators experienced difficulty in again rousing the protesters. Many strikers among the railroad men are ready to return to work and those in favor of continuing the struggle have difficulty in convincing the majority. The students and social democratic leaders who continue to declare that only a democratic republic will suffice, are using every means in their power to keep up the enthusiasm and drive the people into armed collisions with the troops. A score of big meetings were announced for today.

OFFICIAL THANKSGIVING.

An official thanksgiving service was announced to take place at the Kazan cathedral at 2 o'clock this afternoon. The news from the provinces shows that the whole empire must have been

Riotous Students Discharged.

Chicago, Nov. 1.—The 18 riotous students of the Chicago Dental college who were arrested last week and packed the nerves of hundreds of patients in the surrounding hospitals, were discharged without punishment yesterday by Justice Chitt.

"My only reason in dismissing you is the fact that a police conviction, I understand, would preclude the possibility of your practicing your profession in this state," he said.

"If you are a doctor, you would be a more severe penalty than I would care to impose."

Big Fire in Pensacola.

Pensacola, Fla., Nov. 1.—Fire broke out early today in the Provincial block on Palafox street, between Gardiner and Romana. When the fire was at its height there was a loud explosion of dynamite which caused the building to blow out nearly the whole front of the block. In the property burned were the largest stores in the city, together with the Osceola club quarters. Loss \$250,000.

OLD UNION FLAG STRUCK THROUGHOUT SWEDEN.

New Flag Was Hoisted to the Accompaniment of Salutes, Ringing Church Bells and Parades of Troops.

Stockholm, Sweden, Nov. 1.—The old union flag was struck throughout Sweden this morning and the new flag hoisted to the accompaniment of salutes, the ringing of church bells and parades of troops. In Stockholm the whole garrison paraded and most of the population thronged the streets. At 8 o'clock the flag flown by Sweden before the union with Norway nearly a century ago was broken in pieces in all the cities and every schoolhouse in the country had its demonstration, the children gathering outside and saluting the flag.

RAILROAD FREIGHT RATES.

Senator Warner Believes in Government Control of Them.

Kansas City, Mo., Nov. 1.—"In regard to the controversy now before the American people in regard to the regulation of railroad freight rates, I believe in legislation that will give the interstate commerce commission, or some similar body, the power to fix a maximum freight rate in cases where disputes arise; and I believe in vesting that same tribunal with the power to enforce that rate."

In the foregoing words Senator William Warner made his first public announcement last night at the coming session of Congress he will stand with those who support the plan favored by President Roosevelt for the regulation of railroad freight rates. Senator Warner's announcement was made at a meeting in his honor at the Cadillac club, a local Republican organization of which he is a member. Senator Warner, in his speech, left no doubt in the minds of his hearers as to his earnest support of the policies of the administration.

"I am fortunate in this that I enter the senate as the personal and political friend of your personal and political friend, President Roosevelt, and upon the issues now before the American people I stand with the president."

"I am not a pessimist," said Senator Warner. "I have no patience with those who cry out against the accumulation of wealth. I believe there should be a limit upon the getting of wealth—that limit is reached when wealth is accumulated unlawfully. Today there are trusts that arbitrarily fix rates and resist stiff competition and strike down the opportunities of your sons and mine. Such trusts are one of the evils of the age. And I do not believe it a compensation for wealth wrongly acquired to give it principally to the charities of the country."

Missionaries Reported Murdered.

Hankow, Nov. 1.—Five American missionaries have, it is believed, been murdered at Lichow. Details of the affair have not yet been received. The missionaries were in the western portion of the province of Kwang-Tung, at the head of the Gulf of Tonkin, not far from the treaty port of Peking.

INQUIRY INTO OPERATION OF PRIVATE REFRIGERATOR CARS

Began by Interstate Commerce Commission—Present Hearing Against S. Pacific and Other Lines.

WASHINGTON, Nov. 1.—An inquiry into the operation of private refrigerator cars on transcontinental railways was begun today by the interstate commerce commission. The cases in which the interstate commerce commission directed by the commission against the Atchafalaya, Topeka & Santa Fe and the Southern Pacific railways and the Armour car lines, Santa Fe Refrigerator Dispatch and the American Refrigerator Transit company, were heard.

The principal witness today was J. R. Leads, general manager of the Santa Fe Refrigerator Dispatch, who gave startling testimony concerning rates and declared his inability to leak up the practice. He said his company operates 4,500 cars and obtains additional equipment by exchanging with the American Refrigerator Transit company and the Michigan Central railway. The cars operated by the Santa Fe Refrigerator Dispatch said Mr. Leads, are leased by the Santa Fe railway and are leased by the Dispatch line.

Commissioner Prouty questioned the witness regarding the cost of refrigeration in the California fruit service and Mr. Leads said that the cost of refrigeration is justified for the reason that the reports that the mileage are insufficient to pay earnings on the expensive constructed cars.

In response to questions by Commissioner Clements and Prouty, Mr. Leads admitted that he had paid rebates to any one or more shippers. He testified that the payment of rebates was a practice that he found it to be a practice indulged in by his competitors.

The rebates, he said, amounted to \$10 a car to Chicago, \$15 to Buffalo and Pittsburgh and \$20 to the Atlantic coast. A protest was made by attorneys for the Armour car lines and the Southern Pacific railway against "the loose manner of examining the witnesses."

Commissioner Clements called attention to testimony given by Mr. Leads' hearings at Chicago a year ago and asked Mr. Leads to tell the commission again of those "practices."

The attorneys said that if Mr. Leads had evidence of concrete cases where rebates had been given it would be all right for him to tell of these cases.

Mr. Leads then told of what his company had done and said that individually he was powerless to break up the practice.

"Why can't you break it up?" asked Commissioner Prouty.

"Because it would precipitate a war that might bring the charges below cost of refrigeration," said Mr. Leads.

J. H. Call, of Los Angeles, Cal., special counsel for the commission, asked Mr. Leads if it were not a fact that the Santa Fe Refrigerator Dispatch is a part of the Santa Fe railway, operated as a matter of convenience.

Mr. Leads suggested that the organization was a "matter of necessity" but declined to commit himself as to the detailed relations between the two corporations.

Replying to questions by P. D. Dunne, counsel for the Southern Pacific, Mr. Leads said it would be impracticable for a great railway system, having connections forking out beyond its terminals, to handle its own refrigeration business.

CAMPBELL ENDORSES NEBEKER'S STATEMENT.

I endorse the statement made by Mr. Nebeker as correct, and I deny that I stated to the Tribune reporter, or any one else, that I was a member of the "Mormon" church or that I was advised by "Mormon" Elders to enter into plural marriage, or to lay low about it, or that the "Mormons" had anything to do with the trial of James E. Campbell.

Signed, J. E. CAMPBELL, Witness, Geo. E. Carpenter.

The Tribune this morning attempts to bolster up its allegations in the pitiable and unsavory case of James E. Campbell, who is in the county jail charged with adultery. For two and a half columns of slush it reiterates the falsehood of its Monday's issue and pads it out with assertions made at random, which make it the laughing stock of "Mormon" and non-"Mormon" alike.

In order that the matter be ventilated and aired to the bottom, the "News" continued its investigation today with the result that the mysterious individual connected with Bishop Presgrove turns out to be John L. Nebeker, the titling clerk at the Presiding Bishop's headquarters. Mr. Nebeker is the man to whom Campbell told his story, and whom the Tribune accuses of visiting the despatch to "lay low."

Both Mr. Nebeker and Campbell were seen this morning and both assert that no such advice was given.

TOLD TRUTH TO THE "NEWS."

Campbell this morning, in the presence of the judge and a "News" representative asserted emphatically that he had told the truth to the "News" yesterday, and without any pressure being brought to bear on him signed the statement given above. He was told that he could do it of his own free will if he liked. On the other hand if he had any compunctions about putting his signature to the statement, he was free to decline—all that was wanted was the truth, and nothing but the truth.

When asked to explain the statement in the Tribune this morning which was purported to have been made by him, Campbell burst into tears and cried like a child. He told how a reporter of the Daily Unreliable came to him last night and cursed him for a liar and asked him what he meant by giving such a story to the "News."

He said that he was told how a reporter of the Daily Unreliable came to him last night and cursed him for a liar and asked him what he meant by giving such a story to the "News."
