SCHATZ ISSUES CHALLENGE.

Sporting Editor "News": Last year I won the roller skating championship for one mile. Last Sat-urday evening Charles Scofield won the championship at the Auditorium rink I won a gold media and he has won one. New, I propose that he meet me at the Auditorium on the same course, 16 laps to The mile, and race for both medals and a side bet of from \$10 up. I be-lieve I can defeat him and think I would have done so Saturday night had it not been for a fall early in the race. If Scotleid accepts this challenge he may place whatever amount he wants in the hands of the sporting editor and I will cover it immediately. "Yours truly. WILLIE SCHATZ." sporting Editor "News"

this country indicates that the Marathon rest, while severe, is not harmful to strongly constituted athletes. A few years ago any runner who competed in a 20-mile run as frequently as has the Indian would have been early allotted to a section of a cemetery. The Marathon is no more severe a test than a number of amateur sports. Row-ing is a distinctly greater strain on the heart, and the 400-yard dash one of the severest stresses imposed by any athle-tic contest, and quite as damaging to heart action. The strain in the Mara-tohn seems to be purely muscular, and the loss therefore easily replaced.

### FIGHT GAME OPENS: MATCH AT SEATTLE

Spokane, Wash., Feb. 8.-The fight game is on. A Spokane club has rung up a purse of \$3,000 for the Weeks-Roller match to take place in this city. A rep-resentative from the local club has been sont to Scattle to confer with Roller, and Roller's representative has comover to Spokane to fix up the deal. The battle is to last four rounds, and

Weeks has informed the club that he sill affix his signature to the contract oday, Mr. Warner of Scattle is now in pokane, and has had a conference with Weeks, and the big freeman has nothed in that his signature will be on the outract today.

with the undertakers to help out such a good fellow." Whereupon the champion president dired his views on insurance agents and asseball pitchers in general. "Christy's a clean boy," he continued. 'He's just as while an skilful both on ind of the diamond. Some of the news-vapers said at the time of the celebraized as game that Matty was willing to make affidavit that he saw Merkle touch becould hase. His testimony was exact-ised the saw one of the very few hat corroborated the statements of my-self and Umpire Hank O'Day as to the egrettable muddle. "If ever there was an object for a man o shade the tr. h. It presented itself him that his signature will be on the contract today. The promoters of the fight will not say inder what chou they ore operating, but it is understood that only three clubs in Spoknie can carry on such a contest with the consent of the police. These three clubs are the 3. A. C. Gode's Gym and the Luperial club. The two former are not in the game, so by the process of elimination the Imperial club has been invored as the choice of the wise ones. That a four-round fight between Dr. Roller of Seattle and "Boonce" Weess of Spokane will be pulled off in this city within the next two or three weeks is now almost an assured fact.

"Herer there was an object for a man to shade the tr h. It presented itself to Mathewson w a he was called upon to file an affidavit. A world's champion-ship hung in the balance. So did the pitching honors of the National league, not to mention the sure divvy of a world's championship series. But he cast it all aside as I sincerely believe, for the very sake of truth and honesty. Now, who should succeed more than a man of the stamp" "Tamp" to put Matty's picture in the hall fame," continued Pulliam, referring to the art gallery in his sanc-tum. That picture of Joe McGinnity that has graced the place of prominence will have to give way to Matty. He has promised to pose for me and we'll soon have bim framed and hung up. We'll not part with the "Iron Man" by a long way, but Matty will take precedence.
