FIFTY YEARS OF WEDDED LIFE.

Golden Wedding of Mr. and Mrs. Charles H. Wilcken Quietly Celebrated Last Night—Former Has Had an Active and Stirring Career.

CHARLES H. WILCKEN.

MRS. ELIZA WILCKEN.

The golden wedding of Mr. and Mrs. Charles H. Wilcken of this city was quietly and enjoyably celebrated last night at the residence of their daughter, Mrs. M. P. Eadie, 645 east Seventh South street. Relatives and intimate friends to the number of about 50 gathered to congratulate them on arriving at the semi-centennial of life's travels together under circumstances of the most auspicious character. From 8 o'clock until midnight the time was spent in social converse, felicitations and song, interrupted only by the serving of delicious refreshments. Among the guests present were: President Joseph F. Smith and Joseph E. Taylor of the stake presidency; Elders Angus M. Cannon and Charles W. Penrose both sent regrets; the former on account of illness and the latter by reason of a previous engagement. Gen. John Q. Cannon and wife were also among the guests.

As stated in the Deseret News of last evening Mr. and Mrs. Wilcken were married in Germany 50 years ago yesterday. Even at that early date Mr. Wilcken had experienced many of the vicissitudes of life. He had entered the army at the age of 17, had seen three years of strenuous service in the war between Schleswig-Holstein and Denmark, and had emerged as a lieutenant in 1850. He was engaged with the love for the freedom and liberality of American institutions he bade goodbye to his native land and came to the United States. The military spirit, however, was still upon him and he enlisted in the ranks of Uncle Sam and came to Utah as a member of Johnston's army. When it left he remained and cast his lot among the "Mormons" with whom he has resided since he identified. When a youth Mr. Wilcken had learned the miller's trade, and was one of the first to have

charge of the old Liberty Park mill erected by President Brigham Young, and which still stands as a landmark of the early days. He also went to Heber City with Gen. Robert F. Burton and with the famous "Burrhead" returned to once more manage the Liberty Park mill. In 1871 he took a two years' mission to Germany and on his return he was called to the presidency of the Council of the Tenth ward. He was called to the presidency of the Council of the Tenth ward. Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Pers—Happ a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Payton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses it was completely cured. I consider it the best remedy in the world for bowel complaints. For sale by all druggists."

MAY LOSE FRANCHISE.

Street Railway Must Give Reasons to the County Board.

At the meeting of the county commissioners yesterday, a resolution was introduced providing that the Consolidated Railway & Power company be notified that it has failed to comply with the conditions of its franchise for the construction of its extension from Murray to Sandy, and that unless good cause is shown within 60 days, why the members of the board have not been complied with the same will be declared forfeited.

The resignation of E. R. Morgan as well as commissioner for the Mountain district was also discussed. G. G. Labrum was appointed as his successor and his bond fixed at \$500.

TAKEN WITH CRAMPS.

William K. Kirmse, a member of the bridge gang working on the Tenth ward bridge, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the board called in and Mr. Gifford was called in and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicine—Kirkland, Iowa, Argus.

THE EAST NOT IN IT.

Glen Miller Says Time Here Are Much Better Than They Are There.

Glen Miller returned home last evening from his long eastern trip and summer vacation of 100 weeks, accompanied by his family. Mr. Miller says that times in the far east are not as good as in the west, largely on account of the uncertain condition of Wall street, but most of the people here were New York stock operators. Loans on gilt edged securities are being made in New York at 1 per cent.

Mr. Miller reports that eastern people are waking up to the necessity of preserving their trees and the necessity of practical forestry is receiving more attention. This he holds should make western people consider more earnestly the matter of forest preservation.

Mr. Miller secured for Salt Lake the next annual convention of the press clubs, which will bring many distinguished writers to this city next summer. He spent much of his time in travel, on land and water, and enjoyed himself greatly.

Loss of Appetite.

Is commonly gradual, one dish after another is set aside, till new venia. These are not eaten with any relish, and are often so light as not to afford much nourishment.

Loss of appetite is one of the first indications that the system is running down, and there is nothing else so good for it as Hostford's Acid Phosphate, the best of all tonics.
