The bladder, however, causes the old folks the most annoyance, espe-cially at night and early morning. Hundreds of readers who suffer will find the following, which is known as the Dandelion mixture, the most harm-less and effective treatment to clean the system of rheumatic poisons, re-move irrigation of the bladder and re-lieve urinary difficulties of the old peo-ple. It is a true vitalizing tonic to the entire kidney and urinary structure, reinvigotating the entire system." The Dandelion mixture consists of the following simple prescription, the ingredients of which can be obtained from any good pharmacy at small cost: Compound Syring Barsaparilla three ounces.
