

SECRET POLITICAL ORGANIZATIONS.

Am. Labor Union, West. Federation of Miners and United Brotherhood of Railway Employees.

ARE UNITED BY A STRONG OATH

So Says Royal Labor Commission Appointed to Investigate Industrial Trouble in British Columbia.

Vancouver, B. C., Aug. 21.—The report of the royal labor commission appointed to investigate the industrial trouble in British Columbia, has been published regarding the strike on the Canadian Pacific railway, which commenced at Vancouver. It is stated that the United Brotherhood of Railway Employees is a secret society, bound together with a strong oath, with headquarters in San Francisco. It is different from a regular trade union and almost entirely under control of the foreign executive.

The chief organizer of the brotherhood in Canada, the report says, sold his services to the railway company, along with confidential letters received from the president of the order, and acted as one of the company's secret service officials while still head of the order in Canada.

The report says that attempts were made to tie up the Canadian Pacific railway steamship service and to stop the supply of coal and bring about a general strike in connection with the products of all concerned which in any way might affect the Canadian Pacific railway.

The report deals fully with the treatment of non-union men and scabs in reference to the strike in the coal mines. The report says that the strike at Ladysmith was caused by intrigue, whereby the Western Federation of Miners in an effort to assist the Brotherhood of Railway Employees on the Canadian Pacific railway, sought to tie up the Dunsmuir mining properties on Vancouver Island, which were at the time supplying the Canadian Pacific railway with coal. Reference is made to the "arbitrary" dealings of the Welland Colliery company with its employees.

The report says that the Western Federation in connection with the strike at Union, was ready to organize the Japanese and Chinese laborers, and that the chief did not respect his oath as it should have been respected in giving evidence before the commission.

The commissioners in regard to international organizations, say that if parliament would declare that, notwithstanding everything in the rules of the international bodies, an agreement between an employer and his employee would be binding, the most formidable objection to these bodies would be removed.

The report recommends that organizations in Canada, which are controlled by the "deceives of a secret council" at Denver should be declared illegal. The American Labor union, the Western Federation of Miners and the United Brotherhood of Railway Employees are said to belong to that class, and are secret political organizations.

SECY. ROOT SAILS.

Goes to England on the Alaskan Boundary Dispute.

New York, Aug. 22.—Secy. of War Root sailed for Liverpool today on the Celtic of the White Star line. He goes to England to act with Senator Lodge and former Senator Tamm of Washington as the United States representatives on the Alaskan boundary dispute. Before leaving the secretary declared that he would, according to his present plans, get out of the cabinet about the middle of the winter. He would not enter into any discussion of his future plans, except to deny that he was going to enter actively into politics in this state.

With the secretary went Mrs. Ethel Root and Miss Edith Root, while on the same steamer sailed Judge John M. Dickson of Chicago, John W. Foster of Indiana, former secretary of state, and Hannis S. Taylor, former minister to Spain, who, as counselors for the United States, will present its side of the dispute before the commission.

COUNTERFEITERS CONVICTED

One Had Been in the Business Over Fifty Years.

San Francisco, Aug. 22.—United States secret service agents have just secured the conviction in the United States district court of two out of a batch of counterfeiters recently arrested, both prisoners pleading guilty. Chief among them is George Brown, alias R. R. Lambert, who has been engaged in counterfeiting for a great number of years past, having been jailed repeatedly during this period for this offense. He is now 50 years of age and it is not probable that he will live to complete the term of imprisonment to which he will now be sentenced. He is at present in a hospital here under guard. The rest of the men on trial are Greeks under indictment for conspiring to make counterfeit five and ten dollar coins.

JEWISH ZIONIST MOVEMENT.

Greatest One in History to Open in New York.

New York, Aug. 22.—The greatest Jewish Zionist movement in history will open here on Sunday and last for many days, says a dispatch to the American from Basel, Switzerland. It is certain that when the assembly which includes most of the men composing the Jewish world, who have become illustrious in the arts, professions and finance, finally separates the great movement toward the unification of the Jewish race will have taken a gigantic step toward realization.

Among the 1,000 delegates will be representatives of every country in the world. It is said Dr. Herzl, who has returned to Basel after a 10 days' stay in Russia, will, as a result of his conferences with leading political personages, make important revelations regarding Russia's attitude toward the Jews.

A GREAT BALL OF FIRE.

One in Sky Arouses Interest of People of Great Falls.

Butte, Mont., Aug. 22.—A great ball of fire, apparently much larger than the full moon and of a brilliant red hue, for a few seconds it was so brilliant that the people were able to read a newspaper by its light. It passed from the southeast horizon to the northwest horizon in about three minutes, gradu-

Blood

On The Brain—Lost Self Control.

Lived in Misery For Ten Years.

Dr. Miles' Nervine and Heart Cure Cured.

The reason Dr. Miles' Remedies cure such a large percentage of cases is because they are formulated to actually go to the root of the disease. Doctors often make the mistake of treating the symptoms, a method which must always fail. Dr. Miles' Nervine restores health, strength and vitality to the nerves. Dr. Miles' Heart Cure enriches the blood and improves the circulation so that the patient can again regain health.

"I feel it is a pleasure as well as duty to inform my friends the means I used to regain my health. I have been troubled a great deal with nervousness and headache, I began to observe enlargement of the neck until it became so bad I felt it severely, especially blood on the brain. The least excitement gave me dreadful pain and I would lose all control of myself. I lived in this misery for about ten years, consulted many doctors, but secured no relief whatever. I commenced the use of Dr. Miles' Nervine and a few days later began the use of Dr. Miles' Heart Cure and within a week I felt very much better. The second week my friends told me I was looking very much better. This encouraged me and I continued the use of the two remedies until now I am well enough to do my own housework without any trouble whatever. I consider my health good, the cure permanent and I can say kind words for—Mrs. CHARLOTTE ELG, Idaho Falls, Idaho.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nerves and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

ally changing and losing color and was followed by a broad streak that marked its path, lasting for half an hour. The streak was at first deep red in color, gradually growing lighter and finally disappearing.

Inspecting Forest Reserves.

Seattle, Wash., Aug. 22.—Alden Sampson, a game preserve expert of the United States department of agriculture, arrived in Seattle yesterday to inspect the forest reserves of the United States, which he is making for the purpose of gathering data preparatory to his assignment to the reserves to serve as a set aside in the reserves to serve the purposes of game refuges and breeding grounds.

Mr. Sampson is a member of the bureau of biology and survey, this bureau has for its purpose the study of the distribution of animal and vegetable life through the entire extent of the United States.

Mr. Sampson is especially anxious to complete his researches in the Olympic reserve on account of its importance in being one of the few reserves which contain ice.

A HONOLULU TRAGEDY.

E. M. Jones Kills His Wife and Shoots Her Mother.

Honolulu, Aug. 23.—E. M. Jones shot and killed his divorced wife and probably fatally wounded her mother, Mrs. Barmer, early this morning. Jealousy is assumed to be the cause of the shooting. Jones' wife quite recently obtained a divorce on the ground of cruelty. Jones is a half-breed, while his wife is a native Hawaiian. The shooting occurred in the presence of a prominent family. After the shooting Jones disappeared with threats to commit suicide. There is talk of lynching him in the event he is found alive.

Plutes Have a Pow-Wow.

Yosemite Valley, Cal., Aug. 23.—For the first time in five years the Plute and Digger Indians are holding a big pow-wow and dance in the lower part of the valley. A big feast was held to night, presided over by Uncle Paul and Mrs. Uncle John, both of them over a hundred years old. All were in full Indian evening dress. War dances and a "potlatch" followed.

A MONTANA SHOOTING.

Felix Ballard Probably Fatally Shot by Frank Williams.

Butte, Mont., Aug. 23.—A special to the Miner from Boulder says: A report reached here today of a shooting affray between two men, Elkhorn which may result fatally. A young man came down from the mountains to secure medical aid for Felix Ballard, who was seriously wounded, and information was given that the shooting was done by Frank Williams, who took to the mountains after the affray. Sheriff Gibson immediately left Boulder for the scene of the trouble and will make an attempt to arrest the accused miner. The parties to the shooting were for some time partners in the business of the Elkhorn mountains about two miles from Elkhorn.

A FOLSOM CONVICT CAUGHT.

Deputy Sheriffs of Reno, Nev., Take in Joseph Murphy.

Reno, Nev., Aug. 23.—Convict Joseph Murphy who escaped from Folsom prison, was captured at 10 o'clock to night by deputy sheriffs. Murphy and Maxwell at the Virginia street bridge, crossing the Truckee river in Reno. Convict Frank Miller was with Murphy at the time but jumped off the side walk into the willows. Murphy fired at him, the shot probably taking effect. Murphy and Dwight Jones followed Miller. Three more shots were fired at him but he escaped in the darkness. Murphy had a 45-caliber revolver on him when searched at the jail. He was very cunning and tried to get his hands on it.

TWO LIVES LOST.

In a Wreck on the New York Central Railroad.

Little Falls, N. Y., Aug. 23.—A special train on the New York Central carrying New York City newspapers was wrecked at Gulf bridge in this city today. Engineer Robert Lilly and Fireman Peter Conley, both of Albany, were killed, and employees of the World, Sun, Rochester News company and American Journal were severely injured. Conductor Erhardt and several other members of the train crew were slightly injured.

The train, which was running at the rate of a mile a minute, was composed of an engine and three express cars. In rounding the sharp Gulf bridge curve the engine jumped the track and landed at the foot of the embankment into a roadway. The front car, in which were all those injured, followed the engine down the slope.

ELKS' EXCURSION TRAIN WRECKED.

Two Killed, Four Fatally Hurt And About Thirty More or Less Seriously Injured.

SPREADING RAILS THE CAUSE.

Three Coaches Piled on Top of the Engine, the Boiler of Which Exploded, Adding to the Horror.

Chehalis, Wash., Aug. 23.—An excursion train on the Northern Pacific, consisting of an engine and seven coaches, en route to the Elks' clam-bake at Olympia, was wrecked about 11 o'clock this morning, two miles south of here. Two people were killed, four fatally injured and about 30 seriously hurt.

DEAD.

Charles Farleman, 252 Yamhill street, Portland.

Tramp, name unknown.

INJURED.

M. D. McDonald, Glencoe station; head cut.

E. Quimby, Portland; leg broken and head cut.

De R. H. Littlefield, Portland; slightly injured.

H. B. Stout, Portland; back hurt; Franks, Portland; head cut, badly hurt.

Mrs. B. Brown, Portland; left arm cut off, seriously hurt.

Will Harris, Portland; slightly hurt.

Charles Oberg, Portland; back hurt.

Ed Sterling, Portland; back hurt.

Kahn, slightly injured.

Leo Dooky, Fremont; cut about head.

William Green, engineer; back hurt.

Charles Harr, Portland; slightly injured.

Walker, conductor; bruised about head and face.

Charles Farland, Portland; head cut, hurt internally.

Out Gratz, Portland; badly injured.

C. F. Frank, Portland; cut about head, hurt internally.

O. W. Purdie, Vancouver; ribs and shoulder broken.

Will Corneliussen, Portland; bruised, shoulder broken.

A. J. McDaniels, Portland.

George J. Hodelt, Portland; leg broken, head hurt.

Dr. J. W. Corneliussen, Portland; seriously hurt.

Dr. Hickey, arm broken.

D. J. Caswell, Portland; seriously injured.

Walter Edmunds, Portland; head bruised.

Guy Carter, Portland; leg broken and head bruised.

Mrs. Harr, Portland; head hurt.

John Rudy, head and face hurt.

Otto Winkler, Portland; ribs broken, hurt internally.

William H. Soule, Portland; left arm broken.

Thurston H. Daniels, Portland; arm broken.

The tramp who was killed met death while assisting the fireman to extinguish the fire. His skull was fractured by a rod on the engine.

The train left Portland at 7:30 this morning and was crowded with passengers with prominent Elks of this city and their families and friends. The train was running at a good rate of speed when the rails spread, throwing the engine down an embankment 40 feet.

Three coaches piled on top of the engine, and to add horror to the scene, the boiler of the engine exploded, sending several yards of steel and steam for several hundred feet. The fourth, fifth and sixth coaches left the track, but only the front end of the fourth car went over the bank. The seventh coach came to rest on the rails.

Engineer Green's injuries are mainly in the back, though he has sustained a terrible blow in the head. Green said: "I don't know what was the direct cause of the accident. The engine had been steaming badly all morning and the injector was not working right. When the accident occurred I had let her out and was going at a good clip, probably 30 miles an hour, or maybe 40.

"All I remember was a flash, and I don't know what was being carried to a train of flat cars. Some of the engineers who have been down to the mine told me the crown plates dropped in other words, that the engine blew. I don't know myself what happened. The engine No. 347, has been in service on the Northern Pacific eight years to my knowledge.

"I was formerly in the regular passenger service and was there until the big engines came in use and were put on. I have been working for the Northern Pacific for about two years as an engineer."

LOS ANGELES HIGHWAYMEN.

Hold Up Electric Car, Robbing Motorman and Conductor.

Los Angeles, Cal., Aug. 23.—An electric car of the West Adams street line of the Los Angeles Traction company was held up at the west end of Adams street late last night by two highwaymen, and the motorman and conductor robbed of their watches and money. The car was ready to start back to the city and was being driven by W. A. Salisbury and Conductor W. M. Holton were in side making up their tally sheets when the robbers entered, one from either end, and covering them with revolvers, commanded them to throw up their hands.

The order was obeyed, and the robbers compelled their victims to leave the car and walk into a field to a place beyond the light from the car. One of the robbers kept the car men covered with a revolver while the other searched them. They took the men's watches and money from Holton secured 44. They then ordered the men back to the car, telling them to pull out at once. Both highwaymen were masked.

Henry Gideon's Body Found.

Boise, Ida., Aug. 23.—The body of the Henry Gideon, drowned last evening, was found in the river today near where the drowning occurred. No trace has been had of the father and the fear increases that he has been foully dealt with, as he carried a large sum of money.

Canada Will Stop Poaching.

Ottawa, Ont., Aug. 23.—The department of marine and fisheries is determined to put an end to illegal fishing in the great lakes. It is not the intention of the government, however, to enforce the law with seven-pounders, as has been intimated in some quarters since the Petro-Silver Ship incident occurred. It is the opinion in official circles that the desired end can be attained without resorting to harsh measures, which might lead to international complications. Swift boats will be manned and placed at points in the great lakes where poaching has been carried on to a large scale. They will be armed with rifle and seven-pounders, and all the patrol boats are now equipped.

THERESE HUMBERT BREAKS DOWN.

On Her Arrival at the Conciergerie Prison a Flood of Pent-up Tears Burst Forth.

INTENSE INTEREST IN TRIAL.

Presses Could Not Run Off Papers Fast Enough to Supply Demand—Relief Expressed at Result.

Paris, Aug. 23.—The rout of the Humbert trial has caused a general feeling of relief, mostly, especially among the lower classes, having feared all the time that occult influences would succeed in procuring a verdict of acquittal. The intense interest taken in the trial is shown by the fact that the presses of the newspapers could not run off special editions fast enough. The papers were immediately snatched up and none reached the outlying quarters of Paris until quite late in the evening, when they were eagerly bought at three and four times their regular price.

In spite of her defiant attitude when being sentenced, Madame Therese Humbert broke down last night on her arrival in the Conciergerie prison and had a long crying spell. The men of the party, though depressed, bore up better.

Maitre Labori, her counsel, visited Madame Humbert this morning and found her still prostrated, but she obstinately maintained her innocence and denounced the sentence as inequitable. She and her husband all quietly appealed to the court of cassation on the ground of technical irregularities. If successful in their appeal they will be tried before another assize court, possibly at Versailles.

Emile and Romani D'Aurignac will not appeal, as owing to the time they have spent in prison awaiting trial, the period of respite in connection with the appeal would be a mere formality. The will arrive before a retrial court, possibly take place. The defending counsel are greatly disappointed at the result of the trial. Maitre Labori refused to be interviewed, but his colleague, Maitre Cluett, expressed his opinion that but for the ill-timed and futile revelations of Madame Humbert, a general acquittal would have been possible. Several members of the jury who have given interviews, are unanimous in saying that the person who did most to secure the conviction of the Humberts was Madame Therese herself, because her statements irritated the jury.

The foreman of the jury declares there was no difference of opinion concerning the guilt of Madame Therese and her husband, but the jury's decision in the case of the two brothers D'Aurignac was the result of much discussion. Their condemnation was based solely on their complicity in the swindling operations in connection with the Rente Viagere insurance concern.

The aged mother of Frederic Humbert, and widow of Senator Humbert, and her sister, Mary D'Aurignac, are staying, received the news of the condemnation with a mixture of surprise and indignation. She declared that her father used to talk of Regnier to her mother.

MISS RUTH BRYAN.

She Will Take Up Hull House Work as an Occupation.

Chicago, Aug. 23.—Mrs. W. J. Bryan and daughter, Miss Ruth Bryan, left tonight for their home at Lincoln, Neb., after having spent several days in this city. One of the objects of the trip was a visit to the Hull house settlement at Halsted and Polk streets, an institution supported by charities for the benefit of the poor, diseased, and conducted by Miss Jane Addams, the noted sociologist. It is the intention of Miss Bryan to take up settlement work, becoming a member of the Hull house staff, early in the fall.

Miss Bryan, who is 19 years old, is the eldest daughter of W. J. Bryan. She has been a student in the University of Nebraska during the past two years. She is a young woman of unlimited energy, and with an ambition to accomplish something in the way of assisting the class of children fostered by Miss Addams and others interested in such work.

Hull house was founded in a small house about 19 years ago, and with the assistance of wealthy and philanthropic people has been extended in scope until it has become one of the leading factors in sociological work in the country. Miss Bryan and her mother have been deeply interested in the settlement for a long time, and while the position will involve some sacrifice to Miss Bryan, she feels that she will be engaged in pleasant and meritorious work.

Forest Fires in Montana.

Butte, Mont., Aug. 23.—A special to the Miner from Missoula says:

J. S. Robinson, foreman of the Northern Pacific point and carpenter crews who arrived in the city tonight, states that there are greater forest fires raging in the mountains west of Missoula at the present time than ever witnessed before.

It reports the entire country across the border of Oregon lake from Hope to be ablaze, while another disastrous fire is raging to the north of Clark's fork, and as he was coming in he could see several fires in the forests on the Flathead reservation to the north of the Northern Pacific tracks and this side of Plains.

BEST SELLING BOOKS.

Record for July.

According to the records of all bookstores, the six books which have sold best in the order of demand during the month are:

1. Gordon Keith, Page.....\$1.50
2. Lady Rose's Daughter, Earl.....1.50
3. The Grey Gables, McGrath.....1.25
4. The Pillage Ball, Green.....1.50

TURKISH TROOPS MEET DEFEAT.

A Whole Regiment at Chanagasso Reported to Have Been Annihilated.

A SPECIAL COURT AT MONASTIR

It is Organized to Try Captured Insurgents, Being of a Criminal and Not A Court-Martial Nature.

Sofia, Aug. 23.—From eastern Adnanople come reports of more fighting in favor of the revolutionists.

Many villages have been burned and their inhabitants have taken refuge across the Bulgarian frontier. After a long fight at Stolloro the insurgents defeated a detachment of Turkish troops, which lost 20 killed and wounded.

At Chanagasso, near Surukovo, the insurgents are reported to have annihilated an entire Turkish regiment.

At Bulankizera, near Tirnovo, 75 revolutionists are credited with defeating a Turkish battalion. The villages of Andemira and Eirik, near Valsisko, have been burned to ashes.

The Turks have bombarded and destroyed the monastery of Constantine, near Losengrad, where 50 insurgents had fortified themselves. The villages of Buldiki, Konakara, Eren, Dingicso and Brusova have all been burned and their inhabitants have fled.

The large village of Drumbeghe, near Los Engrad, has been burned by Bushi-Bazouks. The villages of Buch, with 500 houses, and Rakovo, 200 houses, situated in the valleys of the Danube, have also been burned by Turkish troops. The women and children from these villages are now begging in the streets of Monastir.

The Turkish government has organized a special court at Monastir to try the captured insurgents. The tribunal is composed of a Turkish president, two other Turks, two Greeks and one Albanian. It will partake of the character of a criminal court and not of a court-martial.

A VERY STRANGE DEATH.

Young Girl Dies from Peas Growing in Her Stomach.

Creston, Ia., Aug. 23.—A most peculiar death occurred here today. The seven-year-old daughter of John Ponte, a Burlington conductor, was taken sick 10 days ago with what physicians pronounced dysentery. In spite of the best efforts the little one grew worse until her death today. An autopsy revealed the fact that the child had swallowed peas while, that they had sprouted and were growing in her stomach. The case is said to be one of the most peculiar on record.

A Merchant's Wife Suicides.

New York, Aug. 23.—Mrs. Mary Kiebers, wife of Philip Kiebers, a wealthy lace merchant, committed suicide tonight at her home on Riverside Drive by swallowing carbolic acid. She had entertained a party of relatives and friends at dinner early in the evening, after which she and her husband went for a drive. Within a few minutes after her return she was found dying from the effects of the poison. Her family was unable to offer any explanation of the suicide.

STRIKES IN RUSSIA.

A Law Legalizing Them Now in Preparation.

St. Petersburg, Aug. 23.—A law legalizing strikes is in preparation. A general strike began Aug. 20 at Ekaterinoslav. The troops summoned to restore order met with a hostile reception, but dispersed the crowd after firing a few shots. Next day the tramway and railroad traffic was stopped, the newspapers did not appear and the factories were surrounded by troops. Thousands of strikers gathered in the market place and a collision with the military occurred. Eleven strikers were killed and 12 wounded before order was restored. Before evening the street cars resumed and work was started again in some private workshops. The government has since announced that work will be generally resumed on the railroads and in the factories tomorrow, special measures being taken to protect the workmen from violence on the part of the strikers.

CARTER'S LITTLE LIVER PILLS.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Biliousness, Nausea, Drowsiness, Bad Taste in the Mouth, Constipated Bowels, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

THE LOWEST-PRICED

IN THE WORLD IS THE

ORIENT

BUCKBOARD.
