Good Health to the Children

Children especially are fond of dainties and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

CHRISTMAS NEWS A ROYAL NUMBER.

Unanimous Voice of the State Press is That It Leads all Competitors.

WORDS FAIL TO DESCRIBE IT.

Splendid Tributes from Contemporaries Who Appreciate a Good Thing When They See It.

Park City Miner: The largest, handsomest and most complete number of any paper we have yet seen in Utah, is the Christmas edition of the Deseret News published last Saturday. It consists of 100 pages of interesting matter relating to Utah and its resources, sketches of its principal towns, writings of its mining camps, including a nine-column one of the Park City district furnished by H. B. Townsend, 10 pages about the new San Pedro road and the new fields it will open, and six pages about Tonopah, Goldfield and other new camps in Nevada that are creating so much excitement. The latter contains the fullest and most reliable news about the newly opened gold region and should be read by those who want information about that country. The "News" always has had the best illustrations of any paper in the state and the special edition is full of beautiful printed half-tone reproductions of photographs of persons and places. The typography and press work is as perfect as the other features and proves that the "News" is a thoroughly up-to-date metropolitan newspaper without any of their sensational features.

The Inter-mountain and Colorado Catholic: Last Saturday's issue of the Deseret News fulfilled the object of a Christmas edition along with a comprehensive presentation of Utah's commercial future. The interesting feature lodged in the participation of the early "Mormons" in all that made this once trackless desert an abode of civilization. The Latter-day Saints shared the hardships of pioneers along with the early Spanish monks of California.

Springville Independent: The Christmas edition of the Deseret Evening News is indeed a royal number, with its 100 pages of artistic and literary matter. The topics treated include all matters of prime interest to our inter-mountain region. The artistic features are first class, the various units most pleasing to the eye. The typography is plain and clear, and the paper of superior quality; the entire make-up and execution is a credit to the entire state, whose resources it so elegantly sets forth with pen and picture in such charming style.

Provo Daily Enquirer: We are in receipt of the Christmas Deseret News, and heartily congratulate the management on the splendid showing made. The "News" is by far the leading inter-mountain paper, and work such as this shows the progressive public spirited policy it pursues. While the "knicker" is doing his little worst to besmirch and retard, the "News" has thrown the strong line light of truth on Utah and her wonderful resources and placed

SCOTT'S EMULSION

We don't put Scott's Emulsion in the class of advertised cure-alls; it doesn't belong there. We hardly like to use the word "cure" at all, but we are bound to say that it can be used for a great many troubles with great satisfaction. Its special function is to repair the waste of the body when the ordinary food does not nourish, and this means that it is useful in many cases which are indicated by wasting.

CHRISTMAS MUSIC IN THE CHURCHES.

Choirs and Organists Have Been Carefully Preparing For It During the Week.

SOME PRETENTIOUS SELECTIONS

Solemn Pontifical High Mass at St. Mary's Cathedral—Exercises of All The Various Congregations.

The local city churches as usual will present some very excellent musical programs at tomorrow's services, and organists and choirs have been in diligent practice for successful presentation of the Christmas music. Each year finds the Salt Lake churches progressing in musical excellence, and the local public will realize this on attendance at tomorrow's Christmas services. Of course the most pretentious music will be given in the ritualistic churches; but enjoyable music will be presented at all. As far as has been ascertained, the following programs will be observed in the morning, where not otherwise noted:

UNITARIAN MINISTER.

Halifax Telegram Says Some Nice Things of Rev. F. F. Eddy. The Halifax Evening Telegram has this notice of Rev. Frank F. Eddy, who has accepted a call to the Unitarian church of this city: "Rev. F. F. Eddy, who recently resigned the charge of the Church of the Redeemer, will leave tomorrow by the Halifax, for Montreal, going on to Springfield, Mass., where he will preach on Sunday next. He will then go to Montreal, where he will spend the holidays, and will later proceed to Salt Lake City, Utah to his new charge. The departure of Mr. and Mrs. Eddy is heartily regretted, both by members of the congregation of the Church of the Redeemer and by the general public. During his connection with the church Mr. Eddy has by his initiative and ability, effected a complete revolution in it, bringing it from a position of comparative weakness to one of decided strength. His broad sympathies have led him to interest himself in much philanthropic work entirely outside that in connection with his church. He has always taken a keen interest in the Halifax Boys' club and in all movements having as their principle the recognition of the brotherhood of man. He has reached not a few men by a wholesome and rational sharing of their sports, and was a general favorite of the members of the Wanderers A. C., of which he was a member. His career in the distant western city will be watched with great interest by his friends here. His amiable wife, Mrs. Eddy, who co-operated heartily with him in all his work, and who was the organizer of that now large and active organization, the Women's club of the Church of the Redeemer, will also be greatly missed."

Christmas and dedication services in the morning, when the following order of exercises will be observed:

Voluntary; Doxology; introductory sentences and prayer; choir; hymn No. 233; Scripture reading; anthem; prayer; choir; solo, Miss Emily Larson; Christmas carol by the Sunday school; Christmas address; anthem; dedication address; our faith; Sunday school; dedicatory sentences; Hymn No. 377; concluding words, Hymn No. 62.

FIRST METHODIST.

There will be no set program at this church; but in the morning the musical feature will be a vocal solo by Mrs. Lulu S. Mayne Windsor, entitled "The Newborn King," by Hammond; and in the evening the principal musical event will be a violin solo by Prof. Nettleton. The Phillips Congregational and the First Methodist will hold special Christmas and musical services, with anthems, and solos, which will make the day and the occasion of marked interest. That the churches will be crowded, goes without saying. The last few days have been given to decorating, and in the larger churches, the decorations are quite elaborate and striking.
