

Save Money! Save Coal!

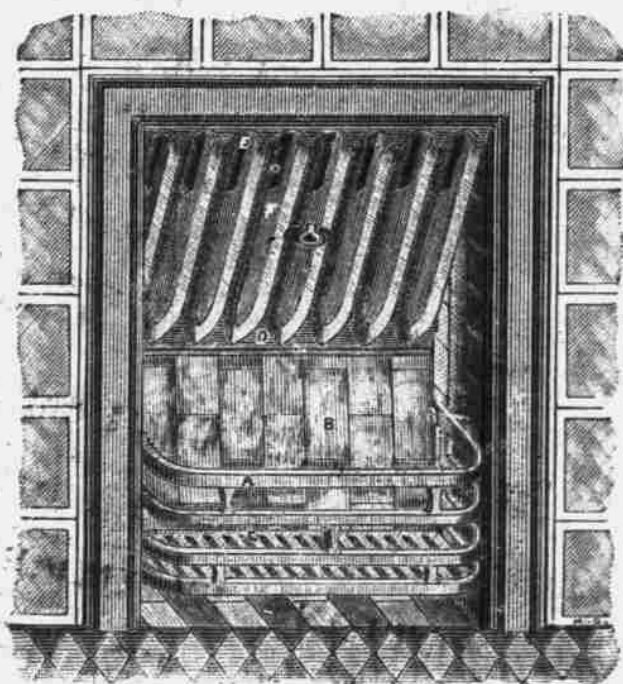

AND KEEP WARM!

Winter is approaching, and for a trifling expense you can purchase one of "HUNTER'S DRAFT REGULATORS;" they can be readily fitted in any

sized grate or open fire place, and a short trial will demonstrate the fact that your house is warmer, that you are never troubled with smoky rooms.

Call Co-op Wagon and Machine Co.'s Place of Business.
Half Block South of Theatre, State Road.
