

SPECIAL BUSINESS NOTICES

What Might Have Been Heard.
Almost any day during the Centennial, a lot of physicians and druggists are gathered in the Main Building in which Benson's Caprine Plaster is sold. Some of them are heard to say that the plaster is a great remedy for rheumatism, sprains, and other ailments. Some of them are heard to say that the plaster is a great remedy for rheumatism, sprains, and other ailments. Some of them are heard to say that the plaster is a great remedy for rheumatism, sprains, and other ailments.

BENSON'S CAPRINE PLASTER
was invented to overcome the great objection to all other plasters, that of being soiled by the patient. It is a great remedy for rheumatism, sprains, and other ailments. It is a great remedy for rheumatism, sprains, and other ailments. It is a great remedy for rheumatism, sprains, and other ailments.

If you want goods that are free from shoddy, buy home made Cloth, Tweeds, Cassimeres, Jeans, Flannels, White Linen, Yarns, etc., from the Agent of the Provo Woolen Mills, Old Constitution Building.

In the Who's History of Medicine
No preparation has ever performed such marvelous cures, or maintained so wide a reputation as AYER'S "CURRY PECTORAL," which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against hoarse coughs, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung diseases of children, makes it an invaluable remedy to be kept always on hand in every household. It is a safe and reliable agent to employ. Against hoarse coughs, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life.

For all the bitter opposition of jealous rivals, no better illustration could be had of the fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption, in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the face-similar figure of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore & Allen & Co., Salt Lake City.

THIRTY STYLES OF BABY CARRIAGES AT HENRY DINWOODY'S FURNITURE STORE. PRICES FROM \$9.00 TO \$40.00.

CHILDREN DO NOT DIE of the croup to whom Dr. Wm. HALL'S BALSAM FOR THE LUNGS is administered. Parents will do well to remember this fact and keep a medicine which saved so many lives, in the house ready for an emergency. The Balsam overcomes a tendency to consumption, strengthens weak and heals sore lungs, remedies painful and asthmatic breathing, banishes hoarseness and cures all bronchial and tracheal inflammation. If you have a cough, use it early and often. All Druggists sell it.

CHW Jackson's Best Sweet Navy Tobacco.
MERCHANTS and Visitors who have desired, so long, to live at a Hotel above the business centre, and to take a portion of their meals down town, while in New York, tel, on Broadway, is now kept on both the American plan at \$2.50, \$3.00, and the European plan \$1.00, and upwards per day. An elegant Restaurant, at moderate prices is conducted by the Hotel.

"Buy Me and I'll Do You Good."
Reader, in almost every well-regulated drug or patent medicine store in New York city or country, you will see upon the show-case, or occupying some other prominent position, that popular article known as HALL'S HONEY OF HOREHOUND AND TAR, a certain cure for all Coughs, Colds, Hoarseness, Difficulty Breathing, and all Affections of the Throat, Bronchitis, Trachea and Lungs, leading to consumption, and seeming almost to speak to you the above plain, but easy to be understood words: Try me and I'll do you good. Try it and be convinced.

Sold by all Druggists, and at O'NEILL'S, 75 Sixth Avenue, New York City, at 50 cents and \$1. Great saving by purchasing large size. FICK'S TOOTHACHE DROPS cure in one minute.

LOCAL AND OTHER MATTERS.

Enchantment and Reality.—Mr. U. W. Stagner delivers his popular lecture on "Life, its Enchantment and Reality," in the 17th Ward Assembly Rooms, this evening, at 7:30 o'clock. Go everybody.

Appointment.—A dispatch from Washington says the President has recognized Adolph Jenson vice consul of Denmark for the Territory of Utah to reside at Salt Lake. The selection is creditable to the government.

In Montana.—Mr. H. B. Emery, one of Salt Lake's well known engineers, is at present pursuing his course in Montana, under an engagement to Manager J. A. Bawtel. Mr. Emery sustains such roles as Volga, in the Marble Heart, Ray Triford, in Under the Gaslight, and Wood, in the Hidden Hand.

Y. L. M. I. A.—The Secretaries of the Young Ladies' Societies of this State, who did not send in their quarterly reports at the last Conference of the Y. L. M. I. A., will please do so immediately, in order that the State Secretary may have time to prepare them for the Conference on the 5th prox.

A Fight.—About noon to day two men engaged in a fight on First South Street, west of Market corner. One of the combatants wore a stovepipe hat, which was hopelessly crushed in the encounter, and the other one got off with a coat split all the way up the back.

H. W. Naisbitt's Lecture.—There was a very good audience at the 17th Ward Meeting House, last evening, to listen to the interesting lecture by H. W. Naisbitt, Esq., entitled, "Random shots at Common Folks." The greatest attention was paid by the hearers, and his "random shots" were freely fired at the "common folks" of both young and old. The speaker occupied about an hour and a quarter, and at the close, received a hearty vote of thanks for the able manner in which he delivered his lecture.

Sour Milk.—"Things sweet to taste prove in digestion sour," says Shakespeare. He evidently had his mind on the condition of things nowadays, when we buy sweet milk in the morning and eat it sour at night. It may be one of the results of perdition, or it may be an evidence of the progress of thought, to furnish sweet and sour simultaneously, but we are more inclined to believe that it is because the milkman does not wash out his cans with soap and hot water every day. In these days of Snell's Sapon, such things ought not to be. We'll take our sour milk in biscuits but let us have it sweet in the morning.

City Council.—Proceedings at the City Council on Tuesday evening, March 25th, 1879, Mayor Little presiding.

A petition was received from Jas. Currie and others, asking the Council to order that water mains be laid on Third South, between East and West Temples, as their wells are becoming polluted by foul matter from vaults and cess-pools in the vicinity. The petition was referred to the committee on water works.

Petitions were received from parties representing that the main water ditch, in the neighborhood of certain lots in the Eighteenth Ward, was in need of repairs, and as it runs through these lots the petitioners ask that the ditch be humed in some parts and diverted from its present course in other parts. The petitions were received and referred to the committee on irrigation.

A petition was received from Hunsler & Gebhardt, of the Idaho bakery, asking permission to use a portion of the sidewalk and street on which to place material for building and repairing. Granted under the usual restrictions.

A petition was received from B. Y. Hampton, applying for an annual license for one year. Granted.

A petition was received from E. Hanham, asking the privilege of digging an area to his new building under the sidewalk on First South Street. Six feet were allowed for that purpose, the same to be properly protected and so constructed as to not interfere with the sidewalk.

A communication was received from the watermaster asking what the meaning of the term main ditches in the sense of the council; at whose expense gates should be placed at corners where the water is divided; and how long he should be permitted to receive water applications. It was decided that all ditches in the streets should be considered main ditches.

The matter of increasing the salary of the city attorney was referred to the committee on ways and means for consideration.

Mr. B. T. Mitchell personally directed the attention of the council to the fact that his property had been cut off from water by the digging of the canal in the western part of the city, and had been refused water by the watermaster, for which he had made application in accordance with the ordinance, and asked what was to be done in order that the people thereabout could irrigate their lands. The matter was referred to the committee on irrigation, with instructions to inquire into the progress of the canal that was to be dug to afford relief to persons in that neighborhood, and for which the city made an appropriation.

It was decided that the Old Fort Block, recently purchased by the city, should hereafter be known as Pioneer Square.

On motion, it was decided that the control of the City over such streets in the City as are enclosed by fences and occupied by private persons should be acknowledged, and that a nominal rent be required by the committee on streets and alleys for the use of such streets.

In accordance with the petition of certain parties asking for the use of a piece of land in the eastern part of the city for a brick yard, the committee reported favorably, and the petition was granted.

An ordinance amending an ordinance entitled an ordinance in relation to signs and awnings, came up for consideration and passed.

The Council adjourned till next Tuesday evening, at 6:30 o'clock.

A Hint to Musicians.—Of late years the "divine art" has made such progress in Salt Lake, that it is now possible to enter a house where a musical instrument is not or at least ought not to be heard. Musicians have increased correspondingly, until "Professors" are as numerous as colons after a war, and amateurs as thick as flies in August. This is as it should be, for the love and cultivation of music speaks in tones of highest praise for any community. But why should all this talent and cultivation be circumscribed within the corporate limits of our city, when there are so many artists here now, that the best can scarcely make a good living? The community is flooded with music teachers who, if not out of employment entirely, might just as well be, for all the pecuniary benefit they derive from the exercise of their profession.

Now we dislike fault finding, without the suggesting of a remedy, and this is what we wish to offer. Professors of music, go into the outer settlements and pursue your vocations for the refinement and education of the people who are waiting to employ you. Salt Lake can well spare some of you, and her younger sisters north, south, east and west will receive you with open arms. There is Logan, for instance, which will some day be one of our city's most prosperous rivals. Many of her citizens are daily deploring the fact that there is not a competent musical instructor to be found in their midst, and we are confident that not only there, but in other places at this time, when "musical improvement" is the watchword, many young people will at once perceive the necessity of acquiring the art, and with their parents will extend aid and patronage sufficient to justify the advent of a teacher among them.

Round Valley.—Brother Thomas Phillips, of Solpio, Millard County, writes us the particulars of two entertainments given by Bro. Wm. Clegg, of Springville. The first evening he appeared before the Y. M. M. I. A., and after reading some Hebrew, explained in a very interesting manner, the original meaning of many parts of the Scriptures; he read also a beautiful poem of his own composition. The second evening he recited in a very effective manner a piece called Queen Esther, and gave other interesting readings. The people are much delighted at the entertainments given by the gentleman, who has ability, and his performances, we are happy to say, are generally appreciated.

A Molish Apparition.—Last evening, the populace of Main Street was visibly affected by the apparition of a large, white mule, which leisurely strode up the sidewalk, peered in at the Co-op. Drug Store, examined the dress goods in the Emporium window, and a coolly walked off again. It only took a few moments, but that was sufficient for sensitive females to circle a long life of agony into one minute.

Removal.—The stable in the City Hall yard is being removed from its present position to a more sequestered and suitable locality, back of the jail. It now leaves the corner vacant and ready for the promised improvement which is so badly needed.

Arrivals.—Some fresh Celestials from China have arrived in the city, and to-day were being shown around the town by those of their countrymen who are now considered "old residents." Gradually but surely the much-abused people are becoming scattered throughout the country.

Lecture.—Elder Joseph F. Smith is announced to deliver his popular and instructive lecture on the history of the Church, in the 16th Ward School-house, under the auspices of the Y. M. M. I. A. to-morrow evening at 7:30 o'clock. The public are invited. The house is large, but the interesting subject and the ability of the lecturer will doubtless be sufficient to fill it to overflowing.

Epochs of History.—Jas. Dwyer has received another volume in the series of Epochs of Ancient History. It is called the age of the Antonines, and gives a succinct yet graphic history of affairs in the Roman Empire during the second century of the Christian era. It is illustrated with maps and with its companion volumes makes an excellent work for Y. M. M. I. A. and Sunday school libraries. One dollar per volume.

Entertainment.—The programme of a musical and dramatic entertainment to be given to-morrow evening, in the 7th Ward Meeting-house, for the benefit of the Sunday School is laid before us. The performance will consist of piano solos, songs, comic and sentimental recitations, readings, music by the band, etc., and to conclude with a laughable farce called "A charming Pair." Admission 25 cents, reserved seats 50 cents. Fill the house, and besides enjoying yourselves, assist the Sunday School.

Entertainment.—Another vocal and dramatic entertainment is to be given in the 10th Ward Assembly Rooms, for the benefit of the Sunday school. Friday evening, the 28th inst., at 7:30, is the time specified. Part first, will consist of a variety of songs, recitations, dialogues, quartettes, etc.; part second of "Irish Assurance and Yankee Modesty," in which several favorite actors will appear. Mr. E. Schoenfeld is announced as manager and Mr. A. Parsons as accompanist. Tickets 25 cents.

Conference Attraction.—Mr. Phillip Margetta has secured the Theatre for two or more nights during Conference. The famous comedy of "Our Boys" will be one of the plays presented and our country friends will have a rich treat. The comic opera "The Loves of Wolfenstein" will be produced on the evening of the 4th of April, in the social hall. The prestige acquired by its repeated presentation last winter, commends it sufficiently to all who love fun and melody. Friends in the city and from the country will also want to aid the building of the Tabernacle, which is the object of the later performance.

Runaway.—Last evening a young man was loading his wagon with dirt, when his team, a span of colts, became frightened at something and commenced to jump and dance, evidently getting ready for business. He seized one of the animals by the bit, but being kicked and knocked down, the bridle of the horse came off and the team, thus liberated, started on a lively run. They proceeded about a mile and a half, in some instances being very close to the river, and were at last just making a straight shoot for the stream, when a person fishing at the place stopped them. The only damage done was to the knee of the driver and to the spring seal, the latter being thrown out and slightly broken.

The Toole Election.—At two p. m. to-day, the hour fixed for the further hearing of the Toole election dispute, Mr. Rankin, counsel for the "officials," stated, the court, "in misapprehension of the scope of the decision of the Supreme Court, and upon consultation with the counsel on the other side, it was agreed to postpone the case until next Wednesday, when the returns will be made." At that time it is expected the full returns will be produced, and the persons declared elected who received the legal majority; in fact the attorney stated that certain returns had been overlooked or set aside, which should not have been.

It now looks as though justice, though tardy, was about to be given to the long-suffering people of Toole County. The mills of the courts grind slowly, but they sometimes grind exceedingly fine.

Police Court.—Five persons, two men and three women, were arrested yesterday for keeping a disorderly house and disturbing the peace. One of the women was so completely under the influence of liquor that the threats of the police officers had no effect in stopping the torrent of her maudlin and disgusting abuse, so she was locked up until she might become sober. At the examination she was fined \$5, one of the men was fined \$10, and the whole proceedings consisted only of a charivari to two of the parties who were lately married.

A man was arrested for assaulting and threatening a young man of this city, but at the examination the charge was withdrawn.

A young woman who has been charged with stealing jewelry from her employer. She was found guilty and ordered to pay a fine of \$10 and the costs of the court.
