THE EVENING NEWS.

Wednesday, - - March 26, 1873.

PRICE OF GOLD.

Corrected daily by DESERET NATIONAL BANK.

SALT LAKE CITY, March 25, 1873.
Buying at $1.13½. Selling at $1.15½.

LOCAL AND OTHER MATTERS.

STEAMBOATING.—Degrees F. in the shade, at 1 p.m. to-day. changeable, fine.

THEATRE.—The transcendent ability of Miss Dargon was again manifested in her impersonation of "Deborah" last evening. In the more thrilling scenes of which she displayed extraordinary force. The curse scene was painfully realistic and crushingly powerful. She was well supported by the principal members of the local company.

The verdict of many hard to please is that Miss Dargon is one of the ablest, if not the ablest, actress that has ever trod the boards of the Salt Lake Theatre.

This evening Miss Dargon will appear in the character of Lady Macbeth, which a superb representation of the bold, ambitious Scotswoman may be expected.

On Saturday a Dargon matinee is announced.

THE TEAM NUISANCE.—The city regulations regarding teams are to be more strictly enforced than they have been heretofore. Parties exposing hay, coal, wood, lumber, &c., for sale will not be permitted to have their wagons stand upon the streets, but will be required to take them to the Eighth Ward Square, unless they stand in some yard. As many empty wagons as can be accommodated in the City Hall lot will be required to be taken there.

FAVORABLY CONSIDERED.—The City Council look with favor upon Mark Lindsey's gardens as a suitable site for the proposed quarantine hospital, and will probably purchase the grounds, providing they can make satisfactory arrangements about the price. An effort to arrange for the purchase of the site will be made to-morrow.

GONE TO OGDEN.—President Brigham Young, accompanied by most of the members of the City Council and a few others, left this morning, by U. C. R. R. for Ogden. It is expected the party will return this evening.

RECEIVED. — The "Railway Monitor, a Journal of Railroad Intelligence," is a new monthly, devoted to railroad matters, and published at New York, by William H. Rhinehart & Co., 79 and 81, William Street.

ALUMINUM.—Yesterday we were shown by Messrs. Woodhull and Cortlor a quantity of pure aluminum, which had been extracted from material taken from the Mona mine, which is situated about three miles north-east of the City. This aluminum has the appearance of the most delicate frost-work; and when seen through a magnifier is very beautiful. The above named gentlemen purpose presenting a quantity of it to the Deseret Museum.

The Mona is a silver mine and assays $81 to the ton.

EXERCISING.—A number of the employes of Z. C. M. I. grocery department were out in front of the store yesterday afternoon exercising with the "Water Witch" fire engine. It is an excellent "sprouter" for its size.

"BASE BALL" AND "ROUNDERS."—We have heard complaints made more than once lately about the customs many of the youths from twelve to twenty years of age of this city have of gathering on the Arsenal Hill, 3rd East Street, and other localities, on a Sunday, to play at "base ball" or "rounders." These gatherings are generally quite numerous, and the language used by some of the boys is not at all choice. In fact some of it is very improper. We like to see the boys enjoy themselves, and have their fill of harmless fun and frolic; but Sunday is not the day to create such rumpus and noise as are seen and heard during these games, and still less to hear oaths or the name of the Deity taken in vain. Such conduct is a disgrace to those guilty of it and also to their parents, and it would be well if some of the latter would keep a tighter rein on their boys, and prevent them from breaking the Sabbath Day. We are told that there is a city ordinance prohibiting anything of this kind on a Sunday. If this is so, and parents do not take the hint here conveyed, we hope the police officers will make it their business to put a stop to "rounders" and its attendant evils on a Sunday.

A WANE.—There is now no place in the city to which young men and boys can resort during the fine weather for the purpose of playing cricket, base ball, shinny, quoits, or any of those games which tend to develop the physical structure. Such pastimes when indulged in in moderation increase the health, vigor and activity of the young, and it would almost be a boon to them, some place could be provided where they could thus legitimately give vent to a youthful exuberance of animal spirits, and increase their physical powers.

SHOCK OF EARTHQUAKE.—"A. C." writes from Pleasant Grove, March 24:

"About a week ago, on a calm day, a slight shock of earthquake was felt in the North-eastern part of this place, lasting about one minute and a half. In the house where these lines are being penned the pendulum of the clock suddenly ceased its work, and the clock and all the house furniture shook tremblingly. Two men sitting down to eat dinner about half a mile north from here, in a field, felt as if a board were drawn forward and back under them. Simultaneously with this some were also put in motion in the mountains."

MAIL IRREGULARITY.—Four weeks ago last Friday a letter was mailed at Brigham City to a gentleman in this city, but it has never reached the latter. The letter was a somewhat bulky one, and contained private documents of value only to the party to whom they were addressed. It is evident that the fault lies between Ogden and this city, for the Brigham City postmaster makes an affidavit that the letter referred to was mailed and sent from Brigham City, and was inclosed in a package made up by the postmaster, addressed to Salt Lake. The affidavit of the Brigham City postmaster was forwarded to Colonel Wickizer, mail agent for the Territory, and that officer states that he has done all in his power to find the missing letter, but has failed to find any trace of it. This is only one among many instances of the same nature. A letter addressed to another gentleman of this city, and mailed at Brigham City at the same time as the one above referred to, was duly received the following day, but that letter was not a bulky one.

GAMBLERS ARRESTED.—Five gamblers were arrested yesterday and fined $100 each. The fines were paid in every instance.

REMOVED.—The man with the "unpronouncable name" has removed from Groesbeck's Block to premises in Hansen's Buildings, First South street, west of Kimball & Lawrence's.

EXTENSIVE ALTERATIONS.—The extensive alterations being made on the premises of Messrs. Walker Brothers, are now nearly completed. The old timber columns which formerly supported the ceiling of the large front compartment have been removed, and they are supplanted by fluted iron columns, which are surmounted with Corinthian caps. The front compartment will be used entirely for the dry goods business instead of the grocery and dry goods combined. The counters were imported from California, and are of very handsome design. They were put together by Hall, Rose, & Co., builders and house carpenters, who have also done all the other carpenter work of the alterations, and the manner in which it is executed is very creditable to them.

Walker Brothers are about to commence building another addition to their premises, fifty by forty-eight feet and three storeys high. This addition will be put up at the north-west end of the main building, with which it will be connected by means of open archways.

AN ACCEPTABLE TRIBUTE.—We are not partial to the practice of boasting about the DESERET NEWS, but prefer to let it speak for itself. The following notice from *Rawlin Printers' Cabinet*, however, states a fact concerning our type and paper being home-manufactured—a fact that is not generally known by our subscribers—and withal is so kindly written, that we gladly give it space in our columns—

> The *Deseret Evening News*, of Salt Lake City, Utah, the accredited organ of the Mormon Church, and whose editor, Hon. George Q. CANNON, is a delegate to Congress, we believe is the only newspaper in this country, if not in the world, that owns a printing and paper mill for its exclusive use. It also owns its own binderies, book stores and binderies. It is wonderful to think that, where but a few years ago, even as early as 1860, unbleached plain cotton was the only thing in a saleable shape, and no mills in existence in this beautiful city—a metropolis with half a dozen printing offices, one of which makes its own type and paper, prints, stereotypes and binds its own books, gleaning the rags from the wayside, digging the lead from its hills, and making the leather from its hides, and converting all into a finished volume! It cannot be denied that the Salt Lake Valley, with its exhaustless variety of vegetable and mineral products—its great salt sea—is a wonderful place, and the Mormons, with their energy, thrift and peculiar ideas a wonderful people.

RECOVERING.—We learn, by communication from Mr. George E. Bourne, that his brother James is recovering rapidly from smallpox, and it is not expected that the wife and children of the latter will take the disease. None of the members of the family of George E. have ventured nearer to James' house than the sidewalk to leave the supplies needed by the latter while the premises are under quarantine. We are assured that every necessary precaution that could be adopted under the circumstances, to prevent the spread of the contagion has been carried out in this case. Had this strict policy been adopted in every instance of the kind it is probable that the disease would not have spread to the extent that it has.

Mr. Geo. E. Bourne also contradicts the report, published in yesterday's *News*, about a young man visiting the bedside of his Bro. James on Saturday last and afterwards going to a concert. Mr. Bourne says that D. Benedict is the only person who has entered that room since last Saturday morning.

The report originated from a statement made by the young man himself, who said he had shaken hands with Mr. Bourne, but now states he made the remark by way of a joke. Not the right kind of a joke that.

DEFUNCT.—One of the greatest outside aids to the cause of "Mormonism" is officially defunct. We understand that A. S. Gould has resigned his position as the Salt Lake agent of the Associated Press. With regard to his labors in the cause of this community we may state that it was frequently remarked in Congress, during the Frelinghuysen bill agitation, that the lying press dispatches sent from this city did more injury to the cause of the carpet-bag ring than all other things combined. The Ass. Press Agent has gone on a visit to the east, and, we are informed, he never more intends to resume the occupation of sensation dispatch manufacturer.

LATEST BY TELEGRAPH.

SENATE.

WASHINGTON.—Carpenter is elected President pro. tem, during the absence of the Vice President.

A committee on privileges and elections, heretofore instructed to inquire into the most practicable mode of electing the President and Vice President, were given leave to hold their sessions in Washington or elsewhere.

A resolution was adopted calling on the Secretary of the Interior to report to the Senate at the next session, the reason why the pneumatic tube to connect the Capitol with the Government Printing Office had not been completed, how much money had been expended on the same, and all the facts connected therewith.

In the Senate a resolution was adopted calling for information from the treasury and interior department as to the amount of bonds issued on the credit of the Union Pacific Company, forming a lien on the road.

The Senate adopted a resolution in the Patterson case allowing his pamphlet to be filed.

It was voted to adjourn at 4, unless the President had business to communicate.

CHICAGO, 26.—The great snow storm reported here last night appears to have extended over the entire northwest.

NEW YORK.—A special says Julius Ende, who with his wife yesterday attempted suicide at Jamaica, L. I., by opening their veins, was moved to the deed by a misunderstanding with the foreman of the *printing office where he* was employed, and not by the pangs of starvation as reported.

The same special says District Attorney Phelps is making preparations to remove George Francis Train to a lunatic asylum on Ward's Island.

The stockholders of the Bull's Head Bank met this p.m. and resolved to make up the deficiency and resume business. The officers say they have a clue to the guilty parties and will probably have them in custody within a week.

Dion and Mrs. Boucicault became citizens of the United States on Saturday last.

Fechter has declared his intentions.

NEW YORK.—Statements are published, based on a report of the controller, that nearly half a million dollars has been exacted in blackmail within the past few years from stall owners in Washington Market. The market overseers in that time were appointees of the fugitive Connolly and among those benefitted by the steal are several well known members of the ring.

CLEVELAND, O.—Legal measures have been taken at Youngstown, O., which will settle the railroad difficulties in a few days.

The Trumbull County Republican Convention held at Warren today adopted resolutions asking James A. Garfield to resign his seat in the House of Representatives, declaring that by voting for retroactive salary he has forfeited the confidence of his constituents.

LONDON.—It is stated that Wm. E. Gray, the notorious perpetrator of the Wall street forgeries to the amount of three hundred thousand dollars in 1869, is probably one of the chief conspirators in the recent forgeries on the Bank of England. Gray, it will be remembered, is son of ex-Chaplain Gray, of the United States Senate, formerly in an office in Washington, and is one of the most adept forgers known.

Dispatches from Madrid say a ministerial crisis is imminent. The garrison at Barcelona is in open mutiny, the officers are powerless to restore discipline.

A band of Carlists entered the town of Ripoll Gerona committing many excesses.

WASHINGTON.—Senators Brownlow, Cameron, Davis, Edmunds, Flanagan, Hamilton, Md. Hamilton, of Texas, Hamlin, Johnson, Pratt, and Wadleigh, have left Washington. Gilbert, Merriman, and Wright leave to-night. A few Senators will remain here for several days, but the larger number will leave for their respective homes to-morrow. Members of the Senate committee on public buildings will remain here a few days after adjournment to consult as to improvements in the Senate wing of the Capitol building during recess.

DIED.

In this city, on the evening of the 25th of March, Mrs. MARTHA ASHBY STRINGHAM, aged 41 years, widow of the late Brigham Stringham.

Funeral services to-morrow morning at 11 o'clock, at residence in 20th Ward.

CHALLENGE!!
WE CHALLENGE ALL OTHER MAKERS OF
ORGANS
Now offered for sale, at extremely low prices, in this Territory to a trial of the following points of excellence
Power and Quality of Tone,
Variety of Effects,
Beauty of Design,
Excellence of Workmanship,
And Durability.
We claim that the
PRINCE
Is the
BEST ORGAN OFFERED TO THE PUBLIC
In this market and, to convince all that we mean just what we say, we are prepared, at any time, to test our
Prince Organ against the Estey,
as follows:
$125 Prince Organ against $125 to $145 Estey
$150 " " $150 to $175 "
$175 " " $175 to $200 "
$200 " " $200 to $250 "
$270 " " $250 to $350 "
We propose to select our Organist: are willing to accord the same privilege to the contestant, and therefore shall not object to any Organist in America performing on the Estey, not excepting Mr. Estey himself.
Judges, selected in equal numbers by ourselves and the contestant, and an Umpire to be agreed upon by both parties shall decide upon the merits of the Organs.
We would suggest the Music Hall, 14th Ward, as a central, convenient place in which to have the Organs tested.
J. DAYNES & SON,
Two Doors East of Godbe's Drug Store.

THIS IS THE
MEDICINE OF NATURE.
HE WHO CURES IS THE BEST PHYSICIAN.
PLANT'S
HERBAL MEDICINE STORES,
10th Ward—E. L. PLANT.
Composition Essence.
"Composition" is extensively used and much valued in Colds, Influenza, Pains in the Stomach and Bowels, Bowel Complaints, Cold Feet, Cold Hands, &c. &c. As a general remedy it is a fine preventive of Colds, if taken freely, and the best substitute for all stimulants used by parties exposed to cold weather. Many find it is used as a substitute for t
