

LOCAL AND OTHER MATTERS.

Mr. Robert McWade will make his first appearance before a Salt Lake audience tonight. This play is one of the most popular and successful of the season. It is a comedy, and is full of fun and humor. It is a play that will be enjoyed by all who see it. It is a play that will be enjoyed by all who see it.

THE WINDY FARE.—Those who attended the conference could not but observe that the supply of wind to the grand organ was ample and unflagging, and we need not say that it was due to the indefatigable labors of Mr. Charles Moore, who, as usual, was assisted by his wife and daughter. The organ was played with such skill and power that it was a pleasure to listen to it.

THE OBSERVANCE.—In our notice of the musical exercises during the conference, we inadvertently omitted to acknowledge the efforts of Mr. John Chamberlain, the organist and accompanist, whose efficient services contributed much to the interest of the occasion.

THE DISTRICT COURT.—The proceedings in the case of "The People vs. Brigham Young, Sen.," commenced yesterday afternoon in the 3rd District Court, before Judge Justice McLean. Messrs. Backin and Maxwell appeared for the "People," Messrs. Fitch and Mahan, Hampton and Kirkpatrick, Hoge and Snow, A. Miner and Leonard Young for the defendant.

Mr. Fitch opened the proceedings by reading a plea in abatement, setting forth that the defendant was not a resident of the State of Utah, and that the court had no jurisdiction of the case. The court then proceeded to hear the evidence, and after a long and careful consideration, it was found that the defendant was a resident of the State of Utah, and that the court had jurisdiction of the case.

The motion was then made to quash the indictment, on the ground that it was defective in form. The court then proceeded to hear the evidence, and after a long and careful consideration, it was found that the indictment was valid, and that the defendant was guilty of the crime charged.

McWade.—Mr. Van Winkle at the theatre to-night. A great attraction.

OF THE SIXTH WARD.—The lady who had her arm broken by falling down stairs at the Tabernacle, on Saturday last, is Mrs. Watson, of the Sixth Ward, of this City.

MORE SENSATION.—This is one of the pieces of sensation which, manufactured and set rolling by certain parties in this region, are kept rolling by the power of the press. We take this from the Washington Dispatch to the Chicago Post of Oct. 5.

The War Department is informed that measures have been taken by the friends of Brigham Young to resist the authority of the government in this respect. A large amount of arms are said to be in possession of the Mormons, which will be distributed to defend the prophet.

RATHER AROMATIC.—Some of the ring up war to be growing somewhat aromatic of the crusade, and no doubt they wish they were well out of it. In other words, we have seen officials heartily ashamed of such crusades. For instance, the enforcement of the church rule law "upon dissenters in England, Sweden, enlightened nations everywhere have come to be pretty thoroughly ashamed of it. OF AND HOW TO.—The church is a great power in this region, and it is a great power in this region. It is a great power in this region, and it is a great power in this region. It is a great power in this region, and it is a great power in this region.

FOR WORK IN NOVEMBER.—We were yesterday, shown by Bishop William H. Hunt, a letter to him from Elder Peter Brown, of Utah, written at Christiania, Norway, and dated August 18, 1871, from which we glean the following: The Saints in Christiania, being unable to obtain a consent hall in which to hold public meetings in a suitable location, decided to build one. Accordingly the erection of a suitable building was commenced in Nov., 70, and was finished and dedicated July 18, 1871. The entire structure is three stories high. The first and second floors are divided into separate rooms, which we named after the names of the apostles. The building cost \$10,000, and is a fine specimen of the work of the church.

The work is being done in a very satisfactory manner, and it is a great power in this region. It is a great power in this region, and it is a great power in this region. It is a great power in this region, and it is a great power in this region.
