President Sends Special Message To Congress Explaining Government's Attitude.

APPRECIATED BUT REFUSED.

Could Not be Accepted Officially --Promptly Offered by Entire Civilized World.

Washington, May 3 .- A special message was sent to Congress today by President Roosevelt in which he explained the attitude of this government regarding the offer of contributions to sufferers from foreign countries.

The president says that where the contributions were made to this government, he did not feel warranted in accepting them, but where they were made to the citizens' relief committee of San Francisco, no official action was or could be taken in regard to them. The message indicates that the governments of the entire civilized world promptly responded in messages of symparthy and many of them with contributions or offers of contributions.

THE MESSAGE. The text of the message is in part Immediately after the disaster at San Francisco many offers of assistance in the shape of contributions were tendered by foreign individuals. corporations, governments and munici-palities. The Canadian government palities. The Canadian government, with an instant generosity peculiarly pleasant as a proof of the close and friendly ties which knit us to our neighbors of the north offered to pass a resolution appropriating \$100,000 for the relief of the sufferers by earthquake and fire. With a generosity could be marked and canadia appropriate. quake and are. With a generosity equally marked and equally appreciated the republic of Mexico, our nearest neighbor to the south, voted to appropriate \$20,000 and the republic of Guatemala voted to appropriate \$10,000 for the same purpose. The empress of China in addition to sending money to be used for the Chinese who suffered in San Francisco, offered to send more than double as much to be send more than double as much to be used for the inhabitants generally. The Japanese government immediately offered to send across the ocean one of their beautifully equipped hospital ships to be used in any way for the sufferers and also offered 200,000 yen to the relief committee in addition to more than 100,000 yen sent by Japanese subjects. The government of fardistant New Zealand voted \$25,000. The government of Martinique voted 1,000 francs, the municipality of Edmonton, Canada, \$1,000. Many municipalities, corporations and individuals in England, Germany, France, Japan, Cuba and other countries proffered aid.

LIFE'S RACE IS OVER.

Aged and Honored Mother of President Francis M. Lyman is Dead.

A good woman, one of the veterans of the Church, passed peacefully away at noon today, going into her long last sleep as quietly and calmly as a child goes to its noonday rest. This woman was Mrs. Louisa Maria Tanner Lyman, mother of President Francis M. Lyman. Her span of life was compassed by a Her span of life was compassed by a period of \$7 years, five months and five days, and to the very last her vigor of mind and body remained with her to a remarkable degree. In fact, so pronounced was it that she attended to all her wants without assistance. When she retired last night she was in her customary good health, and there was no suspicion that she was so near the end of life's journey until an attempt was made to awaken her this morning. Then she falled to respond, and it was ascertained that she was in a deep slumber, and in that slumber she romained until 12:10 today, when her spirit took its flight.

Death occurred at the residence of her daughter, Mrs. Hyrum S. Coombs, 3 Cottage court. President Lyman and other members of the family were in other members of the family were in attendance and witnessed the gradual going out of the randle of fife, the spark of which flickered so faintly for so many hours. Sister Lyman was a friend of the Prophet Joseph and was familiar, by personal experience, with every phase of the trials and tribulations that have been the public of the tions that have beset the paths of the Latter-day Saints with whom she has been associated for so long a time. BISTES TO MANAGE WHITE CITY PARK

Goes to Take Charge of Vaudeville at Chicago's Coney Island.

EXPECTS TO RETURN IN FALL.

Orpheum Figuring With Majestic Stock Company of San Francisco for Summer Run.

Jules F. Bistes, resident manager of the Orpheum, has accepted the managership of the vaudeville attractions in White City park, the Coney Island of Chicago, and proposes to clean up his business here following the closing of the local house on Saturday night, and board the overland limited for Chicago on Wednesday.

Mr. Bistos intends, however, accordng to his present plans, to return to Salt Lake when the Orpheum opens for the season in the fall. It is understood that Salt Lake has made a hit with the Orpheum circuit and has he distinction of being one of the few lities invaded by the circuit where the introduction of modern vaudeville has been a paying proposition from the start. In some cities it took lots of hard work and time to educate the public to vaudeville so that it became a paying proposition, and in some cases, notably St. Joseph, Mo., the eld was abandoned after a fortune

Next season the management proorder here since the house opened and, the leading European features, and the big road show will appear at the State street house.

BIDDING FOR ORPHEUM.

At least seven companies, playing on the coast, and caught in the San Francisco calamity, have written the management asking to lease the Or-pheum for a run of several weeks. Among the most notable is the stock company which was burned out of the Majestic theater, San Francisco, Today the leading man, Mr. McLain, was here in consultation with the directors who were at once favorably impressed with the idea. The proposition is to present repertoire and the company, he declares to be equal to the Florance Roberts organization as regards talent. The members lost their all in the fire and are willing, it is said, to play on duced salaries in order to get on

It was learned this afternoon that the Orphesum management is seriously onsidering the question of closing with considering the question of closing with the Majestic stock company and giving it the right of way for a period of six weeks beginning one week from Monday next. But there is some opposition on the ground that it will be impossible for the decorators, with whom they already have a contract, doing their work before the opening of the fall season, should the Majestic be allowed to come in. It has been suggested that the agreement with the decorators be modified but then that is said to be not easy, besides it will interfere with if rot entirely prevent the decoration of the house as heretofore designed. the house as heretofore designed.

CAPITAL STOCK REDUCED.

Action Taken by Stockholders of Continental Life Company.

There was a meeting of the stockholders of the Continental Life & Investment company yesterday afternoon, in the company's Atlas block offices, where 2,000 shares, or over two-thirds of the paid up capital stock two-tairds of the paid up capital stock were represented. It was unanimously decided to reduce the capital stock from \$500,000 to \$375,000, or from \$100 to \$75 per share. Secy. Wylie stated that there was no other business transacted at the meeting. The expectation of the company of the com ecutive committee of the company is meeting this afternoon.

Tourist May Have Doubts About Value Of "American" Administration.

There was a German tourist in Salt Lake this morning who came here with good opinion of Sait Lake. He left the city with that opinion badly shak-

He had probably read that surething nen, grafters, thugs and thieves had been driven out of the city by the "American" party reform administra-tion. Therefore, it was with a belief of perfect safety that he wended his way bout town this morning, and finally ell in with two obliging strangers who colunteered to show him the sights in volunteered to show him the sights in the Tabernacle grounds. The next thing they showed him was

a cute little lock. The same old story— the stranger was separated from \$100, and also from the obliging strangers. Then, he rushed down the street and made a "holler" to a policeman. The unfortunate man, who spoke imperfect English, told the officer his name, but the latter could had remember. he latter could not remember it.
The German probably does not feet
ike saying: "Thank God for the American city administration."

THE RONEY BOYS: A WATERMELON PARTY.

"Roney's Boys," five in number and constituting the only concert company of its kind in America, will make their rst appeaance in Salt Lake Saturda) fternoon and evening, Henry B. Chilon with his five singing boys and also filled engagements in Canada and Cuba. While on the road the boys receive an education, visit all points of interest in every section of the country toured and enjoy other privileges which the ordinary boy does not have. "Roney's Boys" are not related to their instructor, but are selected because of their vocal and musical ability. When their volces change or they, themselves become too old for their parts, they are returned to their homes and new candidates chosen. The "Roney' boy may be cight or 14, but he is seldom eluer than 15.

Henry B. Roney was for years a cholmaster and organist in the Grace Episcopal church, Chicago, About 19 years ago he conducted the memorable tours of Blatchford Kavenaugh, the then great boy soprano. Mr. Roney organized at this time a concert company composed of five young boys. The personnel of the company changes yearly but the company still numbers five, and this year's includes Tracy Holbrook, the young violin virtuoso. Mr. Roney's duties as guide, teacher, conductor, trainer and mother and father to these healthy, active young Americans, are not simple nor easy. Their voices, clothes, education, training—all are arranged and superinteded by Mr. Roney, under whose personal care the boys spend every moment while on their tours. While the company was filling an engagement in Texas some time ago the hows enjoyed a "watermelon" party and rearly drove their manager into nevrous prostration. During their stay in one of the hotels the boys struck up an acquaintance with the hotel manager's son, a 12-year-old, active brisaned strong limbed lad. At the supper table Henry, for that was his name, described the fun and sport of watermelon stealing in glowing words and vivid pictures. The Roney boys said nothing but did some deep thinking. After supper six boys stole siently out of the hotel and hurried with cautious steps towards the edge of the town, Mr. Roney was half-crazed mith anxiety. Searching parties had been organized and sent in all dire

abouts!
The suspense was relieved in a laughable manuer, although Mr. Roney confesses he laughed through sheer relief and not because he saw the ridiculous side of the situation. From the darkness and the doorway of the hotel, emerged six shamefaced boys, with mouths and eyes suspiciously wet. To the rear was a farmer whose appearance was rendered threatening by an old rusty gun he carried in his hand. The sight was too much for the guests in the hotel office and a hearty laugh was enjoyed by all present. Mr. Roney muttered a faint but thankful.

"Oh".
"Be these your boys?" asked the farmer, indicating with the gun, the six boys.
"They are!" answered Mr. Roney.
"Well, they've bin in my melon patch and busted two dollars worth of vines," retorted the rustic.
"Here's your two, dallars! Keep the change!" Mr. Roney almost shouted, thrusting a dive dollar note in the farmer's hand. The boys sang that night in their usual brilliant siyle, but the delighted audience little knew that beneath the cassocks and surplices of the five little "choir boys" beat five boyish hearts thrilled with their evening's escapade in a watermelon field.

THANKS SALT LAKE.

Also Mrs. Plaisted for Sending Bread To San Francisco Sufferers.

Editor Descret News: San Francisco, April 30.-Gentlemen-To illustrate to the good people of Salt Lake City and particularly to Mrs. I. A. Plaisted, who baked bread which came in car to San Francisco, I enclose you the original card and further desire on behalf of the Woodmen of the World of San Francisco, to whom the box was distributed, to thank your citizens for the relief extended. The W. O. W. have established four relief stations, and are serving over 2,000 meals daily. We are doing this for single men particularly as families are now fast being well provided for. With all our suffering no one is downcast now, all have faith in the future of our beloved city, and the loyalty of San Franciscans will eventually present to the world the greater San Francisco risen. Phoenix like, from the ashes, erected by willing hands, and assisted by our fellow citizens in these United States. Thanking the good people of Salt Lake on hebalf of the W. O. STOCKS WERE **MUCH STRONGER**

The Panicky Feeling That Pervaded Wall Street Yesterday Not in Evidence.

SOME HEAVY TRANSACTIONS.

There Were Quite a Number of Good Gains Which Were Lost When Selling Began.

New York, May 3 .- Prices in the stock market today opened generally higher than last night with very heavy transactions in individual stocks. in the body of the list the gains were restricted to small fractions but in special instances there were wide rebounds. Northern Pacific rose 4. Great Northern preferred 21/2. Anaconda, Northwestern and Pacific Coast 2, Wabash preferred, Minneapolis, St. Paul & Saulte Ste Marie and Texas & Pacific 11/2 Reading and C. C. & St. L. 14. and a large number of prominent speculative stocks from a large fraction

to a point.

Belated openings at advances of a point or more occurred while the general market was showing heaviness on a realizing movement that started after the trading had been well under way. In the gains referred to, Union Pacific was the most conspicuous stock, but its rise, as well as that of other leaders, was lost when the selling commenced. Reading led a snarp break before II o'clock. Its decline reached 24. Nashville, Chattanoega & St. Louis sold at a decline of 9. Anaconda 7. Smelting, Great Northern preferred and Manhattan 2. Colorado Fuel and Canadian Pacific 1% and St. Paul, Missouri Pacific, Pennsylvania, D. & R. G., Amalgamated Copper, U. S. Steel, Brooklyn Transit, Locomotive, American Car 1 to 1½. The market became much more active on the break, but supporting orders appeared, and prices railled before the end of the hour.

and prices railled before the end of the hour.

Support for Reading and its recovery to ahove 115 yielded apprehension of a renewal of liquidation. A sensational recovery followed all around, but the activity of the dealings diminished. The New York Traction stocks were sharply depressed. Metropolitan Street Railway dropped 4½. Interforough preferred 2. New York, Chicago & St. Louis second preferred 6. Mianeapolis & St. Louis 1½, Sugar 1½, and a number of others a point or more. A brisk demand developed before noon which carried prices generally upwards. Tennessee Coal rose 1½ above last night and Railway Steel Spring 1½. Bonds were irregular at noon.

The tone of speculation turned quite strong after 12 and there was a sharp rise all through the list. Heading, Union Pacific and Great Northern preferred sold fractionally above the high price of the forenoon and there was a general rebound to the opening figures or above. Business which had been large at the rise began to slacken when the market eased of at 1 o'clock. National Lead improved 2½, International Pump and Vulcan Dethning perferred 2 and New York Central, Eric, first and second preferred. Brocklyn Transit and the Smelling late in the day.

A spasm of selling late in the day forced the prominent stocks down from 1 to 2 points from their hest prices and carried back Amalgamated Copper to 884, the lowest of the day, Intermittent rallies were poorly held and the market was under considerable pressure again at 2 o'clock. Central Railroad of New Jersey and Smelting preferred gained 2, Westinghouse 3 and Lackawanna 4.
