California Gas Co. Deal.

San rancisco, March 1.-The Califor-nia Gas and Electric corporation has consummated an important deal in this city by the purchase of the system of the Standard Electric company of California and the United Gas and Electric company. This gives the California Gas and Electric company a monopoly in the supplying of electrical power to 20 of the principal counties in the state. Both of the companies absorbed are extensive concerns, heavily capitalized. The Standard had a capitalization of \$5,000,000 authorized stock and \$5,000,000 in bonds, all issued and outstanding. The United Gas was capitalized at \$2, 500,000 in authorized stock, of which \$2,286,000 is outstanding and \$2,000,000 in

authorized bonds of which \$1,100,000 is outstanding. The purchase price paid for these two companies by the Cali-fornia Gas and Electric company has not been made public, but it is said to be a high one. The Standard Electric company's main plant is in Amador county. It supplies Sacramento San Joaquin counties, joining with the United Gas and Electric company in supplying the counties around San Francisco bay, its lines running through San Jose up the west side of the bay into this city.

All Jews Living in Siberia Ordered to Return to Russia.

A Hebrew resident of this city calls attention to the fact that the Jewish Gazette of New York, in a recent issue, prints an edict from the czar of Russia ordering all Jews living in Siberla, and in the immediate neighborhood of a railroad, to march back to Russia and leave everything behind them. There are between 3,000 and 4,000 Hebrews in that section and the order is regarded as a direct attempt on the part of the Rissian government to impose perhaps fatal hardships on these people, as it is said that the long journey will mean death to hundreds, particularly women and children. The fear is that the Jews living in Siberia may give out valuable information to the enemy in the present struggle, hence the order of banish ment here referred to. As the Gazette is published in Hebrew a literal translation of the order could not be had.
