DEATH OF A FAMOUS X-PESTAN.

Peculiar Case of Partial Insanity—
Stained Prospect for Arizona
and New Mexico.

LONDON, Dec. 14.—The Standard, reporting on the Hawaiian question, says: A knot of merchants, speculators and other swells who planned and carried out the revolution in Hawaii and constitute themselves a provisional government, are as might be expected, furiously at President Cleveland for having decided that the United States must decline to accept the islands offered by American citizens. No other nation could have been expected from the money-lenders, speculators, and other satanic group of adventurers who thought they would be astoundingly naked in a friendly country for what they had really done for personal advantage.

A STRANGE CASE.

A Doctor Becomes Partially Insane
After Vaccination.

NEW YORK, Dec. 14.—Dr. Samuel J. Ossar, a young promising physician and surgeon of European origin, has been committed to the care of the nearly omnipotent to be examined at his insanity. Dr. Ossar is 23 years of age and lives at Rosedale, Oregon, West Bronx, New York, and he came to the city to take the place of his father, Dr. Charles Ossar, who died. He came bound himself strictly to studies until September when he returned home for his first vacation. He started for New

York about the Christmas, staying at least with his father. While there he became possessed of a desire to become a doctor, and he began planning for the purpose, or seeking his way. When he reached that city his son was still ignorant in the ways, though he is greatly interested in the medical profession, especially in the study of diseases, and he has made a great many progress in his studies. He was educated at the University of Michigan, and he has now completed his course in medicine and is a doctor.
