SOUTHERN CONFERENCE.

We are indebted to the courtesy of Elder Albert Carrington, Church Historian, for the following minutes of the:

SEMI-ANNUAL CONFERENCE OF THE SOUTHERN MISSION.

ST. GEORGE, UTAH,
Friday, Nov. 4th, 1870.
10 o'clock a.m.

Meeting called to order by Elder Joseph W. Young.
Singing.
Prayer by Elder Henry Harriman.

Elder Joseph W. Young delivered some preliminary remarks, setting forth the benefits resulting from the Saints assembling themselves in Conferences and other meetings.
Elder James G. Bleak spoke of the individual responsibilities resting upon the Latter-day Saints.

President E. Snow, among other things, referred to some of the subjects dwelt upon at the recent Conference held in Salt Lake City.

Benediction by Elder Joseph W. Young.
2 p.m.

Singing.
Prayer by Bishop J. T. Willis.

Elder Harrison Burgess spoke of the providences of the Lord exhibited in the history of the Latter-day Saints. He referred to several incidents occurring in his experience of thirty-eight years in the Church.

Elder Miles Romney stated that he had been in the Church since 1837, having been baptized among the first in England. He bore testimony to the truth of the work of God in the last days.

Bishop Edward Bunker spoke of the manifest goodness of God in preserving the Latter-day Saints from the wiles of their enemies. He warmly exhorted the people to pay their just debts promptly.

Elder Joseph W. Young spoke of the necessity of the youthful portion of the community keeping themselves subject to the wholesome restraints of their parents and guardians.

Singing.
Benediction by Elder Charles Smith.
Saturday, Nov. 5th, 1870.
10 a.m.

Singing.
Prayer by Elder John Nebecker.

Singing.
Elder Levi W. Hancock briefly related a few incidents of his forty years' experience in the Church, concluding by expressing an earnest desire to continue in well-doing.

President E. Snow said he would like the speakers to instruct the assembled people on the principle of co-operation. He reviewed the exertions of the people of the Southern Mission in enlarging the Cotton Factory and in procuring from the East, a large importation of machinery for the purpose of making cotton and woolen goods. He invited the Bishops and others present to hand in lists of names of good, faithful and industrious men living in the North for submission to the First Presidency, for the purpose of having them called as missionaries to St. George, Santa Clara and Washington. He concluded by instructing the people in the duty of paying their tithing, county and other taxes and all just dues promptly.

Elder Jacob Gates said he had been in the Church more than thirty-five years, and reviewed some of the evidences of spiritual growth among the people; after which he urged the necessity of co-operation in temporal affairs, that we may increase material wealth. He concluded by earnestly exhorting the people to increased faithfulness.

Singing.
Benediction by Elder Joseph W. Young.
2 p.m.

Singing.
Prayer by Elder Jacob Gates.

Elder Henry Harriman spoke of the protecting power of God that has been over His people in the present age. He exhorted the people to unite their temporal interests, especially in manufactures and in stock raising.

Elder John Bennion expressed his appreciation of the privilege of meeting with the people in Conference. He spoke of the advantages of co-operative sheep culture and of the improved state of the wool market consequent upon the establishment of cloth factories in our settlements.

Elder Joseph W. Young said the people should be encouraged spiritually and temporally, by the progress they had made in obeying the gospel. He gave who some counsel to the youth of the community to rightly order their lives, advising that they do unto others as they would have others do unto them. He referred to the benefits resulting from co-operation in merchandizing, manufacturing and stock raising, and advocated the increased raising of cotton. He spoke strongly against the youth of the community reading the trashy novels and periodicals issued so largely by the cheap press of the country.

Singing.
Benediction by President Erastus Snow.
8 p.m.

A priesthood meeting convened which, after singing and prayer by Bishop Edward Bunker, was addressed by Bishop W. W. McArthur, Elder Wm. Carter, Bishop J. T. Willis and President E. Snow.

(To be continued.)

John B. Gough tells the following story, though the joke be at his own expense. Once while on a lecturing tour throughout England, he was introduced to a village audience in these terms:
"Ladies and gentlemen, I've the honor to introduce to you the distinguished lecturer, Mr. John B. Gough, who will address us on the subject of temperance. You know that temperance is thought to be rather a dry subject; but to-night, as we listen to our friend, the doctor from Dover the hocus, we may 'ope to 'ave the miracle of Samson repeated, and to be refreshed with water from the jawbone of hase!"

SINGER'S

New Improved Silent

FAMILY SEWING MACHINES

ARE

The Best in the World.

Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable.

It is simple, compact, durable, beautiful, quiet, light-running, and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, on anything between the two extremes. In the most beautiful and substantial manner.

The New Improved Attachments for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (at the same time) Self-Sewing, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and practical, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.

New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of wood, such as black Walnut, Mahogany, Rosewood, Slatwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.

In the Singer the work is fed or passed through the Machine in the natural direction, namely, from the operator, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.

The Singer uses a SHORT STRAIGHT NEEDLE, which is not liable to break or miss the stitch. Many other Machines use a long, crooked needle, which is liable to break and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not require to be oiled. Other Machines drive their Shuttles in a race, thus causing great wear, and requiring oil, soiling the thread and goods.

On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, without the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the

Oldest Practical Sewing Machine.

Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital, it is now directed of all unnecessary parts and possesses All the Very Latest Inventions and Improvements, and is the only Machine sold on Honest City as all its parts are Practical and will do all that is claimed for them. Some other Machines are greatly complicated, to the disadvantage of the user, and thus are rendered liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those who utterly fail on other Machines.

SINGER'S

New Manufacturing Machines

Claim the same advantages over others of their class as the new Family Machines. These old and well-tried Sewing Machines are applied to all kinds of heavy and light manufacturing in Cloth, Leather, etc., and run in the most perfect and reliable manner without trouble to the operator.

Without any previous advertisement, the Demand for the Singer Machine is so great that we have been unable to retain even one Machine to exhibit. All sold, but a large number are now on the way from New York and

WILL ARRIVE IN A FEW DAYS.

They will consist of the Different Varieties made by the Sewing Machine Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on

EASY MONTHLY INSTALLMENTS

So that all may possess one of these Blessings.

For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the institution and will also impart to purchasers all needed instruction, so that they can at once commence work.

We resort to no tricky whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.

We have been so fortunate as to secure the

General Central Agency,

For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.

We Guarantee every Machine we sell to give entire satisfaction.

THE FOLLOWING STATEMENT made by the FIRST PURCHASERS OF FLORENCE SEWING MACHINES on the Pacific Coast, including ALL who bought in 1855, whose present residences are known, is conclusive evidence of the great superiority and unrivaled excellence of the FLORENCE, and is the best testimonial ever given in favor of any Sewing Machine:

Statement made May, 1870:

"Our Machines sew as well now, and are as good for use in every respect, as they were when purchased nearly seven years ago, and they HAVE NEVER CORRUPTED, RUSTED, OR REQUIRED REPAIRS. We recommend the FLORENCE as being without exception the very best, most reliable and least complicated Sewing Machine in use."
