

## REPORTS PILE UP BEFORE GOVERNOR

Changing of Fiscal Year Appears  
To Have Been a Wise  
Act.

OFFICES LEFT IN GOOD ORDER

Early Elected Officials Now Enter  
Their Duty Without Unfinished  
Business Before Them.

The beneficial effects of the law passed by the sixth session of the state legislature in 1905, changing the date of the ending of the fiscal year to Nov. 30, instead of Dec. 31, as heretofore, is beginning to be felt in the appearance of annual reports with which the governor's office is now being flooded. The change came about as the result of years of experience on the subject, and the bill authorizing the change was introduced into the senate of the 1905 session by Senator Hollingsworth of Ogden, who came to the legislature after serving as county clerk of Weber county and learned what the value of an early report would be to the state. Changing the end of the fiscal year to Nov. 30, for instance, enables outgoing state officials to complete the record of their administration in regard to all state institutions before the completion of their terms of office, and the business of the commonwealth is wound up and in order prior to the commencement of each new year.

### STATISTICAL REPORT.

Among the reports received by Governor Miller is the one submitted yesterday by State Auditor J. A. Edwards, of the statistical department of the state. The head of the department of statistics is H. A. McMillin, and the report which was prepared by Mr. McMillin, covers 50 pages of typewritten matter, and embraces a large number of subjects. The report sees nothing ahead for Utah except prosperity, relating that the state's resources are practically unlimited. Stress is laid upon the agricultural possibilities of the state. Of the 55,000,000 acres of land in Utah, at least 20,000,000 are susceptible of cultivation under irrigation. The opportunities for home ownership are unlimited, embracing land which under proper care is worth up to \$70 an acre. It is the opinion of the office, based on statistical returns, that, rich as the mines may be, and valuable as their product may be, agriculture will lead soon.

The report continues: "Our state stands today unmatched in rapid development. The golden promise is pre-eminent and the inducements she is able to offer to men with nerve, brains, energy and capital are unparalleled. Mountains, stored with untold treasures, her plains extensive enough to be a nation's granary, and mountain and plain vying with each other in their adaptability to yield the wealth of the world, a climate matchless in its salubrity, the opportunity for successful enterprise is indeed bewildering.

### THE FUTURE'S PROMISE.

"This heritage of wealth—made possible by the sacrifice of the pioneers—was, fortunately for succeeding generations, built upon foundations both broad and deep, and the superstructure now being raised thereon is massive and substantial, and future years

## Dr. PRICE'S

### CREAM BAKING POWDER

Made from healthful  
grape cream of tartar

Will make twice as much good bread, biscuit and cake, pound for pound, as the low priced imitations made from alum and alum phosphates, and will make the food appetizing and healthful.

Dr. Price's Cream Baking Powder is not only economical but makes the food more wholesome.

will witness the arduousness of the noble work, made glorious and lasting by the efforts of a prosperous and contented people, enjoying the fruits of their toil, amid the countless blessings of this great commonwealth.

"Our per capita of wealth production is rapidly increasing, placing our state in that regard in the first ranks in the Union.

"Land is rapidly increasing in value, vast irrigation projects are under way; railroad extension is in evidence throughout the state; new coal fields are being developed; our oil fields rival those of California; our vast beds of copper promise to supplant the supremacy of Michigan or Montana; no longer has this or neighboring states need to send to Venezuela for material for road building, for here in Utah, is a world's supply of asphaltum; new silver and lead deposits are being discovered and the beds of marble and other building material now in course of development bid fair to rival in quantity and quality those of Vermont and Indiana.

The report of the juvenile court for Salt Lake county was also submitted to the governor yesterday. The report is signed by Chief Probation Officer Guardello Brown, and includes a recommendation for more probation officers, and for a girls' detention home. The ineffectiveness of the present curfew ordinance is made the subject of suggestions, also, and some necessary changes in the statute are advocated.

A summary of the report shows that 1,161 cases of boys were handled during the year and 144 cases of girls. Of the boys' cases, 694 were disposed of out of court, and 467 in court; of the girls, 58 were handled out of court, and 86 in court. Forty-one of the bad boys presented in court were sent to the Utah training school. Here is

how the rest of the boys' cases were disposed of:

Dismissed upon insufficient evidence, 14; dismissed with admonition, 88; released on probation, 294; under suspended sentence, 10; cases continued, 46; placed in institutions other than the training or industrial school, 1.

The 86 girls' cases were disposed of as follows: Dismissed upon insufficient evidence, 6; dismissed with admonition, 4; released on probation, 21; committed to the industrial school, 21; under suspended sentence, 2; cases continued, 14; committed to the Home of the Good Shepherd, 2; placed in orphanages, 6.

### ADULTS DELINQUENT.

Fifty-six adults, charged with contributing to the delinquency of juveniles, were haled before the juvenile court. There were 25 cases of delinquency under the age of 7, 11 of which were disposed of out of court and the rest in court.

Probation Officer Brown, in his report, recommends that one probation officer for each 10,000 population be appointed, and that the provision in the law requiring officers arresting juveniles for violation of the curfew law to take the offenders to their parents before placing them in confinement be stricken out.

### BRIDE'S TROUSSEAU STOLEN.

Mr. and Mrs. J. M. Snow Meet Unpleasant Experience in Old Mexico.

Mr. and Mrs. J. M. Snow, of 254 West First North, have returned home from a wedding tour through Old Mexico. Leaving this city Oct. 21, they checked two trunks of baggage to Mexico City,

taking with them only suit cases. The baggage checks were forwarded to a hotel in the Mexican city, with instructions that the trunks were to be kept pending arrival of the owners.

Arriving at their destination, the bride couple could not find their baggage, the hotel people claiming to know nothing of the whereabouts, but admitting that they had received the checks. Finally a dress and hat belonging to Mrs. Snow were found adorning the person of another woman, and a colored maid was found wearing trousers owned by Mr. Snow. Investigation developed the fact that the checks had been stolen from the hotel clerk, and the stolen goods were had been appropriated. A suit against the hotel has been instituted by Mr. Snow, with good chances of recovering the value of the lost property, amounting to about \$1,400.

### SOCIAL AND PERSONAL.

Mrs. W. H. Cunningham is hostess at a large tea this afternoon at her home on U street. The decorations are in the Christmas reds and greens, holly wreaths and sprays being used throughout. With four or five guests, the dining room being especially attractive with its table lit with red-shaded lights and basket of American Beauties forming the centerpiece. Assisting the hostess is Mrs. John Zane, while Mrs. W. A. Cavanaugh and Mrs. L. L. Terry preside in the dining room assisted by the Mesdames Leary, Moore, Baer, Niles and McMillan. Mrs. Savatelli and Miss Gledes serve punch, and assisting in entertaining are Mrs. John Dorn, Mrs. Robert Glendinning, Mrs. A. D. Cleveland, Mrs. C. M. Pearsall, Mrs. Donald and Mrs. J. C. The Hawaiian minstrels furnish music during the afternoon.

Another of this afternoon's hostesses is Mrs. F. A. Druehl, who is entertaining in honor of Mrs. Hugo Druehl. The rooms are beautifully decorated, the reception room in pink carnations and plumosa, the library in yellow chrysanthemums, palms and pink hostas, the hall in red, and the smoking room in pink carnations and pink shaded lights, while in the dining room the Christmas idea prevails, the table having for a centerpiece a basket twined with holly and evergreens, the candelabra having red shades and the holly and evergreen being seen on the sideboard and all about the room. The hostess is assisted by the guest of honor and Mrs. Milton Lippman, the dining room is in charge of Mrs. C. G. Plummer and Mrs. Louis Cohn assisted by Miss Edna Cohn, Mrs. M. L. Oglesby and Mrs. Walter Cohn, while Miss June Oglesby has charge of the door. A large number of guests are in attendance.

Mr. and Mrs. Arthur Bird entertained at dinner last night at their home, the table being decorated in carnations and covers laid for about a dozen.

Mrs. Elizabeth Bonnemort returns tonight from her eastern trip.

Miss Luvera Snow is expected to arrive this evening to spend the holidays with her aunt, Mrs. J. E. Grant.

Miss Grace Bettles has returned from a trip to Los Angeles.

The College club meets this afternoon with Mrs. M. A. Daugherty.

Mrs. C. H. Griffin will return next week from an extended eastern trip.

Mrs. Louis B. McCormick entertained at a luncheon yesterday for Mrs. Hoyt Sherman, the decorations being in white carnations and covers laid for Mrs. George J. Gibson, Mrs. Thomas Weir, Mrs. Harkness, Mrs. Mary Judge, Mrs. George P. Holman, Mrs. William McCaskill, Mrs. George Y. Wallace, Mrs. David Keith and Miss Keogh.

Yesterday Mrs. Glen R. Bothwell was hostess at a bridge party the decorations being in Christmas bells and holly and 11 tables played. Mrs. George A. Steiner and Mrs. R. E. McConaughy assisted in serving and the prizes of the afternoon were awarded Mrs. C. H. McMillan, Mrs. J. J. Buswell, Mrs. E. E. McConaughy, Mrs. M. T. Fahy, Mrs. A. H. Boxrud, Mrs. Allen, Mrs. E. D. Miller, Mrs. Isadore Mayer and Miss McVior.

Mr. and Mrs. George Y. Wallace will return from their eastern trip next Monday.

Mrs. R. M. Breeden will give a tea next Monday for Mrs. Edward J. Roberts.

The girls of the University of Utah have issued invitations for a leopards' ball to be given on the night of Dec. 18 in the gymnasium, the patrons to be the faculty of the university.

Miss Budpra Daly entertains her sewing club this afternoon.

Miss Ada Murphy entertained her bridge club yesterday.

### A PERSONAL APPEAL

If we could talk to you personally about the great weight of Poley's Honey and Tar, you never could be induced to experiment with unknown preparations that may contain some harmful drugs. Poley's Honey and Tar costs you no more and has a record of forty years of cures. F. J. Hill Drug Co., "The Never Substitutors."

### TO TAKE JACOBS TO BUTTE.

Sheriff Henderson of Silver Bow Co., Montana, Here for Prisoner.

Charles S. Henderson of Silver Bow county, Mont., arrived in Salt Lake this morning, from Butte, for the purpose of taking back to that city Harry Jacobs, colored, arrested here early yesterday morning on the charge of grand larceny. He is wanted in Butte for stealing a large quantity of clothing and valuables belonging to his former employer, Carlton Largey, a young millionaire of Butte. Jacobs acted as valet for the young Butte man, and Mrs. Jacobs was employed in the capacity of maid for Mrs. Largey.

It is claimed that the pair stole several hundred dollars worth of property from their employers and then escaped, coming to Salt Lake. The man was arrested at a Commercial street resort, and denied the charges against him. He said he was willing to go back to Butte and face any charge against him. Sheriff Henderson stated this morning that he did not know just how much property was stolen by Jacobs and was not sure whether he would take the prisoner back tonight or tomorrow night.

Young Largey came into some prominence in Salt Lake several months ago when he arrived here from the east in company with a handsome young woman, said to be an eastern actress. They secured a marriage license and called at police headquarters, where they expected to be married by Judge C. B. Diehl. The latter was hearing an important case at the time and the ceremony was postponed. It was then Dana T. Smith, after which the happy young couple departed for Butte where they now reside.

His wife is a good old soul. As happy as can be. Each night she takes it in Bowl. Hollister's Rocky Mountain Tea. Godbo-Pitts Drug Co.

HOLIDAY EXCURSIONS,  
Via D. & R. G. R. R.

One single fare for the round trip between all points in Utah, Dec. 18, 19, 24, 25, 31 and Jan. 1st. All tickets good returning until Jan. 4th.

## STATIONS DESIGNATED

Western Pacific Management Makes  
Announcement from San  
Francisco.

A San Francisco dispatch states that the management of the Western Pacific has decided on stations along its line as follows:

Oakland, 6.5; Fruitvale avenue (probably), 9.76 (or Melrose 10.45); San Leandro, 15.3; San Lorenzo, 17.25; Hayward, 20.74; Decoto, 27.23; Niles, 29.66; Sunol, 35.92; Pelasanton, 41.47; Livermore, 47.49; Lathrop (Southern Pacific crossing), 52.8; Stockton, 53.87; New Hope, 113.81; Glenn, 119.22 (or Franklin, 124.51); Sacramento, 138.55; Sanky, 152.66 (or Reeds, 173.1); Marysville, 179.6; Palermo, 188.97; Oroville, 204.93; Bidwell, 212.42; Las Plumas (Great Western power house), 221.42.

There is next a mountain stretch of 48 miles where one or two telegraph stations will have to be established. Each station requiring a building for operator, his family and such business as may be called for. Then stations will be located at Brazo, 269.93 miles; Hartwell (station for Quincy), 287.88; Cromberg, 303.24; Olo (terminal of Sierra Valley railway), 313.5; Clairville (mouth of Delaney canyon), 318.74; Rosop (opposite the terminal of the Boca & Loyalton), 321.63; Beckwith, 326.71; at

or near Liegan, 371.49. From this last station there comes a stretch of 161 miles mostly over the desert where telegraph stations must be established. The next regular stations will be: Winnemucca, 532.55 miles; Battle Mountain, 591.1; Beoway, 615.73; Palsade, 636.35; 21ko, 665.35; Halleck, 687; Deeth, 699.35; Wells, 717.18, and Shafter (crossing of Nevada Northern railway), 765.89. East of Shafter 318 stations have been already built—Pilot, 785.5 miles; Arinosa, 825.15; Knolls, 845.18; Clive, 854.46; Low, 866.19, and Delle (Hog Back pass), 878.4. The last station is Salt Lake, 927.19 miles from San Francisco, where the Western Pacific will use the new terminal station of the Denver & Rio Grande road.

Of the proposed stations, five have now buildings of their own, westward from this city, while in California three station centers are being provided for, and next week contracts for seven more will be let.

### SNOWSLIDE IN PARLEY'S.

A snowslide in Parley's canyon delayed the inbound train an hour last evening.

### SPREAD RAILS.

Traffic over the Rio Grande between this city and Lehi, was tied up yesterday afternoon and evening by spreading rails letting four ore cars into the ditch. Several hundred feet of track had to be rebuilt, while the San Pedro

no tracks were utilized for the passage of trains. No one was injured.

A. C. Ridgway, general manager of the Denver & Rio Grande railroad at Denver, was in Salt Lake a few hours yesterday.

### FOR AN ENGINEER COMPANY.

Gen. Sam. C. Park of the national guard is an ardent advocate of the organization of an engineer corps as part of the national guard, with three officers and 15 or 20 men, to perform the special professional duties incident to that branch of the service during encampments and at such times as the guard might be called into the field. The eastern states are making more of a specialty of military engineering. One of the New York regiments, the Twenty-second infantry, having been transferred to the engineer branch of the service as a regiment of engineers. Gen. Park believes such a corps attached to the service in the Utah National Guard would have no difficulty in cultivating the interest of quite a number of civil engineers resident in this city.

BAMBERGER EXPRESS
