## ANOTHER "OPEN LETTER."

Dear Public:

We have often observed how naturally, when you wish to purchase any article of comfort or necessity, you endeavor to procure it at the lowest possible price, cheapness generally constituting the most important point in favor of buying. This frequently proves mistaken economy, because low-priced goods must be made of inferior materials, consequently such goods invariably fail to give satisfaction; in perhaps no branch of trade is this fact more apparent than in Boots and Shoes.

We are not advocating high prices, however, but take great pleasure in stating that the policy we have adopted of using only the best materials, and making none but good, "honest" work, has secured for us the confidence of our customers, who, as evidence they are satisfied that our goods are well made and truly cheap, always come again and send their friends. Any defect in workmanship is repaired free of charge. Old Boots and Shoes are made "as good as new."

In addition to the goods of our own make, we keep a choice assortment of the best qualities of Imported Boots and Shoes, including Rubbers, etc., suitable for the season.

Your obedient, faithful servants,

In this vicinity gives such entire satisfaction.

BEST.  
For laying your foundations, for rock work, for laying bricks, and for every other purpose, use no other but the best. It is a fact that no other lime is so pure, so strong, and so cheap. It is a fact that no other lime is so pure, so strong, and so cheap. It is a fact that no other lime is so pure, so strong, and so cheap.

SENATE.

The Finance Question.

WASHINGTON, 22.—On motion of Sherman the pending bill, to provide a better government for the District of Columbia, was laid aside, and the senate proceeded to consider the bill to provide for the assumption of specie payments.

Sherman disclaimed any purpose of reopening the financial debate of last year, but assured the senate that every word and line of the bill would tend towards the announcement in the title. He then explained the bill, and said the first section, providing for the redemption of fractional currency with coin, met the approval of both the Secretary of the Treasury and of the President.

The bill, which was introduced by Sherman, provided for the redemption of fractional currency with coin, met the approval of both the Secretary of the Treasury and of the President.
