

## ELECTRIC TRAINS IN BAD COLLISION

Twelve People Killed, One Hundred and Two Injured, Forty Of Them Seriously.

### BLAME PLACED ON MOTORMAN

Manager Says Will be a Thorough Investigation and the Result Given to the Public.

Spokane, Wash., Aug. 1.—The number of dead as the result of the head-on collision of the electric trains on the Coeur d'Alene & Spokane railroad last evening totals 12, and the number of injured 102, 40 seriously.

The wreck occurred at Coldwell, Ida., a small station 25 miles east of Spokane.

Number 29, westbound train, had left Coeur d'Alene at 4:35 p. m. and just reached Coldwell when it met No. 6, eastbound.

Both trains were going at the rate of about 15 miles an hour. The impact of the two head-on collisions was terrific. The two trains crashed together without a minute of warning. The heavily-laden passenger coaches were crushed and shattered. Men and women were thrown from their seats, some being hurled to the top of the coaches, while others were sent flying through the windows.

Many persons from eastern states were on the trains, having come to Spokane to register for the Indian land opening. The official list of dead and injured was given out tonight.

## ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 30, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and restorer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Several were able to walk from the train to the cars, but the major portion had to be carried on stretchers. Arrangements for burying the dead are being made. The bodies of the victims in different parts of the United States. Indignation has been aroused by reports of avarice said to have been exhibited by an undertaking firm at Coeur d'Alene. Two drays are said to have been hurried to the scene of the wreck, loaded with bodies and hurried away to the rooms of the firm.

Mrs. Laurensford of Spokane, one of the injured, said that when she recovered consciousness in the wreckage, she was held down under the body of a man whose skull was crushed, and she heard some one saying, "Leave them alone; they are dead; get out the live ones." She managed to struggle free unassisted.

#### MOTORMAN BLAMED.

General Manager Graves of the Spokane & Inland system, of which the Coeur d'Alene & Spokane is part, in an official statement says that he and other officials have been so busy looking after the dead and injured that they have done nothing whatever toward fixing the responsibility for the accident. There will, however, be a thorough investigation, he says, and the result will be given to the public.

It is learned from an official, who declines to be quoted, that Motorman Campbell of the westbound train, the extra which was wrecked, had orders from the dispatcher to pull out of Coeur d'Alene and take a siding about three-quarters of a mile out, in order to allow the regular eastbound train to pass. He passed that siding, either forgetting his orders, or imagining he could make the next siding, about another mile ahead. It was between the two sidings that the collision occurred. Motorman E. E. Campbell of the wrecked train, who is fatally injured, stated tonight that he understood his orders to meet the other train at a siding five miles from where the collision occurred.

## HAZING CADETS WILL BE DISMISSED

New York, Aug. 1.—Five West Point cadets, four of whom are said to have been concerned in the recent hazing of Cadet Sutton, a brother of the late Lieut. Sutton, will be sent to their homes this week, according to a special receiver here, to await final action by the president and secretary of war on the recommendation that they be dismissed.

Cadet Sutton was attacked by a number of third-class men robed in white sheets, it is said, and when he captured two of them, was set upon by a relief party armed with tent poles and so badly beaten that with the exception of one day, he has not been out of the hospital since July 29. He is reported to have informed the board that he could recognize none of his assailants. The case has been the subject of special investigation, a report of which was recently made to the superintendent.

## INTENSE COLICKY PAINS RELIEVED.

"For some years I suffered from intense colicky pains which would come on at times and from which I could find no relief," says L. S. Naam, of Beaver Dam, Ky. "Chamberlain's Colic, Cholera and Diarrhoea Remedy" was recommended to me by a friend. After taking a few doses of the remedy I was entirely relieved. That was four years ago and there has been no return of the symptoms since that time." This remedy is for sale by all druggists.

## MORE EARTHQUAKE SHOCKS IN MEXICO

City of Mexico, Aug. 1.—A dispatch from Acapulco today states that 73 distinct shocks of earthquake have been felt there since the first shake Friday. The city has been destroyed and the inhabitants face a famine. During one of the shocks a tidal wave engulfed the harbor front. No lives were lost. Chilpancingo also has been practically destroyed. What the earthquake of Friday failed to do was accomplished by the stronger one yesterday, which either leveled or rendered uninhabitable every building in the two places. All of the markets at Acapulco were destroyed in the shocks of Saturday and the country people are afraid to bring more produce into the town. The people are camping in the public squares and have no food.

## CHINESE CONSUL'S MURDERER IN TOMBS

New York, Aug. 1.—Wong Bow Chung, as he has been identified, or Ma-tuda Wong, as he insists on being named, the Americanized Chinese cook, who shot and killed his vice-consul, Dr. Luk Wing, yesterday, was arraigned before the coroner today and committed to the Tombs to await the result of the inquest to be held Wednesday.

He slept soundly and ate well, but he seems depressed and refuses to answer questions. What scanty information the police can gather about him is wholly to his discredit. The average Chinaman is industrious, but Wong had the reputation in Chinatown of being a hard drinker, an unsteady worker and chronically in want of cash. Wingshue S. Mo, the Chinese consul here, cannot believe that Dr. Luk Wing, whom he knew as the most gentle and painstaking of aides, even treated the prisoner harshly or did anything to excite the attack.

## MARITAL TROUBLES CAUSE DOUBLE MURDER AND SUICIDE

Chicago, Aug. 1.—Marital troubles caused Mrs. Emma Michael to kill her two children, 12 and 15 years old, and then commit suicide by inhaling gas today.

day. The children were found dead in bed with every gas jet in the house open, and Mrs. Michael, also dead, was seated in the kitchen. In her mouth was a rubber tube, one end of which had been attached to a jet.

Mrs. Michael left a letter in which she gave the reasons for her act.

## GREAT DARING SAVES AN AUTOMOBILE

Chicago, Aug. 2.—Municipal Judge

John C. Scovell and four other persons had a narrow escape from death yesterday when their automobile was sent speeding down the 20-foot bank of the Desplaines river, south of Wheeling.

By his daring and skill, Belden Jones, owner of the car, who was at the wheel, saved the big touring car from turning turtle and perhaps killing all of the occupants.

Mr. Jones steered the car down the 40-degree grade of the bank when he found that he could not drive safely past the edge and brought the car to a stop against a big tree. None of the party was seriously injured.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

## MASTERPIECES DISCOVERED IN A VENETIAN CHURCH

Rome, Aug. 2.—Officials engaged in the work of restoring the church of San Gulliano at Venice discovered in an attic a large bundle covered with thick dust. It was found to contain a number of art masterpieces, including "Christ on Calvary," by Tintoretto, "A Resurrection," and "Ecce Homo," by Palma, Jr., and "Flagellation of Christ," by Paul Flamme.
