MINING, BUSINESS AND STOCKS.

MINING STOCK MARKET STRONG

Many Issues Participated and the Prices Generally Advanced.

BIG BUSINESS RECORDED.

Lower Mammoth, Century and California Furnished Excitement—Dexter and Uncle Sam Higher.

The mining share market this morning was characterized by a large demand for Utah mining stocks and much improved prices generally. Many issues were more or less active and in several instances very substantial gains in prices were recorded. The average price per share of the stocks dealt in was nearly one dollar, and during the session transactions involving 24,028 shares and $22,465, were recorded.

The features of the session were Lower Mammoth and California, each of which obtained at very much higher figures than on yesterday. The condition of the Lower Mammoth is such that the superintendent is of the opinion that a big bonanza will soon be developed, while the California is rapidly being put on a good earning basis.

Uncle Sam on the assurance that its low grade ores may be treated inexpensively, at the finely equipped Tesora mill was stronger and advanced to 34, while Dexter of Nevada on large selling was tobogganed from 26½ to 25.

Much strength was displayed by Century at 1.11 and Daly-Judge at 12.00. Some Majestic at 3.00 was sold and Con. Mercur was made the object for seller options around 2.03.

The market shows much strength and indications continue good for a most interesting fall and winter business.

Today's session closed on the following market:

THE DE LAMAR SUIT.

Action to Obtain $3,422,636 Has Been Transferred.

In a recent number of the Mining and Scientific Press of San Francisco the following note was published and it will recall to some old Salt Lakers the wonderful history of the mines now owned by the Bamberger's De Lamar Gold Mines company: It is stated that J. E. Blake, who is mentioned herein, has been connected with several Utah propositions and is not a little known by some Utah people. The note is as follows: The suit of the Utah-Nevada company vs J. R. De Lamar has been transferred from the supreme court of San Francisco to the United States circuit court. The complaint recites that I. E. Blake on April 10, 1894, was the owner of a contract to buy the Monitor, Jim Crow and De Lamar and he formed a copartnership and bought them, Blake subsequently selling his interest to the Utah-Nevada company. By the terms of the partnership contract Blake was to receive 49 per cent of the proceeds of the mines. It is alleged that De Lamar has turned over only $7,363.44 out of $7,000,000 taken out of the mines. The complainant asks for an accounting and $3,422,636, that amount being 49 per cent of the alleged proceeds.

SILVER KING DIVIDEND.

Usual Monthly Disbursement of $100,000 Being Made Today.

The fortunate holders of stock in the Silver King Mining company are today sharing the September dividend in the sum of $100,000 or 66 2-3 cents a share.

With this distribution the great Park City bonanza will have paid its stockholders no less than $5,650,000 of which $900,000 has been distributed since Jan. 1.

It is now rumored that the Silver King will soon change ownership, and that the owners of the control have placed a figure at which their holdings will be turned over. The report as heard today is apparently not entirely without foundation and it is stated that a purchasing syndicate has been offered the control of the mine for $125 a share. "It can't possibly be purchased for less," said the "News" informant.

UNITED STATES MINING.

Shipments Will Commence in Small Way Soon.

General Superintendent C. E. Allen of the United States Mining company, stated this morning that the breaking down of ore for shipment commenced in a small way this morning. "Our upper ore bins," said he, "are full of a certain grade of ore and this we have commenced to send over the tramway to the lower bins. We intend to bed the bins and get things in shape to commence shipments to the smelter when they are ready to have us. It will be next week before the tram will be carrying ore to the lower bins, and we intend to start shipping when we are ready. It will be some time before we are going full blast. The mine is of course in magnificent condition and is open for inspection until we get going."

RETURNED FROM TINTIC.

Manager Weir of the Ajax Says District is Livelier.

After several days spent in the Tintic district Manager Weir of the Ajax returned home this morning. "There is nothing new to report concerning the Ajax or La Clede," he said. "We are driving ahead and hope there will be some news some of these days. The entire Tintic district has taken on an air of liveliness and prosperity quite foreign to it some months ago.

"The strike in the Lower Mammoth has created not a little excitement. It is reported that a horn silver has been uncovered in very satisfactory bunches and the general impression is that the company now has a very extensive body of high grade ore.

"The Grand Central tramway is being put up speedily and the lower terminal is in a fair way to completion, while it looks as if all the materials are now on the ground. The mine is reported to be in a very fine condition and some magnificent ore is reported to be exposed in the Mammoth. The whole district is looking better."

MINING NOTES.

Silver is today quoted at 51⅞ in New York and copper at 10¾.

The Honest Abe of Bingham has a car of ore on today's market.

Tonopah ore to the extent of two carloads will be marketed today.

C. L. Dignowity has gone to Colorado and will return in ten days or so.

Mgr. Harry Joseph of the Carisa returned from that Tintic proposition this morning.

Ophir Hill concentrates to the extent of 30 carloads will be forwarded to the American smelters today.

James W. Neill, now in Butte watching tests of his leaching furnaces, is expected home this week.

W. H. Clark, the mining broker, and Richard Colburn have returned from a few weeks' trip in Idaho.

The Uncle Sam will within a few days get the Tesora mill in condition to operate on its low grade ores.

Mgr. McVichie of the Bingham Con. is making a tour of inspection of the company's holdings.

Victor M. Clement leaves for New York today, from where he will proceed to his Mexican properties.

Ore and bullion settlements in this city yesterday as reported by McCornick & Co., amounted to $74,600.

President John Dern of the Con. Mercur left last evening for Baker City, Ore., to look into mining interests near there.

The Gemini with six carloads and the Eagle and Blue Bell with one carload are among the shippers on today's market.

The Utah of Fish Springs has a car of ore now awaiting settlement on controls, showing most satisfactory percentages.

Mgr. Wilson of the New York Bonanza company is at the property in Park City. Active work on a shaft will result from the present visit, which is for the purpose of locating the place at which work will commence.

Vice President Ferry of the Wabash left for that Park City property this morning as did also Col. Matt Daugherty. The showing in the mine is said to be exceptionally good at present, while important changes are occurring.

The Taylor and Brunton management reports the following shipments as having been sampled and sent to assay: Two cars of ore from Bingham; one from Fish Springs, seven from Tintic and two from Tonopah; also 30 cars of concentrates from Ophir canyon.

Mgr. Jacobs of the Ben Butler has returned from that little Bingham bonanza and states that the recent shipment of seven carloads of ore carried over 57 per cent lead and the usual gold and silver values. Other shipments are now being made up.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequalled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. MARKET QUIET BUT IMPROVING

A General Display of Strength is Shown.

THE RAILROADS FEATURES.

Bonds Less Active—Reported Armistice Between the Goulds and Pennsylvania Strengthened Latter.

New York, Sept. 10.—The stock market opened active and with a general display of strength. Traders took advantage of the opening rise to realize profits and there was a general reaction in prices. St. Paul, Atchison, Missouri Pacific, Union Pacific, Southern Pacific and the most prominent specialties yielded below yesterday's close. Subsequently large orders for New York Central and Pennsylvania caused a general rally in the market and prices of many stocks rose to a higher level than before. Special stocks were steadily forced upward, notably Erie, Delaware & Hudson, and the Readings and some of the iron and steel stocks. The market at noon was quiet, but improving in tone.

Railroad bonds were less active and firmer outside of Wabash debentures in which profits were being taken freely. Baltimore & Ohio was taken in hand again for a rise after midday and readily advanced to 118. Norfolk & Western and Denver & Rio Grande stocks followed its lead with a good gain. Jersey Central lost 3½. Rumors are current that the pronounced strength of Pennsylvania and the Goulds stocks was due to resumption of friendly relations which were considered to be somewhat strained through efforts to extend the Wabash system into eastern territory.

NOT TOO OLD TO MARRY.

Strange Couple of Many Years Come To Salt Lake to Wed.

The entire county clerk's office was threatened with apoplexy yesterday afternoon, as George L. Thomas who "registered from" Glenwood Springs and also from Missouri, sallied bravely up against the ramparts of the office counter, with Mrs. Mary Ann Armstrong of Pueblo, Colo., leaning coyly, lovingly, trustfully on his arm. The diffident, embarrassed groom was three score years and ten, the blushing maiden so soon to shy her matrimonial castor into the hymeneal ring with his, was fair and forty but not fat. There was a hurried, whispered conference between the nervous groom and Deputy Clerk Emery as the latter quietly but expeditiously issued the desired marriage license and convoyed the pair into the private office where he speedily made both partners for life in each others joys and sorrows. Groom Thomas declared his right to get married if he wanted to, and said he could pass muster for 15 years under his real age. He declared his intention to take his bride to Missouri where their honeymoon would be passed unostentatiously and joyfully. Then the twain went up town as happy as the traditional "two bugs in a rug," after cautioning the clerk not to say anything about it, and by all means to keep it out of the newspapers. Mr. and Mrs. Thomas will visit in Pueblo where the old gentleman has a son.

He entered a plea of not guilty to the complaint, and his bail fixed in the amount of $200. In default of the money he went back to the care of Jailer Thomas. His preliminary hearing will take place sometime this week.

Rendered into twentieth century English, this means: Take the Burlington. The "crowd" does.

Always the STRONG line from Denver to the East, the Burlington's leadership was never so great as now.
