LOCAL BRIEFS.

Directors Chosen.—The Cambrian as-
sociation has elected William D. Pres-
ser and Lorenzo B. Haddock directors.

Boys in Camp.—Twenty-six boys left
this city Thursday for East Bountiful
Y. M. C. A. camp under the direction
of F. J. Lucas, to be gone until July
16. The junior camp will start July
17, and last until Aug. 1.

Made Lucky Draw.—John E. Hill of
217 East Fourth Street, and a mem-
ber of the G. A. R., drew No. 7 for
the drawing of the Crow Indian re-
servation for settlement. The draw-
ing is considered of considerable value.

Laborer Injured.—John Norton, a
laborer, fell from a scaffold yester-
day afternoon, while working at the
rear of the Progress Building, and was
badly cut and bruised. He will re-
cover shortly.

New Phone Service.—The contract
for the telephone service between
Spanish Fork and the mouth of the
Strawberry valley tunnel, in the re-
clamation service, has been secured
by the Independent Telephone com-
pany of this city.

Will Sing "Misericordia."—Miss Alice
Wolfgang will sing "Misericordia" in
the First Presbyterian church to-
morrow morning. This composition is
particularly adapted to her fine con-
traalto voice, and her effort will no
doubt be listened to with pleasure.

Resignation Accepted.—Manager
John Q. Critchlow of the Utah Credit
men's association sent in his resig-
nation last evening, at a meeting of
the directors and after some discussion
it was accepted. Mr. Critchlow's po-
sition will be filled at the July 17
meeting.

Elijah Jones' Funeral.—The fun-
eral of Elijah Jones, a G. A. R. vet-
eran, will be held tomorrow at 11 a.
m., from the parlors of Joseph W.
Hamm, under the auspices of the
G. A. R., with interment in the Mt.
Olivet cemetery. The deceased was a pri-
vate in a company, Fifteenth Missouri
Infantry.

In Revenue Office.—The reports
from the local internal revenue of-
fice show that for the fiscal year end-
ing June 30 last, there was an in-
crease of nearly 12 per cent over the
receipts from Montana for the same
period in 1935, the total collections
being \$453,824.54. The increase was
due to the increase in the manufacture
of beer.

Accused of Larceny.—Officer H. A.
Heath arrested one Kelly Walker at the
Salt Palace last evening, on a charge
of larceny. Walker was charged with
charging Walker with petty larceny.
The men had worked together at Gar-
field and were room-mates, and it is
alleged that during the absence of
Walker the other man robbed him of
clothing and jewelry.

Hobos Sentenced.—Judge C. B.
Diehl yesterday afternoon sentenced
eight tramps to serve 30 days each in
the city's rock pile, where they were
Lundberg, Jim Graham, John Taylor,
Pat O'Connor, Joseph Johnson, Bruce
Rehndorf, Al Blachm and D. J. Kenny.
The men were caught with a number
of chickens in their possession, which
they were roasting during the night.
The fowls had been stolen from W. E.
Holman of 1032 West Second North
street.

Picture of San Francisco.—Mr. S.
Chalker of the Twenty-ninth ward, who
recently returned from an extensive
visit to California, brings with him a
beautiful picture of devastated San
Francisco. The picture is of the pan-
orama type and is said to be the largest
photograph taken in the United
States, being nine feet long and ex-
tending over almost the entire district,
ruined by earthquake and fire, from the
northwest to the southwest, covering
an area of 15 miles. The picture will
be exhibited at various business
houses and hotels, where there is
sufficient front window space to dis-
play the same.

Soldiers Will Ride.—The Fort Dou-
glas troops ordered for this summer
soldier operation to Fort D. A. Russell,
were expecting to march from this
city to their destination. But in ac-
cordance with orders from the war
department the troops will now ride
over the Rio Grande to Pueblo and
march from there to Fort D. A. Rus-
sell. The battalion will take along
six army wagons, six escort wagons,
one hospital ambulance, and 29,000
pounds of freight; and the train will
run in two sections of 10 cars each.
The encampment begins Aug. 1 and
meals will be cooked en route in cars
specially prepared for that purpose.

Promising Young Pianist.—Miss Dot
Dett, a promising young pianist of
Brigham City, is at present residing
with her brother, Iner Pett of 327
south Main street. Miss Pett studied
under the best home teachers, and
two years ago went to Paris to study
under Prof. De Combe, and afterward
played at numerous recitals with suc-
cess. Returning to this country, Miss
Pett studied with Lamber and Hoeff-
fley, and made a further reputation
for herself. But the strain of the
work was too much for her, and she
offered a position to Herbert, and
Sousa later made a similar offer, and
she has until September to decide what
to do.

pany** was organized in 1913; has opened

**RELIEF FUNDS STILL
COME FOR SAN FRANCISCO.**

The Deseret News has received the
following subscription for the San Fran-
cisco relief fund from the people of El-
wood, Boxelder county:

Edwood Ward Relief society.....	\$5.00
A. P. Erickson.....	2.50
Peter Mortensen.....	2.00
J. P. Hansen.....	2.00
J. P. Christensen.....	1.00
John Johansen.....	1.00
Karen K. Hansen.....	1.00
Richard Crowther.....	1.00
W. H. Cash.....	1.50
Total.....	\$12.50

With the amount previously ac-
knowledgeed, this makes a total of
\$14,254.44 paid into the Deseret News
relief fund.

**Then, Too, the Loss of Life and Dam-
age in a Wreck is Consider-
ably Reduced.**

If present plans are carried out the
Harriman lines will build all equip-
ment, as far as possible, of steel. Pas-
senger coaches, mail cars, boxcars and
all others possible will be constructed
of metal in preference to wood. Aside
from the lessening of the loss and
damage from wrecks the cost of main-
tenance will be greatly cut down there-
by.

In the shops at Sacramento the
Southern Pacific is now building a mod-
el car of each class by way of the span-
ning gun in the big campaign of im-
provement. It is the intention when
these cars are completed and possibly
changed in some respects in the di-
rection of improvements that these pa-
tens will be adopted as the standard
for the entire system of the Southern
Pacific, Oregon Short Line, Union Pa-
cific and O. R. & N. After this all cars
will be built with steel frames.
This action is the outcome of the re-
cent crash in the direction of steel
underframes for all freight equipment
that has been turned out for some time
past. These steel underframes have
reduced the weight of boxcars from
about 40,000 pounds to 41,000 pounds.
Steel construction throughout will re-
duce the weight of cars carrying 4,000
pounds. In a train of 50 freight
cars this means the cutting out of
nearly 250,000 pounds dead weight. This
feature will permit heavier trainloads
weights for the motive power to haul.
With steel mail cars and passenger
rolling stock the loss of life in a wreck
would be practically nil, while the hor-
ror of a fire following a smashup would
be obviated.

Photographs are being exhibited
showing a steel car that had been crum-
pled in a wreck, a sort of before-and-
after picture. The accompanying pic-
ture of the car after it had gone through the
repaire shop with the outlay of a few
hundred dollars, showed it to be al-
most as good as new.

It is estimated that the maintenance
of steel equipment in comparison with
wooden rolling stock will show a sav-
ing of fully 50 per cent.

OVERGENEROUS COUNCIL.
Basin Solons Donate All Town Waters
To the Burlington.

(Special to the "News.")
Basin, Wyo., July 7.—A queer situa-
tion obtains in this city since the ad-
vice of the Burlington about two
weeks ago. The city council com-
mitted to the road the free use of the
city water system for a period of three
years, and since the road has arrived,
the supply has been taxed to its utmost
capacity to keep the water tanks of the
company supplied with water. This
leaves the city with practically no
water supply for domestic use, and
the people of the town are now con-
sidering the proper steps to take to
relieve the situation in which they
find themselves.

WYOMING COAL LANDS.
Big Deal Consummated Presumably
By the Burlington Interests.

(Special to the "News.")
Thermopolis, Wyo., July 7.—A com-
pany, headed by S. W. Gebro of Mon-
tana, has made cash entry on 9,500
acres of coal land near here, paying
into the land office at Lander Tuesday
last the sum of \$95,000 for this land.
This is one of the largest coal land
deals ever made in this state, and is
considered by mining men a gift de-
position. The land lies about 12
miles north of Thermopolis, and the
property will at once be developed on
this coal, and the land is indirectly
interested in the proposition, and
is given out on the very best authority
that the Burlington will be built up to
the mines, and that the product to a
great extent will be used in the Butte
shops of the Burlington.

PHOTOGRAPHIC CAR.
Harriman Lines Send Force to Take
Pictures of Salt Lake.

The photographic car of the Harri-
man lines arrived in Salt Lake this
morning and today the force of photo-
graphers started in on pictures of
the city and vicinity which
will be reproduced in a publication
which is in a publication which will
shortly be issued from the Sunset Press.
Allan Dunn, an old-time newspaper-
man, recently Associated Press man in
Honolulu, and prior to that representa-
tive of the London Graphic in Cuba, is
in charge of the party. Mr. Dunn stated
this afternoon that he expected to re-
main here several days and in all prob-
ability a boat would be chartered and
a cruise of the lake would be under-
taken before they moved on further west.

In addition to Mr. Dunn, Gilbert Has-
sell, official photographer for the South-
ern Pacific, and J. E. Stimpson of Chey-
enne, who holds the same title for the
Union Pacific, are in the party. R.
Stimpson, who operates the commu-
nity car also is here. The way the
men operate is to send the car ahead
and follow at their leisure with the
motor car, snapping scenes en route. Once
in awhile they experience strenuous
travelling, connecting with the commu-
nity car in the side-tracked ahead and
held up by freight and other trains for
hours. The auto car is a 6-horsepower
affair with a canopy top. When it
comes converging down the track into
a bunch of auto section hands there
is generally considerable excitement.

TWO PROMOTIONS.
T. F. Rowlands, Assistant Superinten-
dent, A. W. Wright, Trainmaster.

T. F. Rowlands, who for the five past
years has held the position of train-
master of the Salt Lake division of the
Southern Pacific, has been promoted to
assistant superintendent at Sparks,
Nev., taking the place made vacant by
the resignation of Mr. Shaughnessy. A.
W. Wright, at present chief dispatcher
for the Southern Pacific at Ogden, is to
succeed Mr. Rowlands as trainmaster.
His changes will go into effect on Mon-
day.

SPIKE AND RAIL.
Supt. Manson of the Salt Lake divi-
sion is down from Ogden today.

Rev. J. C. Bryant, accompanying 35
lions, left in a special car for Yellow-
stone park last night.

C. J. Lehman, general manager of
the Merchants' Independent Steamship
company, which operates a fleet be-
tween San Pedro harbor and Portland,
Or., is in the city today.

Mrs. E. W. Gillett, wife of the general
freight and passenger agent of the Salt
Lake route, arrived from Los Angeles

AT THE RESORTS.
The state excursion of the L. O. O. F.
comes on Wednesday. Special trains
will bring members of the order and
their families to Salt Lake from Og-
den, Logan, Provo, Eureka and Park
City. There will be a parade through
the streets at noon, and an afternoon
and evening of recreation at Lagoon.

Thursday a number of excursions will
be given. The Hollanders of Ogden
and Salt Lake have a national gather-
ing on Friday, and the Saturday
ward of Salt Lake goes out for its an-
nual picnic. Friday ward excursions
come in considerable bulk. From Salt
Lake the eighteenth, twentieth, twen-
ty-first and twenty-seventh wards join
in a big outing, and from Utah county
the Mutual Improvement organiza-
tions will attend in force.

The week ends Saturday with the
outing of the Salt Lake soccer foot-
ball team, an organization that has won
much popular favor through its display
of a truly amateur spirit in sport. The
football people have prepared a lengthy
program including many athletic con-
tests, and a big day is assured. On
Sunday also the plumbers give their annual
outing, and the Sunbeam dancing club
goes out in the evening.

One of the big events will be Sing-
ers' day at Saltair, Friday, July 13. A
special invitation has been extended to
all the public who have received in-
structions or who have sung under
Prof. Evan Stephens, leader of the old
Taboracle choir, since the day he
first took up vocal work. It is hard-
ly anticipated that every last one who
has sung under his baton will be present
because in his time Prof. Stephens has
led fully 20,000 voices first and last
including the students of the old De-
sert University, L. D. S. University and
the members of the Taboracle choir
and other organizations. On Monday
evening a meeting will be held at the
residence of Mr. Stephens at which
aggregations of local soloists that has
gathered for many a day.

The Westminster Presbyterian Sun-
day school children, teachers and par-
ents took their annual outing at Cal-
der's park yesterday and a most en-
joyable day resulted. In the afternoon
there was a good program of sports
for the youngsters, appropriate prizes
going to the winners.

The winners of the races were as
follows:

Smith first, Minette Leatham second.
