

THE PRESIDENT AND THE PLATFORM

It is Believed His Wishes in the Matter Most Likely Will Control.

DRAWN UP BY SENATOR LODGE.

But He Can't Say a Word About It—
"Stand Patters" Ultra Conservative

Chicago, June 18.—The mass of delegates to the Republican convention apparently are giving comparatively little attention to the platform. The prevailing opinion is that the wishes of the president should be largely consulted on that point and the impression goes to the extent of believing he has indicated his views to his particular friends. That Senator Lodge has drawn up the principal resolutions of the platform is generally conceded and all doubt as to whether he would be chairman of the committee on resolutions has been dispelled by the notification which Acting Chairman Payne has given to the senator that he will be recognized to make the motion for the appointment of the platform committee.

I haven't a word to say about the platform," said the Massachusetts senator as he dived to the bottom of the most capacious valise that ever came to Chicago. "I can't say a word," he repeated as he put away his valise. "I see no reason for a change in our present policy," he said, "and I am opposed to a move in that direction. My opinion is that we should let conditions alone."

"Will there be a pronouncement on reciprocity?" he was asked, but in reply the senator would only express his desire that there should not be. This he did in vigorous language, saying, "Let well enough alone."

"As to the Iowa idea," he said, "Iowa herself has already taken care of that." Senator Hanebrough of North Dakota, on the other hand is leading a fight for tariff changes. He is the author of a declaration which he circulated freely today calling for "such a modification on the tariff as will meet our changed and changing conditions."

Delegates from the Iowa-Missouri section are generally opposed to any declaration for reciprocity because of the effect of the statutory adoption of such a policy on fruits, wines, wool and hides.

Senator Hanebrough's plank in the form in which he will present it to the committee reads as follows:

"We recommend the early adjustment of the rates of duty in existing tariff schedules to meet the requirements of changed and changing business conditions and in the matter of our commercial returns with other countries."

As originally drafted, the plank was longer than this, but the senator declared to night that he would present it in the form quoted.

The National Manufacturers' association is planning to make a strong fight against the insertion in the platform of any plank calling for, or declaring in favor of the adoption of an eight-hour day or any declaration against the writ of injunction as applied to labor disputes.

Eighteen members of the association, several of whom belong to the executive committee expected to arrive tomorrow morning to watch the interests of the association.

The Iowa delegation has determined upon J. W. Blythe of Burlington as the representative of the Hawkeye state on the resolutions committee. The selection of Mr. Blythe, who is the counsel for the Burlington railroad is opposed to Gov. Cummins' faction, and prohibits absolutely the introduction by the Iowa delegation of a plank supporting other tariff amendment or reciprocity agreement. It puts the

MINERS' MEETING.

Arraigns Peabody and Appeals To Roosevelt.

Butte, Mont., June 19.—A monster mass meeting was held tonight from the steps of the county courthouse to take some action tending to relieve the existing deplorable conditions in Colorado as a result of the strike of the miners there. Tonight's meeting was called by the Butte Miners' union, and was attended by about 10,000 persons.

The resolution concludes as follows: "Resolved, That the outrageous methods of the Peabody administration be condemned and that we are unalterably opposed to military despotism and in favor of the supremacy of decent civil regulations."

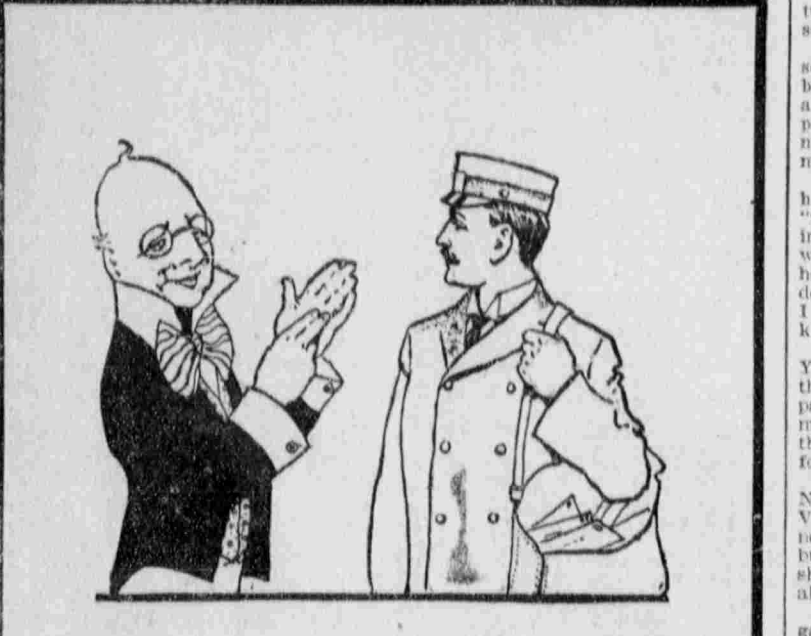

Machinists Voting on Strike.

New York, June 20.—Members of the International Association of Machinists are casting a referendum vote upon the question of enforcement of an article of the constitution which, if decided in the affirmative, will bring about a strike on July 1, which will throw thousands of machinists out of employment. The article was originally adopted Aug. 1, 1903, and provides that no member of the association shall operate a piece, premium, merit, task or contract system under penalty of expulsion, and that in shops where such systems are in operation they must be discontinued by July 1, 1904.

LUKE RAMSDALL DEAD.

Former Park City Man Suicides At Glenn's Ferry.

Boise, Ida., June 19.—Luke Ramsdall was found dead in bed at a hotel in Glenn's Ferry today. An empty carbolic acid bottle was by his side and a note saying he had decided to end a miserable life. He was formerly a resident of Park City, Utah.

The will to work comes from certain constituents in food—the Phosphates, Nitrogen, and Proteids. Certain foods are richer in these constituents than others, and are converted more readily into Energy. "FORCE" is one of those foods concentrated. VICE PRESIDENCY AND TARIFF PLANK.

From Present Appearances Nomination for Second Place Will Go to Fairbanks.

DECLARATION FOR PROTECTION.

Sentiment is for it Straight Without Any Promises for Revision or Reciprocity.

Chicago, June 19.—The vice presidency and the tariff plank in the platform were the principal subjects of discussion among the delegates to the Republican national convention today.

From present appearances Senator Fairbanks will be the choice for vice president, as a sufficient number of leaders have declared for him and announced the probable support of their delegations for him to indicate his selection. The Indiana senator was seen for a few minutes in the corridor of the Auditorium and was greeted by a throng of men, who indicated to him their desire to see him named for second place on the ticket. He remained non-committal as usual, his position being that the nomination can neither be sought nor refused.

The knowledge that the senator will not refuse has been communicated to the delegates and has largely increased the prospects of his nomination.

The movement today for Representative Hitt seems to have been prompted to some extent by those who felt that Fairbanks should make a declaration. Then again the Illinois member felt that in view of the action of their state convention they must make an earnest effort for Mr. Hitt. It is a fact, however, that Senator Hitt, who drove at Washington has dampened the ardor of his supporters, who acknowledge that this will work to his disadvantage.

Two active vice presidential aspirants were about the Auditorium corridors during the evening—John Lee Webster of Nebraska and John W. Springer of Colorado.

Senator Lodge of Massachusetts arrived with a draft of the platform in his pocket. He was notified that he will be recognized to move the appointment of the committee on resolutions, and this means his selection as chairman of the committee.

All interest in the platform centers in the tariff plank and the sentiment is that there will be a straight declaration for protection without promises for future tariff revision or reciprocity.

Senator Hanebrough has a draft of a resolution promising both, but it met with little favor among the Republican leaders. The Indiana senator will be a member of the committee on resolutions and will urge the adoption of the resolution he has prepared. He thinks the party best advised before voting down such a resolution when offered, and it will not go into the convention with a minority when voted down.

Senator Allison of Iowa has been consulted regarding the tariff plank and has advised against making any pledge for future action. It is also understood that such a course will suit the president.

There is no doubt expressed about the result of the vote on the tariff plank. The chairman of the national committee, although many men prominent in the party are found who do not hesitate to privately express their opposition to a more experienced politician was not chosen.

There is so far an absence of crowds that are usually on at the period before a convention. Although many delegations arrived today, they were not accompanied by clubs and throngs as they have been in the past.

It is not true, said Senator Gallagher of New York, that all New England is for Mr. Hitt. On the contrary, I think the sentiment in the states for him is confined to Massachusetts. He is a native of New Hampshire and is for Fairbanks, and I am very confident that he will be nominated.

Delegates from Iowa, Missouri, Kentucky and Kansas expressed themselves as favorable to Mr. Fairbanks.

In view of the determined effort to secure a statement from Mr. Fairbanks, Col. Dan Ramsdall, sergeant-at-arms of the senate, who is a close personal friend of the senator, found it necessary to repeat his former statement of the senator's position.

"Senator Fairbanks will not open his mouth on the subject," he said, "for he is not a candidate for the nomination in the ordinary sense of the word. But while he is not a candidate, he will accept if the nomination is tendered him. I know him, and I would not say it if I did not know it."

Mr. Hitt's friends attribute New York's advocacy of Senator Cannon for the vice presidency to the desire on the part of members of that delegation to make a vacancy in the speakership in the interest of Representative Sherman for that position.

Sensors Gallinger and Burnham of New Hampshire and Dillingham of Vermont all declared for the policy of non-interference with the present tariff, but Mr. Dillingham added that he should like to see a declaration favorable to tariff reciprocity.

Among the members of the Ohio delegation Harry Daugherty is the only one who is discussing the vice presidency. He is for Fairbanks and believes the state will be for the Indiana senator. Senator Dick's desires on the subject are expected to be the controlling influence.

PARKER'S OPPONENTS.

Bryan Says They Will Control St. Louis Convention.

New York, June 19.—William J. Bryan arrived here tonight. He said he did not expect to see Charles F. Murphy or any leader of the anti-Parker movement while in the city. He said: "The men who are opposed to Judge Parker's nomination will be in control at St. Louis. They will nominate the candidates and prepare the platform, and it will not be the New York platform or the New York candidates."

Railroad Officials Expect They Will Be Captured Soon.

St. Paul, June 18.—At the general office of the Northern Pacific it was said that they expected before long to capture the men who held up the Northern Pacific train near Bearmouth, Mont., as the officers who are pursuing them had a "pretty good line" on the robbers.

NO DISTURBANCES IN FINLAND.

Not Believed There Will Be Any Demonstration of Sympathy For Schaumann's Act.

FINNISH SENATORS SEE CZAR.

The Videmosti Insists Finn Nation Shall Not Be Charged With Responsibility for the Crime.

Helsingfors, Finland, June 18.—No disturbances have occurred in any part of Finland as the result of the assassination of Gov.-Gen. Bobrikoff nor do the authorities believe that there is danger of any demonstration of sympathy with the act of Schaumann.

The conservative class of Finns deprecate the deed, not only because of its immediate effect upon them but because it is calculated to alienate the sympathy of the outside world, which is essential for their campaign.

Members of the senate, who had insisted that the responsibility of guarding the governor general inside the senate chamber should rest on their shoulders, upon the introduction of the act and are apprehensive that it may lead to a curtailment of their powers. Several Finnish senators have already gone on bad terms with the police for a year, having been arrested in 1903 for public criticism of the conduct of the Cossacks in connection with the dispersion of the rioters on the occasion of the assassination of the Russian language, has convinced the police that he knew nothing of his son's purpose. ADJUT-GEN. BELL DENIES INTERVIEW

Never Said He Would Declare the Whole of Colorado in State Of Rebellion.

BUT WOULD IF NECESSARY.

Whole State Has Been Cleaned Up by "My Deportation System."

Cripple Creek, Colo., June 20.—In response to a telegram from an eastern newspaper asking for a statement from him as to whether he said that Gov. Peabody would soon have to declare the whole of Colorado in a state of rebellion and put the state under martial law, Adj.-Gen. Bell has replied as follows:

"The alleged interview is absolutely untrue. I have never given an interview, but the idea is absolutely foreign to my mind, under the past and present conditions."

"There is no need of declaring Colorado under martial law."

"The whole state practically has been cleaned up by my deportation system. There are but few anarchists and socialists left who can cause trouble."

"However, should it become a military necessity, the whole state of Colorado will be placed under martial law and all insurrectionists dealt with accordingly."

"I do not believe that this will ever be necessary. In my judgment, the Colorado labor troubles are at an end. We have been making the fight for the whole of the United States, as the Western Federation of Miners has been receiving financial support and other assistance from the country at large. Colorado is looking to other states to follow suit."

SECY. HAYWOOD'S REPLY.

Denver, June 20.—Replying to an inquiry from an eastern newspaper as to the justification, if any, for the reported deposition of Gov. Peabody, the state of Colorado would be placed under martial law, if such a move became necessary, Secy. Haywood of the Western Federation of Miners sent the following message:

"No, there is nothing in the situation to justify the prediction of Gen. Sherman. Unless perchance the people become aroused over the awful tortures inflicted upon innocent victims confined in the pulpens, and the relentless, cruel war being waged against women and children."

"Military authorities have issued orders that no provisions or relief of any kind can be distributed."

"Two deposits in the First National bank of Denver \$2500, to the credit of a merchant of Victor. Scarcely \$1,000 of this amount had been expended for women and children when the merchant was notified by the vigilance committee that his store would be demolished as the union stores had been."

"The spirit of resentment is strong in the breasts of the people; but not rebellion. That is a horrible phantasm, drawn from the weird brain of a military fanatic, who would rather hear the clanking of sabers than angels' music."

"The question of martial law does not depend upon the justification, as Gen. Bell blasphemously remarked, 'I and the Lord know what the next move will be, and the Lord is not very sure about it.'"

"We had martial law in San Miguel for two months, with only 10 soldiers on duty, and for many weeks 40 soldiers held the miners in subjection in Teller county."

"There may be martial law in Colorado, but not to suppress insurrection, but to insure, if possible, the reelection of a \$200,000 Republican state administration."

Rev. Elijah Stone Dead.

Chicago, June 20.—The Rev. Elijah Stone, father of Melville E. Stone, general manager of the Associated Press and of Ormond Stone, professor of astronomy at the University of Virginia, is dead at Charlottesville, Va., the home of his son, Ormond.

Born in Hampton, N. Y., in 1821, and educated for the ministry at the Auburn seminary, Mr. Stone came to Illinois in 1845 and was one of the first circuit riders in the state. He often rode long distances in company with Abraham Lincoln when the latter was making his campaign for the legislature.

His anti-slavery sympathies led him to take an active part in what was known as the "underground railroad." During the "Mormon" troubles at Nauvoo he was among those who opposed violence to Joseph Smith, although bitterly opposed to "Mormonism."

The Rev. Mr. Stone came to Chicago in 1855. He filled various Chicago pulpits until he retired from active ministry in 1882.
