

SUNDAY SCHOOL UNION MEETING.

Change in Personnel of Stake Officers of Sunday Schools.

RELEASE OF OLD OFFICERS.

New Incumbents and Aids Set Apart Under the Hands of Stake Presidency.

On the occasion of the re-organization of the Salt Lake Stake Sunday School Union, at the meeting held last night in the L. D. S. University building, Sept. 16, 1901, there was a very large attendance of both officers and workers. All the thirty-three schools of the Stake were well represented, the banner representation coming from the Eleventh ward, which has 55 representatives. The Twelfth, Seventeenth, Twenty-first and Twenty-second wards had 19 representatives each.

The meeting was conducted by Superintendent Josiah Burrows; the opening prayer was offered by Assistant Superintendent Arthur W. Brown of the Eleventh ward. One musical exercise was rendered by the Eleventh ward school choir, led by Elder Henry A. Tuckett, Prof. Evan Stephens at the piano.

After the calling of the roll, President Angus M. Cannon explained that the change in the organization of the Sunday schools of this Stake was made so that Superintendent Thos. C. Griggs could labor exclusively in the general board of the Sunday School Union, and Elder Josiah Burrows was chosen to succeed him, with Elders Willard C. Burton and Charles B. Felt as his counselors; Joseph Vernon Smith as secretary and the following Elders as additional aids to act as Sunday school missionaries in this Stake: Delbert W. Parratt, Fifth ward; Fred B. Brooks, Twelfth ward; George Coulam, Jr., Eleventh ward; Joseph L. Emery, Sixteenth ward; James H. Garret, Seventeenth ward; A. T. Hiel, Fourteenth ward; Elder Parratt was a Sunday school missionary before going upon a mission, from which he recently returned.

Elder J. H. Parry was, after eighteen years' service as secretary, honorably released from that work by unanimous vote of the assembly, but will remain as a missionary among the Sunday schools of this Stake.

The new incumbents were called upon and expressed themselves as willing, with the aid of the Spirit of the Lord, to perform the duties of the callings placed upon them to the best of their ability.

The brethren were then set apart under the hands of the presidency of the Stake.

Reports were called for from the superintendents relative to the number of students desiring to identify themselves with the kindergarten training class.

The meeting at this juncture adjourned without the usual department work, as a special Book of Mormon lecture by Prof. John M. Mills had been announced to be given in the same assembly room, before the officers of the Y. L. M. I. associations of the Stake.

The Eleventh ward school will furnish the music at the next meeting of the union, and will render the selections which were omitted at this meeting for want of time to render them.

STRIKE SITUATION.
No General Resumption of Work at Pittsburgh Steel Mills.

Pittsburg, Pa., Sept. 16.—There was no general resumption of work at the steel mills here today. With the exception of McKeesport, the mills in this district were operating about the same as last week. Very few of the old men reporting for work. The strikers are all at sea and Amalgamated headquarters was crowded this morning with the millites from the different local mills and out of town plants anxious to learn the terms of the settlement of the last strike. None have been officially notified that the strike has been declared off, and a great deal of indignation was expressed by the different delegations on the announcement that President Shaffer, who had arrived early, would see the committee from each mill separately and explain the result of the New York conference and the terms of settlement.

From the sentiment of the tin plate workers today they will continue the strike. Dissatisfaction over the ending of the strike on terms so to be so unfavorable to the Amalgamated union extends to nearly all the plants in this district. The employees of Painter's mill of the American Steel Hoop company declared they will not return on the conditions imposed at the New York conference. At the Lindsay and McCutcheon plant the strikers said they would remain out until officially notified.

AN EXCELLENT COMBINATION.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

led of the strike being off by President Shaffer.

The situation at McKeesport was different. There was general rejoicing that the strike had been settled. Five thousand men reported at the National Tube works, but only 1,500 could be used, mostly in the threading department. Four days will be needed at least to get the mill going in full. The national rolling mill fires were not started and but few men reported for work.

At Dummer, nearly all the old men reported for work at the tin plate plant, except the strike leaders. From the national officers of the Amalgamated association nothing could be learned of the terms of settlement. President Shaffer was inaccessible and the other officers refused to give any information. Notwithstanding the dissatisfaction expressed by the strikers, it is believed the mills will be in operation before the end of the week.

A Greenville dispatch says the hoop mill started up in full today with five hundred men.

English Pro Boer Press.
London, Sept. 15.—The Times correspondent at Pretoria animadverted strongly upon the pernicious effect of the English pro-Boer press prolonging the useless struggle and causing the sacrifice of so much life and treasure.

The arrest of Dr. Kraus in London and the connection of that event with the Johannesburg trials show that the Boers are alive to the advantage gained.

On August 29th two dispatch riders were captured on the Portuguese border carrying letters to Mr. Reitz, which also contained clippings from The Review of Reviews and other pro Boer publications. That similar literature has reached the fighting Boers is shown by the fact that ex-President Steyn told the Dutch cape ministers who came to the Cape conference that the Boer position was more favorable than it was a year ago. It is further proved by Lettenberg's letter to Gen. Delarey, lately intercepted in which Lettenberg informed the general that the powers had united to end the war.

Commander Viljoen told Gen. Blood that the capture of the Boer government was the only means of ending the war. However, its prolongation rests largely upon disloyal Englishmen.

York's Visit to Canada.
New York, Sept. 17.—People in this country feel sure that the splendid reception accorded to the heirs to the royal throne at Quebec will be repeated at every stage of the royal journey, says the London correspondent of the Tribune. Sympathy with the United States will cast some gloom over the visit but the loyal enthusiasm of Canada will not be less deeply felt. It is known here that the feeling of attachment to the mother country has been heightened by the common sacrifices on the field of battle in South Africa. But as the Chronicle remarks, there are other memories not less glorious, because they are connected with peaceful victories which link together in proud attachment the people of Canada and the people of Great Britain. The London Standard points out that as the duke journeys from Quebec to Ontario "he will move from the Latin world to the Anglo-Saxon, from the past, with its lingering echoes of the leisurely grace of a vanished era, to the forceful activity of our own unresting age."

NEW MEN FOR WHITE WINGS.

Locals Are Determined to Carry Off Autumn Championship.

"POP" EYLER AND M'HALE.

Two Western League Players Are Coming Here This Week—Pitcher, Fielder and Good Batter.

The manager of the White Wings is determined to win the autumn series no matter at what expense, and he has taken an early start to put his team in shape to carry off the honors. It was given out last evening that "Pop" Eyler, a right handed pitcher of the first-class grade, now in the Western League, and Bob McHale, one of the best outfielders in the business, and a good sticker, too, will be here this week to begin operations against the Lobster crew.

Both men have been playing with the Denver team, and if they are as fast as said to be, they will certainly strengthen the locals. Eyler is said to possess some of the greatest mixtures in curves and shoots and is able to fool the best batter that ever stepped to a plate. It has been hinted that other players are coming, but nothing definite on that point is known as yet. The team seems to be fast enough as it is, but it was thought best to strengthen the pitching staff a little, and McHale was needed for the reason that Kimmer is unable to play in week day games.

While Salt Lake is getting ready for the remaining battles, Ogden is also making preparations, and is equally determined to win the greater number of games of the series. It is said besides Gaston, Evans and Hollingsworth, the Lobster manager has signed Welmer, a left-handed pitcher of Kansas City.

In all probability, the new men for the locals will be in next Saturday's game.

FOOTBALL FOR SOLDIERS.

N. G. U. May Organize a Team in the Near Future.

A movement is now on foot to organize a football team among the members of the National Guard of Utah, and if it materializes it will undoubtedly be a huge success. Of course, it will be purely amateur in every respect but all the boys want out of it is a little fun and they are sure to get it. Tat Taylor will coach for the team and a meeting has been called for tomorrow evening to talk the matter over and perhaps organize. It is said the line-up will be about as follows: Lynch, 220 pounds, center; Klidder, 210, left guard; Smith, 190, right guard; Young, 165, left tackle; Ball, 255, right tackle; Russell, 155, left end; Bassett, 130, right end; Taylor, 177, quarter-back; Gunn, 175, right half back; Campbell, 160, full back; Margetts, 175, left half back.

RACES TONIGHT.

Much Interest in the Gibson-Chapman Match.

At last it seems that "Baby" Gibson and Johnnie Chapman would meet in their twenty kilometer race, which has twice been postponed. The race takes place at the Salt Palace this evening, and it is expected there will be a large crowd down to witness it. Both riders are in good trim, are evenly matched and determined to win the race. It will be motor-paced, and a fast pace will be set from the start. There will also be a one-mile handicap professional, and a two-mile lap race amateur, for which all the riders of the class have entered.

RACES AT BROOKLYN.
Two Rich Stake Fixtures Will be the Features.

New York, Sept. 17.—Two rich stake fixtures will be the features of the opening of the Brooklyn Jockey club's fall meeting this afternoon at the Gravesend race course. Of these two the Junior champion stakes for two-year-olds of \$15,000 guaranteed value over a six furlong course, is the best. The other is the First Special for three-year-olds and upwards at a mile and a quarter. The Junior champion will have an actual value of \$19,050. About the pick of the two-year-olds of the season are entered, among them being the Whitney entries including the \$20,000.

CAN CURE ASTHMA AND HAY FEVER.

A Leading Physician at Last Discovers the Remedy.

Dr. Rudolph Schiffmann, of St. Paul, Minn., who is the recognized authority on throat and lung diseases, and who in thirty years of practice has undoubtedly treated and cured more cases of Asthma than any living physician, makes the astounding statement that he has at last discovered a remedy which not only gives instant relief in the worst cases of Asthma, Hay Fever and Bronchitis, but effects cures where all other treatments have failed. Such is the confidence of this physician in his discovery that he has authorized the announcement that on next Thursday, Sept. 19th, he will give free of charge a liberal sample package of his remedy to every sufferer who applies at F. C. Schramm's Drug Store, corner Main and First South streets.

Those living out of town will be sent a free sample up to September 21st. If they will enclose a 2c stamp to Dr. R. Schiffmann, 370 Jackson Street, St. Paul, Minn.

SOCIAL AND PERSONAL.
Mrs. A. W. McCune, Jr., has visiting her this week Mrs. Miller and Miss Marconnot of Louisville, Kentucky.

Mrs. Walter Lewis, who has been spending the summer in Salt Lake, leaves in a few days for her home in Butte.

Miss Minnie Morris of Kansas is the guest of Mrs. Glen Miller.

Mr. and Mrs. D. C. Dunbar and family will leave tomorrow for Chicago, where they will remain for a short time when Mr. Dunbar will return to Salt Lake and Mrs. Dunbar will visit Buffalo, New York, and other cities.

Mr. and Mrs. Orson Groo, who have been visiting Dr. and Mrs. Elias Wright, have returned to their home in Montpelier, Idaho.

Mrs. C. G. Plummer leaves today for Great Falls, Mont., where she will give a concert for the benefit of the Methodist church.

Miss Pearl Hoffman is spending the week in Provo with Miss Inez Knight.

An interesting meeting of the Daughters of the Revolution was held at the office of Mrs. E. B. Wells yesterday. The meeting was chiefly a memorial one, a telegram of condolence to Mrs. McKinley being drafted and sketches of the life of the dead President being given by Mrs. E. B. Wells and others. The regular program consisted of an interesting paper by Mrs. Clarissa Smith Williams on the causes that led to the war of the revolution. The society meets next month with Mrs. Alice M. Horne.
