TERMS IN ADVANCE.

## Local and Other Matters

FROM TUESDAY'S DAILY, SEPT. 30.

**Secured at Last.**—The requisite number of 15 names, to compose the Grand Jury for the September term, was secured at 11 o'clock this morning. They are as follows: Thompson Ritter, Alonzo L. Buckland, Thomas Stoker, L. Goldberg, Geo. Sanford, Chas. Bagley, John P. Lawson, S. J. Nathan, J. F. Bradley, C. M. Gilberson, Alex. Majors, L. B. Mattison, Bolivia Roberts, James M. Barlow, James Turner.

They will be empaneled at 10 o'clock to-morrow morning, until which time they were excused.

**Mail Robbery.**—J. H. Mahony, special agent of the postoffice department, arrested Mr. Dan Roberts, conductor on the U. & N. R. R., for stealing mail matter. The case came up before Commissioner McNutt, yesterday. As assistant United States Attorney Percival J. Barrett appearing for the United States, and Mr. S. A. Kenner appearing with him on behalf of the prosecuting witness. At the request of the defendant the case was continued until to-day at 3 o'clock p. m. to enable him to procure witnesses. Bonds for appearance were fixed at \$1,000, which were given.—*Junction.*

**Stricken With Paralysis.**—We regret to state that on Friday the 28th inst., Bishop William Bringham, of Springville, was the victim of a paralytic stroke, which deprived him of all consciousness. On Saturday he was reported better, on Sunday worse, and yesterday at 2 o'clock word came that he was in a very dangerous condition. We have not heard how he is to-day, but had anything more serious resulted, we would doubtless have been informed.

2.45 p. m.—A telegram has just been received stating that Bishop Bringham is much better.

**May Complete their Entry.**—The following came over the wires last night:

Washington, Sept. 29th.

In the case of the Pleasant Valley Coal and Coke Co. vs. Wm. and Peter Wimmer, involving the right of said company to enter as coal land, under the act of March 31, 1873, certain tracts of land in Salt Lake City District, the acting commissioner of the General Land Office, after reviewing the case a length to-day, concluded that the Pleasant Valley Coal and Coke Co. may complete their entry for the land, and the register and receiver have been notified to give clear notice thereof to the parties interested.

**Items from Abroad.**—A letter from Elder Wm. Bramall, dated at Nottingham, on the 13th inst., is before us. The writer intended to leave for home on board the *Arizona*, which was to leave Liverpool with a company of Saints on the 18th of October. He expected to be succeeded in the Conference by Elder David C. Dunbar, whom he characterizes as a most excellent young man, a good preacher and a son who did honor to his father's house. Elder Bramall's health was very good; he had been holding meetings nightly for two weeks, had appointments every evening up to the 7th prox., found an excellent spirit among the saints and one of inquiry among strangers. The Nottingham Conference would convene on October 12th. Forty-six emigrants from there left on board the *Wyoming*, Sept. 6th, and more would follow on the steamer

of Oct. 18th. It had been a very wet, cold summer, the harvest had but just commenced in some places and in other localities it never would commence. Some of the wheat had been sown 13 months but was not ripe yet. Dark times were felt to be ahead for farmers and laborers. Times were bad, with no prospect for any improvement.

FROM WEDNESDAY'S DAILY, OCT. 1.

**Indian Attack.**—Our dispatches to-day, from Cheyenne, contain an account of an Indian attack on U. S. troops at Milk River, Colorado. Four companies from Fort Douglas left this city for the scene this morning to relieve the beleaguered detachment.

**Sexton's Report.**—Mortuary, September, 1879, as reported:

**The Fair.**—The Annual Territorial Fair opened at noon to-day. The 14th infantry band from Fort Douglas, was in attendance, and after a fine overture, Mr. John R. Winder, President of the D. A. and M. Society, under whose auspices the exhibition is given, announced the opening of the fair and a speech by his Excellency Governor George W. Emery, a full report of which appears elsewhere. This was followed by music from the band, after which an address was delivered by Hon. George Q. Cannon. During these preliminaries, the doors were thrown open to the public who were thronging around the entrance.

The buildings and grounds are not completely occupied as yet, but there is enough on exhibition already to show that this year's Fair will in no particular be behind its predecessors.

The west end of the main building is occupied by the Watson Brothers, marble and stone workers, the Cache Valley marble works, Sanberg's furniture and O. F. Due's conservatory. The former contain some fine specimens of work in home productions, and the latter is a perfect paradise of flowers and plants, and is one of the finest departments on exhibition.

The next tier takes in Morris & Evans' stone and marble works, Bud's finely carved furniture, the Wasatch and Deseret Woollen Mills, Provo Woollen Mills, Silver's Machinery, the Ladies' Work department and the Utah Soap Factory. The east end of the building is held by Snell's Soap Factory, Rowe's Boot and Shoe Factory and Arbogast & Trumbo's Confectionery. The first is the main attraction of its kind and contains a large amount of home-made soap, including three mammoth cakes of 1,300 pound each, and an apparatus for cutting it.

Rowe's department is, as usual, one of the leading attractions. Arbogast & Trumbo's confectionery is among the finest we have ever seen.

The Fine Art Gallery is a commodious addition on the east of the

main building and is well filled with fine exhibits of painting, photography, music, printing, etc. etc. On the north is a long apartment devoted to the exhibition of fruits, vegetables, honey and other farm and orchard products. The live stock occupy the stalls, as they did last year, and bid fair to form one of the most important features of the exposition.

A press of other matter necessitates a condensed report this evening but more will appear to-morrow on the same subject.

**Report of Plowing Match.**—The following is the official report of the plowing match, held at the Jacob Peart's farm yesterday. Mr. holders of the various plows competing, are designated by numbers:

Messrs. A. P. Rockwood, John Pack and Wm. Thorne Directors of the Territorial Plowing Match.

**GENTLEMEN.**—We, the undersigned, having been appointed a committee to pass upon the merits of plows, and the plowing done on the farm of Jacob Peart, in Farmer's Ward, of Salt Lake City, on September the 30th, 1879, have to report as follows:

The plows entered in division No. 1, were the Weir Scotch Clipper, Garden City Clipper, Morrison Bros. and the South Bend Chilled. In making our award we consider the following points: Durability, ease of management, quality of work, depth of plowing, and time. The number of competitors was eight.

After a thorough examination of the plows and the work done by them, we unhesitatingly award to the Weir Scotch Clipper, No. 70, held by gentleman No. 10 the first prize.

To the Garden City Clipper held by gentleman No. 6, we award the second prize.

To the South Bend Chilled held by gentleman No. 14, we award the third prize.

In division No. 2 were entered Morrison Bros. Sulky Plow, Weir Sulky Plow and the Garden City Clipper Sulky Plow. In making our awards in this division the following points were considered: Simplicity, adjustability, ease of management, quality of work, superiority of hitch, and draft. The number of competitors was three.

After a careful examination of the plows and their work we awarded to the Morrison Bros. Sulky the first prize.

To the Garden City Sulky we awarded the second prize, and to the Weir No. 2 Sulky we awarded the third prize.

In division No. 3, to plow for the sweepstakes, were entered walking plows of various kinds held by gentlemen, old and young.

In making our awards in this division, the following points were considered: The best plowing time, quantity of work, and the condition of the land plowed. The number of competitors was 12.

After a careful and somewhat protracted examination of the points above specified, we awarded gentleman No. 12, South Bend Chilled plow, the first prize.

To gent No. 5, Weir Scotch Clipper plow, we awarded the second prize.

To gent No. 3, we awarded the third prize.

No. 4, we awarded the fourth prize.

All of the plowing was done well and with credit to the operators.

We are, gentlemen,

Very respectfully,  
John Van Cott, Ward E. Pack, D. A. Miller, Jas. A. Eldredge, J. M. Leffler, Francis Armstrong, Reuben Miller.

**Note.**—A. O. Smoot, of Provo, endorses the above, but was not present to sign the report.

Salt Lake City, Sept. 30, 1879.

FROM THURSDAY'S DAILY, OCT. 2.

**Admitted to Bail.**—The Dispatch states that Dan Roberts, arrested for complicity in the mail robbery on the U. and N. R. R., was before Commissioner McNutt day before yesterday, waived an examination and was admitted to bail in

the sum of \$1,000; J. Kiesel and John Reeves, bondsmen.

**District Court.**—Proceedings, Thursday morning, October 2, 1879. Chief Justice Hunter presiding.

E. A. Young, et al, vs. Geo. Q. Cannon et al; hearing on order to vacate order of Sept. 25th, set for Tuesday, Oct. 7th.

Butte S. M. Co., vs. Wm. F. Blake; decree of defendant for surface ground of his mining claim.

**Woman's Exponent.**—The October 1st number of the *Woman's Exponent* comes promptly to hand, filled with its usual quota of excellent reading matter, original and selected. The leading articles are "Home and Happiness," "Hints About Flowers," "Do Women Earn Money," "Good Manners." Other pieces fill in, and with the above make this number very attractive.

**"Enquirer" Items.**—An eight-year old son of James Diamond, of Springville, was run over and killed last Friday. He was driving home a wagon load of potatoes from the field, and while crossing a ditch, the team stopped suddenly and he was thrown forward to the ground, the wheels passing over him, inflicting injuries from which he died two hours afterward.

Geo. Allen, of Sugar House Ward, working on the Utah Southern Extension, while out hunting a rattlesnake last Saturday, accidentally shot himself in the leg. He was taken home next day.

**The Substituting Order.**—The order of the Third District Court, substituting Lemuel B. S. Miller as plaintiff in the heirs' suit, in place of Emeline A. Young, was objected to by the plaintiff's counsel on Tuesday afternoon, and a motion made by Judge Tilford, in behalf of said counsel, to vacate, revoke and annul said order on the ground that it was improvidently and irregularly granted, and because the substitution of Miller for plaintiff would be prejudicial to other parties and their attorneys interested in the action. This was followed by the issuing of an order for a hearing on the motion to "revoke, vacate and annul," which was set for this morning.

By reference to to-day's court minutes, published elsewhere, it will be seen that the hearing on the order to vacate has been continued until Tuesday, October 7th. The change of plaintiffs is based upon the consideration of \$5,000 alleged and acknowledged to have been paid by Miller to Young for her interest in the suit.

Some racy developments are expected when the case is heard.

**Fair Jottings.**—A vast multitude has visited the Fair to-day, which has been rendered much more attractive by the additions made to all the principal departments. The fruit room contains some elegant products, the cynosure in apples being the Cache Valley collection. Our own peaches hold the palm over all competitors. Fine specimens of various fruits are also on exhibition from Draper, St. George and other places.

G. B. Bailey's honey jar and hive of bees from Mill Creek, are great features of this department also. Arbogast's mammoth ornamented cake also claims notice in the confectionery line. The art gallery has been added unto, the organette being among the attractions there. The ladies' department is one of the most elegant of the entire exhibition. Robertson & McKenzie's home-made umbrellas are prominent. Cache Valley soaps are to be seen also. Snell's soap has taken the first prize.

The Utah Soap Works have a handsome exhibit. Hon. Wm. Jennings has taken first prize for 30 plants. John Reading second prize for same. Robert Dye takes Vick's first prize of \$20 for cut flowers.

The stock yard is one of the leading attractions. The improvement in horses is very manifest. The impetus given to our local stock raising by the importation of blooded sires is shown in fine home products that now take the front.

CHEW Jackson's Best Sweet Navy Tobacco. d&w

## Catarrhal POISON

Wei De Meyers' Treatise on Catarrh, explains the following important facts:

1. That Catarrhal Colds become a poisonous infection, at first local, and finally constitutional.
2. That, being Constitutional, the infection is beyond the reach of mere local remedies.
3. That whatever impurities exist in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the digestive, the respiratory and the genito-urinary organs.
4. That Catarrhal virus follows the mucous membrane and causes Weak Eyes, Deafness, Dyspepsia, Chronic Diarrhoea, Bronchitis, Leucorrhoea and Consumption.
5. That Smokes, Douches, Inhalations and Insoluble Snuffs, taken into the nostrils and throat, cannot possibly remove infectious inflammation from the organs named.
6. That an antidote for Catarrh must possess an inoculative affinity for, and the capacity of being absorbed by the purulent mucous wherever located.

Acting upon these theories, Dr. Wei De Meyer has found a remedy for Catarrhal diseases, which proves to be infallible. His *Treatise*, with overwhelming proofs and full explanations of the most important medicinal discovery since vaccination, is sent free and Post paid to anybody. *Wei De Meyer's Catarrh Cure* is not yet in the hands of all Druggists. Where not thus procurable, it will be delivered to any address at \$1.50 a package. To Clubs, six packages for \$7.50. To the trade, liberal terms.
