

BENNION FLOUR MILL DESTROYED BY FIRE

Left of Old Land Mark on
The Jordan But Heap
Of Ruins.

(Special Correspondence)
MURRAY, Sept. 9.—About 1 o'clock
yesterday morning the Bennion flour
mill situated on the Jordan river west
of Murray, near Taylorsville was com-
pletely destroyed by fire.

Murray fire department respond-
ed with four tanks. As the building
is a large frame structure, it burned
readily. The fire-fighters were success-
ful in saving only 15 sacks of wheat,
one having been taken out when
the blaze was in its first stages. All that
remains is a smouldering mass of bran,
shells and charred wood, and some
bits of machinery. The loss on the
building is estimated at \$5,000, covered
by \$1,000 insurance. About 3,000 bushels
of grain was also destroyed. Some of
the machinery, which is not damaged
to a great extent, can be used again,
as the dynamo and motors.

The mill was an old landmark having
been built in the early days of the ter-
ritory. The mill, under construc-
tion by the Messrs. Bennion & Com-
pany, will be ready for business in less
than a month, so that the business of
the mill will not be interrupted long.

The origin of the fire is unknown,

but Manager Bennion attributes it to a
lightning bolt striking a hot box

in one of the machines. When the
blaze was first noticed by nearby resi-
dents it had gained considerable head-

ing.

MURRAY, Sept. 9.—The long drawn out
controversy in regard to the opening of
Second avenue in Murray, and whether
it has been before or after Main for
the past two months, came to a happy
conclusion at the regular session of the
council last evening. After a long dis-
cussion it was announced that the
American smelter people had come for-
ward with the proposition that they
would give as their share \$3,000 for
the building of the new thoroughfare.
This was immediately accepted by the
city recorder has been re-
quested to advertise for bids.

A NARROW ESCAPE.

Roger N. Baxley, a merchant of
Belleville, Ind., wrote: "About

two years ago I was thin and sick, and
spent all the time and if I did not
use consumption, it was near to it.

I commenced using Foley's Honey and
Balsam, and it stopped my cough, and I
was entirely well, and have gained
seventy-five pounds, all due to the
good results from taking Foley's
Honey and Balsam." F. J. Hill Drug Co.

ALBERTA IN MIDST
OF ABUNDANT HARVEST.

(Special Correspondence.)

RAYMOND, Alberta, Canada, Sept.
1.—Grain cutting is general now
throughout the district and expecta-
tions are being realized, in some in-
stances surpassed, as to the yield. As
new grain comes in, prices are quick-
ly declining from the high figures of
the past few months, and present indica-
tions are that threshing prices of last
year will be about duplicated. The
Ellison Milling & Elevator company
will buy heavily for export as well
as for local trade. In an interview
with George W. Green, the com-
pany's manager, it was learned that
large shipments of flour are being
constantly shipped to such European
points as Liverpool, Glasgow and Chris-
tiania, where a grade of flour is con-
sidered slightly lower in excellence than
that demanded by our local consumption.
Mr. J. J. Hill is reported as
saying that "we can never sell dollar
wheat in countries where wages are as
low as 15 cents per day," but the
company is increasing and the
increasing. Speaking of the
Asiatics, reminds the writer that this
section has experienced a departure
from the usual Asiatic invasion. Some
of the Japs employed by the sugar
company have purchased a tract of
land about 10 miles south from the
town where they will commence the
cultivation of sugar cane.

The weather remains hot and clear,
ideal conditions prevail for the develop-
ment and harvesting of crops, and
everywhere are still stained young men
and women horses garnering the wealth
of the earth.

The factory is a hive of industry,
working up the second million pounds
of German raw sugar to supply the
growing demand.

The Knight company is branding
calves and colts at its ranches, approx-
imately 400 of the former and 2,000 of
the latter.

Many people delude themselves by
saying "It will wear away," when they
notice symptoms of kidney and blad-
der trouble. This is a mistake. Take
Foley's Kidney Remedy, and stop the
drain on the vitality. It cures back-
ache, rheumatism, kidney and blad-
der trouble, and makes every trace of
pain, weakness, and urinary trouble
disappear. F. J. Hill Drug Co. "The

is 99 years and 6 months younger.

1809. In 1829 he was married to Ann
Fatchett. They joined the church in
1843. His wife died in 1888 and he
emigrated to this country shortly
afterward, all but one of his children
having preceded him.

He was a faithful Latter-day Saint
and enjoyed the respect and love of
all who knew him. He was the father
of seven children, two of whom sur-
vive him, also 15 grandchildren, 25
great grandchildren, and two great-
grandchildren.

JONES, WESLEY. At Taylor,
Arizona, Wesley L. Jones, aged 48 years
and 3 days. He was the son of D. N.
and Emily Colton Jones; married to
Phoebe Sanders, who, with seven
children, survives him. His eldest son,
Wesley M. (aged 22 years) is on a
mission to Florida. He was a faithful
Latter-day Saint.

BRIGGS, BETSY FIELDING. At
Beaver, Beaver county, Aug. 31.—Betsey
Fielding Briggs, wife of James Briggs,
died at the age of 84 years. She was
born June 1, 1822, at Arthington, Lancashire,
England, and became identified with the Church of Jesus Christ of
Latter-day Saints in 1844, and took an active
part in local missionary work, during her stay in England. The family
came to Beaver in 1855, and have been
devout Church workers. Her husband,
four sons, three daughters, 25 great-grandchildren
and 24 great-grandchildren are left to cherish the memory of her faithful
and useful life.
