GAS made in the flesh by abscesses and ulcers speedily disappear without having a scar when HENRY'S CARBOLIC SALVE is the agent employed to heal them. This standard article cures the worst sores, eradicates cutaneous eruptions, relieves the pain of burns, banishes pimples and blotches from the skin and has proved to be eminently successful in remedying inflammation and sore throat, throat and chest. Sold by all Druggists.

CAMERON'S New York Main Street, is daily in receipt of the cheapest and most attractive goods in the city, consisting in part of Dry Goods, Fancy Goods, Underwear, Hosiery, Gloves, Jewelry, Notions, Dolls, Toys, Etc., Etc. The house is still remarkable for cheapness, fair dealing, quick sales and small profits.

When a candidate for State Senator, the political opponents of Dr. R. V. Pierce, in their efforts to overcome the great popularity, and being unable to extract "snuff" from the doctor's nostrils, resorted to the device of having a party of doctors drag the doctor's celebrated Family Medicine into the canvass, and publish pretended analyses of the same. So absurd were the formulas given, and how the charges made, that the editor of the Commercial Advertiser, after a careful investigation, says: "I cannot distinguish between the doctor's medicine and the doctor's nostrils."

EVENING NEWS

Saturday, November 16, 1879.

COLD.
SALT LAKE CITY, November 16, 1879.
COLD.
Dropping at 11:30. Sailing at 1:00.
SILVER.
(Half Dollars)
Dropping at 9:30. Sailing at 10:30.

LOCAL AND OTHER MATTERS.

Thermometer.—To-day, 10° clock p. m., the thermometer noted 41 degrees F. in the shade. Rain.

Mud.—There is as much mud in the streets now as there was just a few days ago. Pedestrians are unhappy.

Fire.—Just as we go to press the alarm of fire is sounding. The cause is, apparently, on the State Road. No particulars known.

The Amateur.—Number 12 of the Amateur is from the press. It is interesting as ever, and well worthy of perusal.

In Town.—Mr. Joseph A. West, of the Ogden Junction, made a short visit to this city, to-day, on business for his paper.

Artistic.—A very fine looking and substantial roof cornice is being placed around the New Tabernacle. In design it is artistic, and in finish it is a model.

Sunday Services.—Baptist Schools at 10 a. m.

Meeting in the Tabernacle at 2 p. m., and in the various wards at the usual evening hours.

Home missionaries have been appointed to preach in the country wards and settlements of the State, as usual.

Sad.—Yesterday afternoon, Brother and Sister Samuel Howard, of South Jordan, lost two children by diphtheria—one, a girl six and a half years of age, and the other, a boy, four years of age.

We, in common with the friends of the parents, sympathize with them in their great loss.

Remember the Y. M. M. I. A. special meeting to be held in the Council House, on Monday evening next at seven o'clock. All officers and members are invited, those who have not sent in their reports, as requested, will please forward them previous to the meeting.

Joe. H. Felix, Geo. C. Lambert, Jno. W. Taylor.

Fruit and Shade Trees.—Many persons are taking advantage of the season to plant fruit and shade trees, and to erect their premises.

Good trees serve not only as ornaments to a home, but many of them are also a source of income. To everybody who owns land in this vicinity, we say, plant trees; and thereby not only cultivate your own taste for the beautiful, but also aid in the embellishment of Zion.

Ogden Items.—The Junction of last evening says that the total weight of 64 potatoes, raised by four farmers in Weber County, was 240 pounds. They were all of the Peerless variety.

Why such large potatoes should be so scarce, and of other kind, we can't imagine.

The business of transferring iron for the U. & N. R. R., from the broad gauge cars of the U. P. R. R., to the smaller cars of the narrow gauge road, requires the railroad men to work night and day. On a recent occasion, eight men, working five hours, from 8 o'clock in the evening until one the next morning, transferred 20 car loads of iron, all of which was taken northward by the next train.

The Grantsville Accident.—We have received from M. F. Fairchild, of Grantsville, the particulars of the terrible accident at that place, on the 7th inst., which resulted in the death of Joseph Fairchild, as already published. We learn from the later communication, however, that heroic efforts were exerted by John Fairchild, a boy of 10 years, to save his brother from the terrible fate that overtook him.

A likeness of the two boys was taken by Fox & Symons, previous to the burial of the departed one.

The funeral services were held on Sunday, Nov. 10th, at Grantsville, under the direction of Elder W. G. Young.

The deceased is said to have been a dutiful and affectionate boy, of intelligence and promise, and his untimely end is deeply regretted by the whole community.

Honesty Rewarded.—Some time ago, Mr. Silas Lee, of the 19th Ward, lost a pocket book containing money and papers to the amount of \$200. Advertising repeatedly for the lost property failed to recover it, till a few days ago an old gentleman from the 6th Ward, named James Albion, brought the missing pocket book to the owner, and on his describing its appearance and contents, delivered it up.

Mr. Lee, finding all items, presented the old man with a ten dollar bill, which the latter persistently refused, on the ground that he had not earned it, nor done anything but what his duty required, and others about to do to him under similar circumstances. Mr. Lee then gave him a five dollar bill, but the old man still refused, and it was only by insisting stoutly, that he was finally persuaded to accept it, which he did with the remark, "I ha' na' earned it."

In view of the fact that the old man was very poor, this little incident reflects great credit upon his character. No one will say but that his honesty deserved the reward, but his hesitation in accepting it, showed the working of a correct principle, beautiful to contemplate, and thus another example is given of the proverb, "There's many an honest heart beats beneath a ragged coat."

WOMEN'S MASS MEETING.

The meeting of ladies at the Theatre this afternoon was called to order at 2 p. m. by Mrs. Zina D. Young. The house was filled in nearly every part. Miss Eliza R. Snow was elected chairman of the meeting; Mrs. M. M. Kimball, secretary, and Mrs. Augusta Crocker, assistant secretary.

The choir then sang "The Standard of Zion," after which the meeting was opened by prayer, by Mrs. Prescilla Kimball. The choir again sang.

The chairman, Miss Snow, stated the object of the meeting, and made some appropriate and touching remarks. Mrs. Bathsheba W. Smith then read an address. Mrs. Zina D. Young delivered an eloquent extemporaneous speech in which, like her predecessor, she bore a strong testimony to the truth, and to her firm belief in its principles, especially that of Celestial Marriage.

She was followed by Mrs. Hannah T. King, who read a well written article, claiming for herself and her sisters the right of religious liberty.

Mrs. Margaret T. Smoot then bore her testimony to the truth of her religion, and her respect for the principle of plural marriage. She was followed by Dr. Romanus B. Pratt.

The meeting is still in progress as we go to press.

The following preamble and resolutions were read during the meeting, by Miss Annie Wells:

PREAMBLE AND RESOLUTIONS.
Whereas, We, women of the Church of Jesus Christ of Latter-day Saints, have been misrepresented and misrepresented to the nation, by those in our midst of our own sex, in regard to our most sacred rights—the rights which pertain to the holy relations of widowhood and motherhood, we do hereby earnestly, solemnly and emphatically declare our true sentiments, and invite a thorough and impartial investigation of our cause; Whereas,

First, Resolved, That we, women of the Church of Jesus Christ of Latter-day Saints, and loyal American citizens, claim the right guaranteed by the Constitution, that "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or a right which we seek to exercise, not to the injury of others, but within the pale of peace and justice, of life, liberty and pursuit of happiness, according to the dictates of our own consciences."

Second, Resolved, That we protest against any enactment of any laws which deprive American citizens, whether male or female, of any constitutional right; and that we make a united effort to secure the unanimous voice of the women of our faith, to plead the passage of the sixteen amendments during the coming session of Congress.

Third, Resolved, That we solemnly avow our belief in the doctrine of the Patriarchal order of marriage, a doctrine which was revealed to and practiced by God's people in past ages, and is now re-established on the earth, by divine command of Him who is the same yesterday, to-day and forever, and which, if lived up to and carried out under the direction of the Holy Spirit, will result in the exaltation of our nation, and the exaltation of our race.

Fourth, Resolved, That we do truly appreciate the efforts and labors of the noble ladies of the National Woman's Suffrage Association, who, though opposed to their feelings to plural marriage, and without sympathy for our religious views, bravely defended the cause of woman's rights in Utah, in the halls of Congress, and take this public opportunity of tendering them an expression of our sincere and hearty thanks.

Fifth, Resolved, That the women of Utah memorialize Congress, setting forth their grievances, and that they take such other justifiable steps as may be necessary to defend themselves against the wrongs and violent assault now being made upon their sacred and constitutional rights.

Further particulars will be given hereafter.

Homes Production.—The government of the English colonies in Australia seem to understand the value of home productions. Recently, in relation to this subject, an article appeared in The Engineer, a periodical published in London, England, from which article we quote as follows:

"During competition a short time ago, English pipe makers were able to undersell the duty of 10 per cent. to the extent of 25 and 21 per cent. Tenders are now sought (by the Colonial Government) for a further supply of 5,000 tons of war mains. The Government this time require that the pipes be manufactured in the colony, and foreign companies are therefore excluded. As a further encouragement to the contractors, the deposit is to be reduced from 5 to 25 per cent. Under this encouragement it seems likely that a company will be formed to cast pipes at Melbourne."

"We may in this country regret that the pipes required have not been ordered in England, but Melbourne people argue that it is much better that their own money should be spent among their own workmen, than among English workmen, and the argument has considerable force. English ironmasters would not like to see pipes imported from Melbourne when their own foundry hands were starving."

Far-fetched.—We get this from the Junction:

The telegraph company have commenced digging the pole line from the depot, up Fourth Street to the new building, where it is to be joined the future repeating office of the Western Union men. The work will be vigorously prosecuted until all is ready, and then the batteries will begin to play.

From the above piece of penmanship, we should think the Junction battery had already begun to play; though to go to the pole for a pen, makes the joke rather far-fetched.

Accident.—We received the following special, to-day, per Deseret Telegraph line:

KANAB, Utah, Nov. 16, 1879.

Editors Deseret News: Yesterday afternoon, Lorenzo Brown, son of Jos. G. Brown, of this place, while on a wheat stack, during threshing, fell from the stack upon a cedar picket, which struck him in the left thigh, ranging upwards nearly coming to the surface in the left groin. He appears to be doing well, considering the wound.

SUMMIT STAKE CONFERENCE.

The Summit Stake conference convened on Saturday and Sunday, the 9th and 10th of November, in the Coalville school house, President W. W. Cluff presiding.

All the wards were represented by the respective bishops and counselors, with the exception of the Alma Ward, it being represented by Elder Sims.

Saturday morning was taken up by Bishops Stanley and Maltin and Counselor Willis Harder, who gave good instructions, being filled with the spirit of God; they showed the benefits of co-operation and what might be done by a united effort.

At 2 p. m. Apostle F. D. Richards and his son, Eustace F. S. Richards, were on the stand, several of the wards were reported verbally, by their bishops or their counselors, giving forth the standing, condition, and faith of the members of their several wards.

Apostle F. D. Richards occupied a short time to good advantage, showing that by diversifying the reports they would be much more interesting, than keeping in the same routine, compared many of the reports as being priestly and routine, all being on the same track. The great object was improvement. Our young people through their many present and past mistakes would become more refined and be enabled to go to the nations of the earth, and meet with the great men thereof, and converse with them intelligently. He touched upon co-operation, as the stepping stone to the United Order, and that all the different organizations should work harmoniously with the bishops in bringing about that grand object.

Sunday morning, 10 o'clock. The altar and Hennesferville Wards were reported.

Elder Israel Evans, from Lehi, spoke, showing that spiritual and temporal matters were one to us, and co-operation could not be made a success, unless the priesthood of God was at the head of the same. Co-operation would not only better our condition financially, but would tend to help the morals of our community, keeping our young men at home, and furnishing trades for them, thus we would eventually become a self-sustaining people, which was the great object to be accomplished.

The statistical report of the Stake was presented, which showed there were in the Stake 40, 400 members, 25 Priests, 25 Elders, 25 Priests, 25 Teachers, 25 Deacons, 140 members, 215 total, 11 children under eight years old; total of souls, 3,270; families 621.

Also the reports of the donations to the Temple and disbursements thereto was read.

Elder F. S. Richards spoke on the travels of the Saints, their coming up to these valleys in accordance with prophecy. He named several predictions that had been fulfilled in our day, and showed that the things that had also predicted that Babylon would fall, hence the importance of preparing ourselves to become a self-sustaining community.

At 2 p. m. Devotional services being over, the sacrament was administered. The general Church authorities, as sustained by the General Conference in Salt Lake City, at our last October Conference, were presented by Elder John Boyden, and unanimously sustained, after which the Stake and Ward authorities in their various capacities were also sustained.

The Female Relief Association in the Stake effected an organization, and appointed for president, Sarah S. Richards, with Ann Cluff first counselor, and Mary Reynolds second, and Mrs. Jennie Boyden secretary.

Carl Anderson was appointed president of the Y. M. M. I. A. Sister Eliza Richards was appointed president of the Y. L. M. I. A., with Lucy Stevenson as first and Miriam Frost as second counselor.

A number of Home missionaries were appointed to labor in the Stake.

President W. W. Cluff gave some explanation of the Stake, its appointments, also referred to the Sunday schools throughout the Stake being deficient of teachers. Said that he no greater duty than we could perform, was to lead the young in our midst, also hoped that the missionaries would perform their duties, and that the Bishops would receive them kindly. Touched on fast offerings, the Welch emigration fund, and co-operation.

Apostle F. D. Richards spoke in relation to the Stake, we should have teachers of our own creation, touched on the importance of good civilization, and dwell most eloquently on co-operation, argued that we must become one in action, and prepare ourselves to receive our stewardships, which we must hold in co-operation, and be held responsible for what we entrusted to us and those that improved on that which was entrusted to them should receive more while those that did not would lose that which they seem to have. Conference adjourned till the 9th and 9th of February, 1879.

Wrote: 4007 at Mrs. Mary's Clerk of Conference.

A little learning is a dangerous thing, and that is the reason some men prefer to spend their money for beer instead of a newspaper. We have seen newspapers, though, from which they would never learn enough to hurt them.—Cia. Breakfast.

DIED.
In the 7th Ward, Salt Lake City, at 12:30 p. m., Nov. 15, 1879, of old age, MARY ANN DAY. Deceased was born March 24, 1814, emigrated to Utah, residing in Bradford, Yorkshire, England; lived and died in good standing in the Church.

Funeral services will be held on Sunday, November 17, 1879, at 12 m., in the Seventh Ward Assembly Room. Friends are respectfully invited to attend.

WANTED.
ACTIVE COUNSELLORS to set Prof. Dr. Edison's Electric Pen and Photographic Camera. Apply at Mrs. Mary's Military Store.
