TRADING HEAVY ON THE EXCHANGE

All Stocks Shared in Further Depreciation of Values.

3,000 YANKEE DEALT OUT.

At Figures Lower Than $2.05—Daly-West Lower Than Yesterday, With No Apparent Cause.

Trading on the mining exchange this morning was much heavier throughout the list and the transactions totaled 68,120 shares for which $30,962.63 was called for.

The market was extremely weak and nearly every stock was depreciated some in value from yesterday afternoon's closing quotations, when the trading ceased this morning. The bears were very much in evidence and jumped at every opportunity to pound down values. There is not much doubt that the end has about been reached. At present figures some stocks are very good purchases for investment purposes and there is no doubt that the public will get in the market if much lower figures obtain. "The one benefit of the great slump," a well known mining operator said last evening, "is that the very high valuation of some poor properties has been knocked out and while every stock has gone lower and some have not reached the end yet, still those of merit will soon recover and some very beneficial lessons regarding the mining industry have been taught the brokers, operators and public. I think the benefit to be derived from this slump will be very far reaching."

Trading this morning began with Ajax, which sold as low at 31; Carisa followed with sales between 39 and 41, and May Day began at 50 and closed after sales totaling 6,200 shares at 47¼.

Con. Mercur was dealt in between 1.48 and 1.47 and Daly West sold under 28.50 a share. Most unjust rumors are afloat regarding this property as well as about some others. Uncle Sam, Star Con., Ben Butler and Boss Tweed were each several cents off from yesterday's closing figures and California sold down to 38 from 40.

Century was stronger and 400 shares brought 22½, while Yankee Con was very badly hammered. Starting at 2.05 the stock rapidly sold down to 1.96 and closed very weak at that figure.

Closing quotations were as follows:

DIED.

HINCKLEY—This morning at one o'clock of typhoid fever, Grace, daughter of Mr. and Mrs. B. S. Hinckley, aged 2 years and four months.

Services will be held at the residence No. 543 Eighth East street, at 11 a. m. on Friday.

CHRISTENSEN.—At 275 J street, this city, Jan 22, 1902, of cerebral meningitis, Alfred Christensen, son of Soren S. and Camilla Olsen Christensen, born Oct. 4, 1876, in Draper, Utah.

The remains are at the parlors of Undertaker Jos. Wm. Taylor on West Temple street, and will be shipped to Sandy today, and funeral services will be held Sunday at Sandy.

DIVIDEND WILL COME TOMORROW

Con. Mercur Directors Will Order Payment of $125,000.

TREASURY STOCK PLACED.

Honorine Management Gets $100,000 For It—P. L. Kimberley Lets in Sharon, Pa., Friends.

The Consolidated Mercur Gold Mining company will soon add another dividend to its already fine record. Tomorrow the directors will meet and though there is not a chorum in the city it is understood that with the consent of the absent directors the usual quarterly dividend of $125,000 will be declared payable soon after February 1st. The payment of $125,000 to the stockholders increases the total amount paid by the company in less than two years to $610,000 and the amount paid this year to $500,000. Reports from Mercur state that the earnings of the company have been enormous and that everything is running in excellent shape. The property has made a wonderful record during the past year.

PLACER GOLD BONANZA.

Dicovered in Basement of New City Hall in Denver.

Denver, Colo., Jan. 23.—Men employed in the basement of the new city hall have discovered what may prove a placer gold bonanza. Profuse colors in a sediment of black sand which appeared after washing in the old fashioned way caused commotion among city officials. The men were digging in the sand to place the pit machinery of an elevator about 18 feet below the level of Fourteenth street, when the peculiar nature of the soil, unmistakably that of gold producing sand, was recognized by Thomas Brisbane, an old miner. O. P. Bauer, vice president of the chamber of commerce, and skilled in placer mining, pronounced it a genuine gold find.

THE CALIFORNIA MILL.

Manager Farrell Says that Mill is Working at Full Capacity.

President James Farrell of the Quincy of Park City, and manager of the California, came down from camp last evening. When seen today he stated that the California mill is now running to its full capacity, and that there seems to be no reason why it should not be perfectly satisfactory. The mine, Mr. Farrell says, is looking well and development work is being pushed. There is sufficient ore already blocked out to keep the mill operating at full capacity for quite a while.

Speaking of Daly-West mining stock, Mr. Farrell said that so far as he knows there is absolutely nothing to warrant a raid on that stock. There is little probability, if any, that the Daly West and Quincy will ever fight each other in the courts.

TREASURY STOCK PLACED.

Honorine Mining Disposes of $100,000 Worth in Sharon.

The Honorine Mining company's treasury stock, to the amount of $100,000 worth, has been disposed of by P. L. Kimberley to friends in Sharon, Pa. Just the amount of stock that came out for the sum named is not known, but with the $100,000, the company will be able to meet every financial requirement for its development and equipment including the cost of a mill and the cost of sinking the triple compartment shaft now under way to the 600 foot level.

JUNE BUG DEAL.

Hon. Reed Smoot Obtains Undivided Eighth Interest.

(Special to the "News.")

Provo, Jan. 23.—A mining deed from J. Wm. Knight and Jennie B. Knight to Reed Smoot for an undivided one-eighth interest in the June Bug (patented) mining claim in the Tintic mining district, consideration, $1, has been filed with the county recorder.

Location Notice Filed.

(Special to the "News.")

Provo, Jan. 23.—G. T. Bridges and S. I. Schnider have filed notices of location of the Hobson Nos. 1, 2 and 3 mining claims in North Tintic mining district, about 1,500 feet northwest from the double loop of the R. G. W. railway.

MINING NOTES.

One car of East Honorine (Stockton) ore arrived at the Conklin sampler this morning.

Ore and bullion settlements in this city yesterday amounted to $35,460: T. R. Jones & Co., $49,000; McCornick & Co., $6,460.

The Dexter-Tuscarora has marketed a $3,500 gold bar, the result of the mill run for the first fifteen days of this month.

B. T. Lloyd of the Copper Ranch Mining company, operating in the Beaver district, leaves for the property of the company tonight for a few days' visit.

Superintendent Raddatz of the Honerine mine at Stockton came in yesterday from the property. He reports the big tripple compartment shaft to be down 45 feet as the result of 45 days' work.

M. J. True, secretary of the Bluebird Mining company, is in the city from the Beaver district property owned by his company. He says that conditions at the property are very favorable, and Superintendent Hutchins is expected at any day to connect with the ore body exposed in the cave.

FREDERICK KELLER GONE.

Bright's Disease Claims Life of an Old Book-keeper.

Frederick Keller, an old and well respected citizen of this city, died at his home, 45 south, Seventh West street, at an early hour this morning. His death was caused by Bright's disease, from which he had been suffering for some time. He was born in Weimfelden, Thurgan Germany, on the 25th of November, 1863. In his youth he identified himself with the Mormon church and in 1883 he emigrated to Utah and settled in this city, where he lived the remainder of his life. He was employed for some time as bookkeeper at the tithing office and later went to the Herald, where he was employed as bookkeeper for eleven years. In September, 1898, he went to Switzerland on a mission and returned on October 23, 1901.

He was a quiet, unassuming man, but one of strict integrity and honesty. Those who knew him best thought most of him and his death at this time is sincerely regretted by a large number of friends.

Arrangements for the funeral have not yet been made.

CHANGES SMALL AND CONFLICTING

In All but Metropolitan Volume of Business Was Light.

A LITTLE FIRMER TONE.

Bonds Active but Irregular—Condition of Cattle and Produce Markets.

New York, Jan. 23.—Changes in general at the opening were small and conflicting and the volume of business light, but transactions in Metropolitan Street railway were on a large scale and the price mounted to 173. The strength of this stock and the absence of any pressure against any of the prominent stocks caused a firmer tone all round. Manhattan, Brooklyn Transit, Sugar, Amalgamated Copper, St. Paul and Missouri Pacific gained 1@1½. Traders took profits in Manhattan and Metropolitan Street railway and their re-action of a point checked the rise elsewhere. Other losses, however, were insignificant and a later demand for the Vanderbilt stocks, led by Cleveland, C. C. C. & St. L., which reached 96¾, caused renewed firmness.

Bonds were active but the market was irregular.

The tone of the market became lethargic and heavy after midday. Large buying of Sugar up to 124¼, an advance of 2¼ over last night, did not help the general list.

AT THE HOSPITALS.

John Brown, a miner, was brought in from Stateline this morning and taken to the Holy Cross hospital suffering from a severe scalp wound caused by his being struck by falling rock while at work. The wound is about ten inches in length and the scalp is considerably torn. Dr. Richards, who attended the patient, states that there is no fracture of the skull and Brown will be around again in a few days.

Dr. Pinkerton operated upon Miss Gertie Johansen of Idaho Falls this afternoon at St. Mark's hospital for appendicitis.

Mrs. Wheeler of Eureka was operated upon by Dr. Wright at the Keogh-Wright hospital this morning for appendicitis.

Natural Teeth! Artificial Teeth!

The Care of the Former and the Manufacture of the Latter Is the Business of the

Griswold Dental Manufacturing Co.

The business of the Griswold Dental Manufacturing company is the manufacturing of artificial substitutes to supply the loss of natural teeth, handled on a purely commercial and competitive basis, and for cash only. We have the largest and most thorough equipment for doing the business. A very large laboratory fitted out in every way with machinery and appliances the most modern known to dentistry of the twentieth century. This, in charge of expert dentists, men of ability and experience, a condition that makes it possible for us to do all kinds of mechanical dentistry at a price so low that not a dentist in the city or state can compete with us, either as to quality of work or prices, and then, too, we do the work in less time by one-half of that required by the average dentist. We makes plates from $5.00 a set up, and we defy competition as to the excellence and character of the work and quality of material used.

Crowns and bridge work are our specialties. Consult us about your needs and get our prices. We do more of this class of work than all the other dentists of the city combined.

We use the finest materials and every piece of work turned out by us is built like a watch. Griswold guarantees the work. Painless extracting, 50c.

Consultation free.

Burlington Route

A Good Meal for 60 Cents.

It costs more to operate a dining-car than it does to run a restaurant—and yet, in Burlington diners, prices are no higher than in a good restaurant, and not nearly as high as in an expensive one.

A good meal can be had for 60 cents, and an excellent one for half as much again.

On the Burlington you can depend upon getting just what you want at a price you can afford to pay.

Denver to Omaha, Chicago, Kansas City, St. Louis, and everywhere beyond.

like the present to have your eyes examined. Often a short time without glasses or even a shorter time with glasses that don't fit will do your eyes a damage that is impossible to overcome without a considerable cost when if attended to at once a simple pair of glasses properly fitted would have made your eyesight as good as ever.
