NEW INDIAN SCHOOL.

NEW INDIAN SCHOOL. An Indian agent is not wat the Moc-casin ranch about 15 miles west of here propriation which Senator Smoot secured for estabplishing an Indian school and farm in this country. When the senator was here two years ago, he saw what a wratched condition the Indians were in, and that they were quite a burden upon the people of Kanab. He also saw that a mistake had been made in placing the Indian school at Parguite, as the climate is too severe for the Indians who have been raised in this country, and it is too far from the Indians home. Hence Mr. Smoot's action in securing the ap-propriation. The Indians have for years, with the assistance of Jonathan Heaton, the owner of the Moccasin ranch, been doing a little farming on 10 acres of land which together with one-third of the water of the Moccasin ranch the Mormon Church bought for the Indians over 25 years ago.

Special Correspondence. Moab, Grand Co., Jan, 28,--Up-to quite recently the weather has been very cold, making it possible to har-vest a most excellent ice crop, but at present the weather is quite soft. The work on the new water system is again under way, and the board of directors say the work will be car-ried on to completion just as fast as possible. This new system will give this little town a most excellent sup-ply of pure mountain water from a large spring about one mile and a half above town.
