Thus it is with a valuable medicine: Dr. Aug. Kaler's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. In cure it is truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaler, and has his name blown on every bottle. Trial bottle, 25 cents.

When man to conform more to the laws of health and of nature, and be less addicted to the gratification of his passions, it would not be necessary to advertise Fellow's Compound Syrup of Hypophosphites as a restorative for the powers of the brain and nervous system, while the world's progress in enlightenment would indeed be marvelous.

It is astonishing with what rapidity ulcerous sores and eruptive maladies are cured by HENRY'S CARBOLIC SALVE, an external antidote to unhealthy conditions of the skin which is preferred by physicians to every other preparation containing the carbolic element, and purifier extant. It acts like a charm on purulent eruptions and has also been successfully used for rheumatism and sore throat. All druggists sell it.

"Every Day Life."

Arising in the morning, almost first thing to be thought of is marketing, or getting the necessities of life; and should any one of the family be troubled with Coughs, Colds, Influenza, Hoarseness, difficulty breathing, or any affection of the throat, bronchial tubes or lungs, leading to Consumption, a supply of that household necessity, known as **HALE'S HONEY OF HOREHOUND AND TAR**, Which brings strength to the harassed frame, wearied and jaded by a hacking cough, must next be obtained. Ask that fresh, bright, rosy-cheeked girl, who, but a few weeks ago, was lying helpless on her bed, with a hectic flush about making its appearance on her cheeks; ask her what restored her to her long nights of happy sleep, renewed strength, and a final scattering of that cough that was dragging her down to her grave. Ask her what physician was so successful in her case, which seemed to battle medicine and to defy the many alluring and tempting morsels which anxious hands prepared for her to smooth her journey from this life. Ask her who was the best factor, and her eyes, speaking volumes, will brighten, her rosy lips will open, while the words warble from her mouth in tones of melody: **"HALE'S HONEY OF HOREHOUND AND TAR"** Sold by all druggists at 50 cents and \$1 per bottle. Great saving by buying large size. Depot, 176 7th Avenue, New York City.

District Court.

International Review.

The May number of this periodical contains "Jugurtha," a poem by Longfellow; Sidney Deibel, by the author of "John Halifax, Gentleman," Railway Poets, by J. W. Midgley; Army Reorganization, by Gen. R. Williams; Our International Carrying Trade, by Hon. Freeman H. Moore; English and American Painting, by J. W. Midgley; American Autocrats, by Felix L. Oswald; Contemporary Literature and Recent Utah Books.

Educational Association.—The Salt Lake County Educational Association met according to appointment, Saturday afternoon, in the Thirteenth Ward Assembly Rooms, a large audience having assembled to witness the exercises.

After class recitations by Mr. H. A. Woolley's pupils, who illustrated in a very thorough manner his methods of teaching reading, arithmetic and geography, some extemporaneous remarks were made by Professor John Morgan on the necessity of originality in teachers and sufficient freedom being given them to teach according to their own judgment, without being bound down so closely to stereotyped regulations. This was followed by a very interesting and instructive address by Dr. John R. Park on the subject of general education. Mental culture alone was insufficient. The physical training of students should not be neglected. It was the duty of the teacher to understand his pupils and adapt his teachings to different conditions and circumstances. He also adverted to the necessity of proper cultivation of the mental faculties, such as reception, conception, memory and imagination. Mr. William J. Silver followed in a series of remarks on the duties of trustees. Good school-houses and furniture should be provided, and school rooms should be well ventilated. Pipes for heating purposes were better than stoves, as the former preserved a more even temperature which was impossible for the latter to do. He also said that neither trustees nor parents should ever let the children hear them speak disparagingly of the teacher, as it tended to lessen respect for him, and made his task of governing his pupils still more difficult. He also thought drawing should be taught in every school where it was possible. Messrs. W. Fuller, W. J. Silver and H. Cummings were appointed a committee to consider this matter.

The report of the committee on the introduction of music in schools was recommended for further consideration.

Meeting adjourned for two weeks, to meet in the 12th Ward Assembly Rooms.

The Last "Pinafore."

—To-morrow evening, the successful opera, "H. M. S. Pinafore," will be presented for the fifth and last time, by the Philharmonic combination, the young baritone who has figured so notably in the piece as the hardy "Captain Corcoran." The young gentleman is about to take his departure for Europe, to complete his musical education, and his friends, to assist him, have decided to give another performance of "Pinafore," as a farewell testimonial to one who has contributed importantly to its triumph in this city. In addition to the usual attractions, an olio is to be inserted as incidental to the first act, in which Salt Lake's favorite soprano, Mrs. L. Careless, and Mr. B. B. Young, will sing ballads, Messrs. Careless, Pratt and Kennicot will perform one of their excellent trios, and the Philharmonic Society will render a chorus. These additions make the coming performance more attractive than all the preceding ones.

The box office opened this morning for the sale of tickets, it having been decided that positively no seats should be reserved before to-day. Another item in this connection is that seats can be reserved for the performance without extra charge. They are selling rapidly.

Southern States Mission.

—We are informed by Elder John Morgan, President of the Southern States Mission, that the following changes have been made in his district: Elder Ralph Smith, George Watson and David C. Dugbar have been released to go to England. Elders A. W. Sablin, F. Pratt, C. W. Hardy and John B. Holt have been released to return home. Elder Morgan desires to see all the Elders who were called to labor in the Southern States Mission at the recent Conference, previous to their departure.

Death of Father Thatcher.

—We learn by special telegram, that Father Hesteriah Thatcher, of Logan, died at his residence in that city, last night, at 11 minutes to 12 o'clock. The funeral will take place on Wednesday, at 11 a. m. The deceased was the father of Apostle Moses Thatcher, Supt. George Thatcher and other highly respected members of society, and was known for many excellent qualities. Further particulars will soon be obtained. We sympathize deeply with the bereaved family.

The Miles Case.

—The court room was crowded, today, by people eager to witness the proceedings in the Miles polygamy case, which now occupies the attention of the District Court. The work of empaneled the jury took up the whole day. At last accounts, one juror only, had successfully "passed the Rubicon," of the whole number called and challenged. He is recovering gradually.

"Buffalo Bill."

—The coming attraction at the Theatre is the advent of Hon. W. F. Cody, the original "Buffalo Bill," who will appear three times, Friday, Saturday and Sunday, at a matinee Saturday afternoon, in the sensational melo-drama "The Knight of the Plains, or Buffalo Bill's Best Trail." He will be assisted by a full company of players.

Base Ball.

—On May-day, next Thursday, the opening game of a series of nine, for the championship and a purse of \$250, will be played on the Square, by the Red Stocking and Denver Base Ball Clubs. Both teams are in excellent condition, and it is likely the public will see some unusually good playing this season.

Repairs.

—The street in front of the Theatre is being re-graveled and repaired. We hope our country contemporaries won't infer that this comes from patronizing the drama too heavily.

To Meet.—The 11th Quorum of Seventies will meet at the Council House to-night at 7 p. m. A punctual and full attendance is desired.

Home Mission.—The home missionaries of this Stake are requested to meet at the Council House, on Wednesday evening, the 30th inst., at 7 o'clock.

Returned.—C. R. Savage, Esq., and party returned this morning from their Arizona trip. They made the journey of 3,500 miles, as proposed, but finding no scenery which justified the exercise of his profession of view taking, our genial friend returned to the more prolific regions of happy Utah. Welcome back.

For the North.—On Wednesday morning, Sisters E. R. Snow and E. B. Wells, will start on a trip through the northern counties in the interests of relief societies, young ladies' and primary associations. They will go to Malad early, and returning be in Ogden to attend the Stake Relief Society Conference on the 9th and 10th of May. During the absence of her mother, Miss Annie Wells will attend to the business of the *Exponent* office.
