Depravity and Disaster.

GALVESTON, Tex., 12.—At Trinity yesterday, Major H. B. Harlock, a large mill owner and his son, W. W. Harlock, 22 years old, were shot by a man named Roseman, one of their employees, aged 23. W. H. Harlock is now dead, and the father's wounds are probably mortal. A young son of Major Harlock had been annoying Roseman, who in endeavoring to make him desist accidentally injured the child's foot. The Major with words and hands abused Roseman. The latter declined to resent. The Major then called to his son to come out and whip Roseman. The son's blows quickly put Roseman on the ground, when the latter drew a revolver and shot his adversary in the head and heart. The Major returning for a pistol, Roseman shot him also, then coolly went up stairs, procured an additional six-shooter and barricaded himself. The mill men armed and gathered around the premises, and after filling Roseman with shot secured him.

Cheyenne, 12.—A bloody affair occurred this morning on the prairie three miles from Cheyenne. James Knight, freighter, and two men, H. Moore and J. H. Wenzel, slept in Knight's wagon. About daylight Moore arose, struck Knight with an axe, knocked him senseless, then attacked Wenzel, who, after the first blow, awoke and fought, taking the axe from Moore, not, however, until he had received another blow on the head. Moore then took a revolver and shot at Wenzel four times. Wenzel has two bullet holes in his chest, one in his left arm, and one through the left hand. A soldier from Fort Russell out duck shooting went to the rescue, and Moore fled over the hills. Wenzel's scull is fractured, and a ball passed through both lungs. Knight's skull is fractured. Neither is expected to live. Moore's object was to get $53 in Wenzel's satchel, in which he was successful. Officers are in pursuit. Wenzel's home is in Clarion County, Penn. Little is known of Moore. Wenzel has since died.

Lovelady, Tex., 12.—Last night two miles west of here, Thomas Smith went into a church meeting while religious services were in progress. He was slightly intoxicated, and stepped on the toes of one Brown, a clergyman's son. A few words passed, but the matter dropped until after the services, when it was renewed. Smith was stabbed and instantly killed. Brown's brother, and also Rev. B. D. Brown, his father, are supposed to be implicated, and will be arrested.

Washington, 12.—A special to the *Star* announces the death of General Fountleroy at Leesburg, Va. General Fountleroy was born in Virginia, commissioned Major of the Second Dragoons in 1836. Lieutenant Colonel in 1846, Colonel of the First Dragoons in 1850, and resigned in May, 1860.

Monmouth Beach, N. J., 12.—Hugh J. Hastings, proprietor of the New York *Commercial Advertiser* died here at seven o'clock this morning.

WICHITA, Kansas, 12.—David L. Payne, president; J. B. Cooper, treasurer; C. B. Calvert, secretary; and A. W. Harris, assistant secretary, officers of the Oklahoma company, an organization for the purpose of reaching and entering the Indian Territory, were arrested here to-day, upon a warrant issued by U. S. Commissioner J. F. Sherman, on the complaint of U. S. attorney J. R. Hallowell, charging them with conspiracy to violate a law of the United States, and commit certain offences against the lands of the United States by settling upon lands of the United States in the Indian Territory; that Payne and his colonists have three times been expelled by order of the President of the United States. Payne, "known as "Oklahoma Payne," was brought before the Commissioner. Chas. Hatton, Assistant Attorney, appeared for the Government, and the case was continued until to-morrow for witnesses to appear, but it is not expected it will be heard until the 24th. Payne has been costing the government many thousands of dollars annually for three years, annoying its officers in the face of repeated warnings; and it seems Attorney Howell has become tired of so much foolishness, and is determined on more radical means and an efficacious remedy.

Denver, Col., 12.—*Tribune's* Las Vegas, N. M.: Word just received from Hermosillo, Sonora, Mexico, says it is no longer denied that yellow fever is prevailing here as well as at Guaymas, Mazatlan, and a number of other Pacific Coast towns. Six soldiers died in one day, of black vomit. There were 16 deaths at Guaymas last week. A perfect panic prevails. This is the first appearance of the disease in these parts. Large numbers of people are leaving.

Pensacola, 12.—The city is still healthy. At the Navy Yard, six new cases. Two deaths.

San Francisco, 12.—Boise (Idaho) advices report a prospect of serious trouble with the Bannock Indians. A party of ten prospectors had one of their horses stolen, and traced him to a Bannock encampment. The Indians refused to give up the horse, whereupon the leader of the party knocked one buck down. The Indians opened fire, which was instantly returned, resulting in one Indian killed and three wounded so seriously they are not expected to recover.

Washington, 12.—The signal corps station at Smithville, N. C., reports to the chief signal officer the maximum velocity of wind there yesterday at 83 miles, and its average velocity for six hours, 70 miles. Thirteen vessels and pilot boats were driven ashore and sunk. Cannot learn particulars yet.

Philadelphia, 12.—A coal train on the Euston & Amboy road separated; the broken parts later ran together, breaking up a dozen cars.

New York, 12.—The bark *Lyda* arrived to-day. She reports in latitude 44,15, longitude 49.30, she picked up two French fishermen belonging to the schooner *Julian Gabrielle*, of Evansville, which had lost four the same day. She was hailed by the fishing schooner *Edith McIntyre*, of Provincetown, Mass., and understood the captain to say he had lost two men and a dory. The *Exile* endeavored to get the two man to the other fishing schooner, hailing, but wind and sea prevented. One vessel seemed to have more men on board than the crew. Many dories and oars were passed.

St. John, N. F., 12.—The *Placentia* reports a fresh crop of disasters from the storms of the 26th and 30th of last month. Captain Stephens' vessel, with five men went down near Point Lance reefs. Morelli's schooner was wrecked and all hands perished, near Cape St. Mary. Dunphy's craft sank with all on board, near Bull and Cow rocks, off St. Mary's Cape. Two vessels were passed, one on her beam ends, the other bottom up. No tidings of the crew of either.

Boston, 12.—Smith and Company's large factory, school and counting room furniture, is burned. Total loss, $75,000; insurance, $60,000.

Halifax, N. S., 12.—Five more schooners, with their crews, are reported lost in the terrible storm of the 29th of August.

Boston, 12.—On account of the extreme low water, a portion of the Amoskeag mills have shut down. About 4,000 operatives are temporarily idle. Other mills will run probably full time.

Omaha, Neb., 12.—A collision occurred this morning on the Union Pacific, seven miles out of town, between the outward-bound Omaha & Republican Valley freight train and an incoming special on the Missouri Pacific, having on board 350 persons en route to the State Fair. The freight train was moving on orders, but the passenger train left Fillmore station without orders, and was running wild. The passenger was running twenty-five miles per hour. The engineer saw the freight coming and stopped his train, and just then the freight train ran into it. Although the freight engineer had whistled down brakes, both engines came together with a terrific crash, and were thrown cross-ways on the track, and so badly wrecked that they can never be used again. The tender of the Missouri Pacific engine was driven through the cab of the engine to the boiler and was demolished. The car next to the tender was but slightly injured, and the other remained intact. The passengers all received a lively shaking up, but fortunately no one was much injured; but it was a miracle that there were no fatalities. It was a remarkable escape. The engineers and firemen escaped by jumping. Mrs. W. B. Swift of Glenrock, received a cut two inches long over her right eye; Dr. J. A. Hassemeir of Louisville, was slightly wounded on the right side of the head; Capt. John Taylor of Scranton, left arm and side injured; J. Cope of Springfield, head and hip injured; N. W. Thompson, Springfield, slightly injured; W. J. Hogan, brakeman, right toes cut off; J. J. Johnson, brakeman, left ankle sprained. The collision occurred near a cut, and on a curve. The fault is laid upon the Missouri Pacific conductor.

Havana, 12.—The steamer *City of Washington* from New York, reports that Sunday night she was struck by a hurricane, which continued 35 hours. Two persons were injured.

Wilmington, N. C., 12.—At Smithville the wind reached a maximum velocity of 93 miles an hour for seven hours. Many houses were unroofed, wharves washed away and fisheries seriously damaged. All the pilot boats were blown ashore, one sunk. Many vessels were in the harbor but only two held their anchorage. The oldest pilots say that in duration and violence the storm exceeded anything ever experienced. The revenue cutter *Colfax*, though in imminent peril, several hours, rode out the gale.

Asbury Park, N. J., 12.—It has stormed heavily along the coast the entire day. A gang of men have been on duty since daylight, on the track of the New Jersey Southern Railroad, opposite the Navesink Highlands.

San Francisco, 12. — A proposed gigantic land steal, involving several million dollars' worth of united States redwood timber lands has just been brought to light. The lands are situated in the northern part of California, and comprise the most valuable redwood timber on the coast. A *Post* special says: Applications for possession were prepared and signed by dummies. Several hundred applications of this kind have been filed with the government authorities, it being alleged that government officials are acting in collusion with the parties engineering the scheme. If the promoters succeed they will control one sixth of the total lumber supply of the State. Affidavits are now being filed, proving fraudulent acquisition. The U. S. grand jury proposes to investigate the subject.

Dakota.

Sioux Falls, Dak., 12.—Woman suffrage was finally dealt with in the convention this morning, and a clause allowing women to vote at school elections only, and granting them eligibility to hold any office pertaining to school government was passed. A plan for taking the census of the proposed new State was discussed and adopted, the expense of which is to be paid in scrip issued on the treasury of the new State. The committee's report on banking and municipal government resolves that taxation on railroad and other corporation property be placed on the same basis and requires the taxation of all property other than charitable, religious and educational property. The minimum number of representatives for the new State is fixed at 55, the maximum at 100. Senators, minimum 25, maximum 33. The convention is getting in its last work, and business is moving toward completion rapidly.

Fargo, Dakota, 12.—The North Dakota convention met here to-day. Most of the counties were represented. The convention is quite lively. Permanent officers are W. H. Francis, of Bismack, chairman, and Major Hamilton, of Grand Forks, secretary. The following resolutions, which were adopted, show the sense of the convention:

Whereas, A convention now in session at Sioux Falls, Dakota, and representing only that portion lying south of the forty-sixth parallel, has assumed to act for the people of this Territory in the preamble of its constitution as published in the Associated Press dispatch of to-day; and

WHEREAS, The convention at Sioux Falls in this action has ignored the rights of North Dakota, which represents more than half the aggregate wealth of the entire Territory; therefore,

Resolved by this convention, that we earnestly protest against this attempt on the part of the people of Southern Dakota, as represented in the Sioux Falls Convention, to appropriate the name of Dakota, our common heritage. The productions of that portion of Dakota lying north of the 46th parallel have made the name of Dakota famous, and given it a commercial value and prestige, of which we will not and cannot be deprived.

Resolved, That we further protest against the admission of South Dakota under a constitution making no provision for the assumption of an equitable proportion of the present Territorial debt, by the people of South Dakota, and do further strongly protest against the admission of the Territory as a whole under the constitution adopted at Sioux Falls. We demand a voice in the preparation of the organic law, and will oppose any movement leading toward statehood, which deprives us of the privilege of assenting or dissenting to the constitutional provisions.

An executive committee, consisting of W. H. Francis, of Burleigh; W. N. Steele, of Kidda; A. M. Edwards of Cass; J. H. Miller and Geo. H. Walsh, of Grand Forks, were appointed to consult with the Sioux Falls convention. The convention adjourned, subject to the call of the executive committee.

FOREIGN.

British Briefs

LONDON, 12.—At a meeting of the supporters of Bradlaugh, it was resolved that at the next session of Parliament the House of Commons should be given no rest until Bradlaugh be admitted to his seat or his legal disqualification fully determined.

Michael Davitt is very ill, with inflammation of the lungs. His sickness necessitates the cancellation of all his engagements to address National League meetings in various parts of Ireland.

General Items.

Paris, 12.—The Suez Canal Company has decided that after January 1st next, all vessels passing through the canal in ballast shall be entitled to a reduction of two and a half francs per ton. The company will also, in future, pay the cost of floating and restarting stranded vessels.

Berlin, 12.—The Emperor conferred upon Prince Alexander of Hesse Cassel the command of the 13th Dragoons on the occasion of the Prince's completion of his 30th year of military service. Prince Alexander cordially accepted the honor, showing that he had abandoned all anti-Prussian tendencies, and that the *entente cordiale* between the Emperor and himself had been restored.

The appointment of Gen. Schmitz by the French Government Embassador to St. Petersburg creates an unfavorable impression here owing to his Alsatian origin.

It is expected the Czar will meet the Emperor of Germany before returning to St. Petersburg.

Vienna, 12.—The Sobieski festival continued in the Prater last evening, the principal features being a grand torchlight procession and display of fireworks. It is estimated 200,000 persons assembled at Cracow and Limburg. The day was celebrated with enthusiasm. The streets of both cities were thronged with visitors from all parts of Poland.

The Hague, 12.—The Colonial Minister requests that when the budgett for the East Indies is completed, credit will be inserted for improvements of the port of Batavia.

Cairo, 12.—Hicks Pasha, who left Khartoum with 5,000 men for a campaign against El Mehdi, the False Prophet, telegrephs the Khedive that El Mehdi's religious influence is broken.

BRIEF TELEGRAMS.

Mexico, 12. — Preparations are being made for a grand ovation to General Porfirio Diaz on the 15th inst., the anniversary of his birthday.

Philadelphia, 12.—The Nineteenth Biennial Session of the American Pomological Society opened to-day. All parts of the country are represented.

City of Mexico, 12.—It is understood the difficulties between the Mexican government and the British bondholders in relation to the settlement of the debt, have been removed.

El Paso, Texas, 12.— *Times* Chihuahua special: The city is in mourning over the death of Angela Perstis, the Mexican prima donna. Great anxiety is felt as to the names of three persons of her troupe who expired with her.

San Francisco, 12. — Ex-attorney General Bromley of Tasmania has arrived here. He says the annexation feeling is strong in the Australian colonies that the English flag will probably be planted in the New Hebrides within a few weeks.

El Paso, 12.—No open hostilities between Apaches and Mexicans at Casa Grande have occurred yet. There are signs which denote that a terrible combat is being planned.

Harrisburg, Pa., 12.—The House this morning after a lengthy discussion agreed to the no-pay resolution as amended by the Senate, that no appropriation be reported after Sept. 10th except for officers and employees.

Louisville, Ky., 12.—It is stated here that Capt. Stubbs, who has recently been giving exhibitions of his skill as a shot in New York, has deposited with Col. John M. Barbour, president of the Louisville Sportman's Association, $1,000 for a match with Dr. Carver for $5,000 to be shot in this city Nov. 22nd. "I mean business," says Stubbs "and know what I am doing."

Boston, 12.—The republican caucuses in all the wards in the city, to nominate delegates to the State Convention, were generally well attended, quiet and unanimous. So far as a preference has been given, the delegates favor Henry L. Pierce, for Governor, as the best man to beat Butler. The Boston delegation to the convention is a strong one.

New York, 12.—John Roach, ship builder, resumed his testimony this morning before the Senate Education and Labor Committee. He wished to correct some misapprehensions which seemed to exist in the minds of the public in regard to his previous testimony. He denied emphatically that he testified that ships could be built as cheap in this country as in England. Roach claimed that without protection no industries except farming and mining could be carried on.

Kingston, 12.—It is rumored here that the Canada Pacific railway has leased the Kingston & Pembroke railway for 99 years. If this is so, the Grand Trunk have a direct competition between East and West from Kingston.

Washington, 12.—Secretary Lincoln returned from Iowa this morning, and was at the War Department to-day.

Boston, 12.—Wendell Phillips is ill to-day, but when asked what he had to say relative to the report in the *Herald* that he had become dissatisfied with the administration and methods of Governor Butler, he wrote the following reply: "If I prepare anything I will hand it to you to-morrow, but it will be a denial, I have not changed my mind." It is said, however, despite Phillips' continued fidelity, that it is true the greenbackers are losing admiration for the Governor, ever since he told them last year that their party is dead.

Augusta, Me., 12.—Blaine was called upon regarding the story published Tuesday, purporting to give his views touching Butler's political future. Blaine said he rarely noticed sensational paragraphs of any kind, but he would in this case say that the views attributed to him were precisely the reverse of those he held; he did not believe Butler could be re-elected Governor of Massachusetts, and had the fullest confidence that a republican president would be chosen next year. The republican party, he added, he found far stronger in the elections of 1883 than in either 1878 or 1879.

Washington, 12.—Delegates to the National Pharmaceutical Association Convention met again to-day and elected W. S. Thomson of this city, president.

Halifax, 12.—Hamm leaves Monday for the Pittsburg regatta.

Toronto, 12.—The Governor General, Princess Louise, and Prince George arrrived to-day, and were received at the depot by the Mayor and a distinguished assemblage of prominent citizens, civil and military. The Royal Grenadiers furnished a guard of honor. The party drove to the Queen's Hotel. This afternoon the vice-regal party formally opened the Toronto Industrial Exhibition.

Boston, 12.—Bostons 11, Chicagos 2.

New York. — Games scheduled for this city between the Providences and Philadelphias postponed on account of rain.

Baltimore, 12, Midnight.—Score of the pedestrian match: Hart 283 miles, Panchot 240, Ellison 224, O'Leary and Vint withdrawn.

Over The Universe,

In twenty six defferent counties of the globe the great pain-conquerer, St. Jacobs Oil, is praised in every language.

LOVELY COMPLEXIONS

POSSIBLE TO ALL.

What Nature denies to many Art secures to all. Hagan's Magnolia Balm dispels every blemish, overcomes Redness, Freckles, Sallowness, Roughness, Tan, Eruptions and Blotches, and removes all evidences of heat and excitement. The Magnolia Balm imparts the most delicate and natural complexional tints—no detection being possible to the closest observation.

Under these circumstances a faulty Complexion is little short of a crime. Magnolia Balm sold everywhere. Costs only 75 cents, with full directions.

LOST!

ON APRIL 23RD, A RED RUSSIA LEATHER Hand Satchel, brass mounted, containing a buckskin purse, with steel clasp. The purse had $5 00 or $6 00 in silver, also four $3,00 orders on Tithing Store. Any person delivering at this office will be rewarded. d245 3t

NOTICE.

A GENERAL MEETING OF THE STOCKholders of Zion's Co-operative Mercantile Institution will be held in the Social Hall, in this city, on Friday, October 5th, 1883, at 2 p. m., for the Election of Officers and Directors for the ensuing year; also for the purpose of amending Article 9 of the Articles of Association so as to enable the Institution to retain a greater proportion of the profits as a reserve fund, and for the transaction of such other business as may be brought before the meeting.

"A High Private in the Rear Rank."

TO OUR MANY PATRONS:

ON ACCOUNT OF THE GREAT heat, the Merchandise Department of the ART BAZAR is removed to the store lately occupied by David Yearsley, in the Hooper & Eldredge block. The Photographic Department, in charge of Mr. Ralph Savage, has also been transferred to John Olson's new gallery, on Commercial street. Persons having paid for portraits in advance at the old stand can have them retaken after July 4th, free of charge. No pains will be spared to keep up the standard of excellence hitherto maintained. Rally! Rally! Rally! A new series of views will soon be taken. Nothing was saved from the upper part of the Art Bazar.

d 182 C. R. SAVAGE.
