THE DUTY OF MOTHERS.

What suffering frequently results from a mother's ignorance; er more frequently from a mother's neglect to properly instruct her daughter !

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examina-tion; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without Mrs. Finkham's address is charge. Lynn, Mass.

Brother James Herd, has severed his connection with the Union as leading clerk and gong the Union as leading clerk, and gone to Gentile Valley. He has a store there. It is a loss to our choir and to the Sunday school, as he was a very effi-cient leader. All TRed him and at present it will be hard to get one to take his place.

THE HEALTH.

We have considerable sickness in our midst, such as la grippe, colds, etc., but nothing serious as yet. Diphtheria, smallpox and pneumonia are in settle-ments surrounding us. Some few deaths from diphtheria at Richmond. We hope and pray the Lord to keep the disease away from our settlement, and from the settlements in Zion. If we live our religion and keep the commandments of God we have the promise that the des. troyer will pass by our door. Then let us trust in the Lord; keep His commandments, and claim the promise given by His servants.

It is good the report was denied that Mrs. Nation, the hatchet wielder, con-templated visiting Salt Lake City. I do not think she will do much in your beautiful and orderly city. There is one thing that I am pleased to inform you thet we in Franklin need not the you, that we in Franklin need not the assistance of such ladles as Mrs. Nation, as we have no saloons here now. The one we had here died of starvation; not enough patronage. And it had to close up, and may it always be closed.

Special Correspondence. Franklin, Oneida Co., Idaho, Feb. 2.-The Latter-day Saints of Franklin are

trying to live up to the requirements of the servants of the Lord, who are appointed of the Lord to lead and di-rect the Saints spiritually and temporally in these last days, while others who profess to be Saints show by their works that they care not for the wel-fare of their souls. They ignore the counsels given as regards their spirit. ual salvation, but rather seek after their temporal salvation. It seems that money, and the best and quickest way to get rich, is all they care for. This state of things ought not to be among the Latter-day Saints. It is said in the good old book, and it is applicable to all Latter-day Saints: "Seek ye first the kingdom of God and its righteous-ness, and all other things will be added If we will do this honestly, the promise given will be received. What benefit will it be to us if we gain

riches, money, lands and cattle on a thousand hills, and loose our own souls? We cannot take away of these with us. And, oh, how disappointed and sorrowful we will be, deprived of the fellowship of those we loved while here, and cast into utter darkness, be-cause we love the riches of this world rather than the love of God and His commandments.
