A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST & THE WEST!

Its main line runs from Chicago to Council Bluffs, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, Des Moines (the capital of Iowa), Stuart, Atlantic, and Avoca, with branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Ekdon, Bethany, Centerville, Princeton, Trenton, Gallatin, Cameron, and Leavenworth, Kansas City; Washington to Sigourney, Oskaloosa, and Knoxville; Keokuk to Farmington, Bonaparte, Bentonsport, Ireton, Cedar Rapids, Clinton, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Newton to Monroe; Des Moines to Indianola and Winterset; Atlantic to Lewis and Audubon; and Avoca to Harlan. This is positively the only Railroad, which owns, and operates a through line from Chicago into the State of Kansas.

Through Express Passenger Trains, with Pullman Palace Cars attached, are run each way daily between CHICAGO and PEORIA, KANSAS CITY, COUNCIL BLUFFS, LEAVENWORTH and ATCHISON. Through cars are also run between Milwaukee and Rock Island via the "Milwaukee and Rock Island Short Line."

The "Great Rock Island" is magnificently equipped. Its road bed is simply perfect, and its track is laid with steel rails.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get no "entire meal, as food is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that this Company has in use Pullman Palace Sleeping Cars for sleeping purposes, and Palace Dining Cars for eating purposes only.

PALACE CARS are run through to PEORIA, DES MOINES, COUNCIL BLUFFS, LEAVENWORTH, ATCHISON, KANSAS CITY, and TOPEKA. Tickets via this Line, known as the "Great Rock Island Route," are sold at all Ticket Offices in the United States and Canada.

For information not obtainable at your home ticket office, address,

A. KIMBALL, Gen'l Superintendent. E. ST. JOHN, Gen'l Tkt. and Pass. Agt.

ASTHMA CURED

Quickly and Permanently

Dr. Stinson's Asthma Remedy is unequaled as a positive Alterative and Cure for Asthma and Dyspepsia, and all their attendant evils. It does not merely afford temporary relief, but is a permanent cure. Mrs. B. F. Lee, of Belmore, O., says of it: "I am surprised at the speedy effects of your remedy. It is the first medicine in six years that has loosened my cough and made expectoration easy. I now sleep all night without coughing." If your druggist does not keep it, send for treatise and testimonials to

Serious Rioting.

DUBLIN, 11.—There was a riot last night at Ballyragget, County Kilkenny, which proves to have been a more formidable affair than was at first supposed. A band of policemen going to the depot after the land meeting were stoned by a hooting mob. The police turned and charged the people with bayonets. A man named Mansfield was fatally stabbed and 15 other persons wounded. One man has since died. The people, infuriated at the sight of so many wounded, were about to attack the constabulary, but were restrained by the priests. The rioting continued all day. Over 250 extra police have been dispatched to the scene. There are disquieting reports from every quarter.

The residence of Robert Speight, J. P. Ennis, was attacked on Friday evening by an armed mob, and shots were fired into it. Speight was going into his bedroom, when a bullet grazed his head and lodged in the wall. Speight being a popular man, the only cause of the attack assignable, is his refusal to quit patronizing a Boycotted butcher.

Another bold outrage occurred this morning near Ennis. The herdsmen of James Lynch were storing hay, when a regular fusilade was opened on them from an adjacent hillside. The bullets failed to take effect, but the terrified herdsmen fled into Ennis. Police scouted the country soon after, but found no one.

Another Nihilist Plot.

LONDON, 11.—It is reported that a new conspiracy against the life of the Emperor of Russia has been discovered, nihilists in the telegraphic service having on various occasions betrayed to conspirators news concerning the Emperor's intended journeys.

The French in Africa.

TUNIS, 11.—The French occupation will be restricted to fortified points. Marauders are shooting all persons outside of the city walls. The marauders have stolen 500 horses and 500 sheep belonging to Europeans. The British residents demand immediate retribution. It is stated a scheme is proposed for the surrender of the financial administration to France and the issue of a French loan of 225,000,000 francs, a certain part of the regency to be held as an additional guarantee.

A Mourning Court.

LISBON, 11.—The Portugese Court goes into four days' morning for President Garfield.

BEEKEEPER'S CONVENTION.

SALT LAKE CITY, October 10th, 1881.

Editor Deseret News:

The Territorial Beekeeper's Convention met at the Council House on the 5th inst. Meeting opened by prayer by Brother Horace Drake. Minutes of previous meeting read and approved. Reports for the last six months were called for from the various counties and responded to as follows:

Salt Lake County reported 2,366 swarms of bees in good condition, with the exception of considerable foul brood throughout the county. The County Court has appointed but one bee inspector, and the amount of work assigned that officer has proven to be too much for one to accomplish. 118,300 lbs of honey reported.

Spanish Fork, Utah County, has 615 hives in good condition. Some foul brood has been destroyed by burning hives and contents, and at present the vicinity is about free from the disastrous pests. The amount of honey produced this last season is 33,066 lbs., being an average of over 50 lbs to the hive; and at 12½ cents per pound wholesale, would be a revenue to that settlement of $4,133.25. Charles Monk is president.

Payson, Utah County, reports 604 swarms of bees, and 31,215 pounds of honey. Bees are in good condition, excepting some foul brood. Parley M. Driggs, president.

Pleasant Grove, Utah County, has 406 hives of bees, and Lehi, Utah County, has 200.

Gunnison, Sanpete County, has 20 colonies of bees and has taken 1,000 pounds of honey.

Manti, Sanpete County, was represented by Brother Wm. Braithwaite, County Inspector, who said they had 700 swarms of bees. When he inspected the county he found some foul brood, and destroyed about thirty hives by burning or burying them. His bees will yield from seventy-five to ninety pounds of honey per hive.

Cedar City, Iron County, represented by Brother Richard R. Braithwaite, has 210 hives of bees. No foul brood there, but the hot and dry weather has been against their honey harvest this year.

Cache County was represented by George Millard, of Logan, County Inspector, and a live bee man. There are 153 stands of bees, averaging 50 pounds of honey to the colony, or 7,650 pounds total. The frosts of May and June operated against bee interests, so that July 1st, the workers killed off the drones; however, after that date the bees did very well.

Brother Wm. Egan, chairman of committee, reported on drafting blanks to be filled by branch associations.

Brother G. G. Bailey moved that the secretary condense the reports of the various branch associations for publication in the DESERET NEWS, Salt Lake *Herald*, and Scandinavian paper.

Tooele County was represented by T. W. Lee, secretary of the Tooele Association, who says the bees are doing well. They have 130 hives of bees and no foul brood.

Brother J. S. Murphy reported his bees doing well and having no foul brood. He had about 95 swarms of his own and had taken care of some for his neighbors. He had taken 7,000 pounds of honey and had got 40 tons 800 pounds more, and had made 100 pounds of beeswax. He had made a wax extractor of galvanized sheet iron, lined with tin, and a glass frame over the top. The box was made tarring at the top and a wire screen placed below the centre for the comb and cappings to rest upon. The hot rays of the sun caused the waste honey to run off through a tube in the bottom of the box and the wax settled on the bottom very clear. He would melt the dross remaining in a kettle skimming it well. French white glass in large panes was best for the top of the box. It cost him about $5.

Brother Henry Tempest, of Herriman, said he had about six fifths of bees, and was well pleased with his experience in bee culture.

Brother David Sabin, of Payson, began seven years ago with six swarms of bees, taking them on shares for five years. He had returned thirty-six hives to the owners and now had forty of his own.

The total amount of bees reported in Utah is 5,174 swarms, averaging 50 pounds of honey to the colony, would make 258,700 pounds. Total amount of revenue at 12½cts. per lb., wholesale, $32,337.50.

James Wrathall, of Grantsville, Tooele County, spoke of foul brood, and deprecated the use of hives or frames having been diseased.

Vice-President Sam'l McKay said he could not consent to or encourage tampering with foul brood. We have a law on the subject, but it needs revising. Moved that a committee of six be appointed to revise the law. They were elected as follows: A. M. Musser, president; G. B. Bailey, Samuel McKay, Edward Stevenson, Wm. Egan, Jesse Murphy and Horace Drake.

Horace Drake, of Salt Lake City, had no foul brood in his apiary; his bees had done well this year.

James Lattimore was a beginner but desired to become more efficient in the art of beekeeping.

Edward Stevenson had taken five hives into a new locality where he increased them to nine and had taken 515 pounds of honey from them. His bees had done quite well this season; he had destroyed some hives of foul brood that came under his observation. He moved that every beekeeper in Utah resolve himself as a bee inspector until our country is cleared of the pest. Carried unanimously.

Bro. George B. Bailey had taken care of 230 hives of bees that were in good condition; had destroyed some foul brood, and had taken about 8,770 pounds of honey. Moved that the minutes of the meeting be published in the papers.

Benediction by Bro. Jesse Murphy.

EDWARD STEVENSON, Secretary.

NOTICE.

In the Probate Court in and for Salt Lake County, Territory of Utah.

IN THE MATTER OF THE ESTATE OF JOHN VAN HORN, DECEASED.

PURSUANT TO AN ORDER OF SAID Court in said matter, notice is hereby given, that Saturday the fifteenth day of October, A. D., 1881, at three o'clock p. m. of said day, at the County Court House in Salt Lake City, has been appointed by said Court, the time and place for the hearing of a petition of John Thomson, praying that a certain document therewith filed, purporting to be the last Will and Testament of John Van Horn, deceased, be admitted to Probate, and that Letters Testamentary be issued to petitioner, at which time and place all persons interested may appear and oppose the Probate of said Will.

Salt Lake City, October 4th, 1881.

D. BOCKHOLT, Clerk of Probate Court, Salt Lake County, U. T.

d 263 td

NOTICE.

In the Probate Court in and for Salt Lake County, Territory of Utah.

EMMA CURRAN, Plaintiff, *against* WILLIAM J. CURRAN, Defendant.

The People of the Territory of Utah, To William J. Curran, Defendant, Greeting:

YOU ARE HEREBY SUMMONED TO appear in an action brought against you by the above named Emma Curran, Plaintiff, in the Probate Court in and for the County of Salt Lake and Territory of Utah, and answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this Summons—if served within this County, and if not within this County but within the Third Judicial District of the Territory of Utah within twenty days; otherwise within forty days.

This action is brought to obtain a divorce from this Court, dissolving the marriage contract existing between said Plaintiff and you, and if you fail to appear or answer as by law provided, said Plaintiff will apply to this Court for the relief demanded for in her said complaint and cost of suit.

In witness whereof, I hereunto set my hand and Seal of said Court, in Salt Lake City, this 28th day of September, A. D., 1881.

[SEAL] D. BOCKHOLT, Clerk of the Probate Court, Salt Lake County.

Ayer's Sarsaparilla, For Purifying the Blood.

The compound of the vegetable alteratives, sarsaparilla, dock, stillingia, mezereon, and Stanlunga, with the iodides of Potash and Iron, makes a most effectual cure of a series of complaints which are very prevalent in the Spring. By purifying the blood, it prevents the lurking humors in the system that undermine health and settle into troublesome disorders. Even in the skin are the appearance of the surface of humors that should be expelled from the blood. External remedies are the determination of these same humors to some internal organ, or organs, whose peculiar delicacy and vital importance render them liable to the most serious results. AYER'S SARSAPARILLA expels those humors from the blood. When once gone, the disorders they cause disappear with it. Purifying *of the Liver, Kidneys, Lungs, Digestive, and Excretive Diseases of the skin, St. Anthony's Fire, Sore or Erysipelatous Inflammations, Pimples, Blotches, Boils, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Scrofula, Glandular Enlargements, Pains in the Back, Side and Limbs, Female Weakness, Sterility, Leucorrhœa, or any form of Blood disease* may be confidently expected to yield to the purifying power of this Sarsaparilla. Each bottle is accompanied with the Directions and Medical Opinions of

PERFECTION BAKING POWDER.

We respectfully call the attention of the Public to the following analysis:

Laboratory of the Health Department, Chicago, Aug. 1, 1881.

OSCAR DR WOLF, Commissioner of Health.

Dear Sir:—I have made a very careful and elaborate chemical analysis of twenty-seven samples of baking powders received from the hands of Mr. Merki, your clerk, and have the honor to report the following table of figures:

	Soluble Ash.	Insoluble Ash.	Total Ash.
PERFECTION,	32.00	8.06	39 06
DR. PRICE'S CREAM,	38.10	6.13	44.23
ROYAL,	38.10	6.15	44.25

A known and weighed quantity of baking powder was incinerated in a silver crucible until only a grey residue was left. This is the total ash. It was carefully removed to a glass vessel and acted upon by hydrochloric acid and distilled water at the boiling point; what dissolved in this menstruum has been called *soluble ash*, and that which did not, *insoluble ash*.

I have the honor to be, sir, yours very respectfully, R. S. G. PATON, Chemist of the Health Department.

We have always claimed that the Perfection is the highest grade of baking powder that can be produced from cream tartar and soda. Respectfully,

STEARNS, WARNER & GRISWOLD, CHICAGO.
