

## ELECTRIC CAR BLOWN TO PIECES

One Containing Thirty-Two People  
Struck a Fifty-Pound Box  
Of Dynamite.

## NINE PERSONS WERE KILLED.

Nineteen Passengers Severely Hurt—  
Dynamite Had Fallen Off an  
Express Wagon.

Melrose, Mass., Sept. 21.—An outbreak bound electric car, containing thirty-two persons, was blown to pieces in this city tonight by striking a fifty-pound box of dynamite that had fallen off an express wagon. Six persons were killed outright, three more died of their injuries within an hour, and nineteen others on the car were taken to the hospitals suffering from severe injuries. At least a score of persons in the immediate vicinity of the explosion were hurt by flying glass and splinters.

### IDENTIFIED DEAD.

Dr. Malcolm E. McLennan, Melrose Highlands.  
E. B. Haynes, Melrose.  
Winfield Rowe, Saugus, Mass., not known.  
E. A. Stowe, South Boston.  
Fred D. Marshall, Boston.  
The unidentified dead are three women and a three-year-old girl.

### FATALLY WOUNDED.

Edward A. Waterhouse of Melrose suffered amputation of a foot and was otherwise badly injured.  
Dr. Perry of Wakefield, both legs broken.

Mrs. John Conway of Melrose, both legs broken.  
George H. Andrews of Melrose, a compound fracture of the left leg and his foot also amputated.

So great was the force of the explosion that all but ten feet of the rear portion of the car was blown into small pieces, while windows within a radius of a quarter of a mile were shattered. The immediate vicinity of the accident presented a fearful spectacle when those in the neighborhood reached the scene. The ground was strewn with legs, arms and other portions of the bodies of those who had been killed, and shreds and pieces of clothing were flying from the injured.

The car contained mostly men on their way to their homes in this city, the accident taking place only a quarter of a mile from Melrose.  
Within a few minutes a great crowd collected, and the injured were cared for until physicians not only from Melrose, but from Medford, Everett and Malden, reached the scene. For more than three hours there was the greatest confusion, and it was difficult to obtain the names of any of the dead or injured or to ascertain the cause of the accident.

Thousands of people rushed about trying to find relatives and friends, and the hospitals were besieged. The police arrested Roy Fenton, driver of an express wagon. Fenton it was learned, was carrying two 50-pound boxes of dynamite on his wagon and did not know until the explosion that the boxes had dropped off. He hurried back in the hope of picking it up, but the electric car reached the box first.

The report was heard many miles. Directly opposite the scene was the Mahonic building, every window of which was shattered, and through one of the windows a human foot was blown. A score of persons within a hundred yards of the car were knocked down and rendered deaf by the concussion.

The police announced that the cause of the wreck was striking of a fifty-pound box of dynamite, which had fallen from an express wagon just ahead of the car.  
The express was driven by Roy Fenton, who discovered that the box had dropped off and rushed back to take it off the track, but before he got within a hundred yards of the box an car came along and was blown up. Fenton was taken into custody by the police.

### NITRIC ACID FUMES.

Firemen Inhaled Them, Two Being Injured, Others May Die.

Denver, Colo., Sept. 21.—Two firemen are dead, two others are in precarious condition, and ten others in the hospital from inhaling fumes of nitric acid while fighting a fire in the Post building. Lightning struck the building and the carboxy of acid in the etching room was burst; flames followed.

### DEAD.

Lieut. Charles Doloff.  
Truckman John McGlade.

### DANGEROUSLY INJURED.

Truckman Sherman B. Wilcox has double pneumonia and is in a very critical condition.  
Capt. Charles Eymann is very seriously ill.

### SEVERELY INJURED.

Acting Chief John Dulmage.  
Lieut. Vincent Davidson.  
Edward Hollingsworth.  
Frank P. Lunt.  
William Alward, truckman.  
John Ryan.  
Emil Normie.  
William H. Granger, pipeman.  
Driver William Lewis.

### COLORADO DEMOCRATS.

They Nominate Alva Adams for Governor.

Denver, Sept. 21.—Alva A. Adams of Pueblo was for a third time nominated for governor tonight by the state Democratic convention. The convention at 8:15 tonight then took a recess until tomorrow morning, when the rest of the ticket will be nominated.

The platform adopted affirms allegiance to the national platform adopted at St. Louis and to the nominees of that convention. The Republican state administration is accused of violating every safeguard guaranteed to the individual by the bill of rights; declares the right of every man to earn his living unrestricted and untrammelled; demand for an eight-hour law having been incorporated into our constitution. It is therefore beyond discussion and the general assembly must comply with the public mandate.

### TEA

Do you use Schilling's Best?

What a pity we don't all of us!

## Blame

No One But Yourself  
if You Don't Get  
Well When Sick.

All we can do is give advice.

Of course that's easy.  
But our advice is really worth a little more to you than most people's, for we offer to give you that first bottle of our medicine free, if it fails to help you.

We could not afford to do this unless our medicine was good. Such an offer, on the wrong kind of medicine, would put a merchant prince in the poor house. Dr. Miles' Nerve, however, as years of experience have proved, is a medicine that cures the sick.

Those whom it cannot benefit—less than one in ten thousand—we prefer to refund their money.  
All we ask of you is to try Dr. Miles' Restorative Nerve for your complaint. If you suffer from sleeplessness, nervous exhaustion, dizziness, headache, muscular twitches, melancholy, loss of memory, weak stomach, poor blood, bilious troubles, epilepsy, St. Vitus' Dance, etc., we will guarantee to benefit you or refund your money.

You are the doctor.  
"My son Bert, when in his 17th year, became subject to attacks of epilepsy. He said that we were compelled to take him out of school. After several physicians had failed to relieve him, we sent him to Dr. Miles' Nerve. After a month's treatment, my son Bert and my daughter Lillian are now perfect health." MR. JOHN S. WILSON, Deputy Co. Clerk, Dallas Co., Mo.

**FREE** Write us and we will mail you a Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Pain. Also Symptom Blank for your Specialist to diagnose your case and tell you what is wrong and how to right it. Absolutely Free. Address: DR. MILES MEDICAL CO., LABORATORIES, ELKHART, IND.

The governor is accused of deliberately withholding the truth from the public as to the increase or decrease of an incumbent's compensation; calls for a department of forestry; initiative and referendum.

Senator T. M. Patterson made an effort in the convention to do away with the unit rule, but after a long discussion this was voted down.

### COAL FOR PORT ARTHUR.

Several Colliers Have Arrived at Tsing Tau.

Tsing Tau, Sept. 22, 3 p. m.—Several colliers arrived here within the last 10 days. It is believed their cargoes are intended for Port Arthur. The British collier Foxton Hall has transferred her cargo of Cardiff coal to the German steamer Erika, which the local authorities would not allow to leave until given assurance that no attempt would be made to enter Port Arthur. The Erika sails at daylight and Japan is given as her destination, but it is believed that she will ultimately make for Port Arthur, where the Russians are offering stupendous inducements for the delivery of coal. S. Davidson, an American merchant who had a Russian coal contract and was ordered to leave Port Arthur on Feb. 15, is now at Tsing Tau. He tells the Associated Press correspondent that when he left there was less than 200,000 tons of coal there.

On account of the Russian warships having been compelled to keep up full steam day and night for nearly eight months, and the enormous quantities of coal required for the water condensing plant, there must be a coal famine there now, unless more coal has arrived.

The Japanese have since cut off the water supply, when the garrison would have to depend entirely upon the condenser, if a coal famine prevails the town must get the water from impure water wells, which would also have to be served to the sick and wounded.

### Rain in the Northwest.

Portland, Or., Sept. 21.—Rain is falling here. The weather bureau reports precipitation general throughout the northwest. The rainfall will result in quenching forest fires, which prevailed in many localities of Oregon and Washington for the past few months.

### CODY DIVORCE CASE.

Buffalo Bill Withdraws Charges Against His Wife.

Denver, Sept. 21.—The Times today announces that Col. William F. Cody (Buffalo Bill) will withdraw his divorce suit instituted at Sheridan, Wyo. It is said that he was deceived into bringing a false charge of attempted poisoning against his wife and that he has written her acknowledging his error.

### TIBETAN TREATY.

British Foreign Office Refuses to Discuss It.

London, Sept. 21.—The foreign office here declined to discuss the Russian communication respecting the Tibetan treaty. Russia is seeking to establish whether the published version of the treaty is correct and if so she will lodge a formal protest at the British foreign office, as announced from St. Petersburg. An energetic objection to its ratification and recognition by other powers. It is claimed by the British foreign office that it is essential that Great Britain should have guarantees for the faithful performance by Tibet of the obligations incurred as a result of the expedition, and it is again asserted that the permanent occupation of Tibet was not intended. The Russian inquiry, thus far, has not been supported in any quarter. Germany has no interest in Tibet so it is said at the German embassy here, and it is not expected that she will take any action in the matter.

### Russian Cruisers Completed.

St. Petersburg, Sept. 22.—The latest arrivals received from Vladivostok announce that the repairs to the Russian cruisers Bogatyr, Rossia and Gromoboi have been completed.

### French Wheat Product.

Paris, Sept. 21.—The Marche Francaise gives the results of an inquiry made by the national association of millers into the wheat product of France for 1904, showing a total production of 110,352,422 hectolitres against 146,335,444 last year, or a decrease of over 36,000,000. The average yield is about 15 hectolitres per hectare. The Marche Francaise says the estimate makes the situation difficult, but not disturbing, owing to the expected importations from the United States and Algeria.

### Harroon Shipping Out.

St. Joseph, Mo., Sept. 21.—W. H. Harroon, the grain operator of St. Joseph, who is charged with the forging of bills of lading to the extent of \$1,000,000 is evading arrest. Deputy Sheriff Charles Clark of Kansas City, Mo., arrived here tonight with two warrants for Harroon's arrest.

He is charged with forging two warehouse receipts in Kansas City and obtaining thereby several thousand dollars from Kansas City banks. Officers scoured the city tonight, but Harroon

had been notified from Kansas City of the warrants. He left his residence a short time before the arrival of the officers. His family professes ignorance of his whereabouts.

### Russians Reconnoitering.

General Kuroki's Headquarters in the Field, Sept. 17, via Fusan, Sept. 22.—The Russians are reconnoitering along the Japanese front with a large force of cavalry, supported by guns. With three guns they appeared yesterday evening with 8,000 yards of Yantai station and threw a few shells at the station. They continued the cannonading at intervals all today. The Russian force on the Mukden road extends from Shulin eight miles north of Yantai to Tsaotaihan, five miles northeast.

### Gorman Will Advise.

New York, Sept. 21.—Senator Gorman of Maryland today actively took up his duties as adviser to the Democratic national committee.

### THAT TIBETAN TREATY.

Russia Much Irritated Over Great Britain's Course.

St. Petersburg, Sept. 22, 7:30 a. m.—The feeling of irritation in Russia regarding Great Britain's course in Tibet is displayed in the Novoye Vremya's remarks regarding the statement made in the house of commons by Mr. Brodrick, secretary of state for India, that "the best way of preserving peace is to be prepared for war, and England's army on the Indian frontier is now ready."

In the course of a long editorial article the Novoye Vremya declares that a majority of great Britain's international successes were won not by fighting, but by bluff. This, the paper declares, was especially the case in 1870, when Great Britain succeeded in closing the Dardanelles via Berlin instead of via Constantinople. The article concludes:

"This sort of diplomatic intimidation cannot continue indefinitely. In reply to Brodrick's words we can quietly and confidently say we are ready, too."

### Fire in Coal Laden Ship.

Norfolk, Va., Sept. 21.—Fire has been discovered in the hold of the big steamship Minnesota of the Northern Pacific line, which is loading coal here for a trip to Seattle. The vessel has 6,000 tons of anthracite coal in her cargo hold, which was loaded at Philadelphia, and she has been loading here with bituminous coal for her bunkers. Messages from the Lambert point pier, where the Minnesota is, report that the fire has not yet been reached by the firemen.

The flames were extinguished with only trifling loss. The fire was caused by spontaneous combustion, the coal that had been loaded at New London about midship, and was discovered by an engineer late this afternoon. The Minnesota, which is bound for Seattle, carries a cargo of 8,000 tons of anthracite loaded at Philadelphia. The fire occurred in the hold of the ship, and the firemen were only extinguished after quick work by the ship's fire crew.

### WERE WOMEN MURDERED?

Death of Mary and Lizzie Kaher Being Investigated.

Buyness, O., Sept. 21.—Citizens of New Winchester, near here, are investigating the death of Misses Mary and Lizzie Kaher, who were found dead on the Ohio Central railroad tracks yesterday. They were supposed to have committed suicide, but investigation shows no wounds on the body of Mary Kaher and no injuries were found on the body of the other woman, except that her legs had been cut off. It is now believed that they were murdered and their bodies placed on the track. There is great excitement at New Winchester.

### CHINAMAN'S EVIDENCE.

First Statements Without Lawyer's Advice Not Evidence.

Portland, Or., Sept. 21.—By a ruling of United States Commissioner E. A. McKee, the first statement of a Chinese taken after his arrest for being illegally within the boundaries of the United States, given by him in the presence of an inspector cannot be used by the government as evidence against him. The decision was made during the hearing of the case of Dong Sam, held for deportation.

Immediately after his arrest, Dong Sam made a statement to Chinese Inspector Barber, which is prima facie evidence that the Chinaman is not legally entitled to remain in this country. When this statement was offered as evidence it was not admitted. Commissioner McKee assigned as his reason for making the ruling that when the statements are taken there is no lawyer present to advise the Chinaman what to say.

The decision will have the effect of making admission into this country easy for a large number of Chinese, as the government has frequently withheld evidence to this effect. It is not, however, likely to be of much benefit to the Chinese, as more likely to tell the truth immediately after arrest than after they have had a chance to become posted by their countrymen.

### CHRISTIE PLEADS GUILTY.

Train Bandit Sentenced to Seven Years' Imprisonment.

Phillipsburg, Mont., Sept. 21.—John Christie, charged with complicity in the hold-up of the Northern Pacific flyer at Beartooth last summer, pleaded guilty to the charge of grand larceny and was sentenced to seven years in the state penitentiary. He will appear later against Hammond, the alleged slayer of Engineer McNeill, when another Northern Pacific train was held up at Beartooth last summer. Hammond is also to be tried for the hold-up of last summer.

### CONSUL ASSAULTED.

Report Consul at Geneva Says Was Greatly Exaggerated.

Paris, Sept. 21.—A dispatch from Geneva says that the report cable to the United States by a news agency of an assault upon H. L. Washington, the American consul at Geneva, greatly exaggerates the incident. The consul himself says the affair was unimportant. Mr. Washington drove his automobile into a herd of cattle near Coppet and Coppel and an enraged herdsmen attacked him, injuring him slightly.

### ALEXIEFF BLAMED.

For Orloff's Failure to Hold the Yantai Coal Mines.

Berlin, Sept. 22.—A dispatch from St. Petersburg to the Tagblatt, apparently prompted by the Russian war department, puts the blame for Gen. Orloff's failure to hold the Yantai coal mines equally upon Alexieff and Gen. Orloff.  
The correspondent says:  
"Alexieff detained Orloff on trivial pretexts so that he reached the mines at noon on Sept. 1, wholly unprepared to the situation. Gen. Samsoneff transmitted to him Gen. Kurapatkin's strict order to hold the mines at all cost; but when Orloff heard the cannonading in the direction of Sykuanan he

marshaled toward that place, leaving Samsoneff alone to hold the mines.

Gen. Kuroki fell on the left of the flank half an hour afterward. Orloff was completely surprised. His troops, composed mainly of reservists who had been long out of the service, were uncontrollable and broke, going in the direction of Yantai, instead of back to the mines. Gen. Kurapatkin personally led the first Siberian corps to the support of the hard pressed Samsoneff."

### Wounded Russians Convalescing.

Tsingtau, Sept. 22, 3 p. m.—Capt. Matusevitch, Admiral Witthof's chief of staff, during the naval engagement of Aug. 10, has recovered sufficiently to leave the hospital and the other wounded Russians here are convalescing. The majority of the officers of the Russian battleship Carevitch and the three torpedo boat destroyers dismantled here have left their ships and are living at hotels.

### Outrages on Negroes.

Tulhatch, Ga., Sept. 21.—The negroes recently dismissed by the court here on the charge of belonging to a "Before Day Club," by a hack carrying four or five white men. About a mile from town the hack met a negro boy named Jack Troy. In passing some one in the hack shot him, wounding him so seriously that he is not expected to live. Six miles from town the hack party called Ed Martin, a negro, from his house and made him get in the hack, where one of the party shot the negro's eyes out and he is also not expected to live. These negroes were not charged with being members of the "Before Day Club," Sheriff Richards with deputies and a posse have gone to Prattsburg to protect the negroes there.

### To Protect Homesteaders.

Washington, Sept. 21.—In the interest of fairness to prospective homesteaders throughout the United States, Secy. Hitchcock today announced an opinion by the assistant attorney general for the interior department sustaining the contention of the commissioner of general land office that 30 days notice should be given before lands which had been temporarily withdrawn from settlement and later resurveyed, the public domain can be relied upon for settlement. The decision establishes a settled policy upon the part of the general land office, the question of whether or not such notice should be given having been a vexed one for a considerable time. The new policy, it is said, will give an equal chance to settlers upon them and prevent any undue advantage being given to persons living in proximity to them and having knowledge that they would be restored to the public domain.

### Man Burned to Death.

Harrington, Wash., Sept. 21.—Larry Dean, a young man, was burned to death in a fire which totally destroyed the Harrington hotel this morning. The charred body was found in the ruins of the second story. The body was so badly burned that it was impossible to recognize the features, but the shape and size of the corpse answered the description of young Tierney, and he was known to have occupied room 9 last night.

The hotel was owned by George Wilson and was valued at about \$10,000, including fixtures and furniture.

### Free Thinkers' Congress.

Rome, Sept. 21.—Prof. Haackel of the University of Rome, president of the congress of the German Free Thinkers, which assembled here yesterday, caused printed copies of his report to be circulated at today's session of the congress of Free Thinkers.

He says the congress offers a favorable occasion to expound the ideas of science, desiring to reorganize the world on the basis of science instead of dogma, adding that in the middle of October there will occur at St. Louis an international conference for the conception of a progressive world, organized by the Federation of American Free Thinkers, having the same program and object as the present congress at Rome.  
Prof. Haackel regrets that he is unable to gratify his desire to participate in the St. Louis congress, but being requested to contribute his views to these congresses, he presents his principles in writing.

### Rain Puts Out Forest Fires.

Anacostia, Mont., Sept. 21.—A fall of rain today practically extinguished the forest fires which have been raging in this vicinity for the past week. In a number of instances the fires are still smoldering, though no apprehension is felt at this time. Reports coming in from the Coeur d'Alene country are to the effect that the forest fires which were believed to have nearly exhausted themselves, have taken a fresh start and are likely to do considerable damage before they are brought under control. In the vicinity of Lethrop a good deal of harm has already been done by the fires, owing to heavy winds that have prevailed for some days past.

### More Riots.

Disturbances of strikers are not nearly so grave as at an American dinner party. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver and Kidneys as Electric Bitters. It's a wonderful tonic and effective nerve and the greatest aid around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c. and satisfaction guaranteed by Z. C. M. I. Drug Store.

### EXTENSIVE TRAVELERS.

Always go one route, returning another. When you go east ask for tickets either going or returning via Colorado. See all the Rockies without additional cost through standard and tourist sleepers.

### EXCURSIONS EAST.

Via Oregon Short Line.

St. Louis and return ..... \$42.50  
Chicago and return ..... 47.50  
Chicago and return via St. Louis ..... 47.50  
St. Louis and return via Chicago ..... 48.75  
Chicago and return via St. Louis ..... 48.75  
via the Union Pacific and Wabash lines.

Tickets on sale Tuesdays and Fridays each week. See agents for particulars. City Ticket office, 291 Main St.

### ROCK SPRINGS.

"PEACOCK COAL."

Lump, nut, slack. Sold only by Central Coal & Coke Company, Offices, 142 Main Street (temporary). Phone 815. 66 West Second South, Phone 585. Yard Fifth South and Third West.

### UNIVERSITY STUDENTS.

U. of U. and L. D. S. U. We have a full supply of your Text Books just received. Our line of general school stationery is the largest in the market. Examine our University Box of Fine Correspondence Stationery with the monogram embossed in your school colors.  
DESERET NEWS BOOK STORE,  
6 Main Street.

## The New Political Party

Has got to stand for  
Good bread or lose the  
women vote.  
Therefore

HUSLER'S FLOUR.

## WHOLE WORLD THERE

Marvelous Assemblage of Nations  
At the St. Louis World's  
Fair.

## BETTER THAN YEARS OF TRAVEL

And so Easily Accomplished Through  
Our Superb Exposition  
Views.

Those who are so fortunate as to visit the great Louisiana Purchase Exposition will be wonderfully impressed with the remarkable ethnological exhibit which the directors of the enterprise have assembled to entertain and instruct the visitor.

You not only gaze upon superb architecture, upon palaces of nations and states; upon plazas, waterways, vias, promenades, gardens, cascades and triumphs of sculpture and art, but you are brought face and face with more strange and curious people from the different quarters of the globe than were ever before assembled in one place.

And these people are not simply placed upon exhibition, but they are revealed in their proper environment. As Secretary Walter B. Stevens truly says: "After all the people are the great exhibit of the St. Louis World's Fair of 1904. Life is its highest claim to distinction and human interest. The Jew looks from the walls of the Holy City and spies across the Pilling-trailing across the bridge of Peking to the gate of Mahila. The Japanese from the garden on the heights see where the Chinese dwell in the Palace of Pu Lan. Ceylonese serve their own tea in their pavilion from Colombo, while Turks offer strange things for American coin in the Bazaar of Stamboul. Dwelling in their villages we see representatives of sixty-one families of American aborigines; also giants from Patagonia and pygmies from Congo Land."

Besides these, there are Alaskans, Eskimos, Bohemians and Cliff Dwellers, Tartars, Chinese, Moors, Spaniards and Egyptians, Mexicans and Swiss—all manners of civilized and uncivilized nations from the four quarters of the globe.

No exposition could possibly be more universal, and it, therefore, becomes all the more necessary to curb and secure the animating purpose of this splendid set of views is to transfer the Fair in permanent and enduring form to the printed page; not only for its superior scenic architectural effects, but for its personalities, individualities, and ethnological exhibits; in fact nothing is omitted which will serve to convey the same impression as an actual visit to the Fair.

That all our readers most highly appreciate the opportunity afforded for securing these views is shown by the fact that the distribution, up to date, has been very large, and it is not confined to city readers alone but hundreds of orders are coming in daily from remote points covered by our subscription list.  
Our readers, our readers are aware that the special privilege we have secured for them consists of the fact that they are not obliged to pay 25 cents, the regular price for each part, as we only ask them to send 10 cents, to cover the cost of handling, wrapping, addressing and mailing.

### It Saved His Leg.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Z. C. M. I. Drug Store.

### WHY BISHOPS MAKE HIM LAUGH.

Marcel Prevost, the French novelist, is a favorite in the American colony of Paris.

"Whenever I see an English bishop," said Mr. Prevost, at an American dinner party, "I laugh a little to myself, for the good man's stately presence reminds me of a terrible mishap that once befell me."

"I entertained a certain bishop last year at dinner. My butler, an elderly man, had brought in from a friend's house an inexperienced lad to help him in the dining-room, and it seems that this lad, during the laying of the cloth, annoyed the butler beyond endurance with questions as to his duties."

"How shall I hold the plates?"

"Do I serve the dishes on the right or on the left side of the guest?"

"And the bishop he served first or second?"

"So he continued interminably, and at last the impatient butler said:

"All you will need to do will be to stand behind the bishop's chair, and whenever his lordship puts down his glass, you must reach over and wipe his mouth with a napkin."

"That, as the butler expected, silenced his assistant. But the young man actually took the butler's ironical remark for a serious order. As soon as dinner began he stationed himself behind the bishop, waited till his lordship had drunk and put down his glass, and then, as deliberately as his nervousness would permit, he opened out a large napkin and wiped the dignified old gentleman's mouth."

"Imagine my horror."

### CONCERNING THE SCALP.

Secretary Charles R. Meeker of the New Jersey Dougl society, was talking in Asbury park about the commission for the care of soldiers' teeth that he hopes to establish.

From the subject of teeth Mr. Meeker passed easily to the subject of hair, and with a smile he said:

"Coming here, I sat behind two young women on the train. They talked in loud voices. Without desiring to, I heard nearly everything they said."

"What about Larry?" asked the girl by the window.

"O, I never see Larry any more," the other answered.

"A quarrel?"

"Yes. And he promised to send back the lock of hair I gave him, but he hasn't done it."

"The girl by
