IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kankakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets the Old Pioneer Route—

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb. or to W. H. Stennett, General Passenger Agent, Chicago. d54

EVENING NEWS.

Friday, August 6, 1875.

Local and Other Matters.

THERMOMETER 93 degrees F in the shade at 1 p.m. to-day. Fine.

Rain.—There were a few droppings of rain before breakfast this morning.

The Medical Record for July 31. A weekly journal of medicine and surgery. Wm. Wood & Co., 27 Great Jones St., New York.

The Mono Mining Case.—For the copy of the decision of Secretary Delano, in the Mono mining case, we are indebted to Mr. James H. Mandeville, attorney and counselor at law, Washington, D. C.

Large and Good.—This morning we were shown some specimens of native black currants, from the orchard of Brother John Cartwright, 8th Ward. They were fully as large as cherries and, unlike the generalty of native currants, the skins were thin and tender.

Sketches. — To-day we were shown some very good sketches of scenery in Big Cottonwood Canyon, taken by Mr. Fred. Lambourne. The selections of scenes show the good taste of the artist. In his rambles in the canyon he visited twenty-five delightful little lakes, which, with their surroundings are so many scenic gems.

A Tough 'Un.—Uncle David Jenkins, a relic of Trafalgar, reached his 95th birthday on the 1st inst. He is still hale and hearty, and loves to spin a yarn about the days when he fought with Nelson. We wish the old tar continued health, and as many "happy returns" of the day as it is possible for him to see in; health and happiness.—*Ogden Junction, Aug. 5.*

Stray Mare.—Yesterday a small, four-year old grey mare, branded in the form of a diamond with an E inside, on the left shoulder, strayed from the 20th Ward. Any information of the whereabouts of the animal will be thankfully received by J. Nicholson, at this office.

Death of Elder Joseph A. Young.

This morning the general public were startled by the announcement that Elder Joseph A. Young, eldest son of President Brigham Young, had died suddenly, at Manti, Sanpete County, at 8:45 o'clock last night. So unlooked for was such an occurrence, that many were at first unwilling to believe the report, hoping it was not true, but such is the fact.

It is but a few days since that he was in this office, apparently in excellent health and the full vigor of manhood. In fact he then stated that he never felt so well before in his life in every sense; he felt that since he had placed the whole of his means into the United Order in Sevier County, where he presided, and had been laboring wholly with and in behalf of the people, he was living for something higher than ever before. By the Saints of Sevier County especially his loss will be deeply felt and regretted.

The deceased was at Manti for the purpose of superintending preparations for the building of the Temple there, having gone south from this City to that place a week ago to-day, attending the two days' meetings at Provo, on Saturday and Sunday, on the way.

Elder Young was esteemed for his many estimable qualities of heart as well as head. He was a man of naturally keen intelligence, his mental qualities even reaching what might be termed brilliancy in some directions, while his generosity was proverbial, especially among the working classes, all who were ever in his employ holding him in esteem for his universally kind and fair treatment.

The following dispatch concerning the illness and demise of the deceased was received this morning:

"MANTI, Aug. 6.

"*President Brigham Young:*

"Brother Joseph A. Young arrived here on the afternoon of the 4th inst., in rather poor health, accompanied by Bro. James Clinton. He had an attack of congestive chills in Salt Creek Canyon. On the night of the 4th he passed a bad night, but was not considered dangerous; on the morning of the 5th he improved, and, during the day showed no alarming symptoms. He visited the site of the Temple in the evening, in company with his daughter-in-law. While there he expressed his pleasure to her that his father had confided the erection of the Temple to him, but said that he should never commence the work, for the hand of death was upon him. On his return, about half-past six o'clock p. m., he had a fresh attack of chills and cramp, but again improved and afterwards talked at considerable length, on business, with brethren from Richfield, and while conversing with them was again attacked with cramp and unexpectedly expired at 45 minutes past 8. During his sickness his pulse ranged very high at intervals, while again scarcely a pulsation could be found. He complained much of the region of his heart.

"ANDREW J. MOFFITT.

"The body left Manti at half-past four this morning."

The remains of deceased were expected to reach this city, by special train, this afternoon.

A Veteran Gone.—Last night, at about a quarter to seven o'clock, Elder Amos J. Fielding died very suddenly, at his residence, in the Sixth Ward, at the ripe age of eighty-three years and fifteen days.

Yesterday morning he worked hard in the field, mowing hay, and afterwards went to fast meeting, where he stood up and bore a strong testimony to the truth of the great work of the last days.

He was a man of sterling integrity, unwavering in his faith and steady in his purpose, and bore the reputation of being a man of genuine uprightness and honesty.

He performed a good work during his long connection with the Church of Jesus Christ of Latter-day Saints, and has gone quietly to sleep in his old age.

The Cache Excursion.—The Deseret Base Ball Club are going with the excursion, on the 10th, and will play a match game with the Logan Club.

The tickets are going off rapidly; those who desire to go should apply early.

Prof. Pratt's Lecture.—The time for the delivery of the lecture of Prof. Orson Pratt, at the University building, on "Gravitation and Centrifugal Forces," has been changed from Tuesday to Wednesday evening, commencing at 8 o'clock.

The following is a synopsis of the lecture:

Gravitating Force.—Its two Manifestations—Falling Bodies—Universal Tendency of Worlds to Fall to Each Other—Three Laws of Gravitating Force—When Discovered.

Centrifugal Force.—Antagonistic to Gravity—Universal Tendency of Worlds to Move in Straight Lines, instead of Curved Orbits—Curvilinear Orbits the result of Two Forces—Four Orbits Possible, viz., The Circle, Ellipse, Parabola, and Hyperbola—Under what Circumstances Each is Produced—Measure of Projectile Forces—Illustrated by Whirling Weights—Revolving Worlds—Law of Distance and Velocity—Weight of Worlds—Celestial Mechanism an Exhibition of Infinite Wisdom and Power.

Admission free.

Normal Institute.—Friday, Aug. 6th, 9 a.m.—Professor Maeser continued his lecture on the Theory and Practice of Teaching. He claimed that the present organization of district schools has many disadvantages. For instance, a teacher may have 75 or even 125 scholars of all grades, and it has been known that in such cases some have not recited in a whole day, or perhaps in a week. He explained, by a diagram, a school under the monitorial system, and the Fuch system, in which each teacher has his own class. The only difference between the Fuch and the American system is that in one the teacher goes to the pupil, in the other the pupil goes to the teacher. He claimed that the American system is the better. The teacher who prays in his school has a greater influence over his pupils than he who does not. A programme of studies is an actual necessity.

9:45.—Prof. Coyner, continued his lecture on Arithmetic. Fractions were thoroughly represented. He urged the teachers to avoid mechanical analysis and discouraged the use of puzzle questions on arithmetic in school.

10:45.—Miss Delia Snow concluded the reading of the essay on the Educational Claims of Botany, by Miss Youman.

11:15.—Prof. Coyner continued his lecture on Physiology, and the manner of presenting the subject in its simplest aspect, divested of technical terms, to our schools.

11:45.—Capt. Witberell, of Salt Lake City, presented the claims of his Revolving Chart Blackboards over the blackboards now in use, and your reporter considers it a necessary auxiliary to teachers, as a means of conducting object teaching.

The following were admitted to the Institute:

Salt Lake County—Lillie Taylor.

Utah County—Rettie Bringhurst, W. C. Foster.

Here are a resolution and reply thereto, in reference to the lecture of Supt. O. H. Riggs—

"SALT LAKE CITY,
"August 6, 1875.

"*Resolved*, That in behalf of the Institute, we, the committee, tender the thanks of the Institute to Supt. O. H. Riggs for his excellent and instructive lecture, and would respectfully solicit a copy of the same for publication.

"Respectfully,
"CHAS. WRIGHT,
"ELIJAH A. BOX,
"REBECCA E. MANSEL."

"Messrs. Chas. Wright and Elijah A. Box and Miss Rebecca E. Mansel:

"Respected Committee—I appreciate the expression of the Institute in reference to the lecture delivered on Wednesday evening, and comply with your request with pleasure. Respectfully,

"O. H. RIGGS,
"Ter. Supt. of Common Schools."

DIED.

It becomes our painful duty to publish the death of President JOSEPH A. YOUNG, at Manti, at 8:45 p.m. of the 5th inst., after a very brief illness.

Deceased was born in Kirtland, Geauga County, Ohio, October 14th, 1831, and consequently, had he lived till the 14th of next October, he would have been 44 years of age.

Suddenly at his residence, in the 5th Ward, Aug. 5th, 1875, Elder AMOS FIELDING, aged 83 years and 15 days.

Funeral services will be held in the 5th Ward School-house to-morrow, Saturday, at 12 o'clock. Friends invited. Elder Orson Pratt is expected to preach the funeral discourse.

In this city, Aug. 6th, of cholera infantum, the infant son of Louis and Amanda J. Hyde, born June 6, 1875.

Funeral at residence of parents at 5 o'clock this afternoon.

STRAY.

STRAYED from my corral in the 20th Ward on the evening of the 24th of July, a dark iron gray HORSE marked G. S. on left hip. Any person bringing him to me at the said Lake City, Dem Weeks, or to George Snyder, Park City, Parley's Park, will be suitably rewarded.
