**Schenck's Mandrake Pills**

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver, and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in medical science to have invented a remedy for these stubborn complaints, which develop all the results produced by a heretofore free use of calomel, a mineral javly dreaded by mankind, and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel without its injurious tendencies, is now an admitted fact, rendered incontestable by scientific research, and those who use the Mandrake Pills will be fully satisfied that the best medicine is those provided by nature in the common herbs and roots of the fields.

These pills open the bowels and correct all bilious derangements without salivation or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these pills as will be seen by the altered color of the stools, and disappearing of the salivary complexion and cleansing of the tongue.

Ample directions for use accompany each box of pills. Prepared only by J. H. Schenck & Son, at their principal office, corner Sixth and Arch Streets, Philadelphia, and for sale by all druggists and dealers.

Price 25 cents per box. d20d1m

**PRICE OF GOLD.**

Corrected daily by Deseret National Bank

SALT LAKE CITY, December 19, 1877.

**LOCAL AND OTHER MATTERS.**

Thermometer 45 degrees F. in the shade at 1 p.m. to-day. Cloudy.

**Concert.**—There will be a concert at the Twelfth Ward Assembly Rooms, for the benefit of the ward Sunday school, on Thursday evening.

**Forfeited His Bail.**—Yesterday Charles Howard, charged with stealing \$50 from Mr. Armstrong, left \$100 with Justice Fayer, as security for his appearance, for examination, at four o'clock in the afternoon. He failed to turn up and the money was forfeited.

**Notice.**—The Elders of the 11th and 12th Wards are hereby notified that the quorum meeting, intended to be held in the 12th Ward Schoolhouse to-morrow (Thursday) evening, at 7 o'clock, will be held in the 11th Ward Schoolhouse. A full attendance is requested.

**Homa.**—Mr. J. H. Clementshaw, manufacturer of trunks, valises, etc., Kimball Block, is turning out large quantities of holiday goods, principally "baby trunks," of a superior quality. They are much better than the imported, and as cheap, and therefore command a much readier sale among sensible people.

**Christmas.**—Mr. H. Dinwoody has received a large stock of baby chairs, rocking horses, doll cribs, and many other articles specially adapted to the holiday times. He has, we believe, one of the largest and best furnished furniture establishments between this point and Chicago.

**Another Bereavement.**—It will be seen by a notice in another part of the paper, that another child of Brother and Sister Gillies, died last night, the second within a few days. Two others still live the same way. The parents have our sympathy in their bereavement.

**Wanted.**—Information of James Metcalf, formerly of Towlaw County, Durham, by Thomas J. Farrelly, Tor Hill Lane, near Bishop, Auckland County, Durham, England.

**Also of Mary Jane Harding**, who emigrated to Utah four years ago last October, on the S. S. Idaho. Address—W. Harding, Point Pleasant, Wandsworth, England. —Millennial Star, Nov. 25.

**Literature.**—We have, from the publishers Lee & Shepard, of Boston, "That Wife of Mine," "His Own Master," and "Just His Luck," price fifty cents each. They are well written, lively sketches, portraying, in vivid yet natural colors, incidents which frequently occur in real life. Each tale has a well defined moral.

**A Good House.**—The good people of Farmer's Ward have built a nice, snug schoolhouse, of brick. It is situated immediately south of the Pearl property, on the west side of the State road, and near the end of the lane which leads to the paper mill.

On Friday the people of the Ward intend having a picnic reunion and general social time in the new building.

**Needs Fixing.**—There is a foot bridge over the canal which crosses Jordan Street, in the 10th Ward that is badly in need of repairs. The other night a gentleman attempting to cross, plumped into the water, and was as unpleasant as well as uncharitable situation.

**City Council.**—The Council met last evening, Mayor Little presiding.

Petition of Ebenezer Beesely and nine others, representing that Almond Street, plot E, had been straightened agreeable to an action of the council taken May 23d, 1871, but had never been accepted. The petitioners asked that the necessary steps be taken for the transfer to and from the city and certain parties interested in the old and new streets. Referred to the committee on streets and alleys, in connection with the Mayor, who was authorized to make the transfer if the facts should prove as stated by the petitioners.

Petition of John Napper and other residents of the 20th Ward bench above the water ditch, asked that the city taxes paid by them previous to the remission by the council of the taxes for 1875 of those residing above said ditch, be credited on their taxes for the year 1877; referred to the assessor and collector.

A. J. Riley, East Temple Street, and John Atkins, First South Street, were granted the privilege of erecting platforms over the seats in front of their places of business.

J. H. Van Natta presented a claim for compensation for eight and a half days' services as a witness in cases to which the corporation was a party. The legal fee, \$1.50 a day, amounting to \$12.75, was allowed.

The auditor of public accounts submitted his report for the quarter ending Nov. 30th; referred to the committee on finance.

The annual report of the City Treasurer for the fiscal year ending November 30th was received and referred to the committee on finance.

The supervisor's report for the quarter ending November 30th, was read and referred to the committee on claims. It showed an expenditure on the streets of \$5,249.90, besides 785 days of prison labor.

The following bills were allowed: Latimer & Taylor, for material, \$17.66; Morris & Evans, chimneys on city buildings, \$6.30.

Three thousand and fifty-six dollars was appropriated to take up a corporation note.

One thousand dollars was appropriated towards the completion of the city jailor's house.

The report of the committee on municipal laws, made at the last session, was taken from the table, accepted, and the recommendations adopted.

The bill for an ordinance for the prevention of accidents on the Salt Lake City Railroad was taken up on its second reading; and pending action thereon, on motion, the enacting clause was stricken out.

A bill for "An ordinance relating to houses of ill-fame and prostitution" was taken up and passed. Council adjourned till next Wednesday evening, at 8:30 o'clock.

**File Cutting.**—This afternoon W. H. Evans showed us some specimens of file-cutting, done by Samuel Hartle, a file maker of thirty years experience, formerly of Sheffield, England. The files exhibited appeared to have been manipulated in workmanlike style. Mr. Hartle is at work on the same premises as the Church blacksmith shop, having been placed there by Bishop Edward Hunter. We believe he is the only person carrying on that branch of business in Utah. He should be encouraged.

**Genealogical.**—B. F. Cummings, Jr., who purposes going to the Atlantic States this winter to procure genealogies for parties who may employ him, has concluded to defer his departure for some weeks, in accordance with the wishes of a number of his patrons. This will give parties interested time to complete preparations to send by him for their genealogies.

**Toy Mattines.**—The toy mattines on Tuesday next, at the Theatre, promises to be unusually attractive. A tremendous audience is expected. Tickets should be secured early.

**Message.**—There is a message at the Western Union Telegraph Office for Robert Warnock.

**The Lilliputians.**—The Daily Organ of the 3d ult., has this to say of the little folks who are to perform in the Theatre on Thursday, Friday and Saturday evenings:

Last evening the attendance at New Market theatre was very good, the occasion being the second appearance of the Lilliputians there. The same bill presented the opening night was repeated, and it is needless to say that the performance throughout was most enjoyable.

The songs by Miss Jennie Quigley (she is a "trump," and no mistake) were of a high order. The parents were very clever, and the theatre was doubly intensified by these persons being of such diminutive stature.

The little folks were repeatedly encouraged by the appreciative audience, and the play of "Jack the Giant Killer" was repeated, and proved one of the most enjoyable and ludicrous features of the evening. Col. Gordon "looked every inch a man," and personated the character of the stalwart giant splendidly. He is a "rouser," but notwithstanding his prodigious size moves about the stage with surprising agility. One of the most laughable and ridiculous contrasts it has been our pleasure to ever witness in the character of a giant, was that of Col. Gordon, wherein they appear in full military costume on the stage. It was greeted with laughter and tumultuous applause. This afternoon the play of "Jack the Giant Killer" will be given for the accommodation of ladies and children. To-night another performance will be given. We can most cheerfully recommend the Lilliputians to the patronage of the public. This company gives a very enjoyable entertainment. Season tickets, don't fail to see the giant and Lilliputians.

The boxoffice will be open at 10 a.m. to-morrow. No extra charge for reserved seats.

**Needs Fixing.**—There is a foot bridge over the canal which crosses Jordan Street, in the 10th Ward that is badly in need of repairs. The other night a gentleman attempting to cross, plumped into the water, and was as unpleasant as well as uncharitable situation.

**What's it Want.**—Recently a Sixth Ward family owning an excellent cow were at a loss to account for a remarkable diminution of the quantity of the lactical fluid obtained. Yesterday the matter came to light. A lad entered the barn and discovered the cow lying upon the floor and a couple of half grown pigs sucking her with all their might.

**The Same.**—By reference to today's minutes of the District Court it will be seen that the motion of the plaintiff in the case of Jeter Clinton vs. William Nelson, United States Marshal, the suit being for the recovery of damages for false imprisonment and maltreatment, has been overruled. The Court as signs as reasons that no reason for granting the motion appears on the record, and that the facts proven on the trial did not sustain the allegations of the complaint. If this be the honest view of the court we do not doubt that it differs from that of every sensible man familiar with the facts in the premises. But of course the overruling of the motion for a new trial is a natural sequence of the granting, in the first place, of defendant's motion for a non-suit. We understand the case will be carried, if need be, to the highest tribunal of the country.

**District Court.**—Wednesday, Dec. 19th.

W. S. McCormick vs. E. M. Barnes, et al; injunction against defendants denied. Injunction pendente lite granted against the plaintiff, enjoining him from working the Nabob mining claim. Plaintiff to file a bond of \$25,000, to be approved by the Court.

D. W. Morrison vs. W. F. Blake; the defendant appears by his attorneys and, by consent, has until Jan. 28th, 1878, within which to answer herein.

Jeter Clinton vs. William Nelson et al; motion for a new trial submitted to the Court and overruled. The reasons, among others given for this decision is that no reason appears in the record; also the facts as proven do not sustain the allegations of the complaint, and the motion for a nonsuit was properly granted, to which plaintiff excepts.

John Snell vs. William F. Blake, motion of the defendant to strike out certain portions of the complaint. Those portions mentioned in the notice of the motion were accordingly stricken out. Plaintiff has leave to amend his complaint, and defendant has till Jan. 1st to answer.

"Come, pa," said a youngster just home from school, "how many years are there in a pint?" "How can anybody tell that you foolish boy?" "I can every time. If you don't believe it, try me." "Well, how many are there in a pint?" "Just one p in every pint, pa."
