PRIZES AWARDED AT COUNTY FAIR.

Some Protests Against Awards By Dissatisfied Exhibitors.

HILL AND ASHTON ARE CUILTY.

Peath of Thomas Carr and George Walker-Board of Education Matters.

The awarding of prizes at the Weber County fair is not meeting with full approval, as yesterday afternoon J. J. Barker of North Ogden, who has a fine exhibit of Jersey cows, filed a protest against the awarding of certain prizes and other irregularities, which he claims are being perpetrated. One of Mr. Barker's principal protests is the awarding of prizes to the state industrial school and the state deaf and blind school, which did not pay any entrance fee for their exhibit, which he claims is directly against the laws and regulations of the association, and he says they should therefore not have received any of the awards.

Another protest which Mr. Barker makes against the judges is that he has an exhibit at the fair of fine Jersey cows, which he put in the contests as milch cows, and not as beef cows, but the judges in deciding the awards judged his cows as beef cattle, and not s mileh cows, which he protests is unill be given due consideration, and be reported on.

MOUNT PLEASANT.

SCHOOLHOUSE DEDICATED.

Interesting Ceremonies at Opening of Temple of Learning News Notes. Special Correspondence.

Mount Pleasant, Utah, Sept. 29 .--Today the good people of Chester dedicated their new schoolhouse. Not only did the entire population turn out, but many visitors from surrounding towns were in attendance. The day was made a general holiday, all work of every kind being suspended. Among those who graced the occasion with their presence were State Supt. A. C. Nelson from Salt Lake City, County Supt. of Schools A. L. Larsen, Presi-dent C. N. Lund of the North Sanpete stake and several others of note, following program was carried out with vim and vigor. Song by the audience "America." Prayer by Jos. Bagnall; song, "God Speed the Right." by the school children; Bishop Christensen of Chester made the opening address. He referred to the fact that this is the third schoolhouse that Chester had built. The first one was a log house, which did service until the population outgrew it. Then they built a better one, and lastly the one they were present to dedicate on this occasion. Song by Miss Katie Ras-mussen; recitation by Annie Christen-Early sketch of Chester and its history by Ethel Candland; remarks by President C. N. Lund. INTERESTING FACTS.

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claims then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but to cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest, but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unsolicited testimonials and never publish the same one twice.

From James Yemmeisler, La Crosse, Wis.: Stuarts' Devspepsia Tableta are doing me more good than anything I evertried and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsis for 6 years and had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West Preston, Minn:

The question of supplying wood to the various schools was the cause of considerable discussion and apprehensious. The article is a scarce commodity. It is possible that it may have to be imported from Oregon. Wood is now \$9 per cord; about 50 cords are used annually in the schools.
